SUBJECT TO COMPLETION, DATED DECEMBER 8, 2020

PRELIMINARY PROSPECTUS

\$150,000,000
Thayer Ventures Acquisition Corporation
15,000,000 Units

Thayer Ventures Acquisition Corporation is a newly organized blank check company incorporated in Delaware and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses or entities, which we refer to as our initial business combination. We have not selected any business combination target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any business combination target.

This is the initial public offering of our securities. Each unit has an offering price of \$10.00 and consists of one share of Class A common stock and one-half of one redeemable warrant. Each whole warrant entitles the holder thereof to purchase one share of Class A common stock at a price of \$11.50 per share, subject to adjustment as described herein. Only whole warrants are exercisable. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. The warrants will become exercisable on the later of 30 days after the completion of our initial business combination or 12 months from the closing of this offering, and will expire five years after the completion of our initial business combination or earlier upon redemption or our liquidation, as described herein. The underwriters have a 45-day option from the date of this prospectus to purchase up to 2,250,000 additional units to cover over-allotments, if any.

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares of Class A common stock upon the completion of our initial business combination and in connection with certain amendments of our amended and restated certificate of incorporation, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account described below as of two business days prior to the consummation of our initial business combination, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, divided by the number of then outstanding shares of Class A common stock that were sold as part of the units in this offering, which we refer to collectively as our public shares, subject to the limitations and on the conditions described herein. If we are unable to consummate an initial business combination within 18 months from the closing of this offering, we will redeem 100% of the public shares at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, subject to applicable law and certain conditions as further described herein.

Our sponsor, Thayer Ventures Acquisition Holdings LLC, has agreed to purchase an aggregate of 6,500,000 warrants (or 7,175,000 warrants if the underwriters' over-allotment option is exercised in full), each exercisable to purchase one share of Class A common stock at \$11.50 per share, subject to adjustments as described herein, at a price of \$1.00 per warrant, in a private placement to occur concurrently with the closing of this offering. We refer to these warrants as the private placement warrants. Our sponsor has also agreed to deposit \$3,000,000 (or \$3,450,000 if the underwriters' over-allotment option is exercised in full) (\$0.20 per share in either case) into a trust account in connection with this offering. Our initial stockholders currently own 4,312,500 shares of common stock, which were designated as shares of our Class B common stock prior to the consummation of this offering (up to 562,500 shares of which are subject to forfeiture depending on the extent to which the underwriters' over-allotment option is exercised), which will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis, subject to the adjustments as described herein.

Currently, there is no public market for our securities. We have applied to have our units listed on The Nasdaq Capital Market, or Nasdaq, under the symbol "TVACU" on or promptly after the date of this prospectus. We cannot guarantee that our securities will be approved for listing on Nasdaq. We expect the shares of Class A common stock and warrants comprising the units to begin separate trading on Nasdaq under the symbols "TVAC" and "TVACW," respectively, on the 52nd day following the date of this prospectus unless Stifel, Nicolaus & Company, Incorporated and Oppenheimer & Co. Inc. inform us of their decision to allow earlier separate trading and we have satisfied certain conditions.

Three qualified institutional buyers not affiliated with our sponsor or any member of our management team have indicated to us that they intend to purchase up to 4,496,000 units in this offering (or up to 4,944,550 units in this offering if the over-allotment option is exercised in full), which would comprise 29.97% of the units subject to this offering (or 28.66% of the units subject to this offering if the over-allotment option is exercised in full) if such indications of interest become confirmed orders in full following effectiveness of the registration statement of which this prospectus forms a part. We refer to these investors as our "anchor investors" throughout this prospectus. In consideration of providing these significant indications of interest, our anchor investors have agreed that they will purchase a membership interest in our sponsor, for nominal consideration, entitling them to an interest in up to 13.6% of our sponsor, assuming an offering of 15,000,000 units, and subject to adjustment if the size of this offering changes, if the underwriters exercise their over-allotment option, if our anchor investors purchase fewer than 4,496,000 units in this offering or if our anchor investors do not hold a minimum number of Class A common stock at the time of our initial business combination. For additional information on this arrangement, please see "Certain Relationships and Related Party Transactions".

We are an "emerging growth company" under applicable federal securities laws and will be subject to reduced public company reporting requirements. Investing in our securities involves a high degree of risk. See "Risk Factors" beginning on page 35 for a discussion of information that should be considered in connection with an investment in our securities. Investors will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings.

Neither the U.S. Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

See also "Underwriting" beginning on page 157 for a description of compensation and other items of value payable to the underwriters.

Of the proceeds we receive from this offering and the sale of the private placement warrants described in this prospectus, \$153,000,000, or \$175,950,000 if the underwriters' over-allotment option is exercised in full (\$10.20 per unit in either case), will be deposited into a trust account in the United States with Continental Stock Transfer & Trust Company acting as trustee, and \$3,500,000 will be available to pay fees and expenses in connection with this offering and for working capital following the closing of this offering.

General

We are a newly organized blank check company formed under the laws of the State of Delaware on July 31, 2020 for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. To date, our efforts have been limited to organizational activities as well as activities related to this offering. We have not selected any specific business combination target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any business combination target. We have generated no operating revenues to date and we do not expect that we will generate operating revenues until we consummate our initial business combination.

While we may pursue an acquisition opportunity in any business, industry, sector or geographical location, we intend to focus on businesses in industries that complement our management team’s background, and to capitalize on the ability of our management team to identify and acquire a business, focusing on the travel and transportation industries where our management has extensive investment experience.

Industry Opportunity

We will concentrate on sourcing business combination opportunities within travel and transportation technology. Our intended sector coverage is focused, yet covers a broad array of market segments. Historically, “travel and transportation” was defined and delineated by the primary areas of supply, including air, hotels, rail, cruise, and car rental. Each of these were served by a range of technology and service providers and consumers. In recent years, the sources of travel supply have expanded to include additional segments such as vacation rentals, alternative lodging, tours and attractions, vehicle sharing, ride hailing, and micro-mobility among others; and technology and business model innovation has given rise to many companies serving existing and emerging areas. These include, among others:

- Enterprise software companies selling to travel suppliers – enabling them to run their back-office and front-office operations and market to customers
- Online marketplaces for distribution of supply to travel agents and consumers
- Metasearch/price comparison platforms
- Marketing, retargeting and visitor conversion technologies
- Supplier-focused data, analytics, and dynamic pricing providers
- Corporate travel platforms with greater automation and integration
- Artificial intelligence-driven suppliers to travel or transportation providers

- Alternative lodging platforms
- Micro-mobility services serving cities and their citizens
- Various other technology-enabled services that are part of what we call “intelligent transportation” – some of which include Electric and Autonomous Vehicles, Hyperloop, Last Mile Robotics, and Smart Road technology

The travel and transportation market itself contributed \$8.9 trillion to global GDP in 2019 according to the World Travel & Tourism Council. As a global whole, the industry represents 10% of GDP and is one of the largest industry-level employers, accounting for 330 million jobs, or 1 in every 10 (World Travel & Tourism Council, 2019). Travel has been notable for its early and rapid adoption of digitization relative to other industries, first in the move to online and now increasingly in the mobile sphere given the rise and widespread adoption of smartphones and other connected devices. We believe digital transformation will continue to evolve as the rise of new technologies and business models influence the way business and consumers interact with the travel and transportation ecosystem. Historical examples of this manifestation include the rise of online direct bookings, online travel agencies (“OTAs”), and metasearch providers in the early 2000’s, the transformative effect of ride-hailing in the 2010s, the mass market adoption of alternative lodging starting in 2016, and the introduction of micro-mobility services in cities in the last two years. We believe that this technology evolution is still in its early-growth phase and will create a compelling investment opportunity for a sector-focused acquirer with deep relationships across the entire industry.

The formation and growth of new businesses in travel and transportation technology has been driven not just by industry factors but also by early-stage funding into the sector. As a firm, Thayer Ventures alone has reviewed over 500 deals a year for the past decade across verticals and stages, directly and tangentially providing value to the travel and transportation sector. As the industries we follow, both new and old, have been disrupted or digitized we have seen the winners and losers materialize. Under our normal course of business it is imperative that we maintain active relationships with the firms establishing a defensible position in our space. As such, we maintain active conversations with over 100 growth stage companies currently positioning to be leaders in tomorrow’s market. These companies have generally benefitted from secular growth and adoption of their innovations, but the vast majority remain independent and have not experienced outright exit events. We believe there is a “supply-demand imbalance” that presents an opportunity for a capital provider and acquirer with scale to purchase, integrate and grow an attractive business in our chosen sectors that would benefit from access to the public markets.

Over the last several months, the industry has been beset by COVID-19 and its ramifications in all dimensions. This has manifested itself in declining or unfavorable fundamental indicators of demand and usage for our target markets, some of which include:

- Overall travel spend
- Hotel occupancy rates and RevPAR
- Airline passenger volume
- Revenue and profitability metrics and associated guidance for public travel and transportation companies
- Restrictions on international travel
- Large-scale furloughing of employees
- Corporate bankruptcies

Despite the significant disruption caused by COVID-19, we believe that consumer sentiment and business indicators for travel and transportation will return to historical levels and resume growth once the pandemic has stabilized itself enough such that individuals can resume historical activities and behaviors. In the aftermath of past pandemics and major global crises, such as 9-11, the 2008-2009 Financial Crisis and H5N1, temporary declines in the industry were followed by a return to prior levels of demand. There are businesses in our target markets that have thrived during the COVID-19 crisis, and other businesses in our target markets with fundamentally sound value propositions that can both withstand the current environment and benefit from any rebound in activity in future periods. Therefore, as the travel market rebounds, we believe the next two years will be an opportune time to invest in and own a well-positioned business in our target markets. Furthermore, the changing travel preferences, increasing focus around safety, and enhanced duty of care requirements for corporations due to COVID-19 will drive further shifts and innovations in our target markets.

Consistent with our strategy, we have identified the following general criteria and guidelines that we believe are important in evaluating prospective target businesses. We will focus on these criteria and guidelines in evaluating acquisition opportunities, but we may decide to enter into our initial business combination with a target business that does not meet these criteria and guidelines.

- **Companies that operate in segments of the market that are ripe for technological disruption or are currently undergoing technological transformations.** We plan to focus on sectors that are in the process of or have significant potential to change their distribution or supply chains, consumer and business buying behavior or in other ways which are witnessing technology or business model disruption.
- **Companies with an attractive and defensible competitive position.** We will target companies with market positions and technologies that we believe offer long-term competitive advantages. These could include proprietary technology, a market leading product suite, unique processes, strong market share, or a culture of innovation that we believe is enduring and unique.
- **Companies with high revenue growth, or with the potential for high revenue growth.** We will seek to acquire businesses that have or are believed to achieve significant revenue growth primarily driven by either adopting or providing an innovative service or technology and which address large addressable markets that have not been substantially penetrated to date.
- **Companies that exhibit the ability to deliver significant operating leverage and future profitability whether they may or may not be profitable currently.** We will seek to acquire businesses that have either high gross margins today relative to their industries or, through their business model or technology, have the ability to improve margins; and by addressing a large market, have the opportunity to drive significant future profitability when fully scaled.
- **Knowledgeable and innovative management teams with relevant industry experience and ability to rapidly develop their technologies and businesses.** We aim to target businesses with expert management teams that have specialized knowledge of their respective industry sector and are active leaders in developing or deploying technology to provide a solution for a problem or challenge within their respective industry sector.
- **Benefit from being a public company.** We intend to acquire a company that will benefit from being publicly traded and can effectively utilize the broader access to capital and public profile that are associated with being a publicly traded company.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management may deem relevant. While we intend to target the industry segments described above, we are not, however, required to complete our initial business combination

with a travel or transportation technology business and, as a result, we may pursue a business combination outside of that industry. We will seek to acquire businesses that we believe are fundamentally sound but would benefit from a public listing to execute their financial, operational, and strategic plans.

Acquisition Strategy

We believe our management team is uniquely positioned within the travel and transportation sectors to identify opportunities in travel and transportation, for the reasons detailed below:

Deep Domain Expertise and Relationships in Travel and Transportation Industries

Our management team, and advisors, have extensive entrepreneurial, operating and investing experience in the travel and transportation industries with a corresponding broad network of relationships from early-stage innovators up to the large global companies. Thayer Ventures has been a dedicated travel and transportation technology fund, successfully investing in private companies through three fund generations. In its ten years of investing, the fund has evaluated thousands of companies and invested in about 40. Through this investing activity, the management team has built deep domain expertise throughout the ecosystem and has developed a long-term view on cycles in the industry and sustainable trends. Thayer Ventures also had a strong focus on value-added investing, playing a very active role utilizing its network to help portfolio companies in sales and business development, building executive teams, and in financing and M&A.

Accomplished Leadership Team with Track Record as Value-added Investors and Business Managers

Our team has over 50 years of combined investing, financial and operating experience. In addition to our experience running Thayer Ventures for over 10 years, our team has experience starting and running businesses and as Board members. Chris Hemmeter successfully launched and ran six companies prior to raising Thayer Ventures, and Mark E. Farrell brings experience as a lawyer, investment banker and in public service prior to Thayer. The two have collectively sat on multiple corporate boards and Mr. Farrell is presently a director of another SPAC. This collective experience makes the management team well positioned not only to identify opportunities but also efficiently and effectively structure, finance and consummate an initial business combination.

History of Successfully Sourcing Investment Opportunities as a Team and Extended Network

Mr. Farrell and Mr. Hemmeter have been working together closely as partners through three successive funds and have a successful model of collaboration in finding, evaluating and completing investments that has been endorsed by over 100 limited partners in its funds. The two have the ability and commitment to continue this partnership with Thayer Ventures Acquisition Corporation. The management team also benefits from close and committed contributions from a network of industry advisors, many of whom have been investors in its funds. These include executives and investors who bring extensive experience across lodging, gaming, airline, foodservice, travel, publishing, and data and information services industries. The team expects this network to continue to help in identifying opportunities and also provide connection points for the team to help in business development with any business that becomes its first business combination.

Established Thesis and Deep Database of Prospective Opportunities that Are Believed to be Actionable

The management team has refined its thesis for Thayer Ventures Acquisition Corporation through internal analysis and discussions as well through input and validation from executives and other thought leaders in the industry. The team has also developed a deep database of target acquisition opportunities, from among established, growing private companies as well as potential carve outs from larger businesses. This database is

being enhanced on a daily basis through various sources, including through the efforts of our management team's outreach to the industry. Management believes that many of these targets could be actionable immediately upon completion of this offering.

Initial Business Combination

Nasdaq rules and our amended and restated certificate of incorporation require that we complete one or more business combinations having an aggregate fair market value of at least 80% of the assets held in the trust account (excluding the amount of deferred underwriting discounts held in trust and taxes payable on the interest earned on the trust account) at the time of signing the agreement to enter into the initial business combination. We refer to this as the 80% of the fair market value test. Our board of directors will make the determination as to the fair market value of our initial business combination. The fair market value of the target or targets will be determined by our board of directors based upon one or more standards generally accepted by the financial community (such as actual and potential sales, earnings, cash flow and/or book value). Even though our board of directors will rely on generally accepted standards, our board of directors will have discretion to select the standards employed. In addition, the application of the standards generally involves a substantial degree of judgment. Accordingly, investors will be relying on the business judgment of the board of directors in evaluating the fair market value of the target or targets. The proxy solicitation materials or tender offer documents used by us in connection with any proposed transaction will provide public stockholders with our analysis of our satisfaction of the 80% of fair market value test, as well as the basis for our determinations. If our board of directors is not able to independently determine the fair market value of the target business or businesses, or we are considering an initial business combination with an affiliated entity, we will obtain an opinion from an independent investment banking firm that is a member of the Financial Industry Regulatory Authority ("FINRA"), or an independent valuation or accounting firm with respect to the satisfaction of the 80% of fair market value test.

We anticipate structuring our initial business combination so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses. We may, however, structure our initial business combination such that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the prior owners of the target business, the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% of fair market value test. If the initial business combination involves more than one target business, the 80% of fair market value test will be based on the aggregate value of all of the target businesses and we will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking stockholder approval, as applicable.

Other Considerations

We are not prohibited from pursuing an initial business combination or subsequent transaction with a company that is affiliated with Thayer Ventures or our sponsor, founders, officers, or directors. In the event we seek to complete our initial business combination with a company that is affiliated with Thayer Ventures, our sponsor or any of our founders, officers or directors, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent valuation or accounting firm that such initial business combination or transaction is fair to our company from a financial point of view.

Affiliates of Thayer Ventures and members of our board of directors will directly or indirectly own founder shares and private placement warrants following this offering and, accordingly, may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination. Further, each of our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers or directors were to be included by a target business as a condition to any agreement with respect to our initial business combination.

We currently do not have any specific business combination under consideration. Our officers and directors have neither individually selected nor considered a target business nor have they had any substantive discussions regarding possible target businesses among themselves or with our underwriters or other advisors. Thayer Ventures is continuously made aware of potential business opportunities, one or more of which we may desire to pursue for a business combination, but we have not (nor has anyone on our behalf) contacted any prospective target business or had any substantive discussions, formal or otherwise, with respect to a business combination transaction with our company. We have not (nor have any of our agents or affiliates) been approached by any candidates (or representative of any candidates) with respect to a possible acquisition transaction with our company and we will not consider a business combination with any company that has already been identified to Thayer Ventures as a suitable acquisition candidate for it, unless Thayer Ventures, in its sole discretion, declines such potential business combination or makes available to our company a co-investment opportunity in accordance with Thayer Ventures's applicable existing and future policies and procedures. Additionally, we have not, nor has anyone on our behalf, taken any substantive measure, directly or indirectly, to select or locate any suitable acquisition candidate for us, nor have we engaged or retained any agent or other representative to select or locate any such acquisition candidate.

Thayer Ventures may manage multiple investment vehicles and raise additional funds and/or successor funds in the future, which may be during the period in which we are seeking our initial business combination. These Thayer Ventures investment entities may be seeking acquisition opportunities and related financing at any time. We may compete with any one or more of them on any given acquisition opportunity.

In addition, our sponsor and our officers and directors may sponsor or form other special purpose acquisition companies similar to ours or may pursue other business or investment ventures during the period in which we are seeking an initial business combination. Any such companies, businesses or investments may present additional conflicts of interest in pursuing an initial business combination. However, we do not believe that any such potential conflicts would materially affect our ability to identify and pursue business combination opportunities or to complete our initial business combination.

Each of our officers and directors presently has, and any of them in the future may have additional, fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will be required to present a business combination opportunity. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or

contractual obligations to present the opportunity to such entity, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. In addition, we may, at our option, pursue an Affiliated Joint Acquisition opportunity with an entity to which an officer or director has a fiduciary or contractual obligation. Any such entity may co-invest with us in the target business at the time of our initial business combination, or we could raise additional proceeds to complete the acquisition by making a specified future issuance to any such entity. Our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

In addition, our founders, officers and directors are not required to commit any specified amount of time to our affairs and, accordingly, will have conflicts of interest in allocating management time among various business activities, including identifying potential business combinations and monitoring the related due diligence. Moreover, our founders, officers and directors have, and will have in the future, time and attention requirements for current and future investment funds, accounts, co-investment vehicles and other entities managed by Thayer Ventures. To the extent any conflict of interest arises between, on the one hand, us and, on the other hand, investments funds, accounts, co-investment vehicles and other entities managed by Thayer Ventures (including, without limitation, arising as a result of certain of our founders, officers and directors being required to offer acquisition opportunities to such investment funds, accounts, co-investment vehicles and other entities), Thayer Ventures and its affiliates will resolve such conflicts of interest in their sole discretion in accordance with their then existing fiduciary, contractual, and other duties, and there can be no assurance that such conflict of interest will be resolved in our favor.

Any past experience and performance of Thayer Ventures or our management team is not a guarantee either: (1) that we will be able to successfully identify a suitable candidate for our initial business combination; or (2) of any results with respect to any initial business combination we may consummate. You should not rely on the historical record of Thayer Ventures or our management team's performance as indicative of the future performance of an investment in us or the returns we will, or are likely to, generate going forward. An investment in us is not an investment in Thayer Ventures. Other than Mr. Farrell, none of our sponsor, officers, directors or Thayer Ventures has had experience with a blank check company or special purpose acquisition company in the past.

Corporate Information

Our executive offices are located at 25852 McBean Parkway, Suite 508, Valencia, CA 91355 and our telephone number is (415) 782-1414.

We are an "emerging growth company," as defined in Section 2(a) of the Securities Act of 1933, as amended, or the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not "emerging growth companies" including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our shares of Class A common stock that is held by non-affiliates equals or exceeds \$700 million as of the prior June 30, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period. References herein to “emerging growth company” will have the meaning associated with it in the JOBS Act.

Additionally, we are a “smaller reporting company” as defined in Item 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. We will remain a smaller reporting company until the last day of the fiscal year in which (1) the market value of our common stock held by non-affiliates exceeds \$250 million as of the prior June 30th, or (2) our annual revenues exceeded \$100 million during such completed fiscal year and the market value of our common stock held by non-affiliates equals or exceeds \$700 million as of the prior June 30.

Prior to the date of this prospectus, we will file a Registration Statement on Form 8-A with the SEC to voluntarily register our securities under Section 12 of the Securities Exchange Act of 1934, as amended, or the Exchange Act. As a result, we are subject to the rules and regulations promulgated under the Exchange Act. We have no current intention of filing a Form 15 to suspend our reporting or other obligations under the Exchange Act prior or subsequent to the consummation of our initial business combination.

THE OFFERING

In deciding whether to invest in our securities, you should take into account not only the backgrounds of the members of our management team, but also the special risks we face as a blank check company and the fact that this offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. You will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. You should carefully consider these and the other risks set forth in the section below entitled “Risk Factors” of this prospectus.

Securities offered	15,000,000 units (or 17,250,000 units if the underwriters’ over-allotment option is exercised in full), at \$10.00 per unit, each unit consisting of: <ul style="list-style-type: none">• one share of Class A common stock; and• one-half of one redeemable warrant.

Trading commencement and separation of shares of Class A common stock and warrants	The units are expected to begin trading on or promptly after the date of this prospectus. The shares of Class A common stock and warrants comprising the units will begin separate trading on the 52 nd day following the date of this prospectus unless Stifel, Nicolaus & Company, Incorporated (“Stifel”) and Oppenheimer & Co. Inc. (“Oppenheimer”) inform us of their decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the shares of Class A common stock and warrants commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of Class A common stock and warrants. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least an even number of units, you will not be able to receive or trade a whole warrant. Additionally, the units will automatically separate into their component parts and will not be traded after completion of our initial business combination.
Separate trading of the shares of Class A common stock and warrants is prohibited until we have filed a Current Report on Form 8-K	In no event will the shares of Class A common stock and warrants be traded separately until we have filed with the SEC a Current Report on Form 8-K which includes an audited balance sheet reflecting our

receipt of the gross proceeds at the closing of this offering. We will file the Current Report on Form 8-K promptly after the closing of this offering. If the underwriters' over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' over-allotment option.

Exercisability	Each whole warrant sold in this offering is exercisable to purchase one share of Class A common stock. Only whole warrants are exercisable. No fractional warrants will be issued upon separation of the units and only whole warrants will trade.
----------------	--

We structured each unit to contain one-half of one warrant, with each whole warrant exercisable for one share of Class A common stock, as compared to units issued by some other similar blank check

companies which contain whole warrants exercisable for one share, in order to reduce the dilutive effect of the warrants upon completion of a business combination as compared to units that each contain a whole warrant to purchase one share, thus making us, we believe, a more attractive business combination partner for target businesses.

Exercise price

\$11.50 per share, subject to adjustments as described herein. In addition, if (x) we issue additional shares of Class A common stock or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at an issue price or effective issue price of less than \$9.20 per share of Class A common stock (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to our initial stockholders or their affiliates, without taking into account any founder shares held by our initial stockholders or such affiliates, as applicable, prior to such issuance) (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 50% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination on the date of the consummation of our initial business combination (net of redemptions), and (z) the volume weighted average trading price of our common stock during the 20 trading day period starting on the trading day after the day on which we consummate our initial business combination (such price, the “Market Value”) is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$10.00 and \$18.00 per share redemption trigger price described below under “Redemption of warrants when the price per share of Class A common stock equals or exceeds \$10.00” and “Redemption of warrants when the price per share of Class A common stock equals or exceeds \$18.00” will be adjusted (to the nearest cent) to be equal to 100% and 180% of the higher of the Market Value and the Newly Issued Price, respectively.

Exercise period

The warrants will become exercisable on the later of:

- 30 days after the completion of our initial business combination; and
- 12 months from the closing of this offering;

provided in each case that we have an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the warrants and a current prospectus relating to them is available and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder (or we permit holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement). If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to

register or qualify the underlying securities for sale under all applicable state securities laws.

We are not registering the shares of Class A common stock issuable upon exercise of the warrants at this time. However, we have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our best efforts to file with the SEC a registration statement covering the shares of Class A common stock issuable upon exercise of the warrants, and we will use our best efforts to cause such registration statement to become effective within 60 business days after the closing of our initial business combination and to maintain the effectiveness of such registration statement and a current prospectus relating to those shares of Class A common stock until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the shares of Class A common stock issuable upon exercise of the warrants is not effective by the 60th business day after the closing of the initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we will have failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the above, if our shares of Class A common stock are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will not be required to file or maintain in effect a registration statement, and in the event we do not so elect, we will use our reasonable best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

The warrants will expire at 5:00 p.m., New York City time, five years after the completion of our initial business combination or earlier upon redemption or liquidation. On the exercise of any warrant, the warrant exercise price will be paid directly to us and not placed in the trust account.

Redemption of warrants when the price per share of Class A common stock equals or exceeds \$18.00

Once the warrants become exercisable, we may redeem the outstanding warrants for cash (except as described herein with respect to the private placement warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days’ prior written notice of redemption, which we refer to as the 30-day redemption period; and

- if, and only if, the last reported sale price of our Class A common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of our initial business combination as described elsewhere in this prospectus) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders (the “Reference Value”).

We will not redeem the warrants for cash unless an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of Class A common stock is available throughout the 30-day redemption period. Any such exercise would not be on a “cashless” basis and would require the exercising warrant holder to pay the exercise price for each warrant being exercised. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

None of the private placement warrants will be redeemable by us (except as described below under “Redemption of warrants when the price per share of Class A common stock equals or exceeds \$10.00”) for cash so long as they are held by our sponsor or its permitted transferees.

Redemption of warrants when the price per share of Class A common stock equals or exceeds \$10.00

After the warrants become exercisable, we may redeem the outstanding warrants:

- in whole and not in part;
- at a price of \$0.10 per warrant upon a minimum of 30 days’ prior written notice of redemption provided that during such 30 day period holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares of Class A common stock determined by reference to the table set forth under “Description of Securities — Warrants — Public Stockholders’ Warrants” based on the redemption date and the “fair market value” of our shares of Class A common stock (as defined below); provided, further, that if the warrants are not exercised on a cashless basis or otherwise during such 30 day period, we shall redeem such warrants for \$0.10 per share;
- if, and only if, the Reference Value equals or exceeds \$10.00 per share (as adjusted per stock splits, stock dividends, reorganizations, reclassifications, recapitalizations and the like and for certain

issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of our initial business combination as described elsewhere in this prospectus) on the trading day prior to the date on which we send the notice of redemption to the warrant holders; and

- if the Reference Value is less than \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, reclassifications, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of our initial business combination as described elsewhere in this prospectus) then the private placement warrants must also concurrently be called for redemption on the same terms (except as described herein with respect to a holder's ability to cashless exercise its warrants) as the outstanding public warrants as described above.

The "fair market value" of our shares of Class A common stock shall mean the volume weighted average last reported sale price of our shares of Class A common stock for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of warrants. This redemption feature differs from the typical warrant redemption features used in other blank check offerings. We will provide our warrant holders with the final fair market value no later than one business day after the 10-day trading period described above ends. In no event will the warrants be exercisable in connection with this redemption feature for more than 0.361 Class A common stock per warrant (subject to adjustment).

No fractional shares of Class A common stock will be issued upon redemption. If, upon redemption, a holder would be entitled to receive a fractional interest in a share, we will round down to the nearest whole number of the number of shares of Class A common stock to be issued to the holder. Please see the section entitled "Description of Securities — Warrants — Public Stockholders' Warrants" for additional information.

Pursuant to the warrant agreement, references above to shares of Class A common stock shall include a security other than Class A common stock into which the shares of Class A common stock has been converted or exchanged for in the event we are not the surviving company in our initial business combination.

Anchor investors

Three qualified institutional buyers not affiliated with our sponsor or any member of our management team have indicated to us an interest to purchase up to 4,496,000 units in this offering (or up to 4,944,550 units in this offering if the over-allotment option is exercised in full), which would comprise 29.97% of the units subject to this offering (or 28.66% of the units subject to this offering if the over-allotment option is exercised in full) if such indications of interest become confirmed orders in full following effectiveness of the registration

statement of which this prospectus forms a part. We refer to these investors as our “anchor investors” throughout this prospectus. In consideration of providing these significant indications of interest, our anchor investors have agreed that they will purchase a membership interest in our sponsor, for nominal consideration, entitling them to an aggregate interest in up to 13.6% of our sponsor, assuming an offering of 15,000,000 units, and subject to adjustment if the size of this offering changes, if the underwriters exercise their over-allotment option, if our anchor investors purchase fewer than 4,496,000 units in this offering or if our anchor investors do not hold a minimum number of shares of Class A common stock at the time of our initial business combination.

Pursuant to each anchor investor’s subscription agreement with our sponsor, the anchor investors have not been granted any material additional stockholder or other rights and are only being issued a membership interest in our sponsor with no right to control our sponsor or vote or dispose of the anchor founder shares held by our sponsor. Further, the anchor investors are not required to: (i) hold any units, Class A common stock or warrants they may purchase in this offering or thereafter for any amount of time, (ii) vote any Class A common stock they may own at the applicable time in favor of our initial business combination or (iii) refrain from exercising their right to redeem their Class A common stock at the time of our initial business combination.

In the event that the anchor investors vote in favor of our initial business combination, a smaller portion of affirmative votes from other public stockholders would be required to approve our initial business combination.

See “Certain Relationships and Related Party Transactions” for further information.

Founder shares

On August 11, 2020, our sponsor subscribed to purchase 5,031,250 founder shares. On August 13, 2020, our sponsor paid \$25,000, or approximately \$0.005 per share, for certain expenses on behalf of us in exchange for issuance of the founder shares. On October 27, 2020, 718,750 founder shares were contributed back to the company for no consideration, resulting in there being 4,312,500 founder shares issued and outstanding, of which 562,500 shares are subject to forfeiture if the underwriters do not exercise their over-allotment option in full. On November 9, 2020, our sponsor transferred 25,000 founder shares to each of our independent director nominees. These 125,000 shares are not subject to forfeiture in the event the underwriters’ over-allotment option is not exercised.

Prior to the initial investment in the company of \$25,000 by our sponsor, the company had no assets, tangible or intangible. The per

share price of the founder shares was determined by dividing the amount contributed to the company by the number of founder shares issued. If we increase or decrease the size of this offering, we will effect a stock capitalization or a share surrender or redemption or other appropriate mechanism, as applicable, with respect to our shares of Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of our initial stockholders (and their permitted transferees), on an as-converted basis, at 20% of our issued and outstanding shares of Class A common stock upon the consummation of this offering. Up to 562,500 of the founder shares held by our sponsor will be forfeited depending on the extent to which the underwriters' over-allotment option is not exercised.

The founder shares are identical to the shares of Class A common stock included in the units being sold in this offering, except that:

- the founder shares are subject to certain transfer restrictions, as described in more detail below;
- our initial stockholders have entered into an agreement with us, pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares and (ii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. Our initial stockholders have also agreed (A) that they will not propose any amendment to our amended and restated certificate of incorporation that would modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares and (B) to waive their redemption rights with respect to their founder shares and any public shares they may acquire during or after this offering in connection with the completion of our initial business combination. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. If we submit our initial business combination to our public stockholders for a vote, our initial stockholders have agreed to vote their founder shares and any public shares purchased during or after this offering in favor of our initial business combination. As a result, in addition to our founder shares, we would need 5,625,001, or 37.5% (assuming all outstanding shares are voted and the over-allotment option is not exercised), of the 15,000,000 public shares sold in this offering to be voted in favor of an initial business combination in order to have our initial business combination

approved. In addition, if the anchor investors purchase 4,496,000 units in this offering and vote the shares of Class A common stock included in such units in favor of our initial business combination, a smaller proportion of affirmative votes from other public stockholders (6.0%) would be required to approve our initial business combination. The anchor investors' interest in our sponsor may provide an incentive to vote their shares in favor of our initial business combination.

- the founder shares are entitled to registration rights; and
- the founder shares will be automatically convertible into our shares of Class A common stock at the time of our initial business combination as described below adjacent to the caption "Founder shares conversion and anti-dilution rights" and in our amended and restated certificate of incorporation.

Transfer restrictions on founder shares

Except as described herein, our initial stockholders have agreed not to transfer, assign or sell any of their founder shares until the earliest of (A) one year after the completion of our initial business combination or (B) subsequent to our initial business combination, the date on which we complete a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of our stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property.

Notwithstanding the foregoing, if the last reported sale price of our Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, the founder shares will be released from the lock-up.

Founder shares conversion and anti-dilution rights

The founder shares are designated as shares of Class B common stock and will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis (subject to adjustment for stock splits, stock dividends, reorganizations, recapitalizations and the like), and subject to further adjustment as provided herein. In the case that additional shares of Class A common stock, or equity-linked securities, are issued or deemed issued in excess of the amounts offered in this prospectus and related to the closing of the business combination, including pursuant to a specified future issuance, the ratio at which shares of Class B common stock shall convert into shares of Class A common stock will be adjusted (unless our initial stockholders agree to waive such adjustment with respect to any such issuance or deemed issuance, including a specified future issuance) so that the number of shares of Class A common stock issuable upon conversion of all shares of Class B common stock will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all shares of common stock outstanding upon completion of this offering plus

all shares of Class A common stock and equity-linked securities issued or deemed issued in connection with the business combination (after giving effect to any redemptions of shares of Class A common stock by public stockholders) (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the initial business combination and any private placement warrants issued to our sponsor, officers or directors upon conversion of working capital loans). Our initial stockholders may also elect to convert their shares of Class B common stock into an equal number of shares of Class A common stock, subject to adjustment as provided above, at any time. In no event will the shares of our Class B common stock convert into shares of our Class A common stock at a rate of less than one-to-one.

Voting rights

With respect to all matters submitted to a vote of our stockholders, including any vote in connection with our initial business combination, except as required by law or the applicable rules of Nasdaq then in effect, holders of our founder shares and holders of our public shares will vote together as a single class, with each share entitling the holder to one vote.

Our amended and restated certificate of incorporation provides that our board of directors will be divided into three classes with only one class of directors being elected in each year and each class (except for those directors appointed prior to our first annual meeting of stockholders) serving a three-year term.

Private placement warrants

Our sponsor has committed, pursuant to a written agreement, to purchase an aggregate of 6,500,000 private placement warrants (or 7,175,000 private placement warrants if the underwriters' over-allotment option is exercised in full), each exercisable to purchase one share of common stock at \$11.50 per share, subject to adjustments as described herein, at a price of \$1.00 per warrant (\$6,500,000 in the aggregate or \$7,175,000 if the underwriters' over-allotment option is exercised in full), in a private placement that will close concurrently with the closing of this offering. If we do not consummate an initial business combination within 18 months from the closing of this offering, the private placement warrants will expire worthless. The private placement warrants will be non-redeemable (except as described under "Description of Securities — Warrants — Public Stockholders' Warrants — Redemption of warrants for Class A common stock") and exercisable on a cashless basis so long as they are held by our sponsor or its permitted transferees (see "Description of Securities — Warrants — Private Placement Warrants"). If the private placement warrants are held by holders other than our sponsor or its permitted transferees, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering.

Transfer restrictions on private placement warrants	The private placement warrants (including the shares of Class A common stock issuable upon exercise of the private placement warrants) will not be transferable, assignable or salable until 30 days after the completion of our initial business combination, except as described herein under “Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants.”
Proceeds to be held in trust account	<p>Nasdaq rules provide that at least 90% of the gross proceeds from this offering and the sale of the private placement warrants be deposited in a trust account. Of the proceeds we will receive from this offering and the sale of the private placement warrants described in this prospectus, \$153,000,000, or \$175,950,000 if the underwriters’ over-allotment option is exercised in full (\$10.20 per unit in either case), will be deposited into a segregated trust account located in the United States with Continental Stock Transfer & Trust Company acting as trustee and \$3,500,000, including \$1,500,000 (or \$1,725,000 in case of over-allotment) reimbursement from underwriters, will be used to pay expenses in connection with the closing of this offering and for working capital following this offering. The proceeds to be placed in the trust account include \$6,000,000 (or \$6,900,000 if the underwriters’ over-allotment option is exercised in full) in deferred underwriting commissions. Our sponsor has agreed to deposit \$3,000,000 (or \$3,450,000 if the underwriters’ over-allotment option is exercised in full) (\$0.20 per share in either case) into the trust account in connection with this offering.</p> <p>Except for the withdrawal of interest income to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), our amended and restated certificate of incorporation, as discussed below and subject to the requirements of law and regulation, provides that none of the funds held in the trust account will be released from the trust account until the earliest of (i) the completion of our initial business combination, (ii) the redemption of our public shares if we are unable to consummate an initial business combination within 18 months from the closing of this offering, subject to applicable law, or (iii) the redemption of our public shares properly submitted in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we have not consummated an initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders’ rights or pre-initial business combination activity. The proceeds deposited in the trust account could become subject to the claims of our creditors, if any, which could have priority over the claims of our public stockholders.</p>

Anticipated expenses and funding sources

Unless and until we complete our initial business combination, no proceeds held in the trust account will be available for our use, except the withdrawal of interest income to pay our taxes and/or to redeem our public shares in connection with an amendment to our amended and restated certificate of incorporation, as described above. The proceeds held in the trust account will be invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Assuming an interest rate of 0.25% per year, we estimate the interest earned on the trust account will be approximately \$382,500 per year; however, we can provide no assurances regarding this amount. Unless and until we complete our initial business combination, we may pay our expenses only from:

- the net proceeds of this offering not held in the trust account, which will be approximately \$1,250,000 in working capital after the payment of approximately \$750,000 in expenses relating to this offering; and
- any loans or additional investments from our sponsor or an affiliate of our sponsor or certain of our officers and directors, although they are under no obligation to advance funds or invest in us, and provided any such loans will not have any claim on the proceeds held in the trust account unless such proceeds are released to us upon completion of our initial business combination. Up to \$1,500,000 of such loans may be convertible into private placement warrants, at a price of \$1.00 per warrant, at the option of the lender.

Conditions to completing our initial business combination

Nasdaq rules and our amended and restated certificate of incorporation require that our initial business combination must occur with one or more target businesses that together have an aggregate fair market value of at least 80% of our assets held in the trust account (excluding the amount of deferred underwriting discounts held in trust and taxes payable on the interest earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination. Our board of directors will make the determination as to the fair market value of our initial business combination. The fair market value of the target or targets will be determined by our board of directors based upon one or more standards generally accepted by the financial community (such as actual and potential sales, earnings, cash flow and/or book value). Even though our board of directors will rely on generally accepted standards, our board of directors will have discretion to select the standards employed. In addition, the application of the standards generally involves a substantial degree of judgment. Accordingly, investors will be relying on the business judgment of the board of directors in evaluating the fair market value of the target or

targets. The proxy solicitation materials or tender offer documents used by us in connection with any proposed transaction will provide public stockholders with our analysis of our satisfaction of the 80% of fair market value test, as well as the basis for our determinations. If our board of directors is not able to independently determine the fair market value of the target business or businesses, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent valuation or accounting firm. Our stockholders may not be provided with a copy of such opinion nor will they be able to rely on such opinion.

We will complete our initial business combination only if the post-transaction company in which our public stockholders own shares will own or acquire 50% or more of the outstanding voting securities of the target or is otherwise not required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to our initial business combination may collectively own a minority interest in the post-business combination company, depending on valuations ascribed to the target and us in the business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock or shares of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our issued and outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% of fair market value test, provided that in the event that the business combination involves more than one target business, the 80% of fair market value test will be based on the aggregate value of all of the target businesses and we will treat the target businesses together as the initial business combination for purposes of seeking stockholder approval or conducting a tender offer, as applicable.

Permitted purchases of public shares and public warrants by our affiliates

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, executive officers, advisors or their affiliates may purchase public shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of shares our sponsor, directors, executive officers, advisors or their affiliates may purchase in such transactions, subject to compliance

with applicable law and Nasdaq rules. Our sponsor, directors, executive officers, advisors or their affiliates have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions; however, the anchor investors have provided indications of interest to purchase units in this offering. None of the funds held in the trust account will be used to purchase public shares or public warrants in such transactions. If our sponsor, directors, executive officers, advisors or their affiliates engage in such transactions, they will not make any such purchases when they are in possession of any material nonpublic information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Securities Exchange Act of 1934, as amended, or the Exchange Act. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. See “Proposed Business — Permitted Purchases of Our Securities” for a description of how our sponsor, directors, executive officers, advisors or any of their affiliates will select which stockholders to purchase securities from in any private transaction.

The purpose of any such purchases of shares could be to vote such shares in favor of the business combination and thereby increase the likelihood of obtaining stockholder approval of the business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our shares of Class A common stock or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Redemption rights for public stockholders upon completion of our initial business combination

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination at a per-share price, payable in cash,

equal to the aggregate amount then on deposit in the trust account calculated as of two business days prior to the consummation of our initial business combination, including interest (net of taxes payable), divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be \$10.20 per public share. The per share amount we will distribute to investors who properly redeem their shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. The redemption rights will include the requirement that a beneficial holder must identify itself in order to validly redeem its shares. There will be no redemption rights upon the completion of our initial business combination with respect to our warrants. Our initial stockholders have entered into an agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to their founder shares and any public shares they may acquire during or after this offering in connection with the completion of our initial business combination.

Limitations on redemptions

Our amended and restated certificate of incorporation provides that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). However, a greater net tangible asset or cash requirement may be contained in the agreement relating to our initial business combination. For example, the proposed business combination may require: (i) cash consideration to be paid to the target or its owners, (ii) cash to be transferred to the target for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions in accordance with the terms of the proposed business combination. In the event the aggregate cash consideration we would be required to pay for all shares of Class A common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed business combination exceed the aggregate amount of cash available to us, we will not complete the business combination or redeem any shares, and all shares of Class A common stock submitted for redemption will be returned to the holders thereof.

Manner of conducting redemptions

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination either (i) in connection with a stockholder meeting called to approve the business combination or (ii) by means of a tender offer. The decision as to whether we will seek stockholder approval of a proposed business combination or conduct a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would require us to seek stockholder approval under applicable law or stock exchange listing requirement. Asset acquisitions and stock purchases would not typically require stockholder approval, while direct mergers with our company where we do not survive and any transactions where we

issue more than 20% of our outstanding shares of Class A common stock or seek to amend our amended and restated certificate of incorporation would require stockholder approval. We currently intend to conduct redemptions in connection with a stockholder vote unless stockholder approval is not required by applicable law or stock exchange listing requirement and we choose to conduct redemptions pursuant to the tender offer rules of the SEC for business or other reasons.

If we hold a stockholder vote to approve our initial business combination, we will:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules; and
- file proxy materials with the SEC.

If we seek stockholder approval, we will complete our initial business combination only if a majority of the shares of common stock voted are voted in favor of the business combination. In such case, our sponsor and our directors and executive officers have agreed to vote their founder shares and any public shares purchased during or after this offering in favor of our initial business combination. As a result, in addition to our founder shares, we would need 5,625,001, or 37.5% (assuming all outstanding shares are voted and the over-allotment option is not exercised), of the 15,000,000 public shares sold in this offering to be voted in favor of an initial business combination in order to have our initial business combination approved. If the anchor investors purchase 4,496,000 units in this offering and vote the shares of Class A common stock included in such units in favor of our initial business combination, a smaller proportion of affirmative votes from other public stockholders (6.0%) would be required to approve our initial business combination. The other members of our management team have entered into agreements similar to the one entered into by our sponsor with respect to any public shares acquired by them in or after this offering. Each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction or vote at all. Our amended and restated certificate of incorporation requires that at least five days' notice be given of any such stockholder meeting.

If we conduct redemptions pursuant to the tender offer rules of the SEC, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers; and
- file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same

financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies.

Upon the public announcement of our initial business combination, if we elect to conduct redemptions pursuant to the tender offer rules, we or our sponsor will terminate any plan established in accordance with Rule 10b5-1 to purchase our shares of Class A common stock in the open market, in order to comply with Rule 14e-5 under the Exchange Act. In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on public stockholders not tendering more than the number of public shares we are permitted to redeem. If public stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete such initial business combination.

Limitation on redemption rights of stockholders holding 15% or more of the shares sold in this offering if we hold a stockholder vote

Notwithstanding the foregoing redemption rights, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the shares sold in this offering, without our prior consent. We believe the restriction described above will discourage stockholders from accumulating large blocks of shares, and subsequent attempts by such holders to use their ability to redeem their shares as a means to force us or our management to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public stockholder holding more than an aggregate of 15% of the shares sold in this offering could threaten to exercise its redemption rights against a business combination if such holder’s shares are not purchased by us, our sponsor or our management at a premium to the then-current market price or on other undesirable terms. By limiting our public stockholders’ ability to redeem to no more than 15% of the shares sold in this offering, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with a business combination with a target that requires as a closing condition that we have a minimum net worth

or a certain amount of cash. However, we would not be restricting our stockholders' ability to vote all of their shares (including all shares held by those stockholders that hold more than 15% of the shares sold in this offering) for or against our initial business combination.

Release of funds in trust account on closing of our initial business combination

On the completion of our initial business combination, the funds held in the trust account will be disbursed directly by the trustee to pay amounts due to any public stockholders who exercise their redemption rights as described above adjacent to the caption "Redemption rights for public stockholders upon completion of our initial business combination," to pay the underwriters their deferred underwriting commissions, to pay all or a portion of the consideration payable to the target or owners of the target of our initial business combination and to pay other expenses associated with our initial business combination. If our initial business combination is paid for using equity or debt securities or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of post-transaction businesses, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

Redemption of public shares and distribution and liquidation if no initial business combination

Our amended and restated certificate of incorporation provides that we will have only 18 months from the closing of this offering to consummate our initial business combination. If we are unable to consummate an initial business combination within 18 months from the closing of this offering, we will: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (less taxes payable and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, liquidate and dissolve, subject in each case, to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless if we fail to consummate an initial business combination within 18 months from the closing of this offering.

Our initial stockholders have entered into an agreement with us, pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares and (ii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. Our initial stockholders have also agreed (A) that they will not propose any amendment to our amended and restated certificate of incorporation that would modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares and (B) to waive their redemption rights with respect to their founder shares and any public shares they may acquire during or after this offering in connection with the completion of our initial business combination. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering.

The underwriters have agreed to waive their rights to their deferred underwriting commission held in the trust account in the event we do not consummate an initial business combination within 18 months from the closing of this offering or any extended period of time that we may have to consummate an initial business combination as a result of an amendment to our amended and restated certificate of incorporation and, in such event, such amounts will be included with the funds held in the trust account that will be available to fund the redemption of our public shares.

Our sponsor, executive officers and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not consummate an initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares of Class A common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of taxes payable), divided by the number of then outstanding public shares, subject to the limitations described above adjacent to the caption "Limitations on redemptions." For example, our board of directors may propose such an amendment if it determines that

additional time is necessary to complete our initial business combination. In such event, we will conduct a proxy solicitation and distribute proxy materials pursuant to Regulation 14A of the Exchange Act seeking stockholder approval of such proposal and, in connection therewith, provide our public stockholders with the redemption rights described above upon stockholder approval of such amendment. This redemption right shall apply in the event of the approval of any such amendment, whether proposed by our sponsors, any executive officer or director or any other person.

Limited payments to insiders

There will be no finder's fees, reimbursements or cash payments made by the company to our sponsor, officers or directors, or our or their affiliates, for services rendered to us prior to or in connection with the completion of our initial business combination, other than the following payments, none of which will be made from the proceeds of this offering held in the trust account prior to the completion of our initial business combination:

- repayment of up to an aggregate of \$400,000 in loans made to us by our sponsor to cover offering-related and organizational expenses;
- reimbursement for office space, secretarial and administrative services provided to us by our sponsor, in an amount up to \$20,000 per month;
- reimbursement for any out-of-pocket expenses related to identifying, investigating, negotiating and completing an initial business combination; and
- repayment of loans which may be made by our sponsor or an affiliate of our sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination. Up to \$1,500,000 of such loans may be convertible into warrants of the post-business combination entity at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants. Except for the foregoing, the terms of such loans, if any, have not been determined and no written agreements exist with respect to such loans.

Any such payments will be made either (i) prior to our initial business combination using proceeds of this offering held outside the trust account or from loans made to us by our sponsor or (ii) in connection with or after the consummation of our initial business combination.

Audit committee

We will establish and maintain an audit committee, which will be composed entirely of independent directors. Among its responsibilities, the audit committee will review on a quarterly basis all payments that were made to our sponsor, officers or directors, or our or their affiliates and monitor compliance with the other terms relating to this offering. If any noncompliance is identified, then the audit committee will be charged with the responsibility to promptly take all action necessary to

rectify such noncompliance or otherwise to cause compliance with the terms of this offering. For more information, see the section entitled “Management — Committees of the Board of Directors — Audit Committee.”

Conflicts of Interest

Thayer Ventures manages several investment vehicles. Thayer Ventures and its affiliates, may compete with us for acquisition opportunities. If these entities decide to pursue any such opportunity, we may be precluded from procuring such opportunities. In addition, investment ideas generated within Thayer Ventures may be suitable for both us and for current or future Thayer Ventures funds and may be directed to such Thayer Ventures funds rather than to us. Neither Thayer Ventures nor members of our management team who are also employed by Thayer Ventures or its affiliates have any obligation to present us with any opportunity for a potential business combination of which they become aware, unless presented to such member solely in his or her capacity as an officer of the Company. Thayer Ventures and/or our management, in their capacities as employees of Thayer Ventures or in their other endeavors, may be required to present potential business combinations to other entities before they present such opportunities to us. Each of our officers and directors presently has, and any of them in the future may have, additional, fiduciary or contractual obligations to another entity, including private funds under the management of Thayer Ventures and their respective portfolio companies, pursuant to which such officer or director is or will be required to present a business combination opportunity to such entity. In addition, existing and future funds managed by Thayer Ventures and their respective portfolio companies may compete with us for business combination opportunities and, if such opportunities are pursued by such entities, we may be precluded from pursuing such opportunities. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such business combination opportunity to such entity, and may only decide to present it to us if such entity rejects the opportunity and consummating the same would not violate any restrictive covenants to which such officers and directors are subject.

In addition, our sponsor and our officers and directors may sponsor or form other special purpose acquisition companies similar to ours or may pursue other business or investment ventures during the period in which we are seeking an initial business combination. Any such companies, businesses or investments may present additional conflicts of interest in pursuing an initial business combination. However, we do not believe that any such potential conflicts would materially affect our ability to identify and pursue business combination opportunities or to complete our initial business combination.

Notwithstanding the foregoing, we may pursue an Affiliated Joint Acquisition opportunity with one or more affiliates of Thayer Ventures and/or investors. Such entities may co-invest with us in the target business at the time of our initial business combination, including pursuant to their rights contained in the forward purchase agreement, or we could raise additional proceeds to complete the acquisition by issuing to such entities a class of equity or equity-linked securities.

Our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

RISKS

We are a newly formed company that has conducted no operations and has generated no revenues. Until we complete our initial business combination, we will have no operations and will generate no operating revenues. In making your decision whether to invest in our securities, you should take into account not only the background of our management team, but also the special risks we face as a blank check company. This offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. Accordingly, you will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. For additional information concerning how Rule 419 blank check offerings differ from this offering, please see “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.” You should carefully consider these and the other risks set forth in the section entitled “Risk Factors” of this prospectus.

- *We are a blank check company with no operating history and no revenues, and you have no basis on which to evaluate our ability to achieve our business objective.*
- *Past performance by Thayer Ventures, including our management team on whom we are dependent, may not be indicative of future performance of an investment in us or in the future performance of any business we may acquire.*
- *Our search for a business combination may be materially adversely affected by the recent COVID-19 pandemic and the status of debt and equity markets.*
- *Certain requirements and terms may limit the type and number of companies with which we may complete such a business combination, make it difficult for us to enter into our initial business combination with a target or may not allow us to consummate the most desirable business combination or optimize our capital structure.*
- *Our public stockholders may not be afforded an opportunity to vote on our proposed business combination, and your only opportunity to affect the investment decision regarding a potential business combination may be limited to the exercise of your right to redeem your shares from us for cash.*
- *We may not be able to consummate our initial business combination within the required time period, in which case we would cease all operations except for the purpose of winding up and we would redeem our public shares and liquidate.*
- *You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares, potentially at a loss.*
- *Certain actions, such as a bankruptcy, could result in a reduction in the amount of funds in the trust account available for distribution to our public stockholders.*
- *Unlike some other similarly structured special purpose acquisition companies, our sponsor will receive additional shares of Class A common stock if we issue certain shares to consummate an initial business combination.*
- *If we are unable to consummate our initial business combination, our public stockholders may be forced to wait up to 18 months or longer before redemption from our trust account.*
- *Our executive officers, directors, security holders and their respective affiliates may have conflicts of interests that could, as applicable, affect the amount of time allocated to our company, impact the business opportunities presented to us, or raise competitive financial interests or affiliations with one or more of target businesses.*
- *Management’s flexibility in identifying and selecting a prospective acquisition candidate, along with our management’s financial interest in consummating our initial business combination, may lead management to enter into an acquisition agreement that is not in the best interest of our stockholders.*

- *We may issue additional shares of our Class A common stock or preferred stock or incur substantial debt in connection with our initial business combination, which could dilute your interests, adversely affect our financial condition and thus negatively impact the value of our stockholders' investment in us.*
- *Holders of warrants will not participate in liquidating distributions if we are unable to complete an initial business combination within the required time period, and the warrants will expire worthless.*
- *Our management's ability to require holders of our warrants to exercise such warrants on a cashless basis will cause holders to receive fewer shares of common stock upon their exercise of the warrants than they would have received had they been able to exercise their warrants for cash.*
- *We may redeem unexpired warrants prior to their exercise at a time that is disadvantageous to the warrant holders.*
- *Our initial stockholders control a substantial interest in us and thus may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support.*
- *There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.*
- *Potential participation in this offering by the anchor investors could reduce the public float for our securities.*
- *We face certain risks if we acquire or operate a business outside of the United States.*

SUMMARY FINANCIAL DATA

The following table summarizes the relevant financial data for our business and should be read with our financial statements, which are included in this prospectus. We have not had any significant operations to date, so only balance sheet data is presented.

	<u>August 13, 2020</u>
Balance Sheet Data:	
Working capital (deficiency)	\$ (26,000)
Total assets	\$ 50,000
Total liabilities	\$ 26,000
Stockholder's equity	\$ 24,000

If we do not consummate an initial business combination within 18 months from the closing of this offering, the proceeds then on deposit in the trust account, including interest (less up to \$100,000 of interest to pay dissolution expenses and net of taxes payable), will be used to fund the redemption of our public shares. Our initial stockholders have entered into an agreement with us pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares and (ii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. Our initial stockholders have also agreed (A) that they will not propose any amendment to our amended and restated certificate of incorporation that would modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares and (B) to waive their redemption rights with respect to their founder shares and any public shares they may acquire during or after this offering in connection with the completion of our initial business combination. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering.

RISK FACTORS

An investment in our securities involves a high degree of risk. You should consider carefully all of the risks described below, together with the other information contained in this prospectus, before making a decision to invest in our units. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the trading price of our securities could decline, and you could lose all or part of your investment.

We are a blank check company with no operating history and no revenues, and you have no basis on which to evaluate our ability to achieve our business objective.

We are a blank check company with no operating results, and we will not commence operations until obtaining funding through this offering and consummating our initial business combination. Because we lack an operating history, you have no basis upon which to evaluate our ability to achieve our business objective of completing our initial business combination with one or more target businesses. We have no plans, arrangements or understandings with any prospective target business concerning our initial business combination and may be unable to complete our initial business combination. If we fail to complete our initial business combination, we will never generate any operating revenues.

Past performance by Thayer Ventures, including our management team, may not be indicative of future performance of an investment in us or in the future performance of any business we may acquire.

Information regarding performance by, or businesses associated with, Thayer Ventures is presented for informational purposes only. Any past experience and performance of Thayer Ventures or our management team is not a guarantee either: (1) that we will be able to successfully identify a suitable candidate for our initial business combination; or (2) of any results with respect to any initial business combination we may consummate. You should not rely on the historical record of Thayer Ventures or our management team's performance as indicative of the future performance of an investment in us or the returns we will, or are likely to, generate going forward. An investment in us is not an investment in Thayer Ventures. Other than Mark E. Farrell, none of our sponsor, officers, directors or Thayer Ventures has had experience with a blank check company or special purpose acquisition company in the past.

We are dependent upon our executive officers and directors and their loss could adversely affect our ability to operate.

Our operations are dependent upon a relatively small group of individuals and, in particular, our executive officers and directors. We believe that our success depends on the continued service of our officers and directors, at least until we have completed our initial business combination. In addition, our executive officers and directors are not required to commit any specified amount of time to our affairs and, accordingly, will have conflicts of interest in allocating their time among various business activities, including identifying potential business combinations and monitoring the related due diligence. We do not have an employment agreement with, or key-man insurance on the life of, any of our directors or executive officers. The unexpected loss of the services of one or more of our directors or executive officers could have a detrimental effect on us.

Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent COVID-19 pandemic and the status of debt and equity markets.

In December 2019, a novel strain of coronavirus was reported to have surfaced, which has and is continuing to spread throughout the world, including the United States. On January 30, 2020, the World Health Organization declared the outbreak of the COVID-19 disease a "Public Health Emergency of International Concern." On

January 31, 2020, U.S. Health and Human Services Secretary Alex M. Azar II declared a public health emergency for the United States to aid the U.S. healthcare community in responding to COVID-19, and on March 11, 2020, the World Health Organization characterized the outbreak as a “pandemic.” The COVID-19 outbreak has resulted in, and a significant outbreak of other infectious diseases could result in, a widespread health crisis that could materially and adversely affect the economies and financial markets worldwide, and the operations and financial position of any potential target business with which we consummate a business combination could be materially and adversely affected. Furthermore, we may be unable to complete a business combination if continued concerns relating to COVID-19 restrict travel, limit the ability to have meetings with potential investors, if the target company’s personnel, vendors and service providers are unavailable to negotiate and consummate a transaction in a timely manner, or if COVID-19 causes a prolonged economic downturn. The extent to which COVID-19 impacts our search for a business combination will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19 or other matters of global concern continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected.

In addition, our ability to consummate a business combination may be dependent on the ability to raise equity and debt financing which may be impacted by COVID-19 and other events, including as a result of increased market volatility, decreased market liquidity and third-party financing being unavailable on terms acceptable to us or at all.

The requirement that the target business or businesses that we acquire must collectively have a fair market value equal to at least 80% of the balance of the funds in the trust account (excluding any taxes payable) at the time of the execution of a definitive agreement for our initial business combination may limit the type and number of companies with which we may complete such a business combination.

Nasdaq rules and our amended and restated certificate of incorporation require that the target business or businesses that we acquire must collectively have a fair market value equal to at least 80% of the balance of the funds in the trust account (excluding any taxes payable) at the time of the execution of a definitive agreement for our initial business combination. This restriction may limit the type and number of companies that we may complete a business combination with. If we are unable to locate a target business or businesses that satisfy this fair market value test, we may be forced to liquidate and you will only be entitled to receive your pro rata portion of the funds in the trust account, which may be less than \$10.20 per share.

Our public stockholders may not be afforded an opportunity to vote on our proposed business combination, which means we may consummate our initial business combination even though a majority of our public stockholders do not support such a combination.

If a stockholder vote is not required, we may conduct redemptions via a tender offer. Accordingly, we may consummate our initial business combination even if holders of a majority of our public shares do not approve the business combination.

Your only opportunity to affect the investment decision regarding a potential business combination may be limited to the exercise of your right to redeem your shares from us for cash.

At the time of your investment in us, you will not be provided with an opportunity to evaluate the specific merits or risks of one or more target businesses. Because our board of directors may consummate our initial business combination without seeking stockholder approval, public stockholders may not have the right or opportunity to vote on the business combination. Accordingly, your only opportunity to affect the investment decision regarding a potential business combination may be limited to exercising your redemption rights within the period of time (which will be at least 20 business days) set forth in our tender offer documents mailed to our public stockholders in which we describe our initial business combination.

If we seek stockholder approval of our initial business combination, our initial stockholders have agreed to vote in favor of such initial business combination, regardless of how our public stockholders vote.

Our initial stockholders will own, on an as-converted basis, 20% of our outstanding common stock immediately following the completion of this offering. Our initial stockholders also may from time to time purchase public shares prior to our initial business combination. Our amended and restated certificate of incorporation provides that, if we seek stockholder approval of an initial business combination, such initial business combination will be approved if we receive the affirmative vote of a majority of the shares voted at such meeting, including the founder shares. As a result, in addition to our initial stockholders' founder shares, we would need 5,625,001, or 37.5% (assuming all outstanding shares are voted and the over-allotment option is not exercised), of the 15,000,000 public shares sold in this offering to be voted in favor of an initial business combination in order to have our initial business combination approved. In addition, if the anchor investors purchase 4,496,000 units in this offering and vote the shares of Class A common stock included in such units in favor of our initial business combination, a smaller proportion of affirmative votes from other public stockholders (6.0%) would be required to approve our initial business combination. Accordingly, if we seek stockholder approval of our initial business combination, the agreement by our initial stockholders to vote in favor of our initial business combination will increase the likelihood that we will receive the requisite stockholder approval for such initial business combination.

The ability of our public stockholders to redeem their shares for cash may make our financial condition unattractive to potential business combination targets, which may make it difficult for us to enter into our initial business combination with a target.

We may enter into a transaction agreement with a prospective target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. If too many public stockholders exercise their redemption rights, we may not be able to meet such closing condition, and as a result, would not be able to proceed with the business combination. Furthermore, in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001. Consequently, if accepting all properly submitted redemption requests would cause our net tangible assets to be less than \$5,000,001 or such greater amount necessary to satisfy a closing condition as described above, we would not proceed with such redemption and the related business combination and may instead search for an alternate business combination. Prospective targets would be aware of these risks and, thus, may be reluctant to enter into our initial business combination transaction with us.

The ability of a large number of our stockholders to exercise redemption rights may not allow us to consummate the most desirable business combination or optimize our capital structure.

In connection with the successful consummation of our initial business combination, we may redeem up to that number of shares of common stock that would permit us to maintain net tangible assets of \$5,000,001. If our initial business combination requires us to use substantially all of our cash to pay the purchase price, the redemption threshold may be further limited. Alternatively, we may need to arrange third party financing to help fund our initial business combination in case a larger percentage of stockholders exercise their redemption rights than we expect. If the acquisition involves the issuance of our shares as consideration, we may be required to issue a higher percentage of our shares to the target or its stockholders to make up for the failure to satisfy a minimum cash requirement. Raising additional funds to cover any shortfall may involve dilutive equity financing or incurring indebtedness at higher than desirable levels. This may limit our ability to effectuate the most attractive business combination available to us.

The requirement that we maintain a minimum net worth or retain a certain amount of cash could increase the probability that we cannot consummate our initial business combination and that you would have to wait for liquidation in order to redeem your shares.

If, pursuant to the terms of our proposed business combination, we are required to maintain a minimum net worth or retain a certain amount of cash in trust in order to consummate the business combination and regardless of whether we proceed with redemptions under the tender offer or proxy rules, the probability that we cannot consummate our initial business combination is increased. If we do not consummate our initial business combination, you would not receive your pro rata portion of the trust account until we liquidate. If you are in need of immediate liquidity, you could attempt to sell your shares in the open market; however, at such time our shares may trade at a discount to the pro rata amount in our trust account. In either situation, you may suffer a material loss on your investment or lose the benefit of funds expected in connection with our redemption until we liquidate or you are able to sell your shares in the open market.

The requirement that we complete our initial business combination within 18 months from the closing of this offering may give potential target businesses leverage over us in negotiating our initial business combination.

Any potential target business with which we enter into negotiations concerning our initial business combination will be aware that we must consummate our initial business combination within 18 months from the closing of this offering. Consequently, such target businesses may obtain leverage over us in negotiating our initial business combination, knowing that if we do not complete our initial business combination with that particular target business, we may be unable to complete our initial business combination with any target business. This risk will increase as we get closer to the timeframe described above. In addition, we may have limited time to conduct due diligence and may enter into our initial business combination on terms that we would have rejected upon a more comprehensive investigation.

We may not be able to consummate our initial business combination within the required time period, in which case we would cease all operations except for the purpose of winding up and we would redeem our public shares and liquidate.

We may not be able to find a suitable target business and consummate an initial business combination within 18 months after the closing of this offering. Our ability to complete our initial business combination may be negatively impacted by general market conditions, volatility in the capital and debt markets and the other risks described herein. If we have not consummated an initial business combination within such applicable time period, we will: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (less up to \$100,000 of interest to pay dissolution expenses and net of taxes payable), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, liquidate and dissolve, subject in the case of clauses (ii) and (iii), to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

If we seek stockholder approval of our initial business combination, our sponsor, directors, officers, advisors and their affiliates may elect to purchase public shares from stockholders, in which case they may influence a vote in favor of a proposed business combination that you do not support.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, officers, advisors or their affiliates may purchase public shares or equity-linked securities in privately negotiated transactions or in the open market either prior to or following the consummation of our initial business combination. Such purchases will not be made if our sponsor, directors, officers, advisors or their affiliates are in possession of any material non-public information that has not been disclosed to the selling stockholder, although

they are under no obligation to do so. However, other than as expressly stated herein, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. In the event that our sponsor, directors, officers, advisors or their affiliates purchase public shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares. It is intended that, if Rule 10b-18 would apply to purchases by our sponsor, directors, officers, advisors or their affiliates, then such purchases will comply with Rule 10b-18 under the Exchange Act, to the extent it applies, which provides a safe harbor for purchases made under certain conditions, including with respect to timing, pricing and volume of purchases.

The purpose of such purchases would be to (1) increase the likelihood of obtaining stockholder approval of the business combination or (2) satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of the business combination, where it appears that such requirement would otherwise not be met. This may result in the consummation of an initial business combination that may not otherwise have been possible.

Purchases of shares of common stock in the open market or in privately negotiated transactions by our sponsor, directors, officers, advisors or their affiliates may make it difficult for us to maintain the listing of our shares on a national securities exchange following the consummation of an initial business combination.

If our sponsor, directors, officers, advisors or their affiliates purchase public shares in the open market or in privately negotiated transactions, the public “float” of our shares of common stock and the number of beneficial holders of our securities would both be reduced, possibly making it difficult to maintain the listing or trading of our securities on a national securities exchange following consummation of the business combination.

If a stockholder fails to receive notice of our offer to redeem our public shares in connection with our initial business combination, or fails to comply with the procedures for tendering its shares, such shares may not be redeemed.

We will comply with the proxy rules or tender offer rules, as applicable, when conducting redemptions in connection with our initial business combination. Despite our compliance with these rules, if a stockholder fails to receive our proxy solicitation or tender offer materials, as applicable, such stockholder may not become aware of the opportunity to redeem its shares. In addition, the proxy solicitation or tender offer materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will describe the various procedures that must be complied with in order to validly redeem or tender public shares. In the event that a stockholder fails to comply with these procedures, its shares may not be redeemed. See “Proposed Business — Effecting Our Initial Business Combination — Tendering Share Certificates in Connection with a Tender Offer or Redemption Rights.”

You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares, potentially at a loss.

Our public stockholders shall be entitled to receive funds from the trust account only in the event of a redemption to public stockholders prior to any winding up in the event we do not consummate our initial business combination or our liquidation, if they redeem their shares in connection with an initial business combination that we consummate or if we seek to amend our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem all public shares if we cannot complete an initial business combination within 18 months of the closing of this offering or with respect to any other provisions relating to stockholders’ rights or pre-initial business combination activity. In no other circumstances will a stockholder have any right or interest of any kind to the funds in the trust account. Accordingly, to liquidate your investment, you may be forced to sell your public shares, potentially at a loss.

You will not be entitled to protections normally afforded to investors of many other blank check companies.

Because the net proceeds of this offering are intended to be used to complete our initial business combination with a target business that has not been identified, we may be deemed to be a “blank check” company under the United States securities laws. However, because we will have net tangible assets in excess of \$5,000,000 upon the successful consummation of this offering and will expect to file a Current Report on Form 8-K, including an audited balance sheet demonstrating this fact, we are exempt from rules promulgated by the SEC to protect investors in blank check companies, such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules. Among other things, this means our units will be immediately tradable and we will have a longer period of time to complete our initial business combination than do companies subject to Rule 419. Moreover, offerings subject to Rule 419 would prohibit the release of any interest earned on funds held in the trust account to us. For a more detailed comparison of our offering to offerings that comply with Rule 419, please see “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.”

If we seek stockholder approval of our initial business combination and we do not conduct redemptions pursuant to the tender offer rules, and if you or a “group” of stockholders are deemed to hold in excess of 15% of our shares of common stock, you will lose the ability to redeem all such shares in excess of 15% of our shares of common stock.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation provides that a public stockholder, individually or together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to more than an aggregate of 15% of the shares sold in this offering. Your inability to redeem more than an aggregate of 15% of the shares sold in this offering will reduce your influence over our ability to consummate our initial business combination and you could suffer a material loss on your investment in us if you sell such excess shares in open market transactions. As a result, you will continue to hold that number of shares exceeding 15% and, in order to dispose of such shares, you would be required to sell your shares in open market transaction, potentially at a loss.

If the net proceeds of this offering not being held in the trust account are insufficient to allow us to operate for at least the next 18 months, we may be unable to complete our initial business combination.

The funds available to us outside of the trust account may not be sufficient to allow us to operate for at least the next 18 months, assuming that our initial business combination is not consummated during that time. Of the funds available to us, we could use a portion of the funds available to us to pay fees to consultants to assist us with our search for a target business. We could also use a portion of the funds as a down payment or to fund a “no-shop” provision (a provision in letters of intent designed to keep target businesses from “shopping” around for transactions with other companies on terms more favorable to such target businesses) with respect to a particular proposed business combination, although we do not have any current intention to do so. If we are unable to fund such down payments or “no shop” provisions, our ability to close a contemplated transaction could be impaired. Furthermore, if we entered into a letter of intent where we paid for the right to receive exclusivity from a target business and were subsequently required to forfeit such funds (whether as a result of our breach or otherwise), we might not have sufficient funds to continue searching for, or conduct due diligence with respect to, a target business. If we are unable to complete our initial business combination, our public stockholders may only receive a pro rata portion of the amount then in the trust account (which may be less than \$10.20 per share) (whether or not the underwriters’ over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

Subsequent to our consummation of our initial business combination, we may be required to take write-downs or write-offs, restructuring and impairment or other charges.

Even if we conduct thorough due diligence on a target business with which we combine, this diligence may not surface all material issues that may be present inside a particular target business. And, regardless of how comprehensive our diligence may be, factors outside of the target business and outside of our control may arise later. As a result of these factors, we may be forced to later write-down or write-off assets, restructure our operations, or incur impairment or other charges that could result in our reporting losses. Even if our due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about us or our securities. In addition, charges of this nature may cause us to violate net worth or other covenants to which we may be subject as a result of assuming pre-existing debt held by a target business or by virtue of our obtaining post-combination debt financing.

Our directors may decide not to enforce indemnification obligations against our sponsor, resulting in a reduction in the amount of funds in the trust account available for distribution to our public stockholders.

In the event that the proceeds in the trust account are reduced below \$10.20 per share (whether or not the underwriters' over-allotment option is exercised in full) and our sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine on our behalf whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. If our independent directors choose not to enforce these indemnification obligations on our behalf, the amount of funds in the trust account available for distribution to our public stockholders may be reduced below \$10.20 per share.

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy or insolvency law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy or insolvency law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

Unlike some other similarly structured special purpose acquisition companies, our sponsor will receive additional shares of Class A common stock if we issue certain shares to consummate an initial business combination.

The founder shares will automatically convert into shares of Class A common stock concurrently with or immediately following the consummation of our initial business combination on a one-for-one basis, subject to adjustment for stock splits, stock dividends, reorganizations, recapitalizations and the like, and subject to further adjustment as provided herein. In the case that additional shares of Class A common stock or equity-linked securities are issued or deemed issued in connection with our initial business combination, the number of shares of Class A common stock issuable upon conversion of all founder shares will equal, in the aggregate, on an as

converted basis, 20% of the total number of shares of Class A common stock outstanding after such conversion (after giving effect to any redemptions of shares of Class A common stock by public stockholders). This amount will include the total number of shares of Class A common stock issued, or deemed issued or issuable upon conversion or exercise of any equity-linked securities or rights issued or deemed issued, by the Company in connection with or in relation to the consummation of the initial business combination, but will exclude any shares of Class A common stock or equity-linked securities or rights exercisable for or convertible into shares of Class A common stock issued, or to be issued, to any seller in the initial business combination and any private placement warrants issued to our sponsor, officers or directors upon conversion of working capital loans, provided that such conversion of founder shares will never occur on a less than one-for-one basis. This is different than some other similarly structured special purpose acquisition companies in which the sponsor will only be issued an aggregate of 20% of the total number of shares to be outstanding prior to our initial business combination.

Our executive officers and directors will allocate their time to other businesses thereby causing conflicts of interest in their determination as to how much time to devote to our affairs. This conflict of interest could have a negative impact on our ability to identify and pursue business combination opportunities or to complete our initial business combination.

Our executive officers and directors are not required to, and will not, commit their full time to our affairs, which may result in a conflict of interest in allocating their time between our operations and our search for a business combination and their other businesses. We do not intend to have any full-time employees prior to the completion of our initial business combination. Each of our executive officers is engaged in several other business endeavors for which he may be entitled to substantial compensation, and our executive officers are not obligated to contribute any specific number of hours per week to our affairs. Our independent directors also serve as officers and board members for other entities. If our executive officers' and directors' other business affairs require them to devote substantial amounts of time to such affairs in excess of their current commitment levels, it could limit their ability to devote time to our affairs which may have a negative impact on our ability to identify and pursue business combination opportunities or to complete our initial business combination. For a complete discussion of our executive officers' and directors' other business affairs, please see "Management — Officers and Directors."

Our officers and directors presently have, and any of them in the future may have additional, fiduciary or contractual obligations to other entities and, accordingly, may have conflicts of interest in determining to which entity a particular business opportunity should be presented.

Following the completion of this offering and until we consummate our initial business combination, we intend to engage in the business of identifying and combining with one or more businesses. Each of our officers and directors presently has, and any of them in the future may have, additional fiduciary or contractual obligations to other entities, including private funds under the management of Thayer Ventures and their respective portfolio companies, pursuant to which such officer or director is or will be required to present a business combination opportunity to such entity. In addition, existing and future funds managed by Thayer Ventures and their respective portfolio companies may compete with us for business combination opportunities and, if such opportunities are pursued by such entities, we may be precluded from pursuing such opportunities. Accordingly, they may have conflicts of interest in determining to which entity a particular business opportunity should be presented. These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us. Our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of the company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation. In addition, our sponsor and our officers and directors may sponsor or form other special purpose acquisition companies similar to ours or may pursue other

business or investment ventures during the period in which we are seeking an initial business combination. Any such companies, businesses or ventures may present additional conflicts of interest in pursuing an initial business combination. For a complete discussion of our executive officers' and directors' business affiliations and the potential conflicts of interest that you should be aware of, please see "Management — Officers and Directors," "Management — Conflicts of Interest" and "Certain Relationships and Related Party Transactions."

Our executive officers, directors, security holders and their respective affiliates may have competitive pecuniary interests that conflict with our interests.

We have not adopted a policy that expressly prohibits our directors, executive officers, security holders or affiliates from having a direct or indirect pecuniary or financial interest in any investment to be acquired or disposed of by us or in any transaction to which we are a party or have an interest. In fact, we may enter into a business combination with a target business that is affiliated with our sponsor, our directors or executive officers, although we do not intend to do so, or we may acquire a target business through an Affiliated Joint Acquisition with one or more affiliates of Thayer Ventures and/or one or more investors in Thayer Ventures funds. Nor do we have a policy that expressly prohibits any such persons from engaging for their own account in business activities of the types conducted by us. Accordingly, such persons or entities may have a conflict between their interests and ours. In particular, certain of the Thayer Ventures funds are focused on investments in the travel and transportation industry. As a result, there may be substantial overlap between companies that would be a suitable business combination for us and companies that would make an attractive target for the Thayer Ventures funds. In addition, our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

The personal and financial interests of our directors and officers may influence their motivation in timely identifying and selecting a target business and completing a business combination. Consequently, our directors' and officers' discretion in identifying and selecting a suitable target business may result in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination are appropriate and in our stockholders' best interest. If this were the case, it would be a breach of their fiduciary duties to us as a matter of Delaware law and we or our stockholders might have a claim against such individuals for infringing on our stockholders' rights. However, we might not ultimately be successful in any claim we may make against them for such reason.

We may engage in a business combination with one or more target businesses that have relationships with entities that may be affiliated with our sponsor, executive officers, directors or existing holders which may raise potential conflicts of interest.

In light of the involvement of our sponsor, executive officers and directors with other entities, we may decide to acquire one or more businesses affiliated with our sponsor, executive officers, directors or existing holders. Our directors also serve as officers and board members for other entities, including, without limitation, those described under "Management — Conflicts of Interest." Such entities may compete with us for business combination opportunities. Our sponsor, officers and directors are not currently aware of any specific opportunities for us to complete our initial business combination with any entities with which they are affiliated, and there have been no substantive discussions concerning a business combination with any such entity or entities. Although we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for a business combination as set forth in "Proposed Business — Effecting our initial business combination — Evaluation of a target business and structuring of our initial business combination" and such transaction was approved by a majority of our independent and disinterested directors. Despite our agreement to obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent valuation or

accounting firm regarding the fairness to our company from a financial point of view of a business combination with one or more domestic or international businesses affiliated with our sponsor, executive officers, directors or existing holders, potential conflicts of interest still may exist and, as a result, the terms of the business combination may not be as advantageous to our public stockholders as they would be absent any conflicts of interest.

Moreover, we may pursue an Affiliated Joint Acquisition opportunity with one or more affiliates of Thayer Ventures and/or one or more investors in Thayer Ventures. Any such parties may co-invest with us in the target business at the time of our initial business combination, or we could raise additional proceeds to complete the business combination by issuing to such parties a class of equity or equity-linked securities. Accordingly, such persons or entities may have a conflict between their interests and ours.

If we are deemed to be an investment company under the Investment Company Act, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete our initial business combination.

If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including restrictions on the nature of our investments and restrictions on the issuance of securities, each of which may make it difficult for us to complete our initial business combination. In addition, we may have imposed upon us burdensome requirements, including registration as an investment company, adoption of a specific form of corporate structure and reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to consummate our initial business combination.

In order not to be regulated as an investment company under the Investment Company Act, unless we can qualify for an exclusion, we must ensure that we are engaged primarily in a business other than investing, reinvesting or trading in securities and that our activities do not include investing, reinvesting, owning, holding or trading “investment securities” constituting more than 40% of our assets (exclusive of U.S. government securities and cash items) on an unconsolidated basis. Our business will be to identify and complete a business combination and thereafter to operate the post-business combination business or assets for the long term. We do not plan to buy businesses or assets with a view to resale or profit from their resale. We do not plan to buy unrelated businesses or assets or to be a passive investor.

We do not believe that our anticipated principal activities will subject us to the Investment Company Act. To this end, the proceeds held in the trust account may only be invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. Pursuant to the trust agreement, the trustee is not permitted to invest in other securities or assets. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long term (rather than on buying and selling businesses in the manner of a merchant bank or private equity fund), we intend to avoid being deemed an “investment company” within the meaning of the Investment Company Act. This offering is not intended for persons who are seeking a return on investments in government securities or investment securities. The trust account is intended as a holding place for funds pending the earliest to occur of either: (i) the completion of our initial business combination; (ii) the redemption of any public shares properly tendered in connection with a stockholder vote to amend our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to provide public stockholders the right to have their shares redeemed in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or (B) with respect to any other provision relating to the rights of holders of shares of our Class A common stock, and (iii) the redemption of our public shares if we have not consummated an initial business within 18 months from the closing of this

offering, subject to applicable law and as further described herein. If we do not invest the proceeds as discussed above, we may be deemed to be subject to the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to complete a business combination. If we do not complete our initial business combination within the required time period, our public stockholders may receive only approximately \$10.20 per public share, or less in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless.

We do not have a specified maximum redemption threshold. The absence of such a redemption threshold may make it possible for us to complete our initial business combination with which a substantial majority of our stockholders or warrant holders do not agree.

Our amended and restated certificate of incorporation does not provide a specified maximum redemption threshold, except that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001. In addition, our proposed initial business combination may impose a minimum cash requirement for: (i) cash consideration to be paid to the target or its owners, (ii) cash for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions. As a result, we may be able to complete our initial business combination even though a substantial majority of our public stockholders do not agree with the transaction and have redeemed their shares or, if we seek stockholder approval of our initial business combination and do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, have entered into privately negotiated agreements to sell their shares to our sponsor, officers, directors, advisors or any of their affiliates. In the event the aggregate cash consideration we would be required to pay for all shares of Class A common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed business combination exceed the aggregate amount of cash available to us, we will not complete the business combination or redeem any shares in connection with such initial business combination, all shares of Class A common stock submitted for redemption will be returned to the holders thereof, and we instead may search for an alternate business combination.

A provision of our warrant agreement may make it more difficult for us to consummate an initial business combination.

Unlike most blank check companies, if (x) we issue additional shares of Class A common stock or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at an issue price or effective issue price of less than \$9.20 per share of Class A common stock (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to our initial stockholders or their affiliates, without taking into account any founder shares held by our initial stockholders or such affiliates, as applicable, prior to such issuance including any transfer or reissuance of such shares), (y) the aggregate gross proceeds from such issuances represent more than 50% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination, and (z) the volume weighted average trading price of our shares of Class A common stock during the 10 trading day period starting on the trading day after the day on which we consummate our initial business combination (such price, the "Market Value") is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the Market Value, and \$10.00 and the \$18.00 per share redemption trigger prices of the warrants will be adjusted (to the nearest cent) to be equal to 100% and 180% of the Market Value, respectively. This may make it more difficult for us to consummate an initial business combination with a target business.

Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, investments and results of operations.

We are subject to laws and regulations enacted by national, regional and local governments, in particular, the Securities and Exchange Commission, or the SEC. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application also may change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business and results of operations.

If we are unable to consummate our initial business combination, our public stockholders may be forced to wait up to 18 months or longer before redemption from our trust account.

If we are unable to consummate our initial business combination within 18 months from the closing of this offering, we will, as promptly as reasonably possible but not more than five business days thereafter (subject to our amended and restated certificate of incorporation and applicable law), distribute the aggregate amount then on deposit in the trust account (net of taxes payable), pro rata to our public stockholders by way of redemption and cease all operations except for the purposes of winding up of our affairs by way of a voluntary liquidation, as further described herein. Any redemption of public stockholders from the trust account shall be effected as required by our amended and restated certificate of incorporation prior to our commencing any voluntary liquidation. Except as otherwise described herein, we have no obligation to return funds to investors prior to the date of any redemption required as a result of our failure to consummate our initial business combination within the period described above or our liquidation, unless we consummate our initial business combination prior thereto and only then in cases where investors have sought to redeem their shares of common stock. Only upon any such redemption of public shares as we are required to effect, or any liquidation, will public stockholders be entitled to distributions if we are unable to complete our initial business combination.

We may not hold an annual meeting of stockholders until after the completion of our initial business combination.

In accordance with Nasdaq corporate governance requirements, we are not required to hold an annual meeting until no later than one year after our first fiscal year end following our listing on Nasdaq. Under Section 211(b) of the DGCL, we are, however, required to hold an annual meeting of stockholders for the purposes of electing directors in accordance with our amended and restated bylaws unless such election is made by written consent in lieu of such a meeting. We may not hold an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, and thus we may not be in compliance with Section 211(b) of the DGCL, which requires an annual meeting. Therefore, if our stockholders want us to hold an annual meeting prior to the consummation of our initial business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the DGCL.

The grant of registration rights to our sponsor may make it more difficult to complete our initial business combination, and the future exercise of such rights may adversely affect the market price of our shares of common stock.

Pursuant to an agreement to be entered into on the date of this prospectus, our sponsor (and/or our sponsor's designees) and their permitted transferees can demand that we register the founder shares, the private placement warrants, the underlying securities and any securities issued upon conversion of working capital loans. We will bear the cost of registering these securities. The registration and availability of such a significant number of securities for trading in the public market may have an adverse effect on the market price of our shares of common stock. In addition, the existence of the registration rights may make our initial business combination

more costly or difficult to conclude. This is because the stockholder of the target business may increase the equity stake they seek in the combined entity or ask for more cash consideration to offset the negative impact on the market price of our shares of common stock that is expected to occur when the securities owned by our sponsor, holders of our private units or their respective permitted transferees are registered.

Because we have not selected a particular business or specific geographic location or any specific target businesses with which to pursue our initial business combination, you will be unable to ascertain the merits or risks of any particular target business' operations.

Although we have a stated focus on certain target businesses in a specific geographic location as indicated elsewhere in this prospectus, we may pursue acquisition opportunities in any geographic region. While we may pursue an acquisition opportunity in any business industry or sector, we intend to initially focus on those industries or sectors that complement our management team's background. Except for the limitations that a target business have a fair market value of at least 80% of the value of the trust account (excluding any taxes payable) and that we are not permitted to effectuate our initial business combination with another blank check company or similar company with nominal operations, we will have virtually unrestricted flexibility in identifying and selecting a prospective acquisition candidate. Because we have not yet identified or approached any specific target business with respect to our initial business combination, there is no basis to evaluate the possible merits or risks of any particular target business' operations, results of operations, cash flows, liquidity, financial condition or prospects. To the extent we consummate our initial business combination, we may be affected by numerous risks inherent in the business operations with which we combine. For example, if we combine with a financially unstable business or an entity lacking an established record of sales or earnings, we may be affected by the risks inherent in the business and operations of a financially unstable or a development stage entity. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we may not properly ascertain or assess all of the significant risk factors and we may not have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and thus leave us with no ability to control or reduce the chances that those risks will adversely impact a target business. In addition, investors will be relying on the business judgment of our board of directors, which will have significant discretion in choosing the standard used to establish the fair market value of a particular target business. An investment in our units may not ultimately prove to be more favorable to investors than a direct investment, if such opportunity were available, in an acquisition target.

We may seek investment opportunities outside our management's area of expertise and our management may not be able to adequately ascertain or assess all significant risks associated with the target company.

There is no limitation on the industry or business sector we may consider when contemplating our initial business combination. We may therefore be presented with a business combination candidate in an industry unfamiliar to our management team, but determine that such candidate offers an attractive investment opportunity for our company. In the event we elect to pursue an investment outside of our management's expertise, our management's experience may not be directly applicable to the target business or their evaluation of its operations.

Although we identified general criteria and guidelines that we believe are important in evaluating prospective target businesses, we may enter into our initial business combination with a target that does not meet such criteria and guidelines, and as a result, the target business with which we enter into our initial business combination may not have attributes entirely consistent with our general criteria and guidelines.

Although we have identified specific criteria and guidelines for evaluating prospective target businesses, it is possible that a target business with which we enter into our initial business combination will not have all of these positive attributes. If we consummate our initial business combination with a target that does not meet some or all of these guidelines, such combination may not be as successful as a combination with a business that does meet all of our general criteria and guidelines. In addition, if we announce our initial business combination with a target that does not meet our general criteria and guidelines, a greater number of stockholders may

exercise their redemption rights, which may make it difficult for us to meet any closing condition with a target business that requires us to have a minimum net worth or a certain amount of cash. In addition, if stockholder approval of the transaction is required by law or the Nasdaq, or we decide to obtain stockholder approval for business or other reasons, it may be more difficult for us to attain stockholder approval of our initial business combination if the target business does not meet our general criteria and guidelines. If we are unable to complete our initial business combination, our public stockholders may only receive \$10.20 per share or even less (whether or not the underwriters' over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

Management's flexibility in identifying and selecting a prospective acquisition candidate, along with our management's financial interest in consummating our initial business combination, may lead management to enter into an acquisition agreement that is not in the best interest of our stockholders.

Subject to the requirements in Nasdaq rules and our amended and restated certificate of incorporation that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the value of the trust account (excluding any taxes payable) at the time of the agreement to enter into such initial business combination, we will have virtually unrestricted flexibility in identifying and selecting a prospective acquisition candidate. Investors will be relying on management's ability to identify business combinations, evaluate their merits, conduct or monitor diligence and conduct negotiations. Management's flexibility in identifying and selecting a prospective acquisition candidate, along with management's financial interest in consummating our initial business combination, may lead management to enter into an acquisition agreement that is not in the best interest of our stockholders, which would be the case if the trading price of our shares of common stock after giving effect to such business combination was less than the per-share trust liquidation value that our stockholders would have received if we had dissolved without consummating our initial business combination.

We are not required to obtain an opinion from an independent investment banking firm, and consequently, an independent source may not confirm that the price we are paying for the business is fair to our stockholders from a financial point of view.

Unless we consummate our initial business combination with an affiliated entity, we are not required to obtain an opinion from an independent investment banking firm that the price we are paying is fair to our stockholders from a financial point of view. If no opinion is obtained, our stockholders will be relying on the judgment of our board of directors, who will determine fair market value based on standards generally accepted by the financial community. Such standards used will be disclosed in our tender offer documents or proxy solicitation materials, as applicable, related to our initial business combination.

We may issue additional shares of our Class A common stock or preferred stock to complete our initial business combination or under an employee incentive plan after completion of our initial business combination. We may also issue shares of our Class A common stock upon the conversion of the founder shares at a ratio greater than one-to-one at the time of our initial business combination as a result of the anti-dilution provisions contained in our amended and restated certificate of incorporation. Any such issuances would dilute the interest of our stockholders and likely present other risks.

Our amended and restated certificate of incorporation will authorize the issuance of up to 100,000,000 shares of our Class A common stock, par value \$0.0001 per share, 10,000,000 shares of our Class B common stock, par value \$0.0001 per share, and 1,000,000 shares of preferred stock, par value \$0.0001 per share. Immediately after this offering, there will be 85,000,000 and 6,250,000 (assuming in each case that the underwriters have not exercised their over-allotment option) authorized but unissued shares of our Class A common stock and Class B common stock, respectively, available for issuance which amount does not take into account shares reserved for issuance upon exercise of outstanding warrants, or shares issuable upon conversion of the shares of the Class B common stock. The Class B common stock is automatically convertible into Class A

common stock at the time of our initial business combination as described herein and in our amended and restated certificate of incorporation. Immediately after this offering, there will be no shares of preferred stock issued and outstanding.

We may issue a substantial number of additional shares of our Class A common stock or shares of preferred stock to complete our initial business combination or under an employee incentive plan after completion of our initial business combination. We may also issue Class A common stock to redeem the warrants as described in “Description of Securities — Warrants — Public Stockholders’ Warrants” or upon conversion of the Class B common stock at a ratio greater than one-to-one at the time of our initial business combination as a result of the anti-dilution provisions contained in our amended and restated certificate of incorporation. However, our amended and restated certificate of incorporation will provide, among other things, that prior to or in connection with our initial business combination, we may not issue additional securities that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination or on any other proposal presented to stockholders prior to or in connection with the completion of an initial business combination. These provisions of our amended and restated certificate of incorporation, like all provisions of our amended and restated certificate of incorporation, may be amended with a stockholder vote. The issuance of additional shares of common stock or shares of preferred stock:

- may significantly dilute the equity interest of investors in this offering;
- may subordinate the rights of holders of our Class A common stock if shares of preferred stock are issued with rights senior to those afforded our Class A common stock;
- could cause a change in control if a substantial number of shares of our Class A common stock is issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our units, Class A common stock and/or warrants.

Resources could be wasted in researching acquisitions that are not consummated.

We anticipate that the investigation of each specific target business and the negotiation, drafting, and execution of relevant agreements, disclosure documents, and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys and others. If we decide not to complete a specific initial business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, if we reach an agreement relating to a specific target business, we may fail to consummate our initial business combination for any number of reasons including those beyond our control. Any such event will result in a loss to us of the related costs incurred, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may only receive \$10.00 per share or even less (whether or not the underwriters’ over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

Our ability to successfully effect our initial business combination and to be successful thereafter will be largely dependent upon the efforts of our officers, directors and key personnel, some of whom may join us following our initial business combination.

Our operations are dependent upon a relatively small group of individuals and, in particular, our officers and directors. We believe that our success depends on the continued service of our officers and directors, at least until we have consummated our initial business combination. In addition, our officers and directors are not required to commit any specified amount of time to our affairs and, accordingly, will have conflicts of interest in allocating management time among various business activities, including identifying potential business combinations and monitoring the related due diligence. We do not have an employment agreement with, or key-man insurance on the life of, any of our directors or officers. The unexpected loss of the services of one or more of our directors or officers could have a detrimental effect on us.

The role of such persons in the target business, however, cannot presently be ascertained. Although some of such persons may remain with the target business in senior management or advisory positions following our initial business combination, it is likely that some or all of the management of the target business will remain in place. While we intend to closely scrutinize any individuals we engage after our initial business combination, our assessment of these individuals may not prove to be correct. These individuals may be unfamiliar with the requirements of operating a company regulated by the SEC, which could cause us to have to expend time and resources helping them become familiar with such requirements.

Members of our management team may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous.

Members of our management team may be able to remain with the company after the completion of our initial business combination only if they are able to negotiate employment or consulting agreements in connection with the business combination. Such negotiations would take place concurrently with the negotiation of the business combination and could provide for such individuals to receive compensation in the form of cash payments and/or our securities for services they would render to us after the completion of the business combination. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business. However, we believe the ability of such individuals to remain with us after the completion of our initial business combination will not be the determining factor in our decision as to whether or not we will proceed with any potential business combination. There is no certainty, however, that any members of our management team will remain with us after the completion of our initial business combination. We cannot assure you that any members of our management team will remain in senior management or advisory positions with us. The determination as to whether any members of our management team will remain with us will be made at the time of our initial business combination.

We may have a limited ability to assess the management of a prospective target business and, as a result, may effectuate our initial business combination with a target business whose management may not have the skills, qualifications or abilities to manage a public company.

When evaluating the desirability of effecting our initial business combination with a prospective target business, our ability to assess the target business' management may be limited due to a lack of time, resources or information. Our assessment of the capabilities of the target's management, therefore, may prove to be incorrect and such management may lack the skills, qualifications or abilities we suspected. Should the target's management not possess the skills, qualifications or abilities necessary to manage a public company, the operations and profitability of the post-combination business may be negatively impacted.

The officers and directors of an acquisition candidate may resign upon consummation of our initial business combination. The loss of an acquisition target's key personnel could negatively impact the operations and profitability of our post-combination business.

The role of an acquisition candidate's key personnel upon the consummation of our initial business combination cannot be ascertained at this time. Although we contemplate that certain members of an acquisition candidate's management team will remain associated with the acquisition candidate following our initial business combination, it is possible that some members of the management team of an acquisition candidate will not wish to remain in place.

Our executive officers and directors will allocate their time to other businesses thereby causing conflicts of interest in their determination as to how much time to devote to our affairs. This conflict of interest could have a negative impact on our ability to identify and pursue business combination opportunities or to complete our initial business combination.

Our executive officers and directors are not required to, and will not, commit their full time to our affairs, which may result in a conflict of interest in allocating their time between our operations and our search for a business combination and their other businesses. We do not intend to have any full-time employees prior to the completion of our initial business combination. Each of our executive officers is engaged in several other business endeavors for which he may be entitled to substantial compensation, and our executive officers are not obligated to contribute any specific number of hours per week to our affairs. Our independent directors also serve as officers and board members for other entities. If our executive officers' and directors' other business affairs require them to devote substantial amounts of time to such affairs in excess of their current commitment levels, it could limit their ability to devote time to our affairs which may have a negative impact on our ability to identify and pursue business combination opportunities or to complete our initial business combination. For a complete discussion of our executive officers' and directors' other business affairs, please see "Management — Officers and Directors."

Certain of our officers and directors are now, and all of them may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in allocating their time and determining to which entity a particular business opportunity should be presented.

Following the completion of this offering and until we consummate our initial business combination, we intend to engage in the business of identifying and combining with one or more businesses. Our sponsor and officers and directors are, and may in the future become, affiliated with entities (such as operating companies or investment vehicles) that are engaged in a similar business.

Our officers and directors also may become aware of business opportunities which may be appropriate for presentation to us and the other entities in the future to which they owe certain fiduciary or contractual duties. Accordingly, they may have conflicts of interest in determining to which entity a particular business opportunity should be presented. These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us. Our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue.

For a complete discussion of our officers' and directors' business affiliations and the potential conflicts of interest that you should be aware of, please see the sections of this prospectus entitled "Management — Officers and Directors," "Management — Conflicts of Interest" and "Certain Relationships and Related Party Transactions."

Our officers, directors, security holders and their respective affiliates may have competitive pecuniary interests that conflict with our interests.

We have not adopted a policy that expressly prohibits our directors, officers, security holders or affiliates from having a direct or indirect pecuniary or financial interest in any investment to be acquired or disposed of by us or in any transaction to which we are a party or have an interest. In fact (subject to certain approvals and consents), we may enter into a business combination with a target business that is affiliated with our sponsor, our directors or officers, although we do not intend to do so. We do not have a policy that expressly prohibits any such persons from engaging for their own account in business activities of the types conducted by us. Accordingly, such persons or entities may have a conflict between their interests and ours.

We may engage in a business combination with one or more target businesses that have relationships with entities that may be affiliated with our sponsor, officers, directors or existing holders which may raise potential conflicts of interest.

In light of the involvement of our sponsor, officers and directors with other entities, we may decide to acquire one or more businesses affiliated with our sponsor, officers or directors. Our directors also serve as officers and board members for other entities, including, without limitation, those described under the section of this prospectus entitled “Management — Conflicts of Interest.” Such entities may compete with us for business combination opportunities. Our sponsor, officers and directors are not currently aware of any specific opportunities for us to complete our initial business combination with any entities with which they are affiliated, and there have been no preliminary discussions concerning a business combination with any such entity or entities. Although we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for a business combination as set forth in the section of this prospectus entitled “Proposed Business — Sources of Target Businesses” and such transaction was approved by a majority of our disinterested directors. Despite our agreement to obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent valuation or accounting firm regarding the fairness to our company from a financial point of view of a business combination with one or more domestic or international businesses affiliated with our officers, directors or existing holders, potential conflicts of interest still may exist and, as a result, the terms of the business combination may not be as advantageous to our public stockholders as they would be absent any conflicts of interest.

Since our sponsor, officers and directors will lose their entire investment in us if our initial business combination is not completed, a conflict of interest may arise in determining whether a particular business combination target is appropriate for our initial business combination.

On August 11, 2020, our sponsor subscribed to purchase 5,031,250 founder shares. On August 13, 2020, our sponsor paid \$25,000, or approximately \$0.005 per share, for certain expenses on behalf of us in exchange for issuance of the founder shares. On October 27, 2020, 718,750 founder shares were contributed back to the company for no consideration, resulting in there being 4,312,500 founder shares issued and outstanding, of which 562,500 shares are subject to forfeiture if the underwriters do not exercise their over-allotment option in full. On November 9, 2020, our sponsor transferred 25,000 founder shares to each of our independent director nominees. These 125,000 shares are not subject to forfeiture in the event the underwriters’ over-allotment option is not exercised. Prior to the initial investment in the company of \$25,000 by our sponsor, the company had no assets, tangible or intangible. The number of founder shares issued was determined based on the expectation that such founder shares would represent 20% of the outstanding shares after this offering. The founder shares will be worthless if we do not complete an initial business combination. In addition, our sponsor has committed to purchase an aggregate of 6,500,000 (or 7,175,000 if the underwriters’ over-allotment option is exercised in full) private placement warrants, each exercisable for one share of our Class A common stock at \$11.50 per share, subject to adjustments as described herein, for a purchase price of \$6,500,000 (or \$7,175,000 if the underwriters’ over-allotment option is exercised in full), or \$1.00 per whole warrant, that will also be worthless if we do not complete a business combination. Our sponsor and our directors and executive officers have agreed (A) to vote any shares owned by them in favor of any proposed business combination and (B) not to redeem any founder shares in connection with a stockholder vote to approve a proposed initial business combination. In addition, we may obtain loans from our sponsor, affiliates of our sponsor or an officer or director. The personal and financial interests of our officers and directors may influence their motivation in identifying and selecting a target business combination, completing an initial business combination and influencing the operation of the business following the initial business combination.

Certain shares beneficially owned by our initial stockholders will not participate in liquidating distributions and, therefore, our officers and directors may have a conflict of interest in determining whether a particular target business is appropriate for our initial business combination.

Our initial stockholders have agreed to (i) waive their redemption rights with respect to their founder shares and (ii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. Our initial stockholders have entered into an agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to their founder shares and any public shares they may acquire during or after this offering in connection with the completion of our initial business combination. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. Accordingly, the founder shares will be worthless if we do not consummate our initial business combination. Any warrants they hold, like those held by the public, will also be worthless if we do not consummate an initial business combination. The personal and financial interests of our directors and officers may influence their motivation in timely identifying and selecting a target business and completing a business combination. Consequently, our directors' and officers' discretion in identifying and selecting a suitable target business may result in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination are appropriate and in our stockholders' best interest.

We may issue notes or other debt securities, or otherwise incur substantial debt, to complete our initial business combination, which may adversely affect our financial condition and thus negatively impact the value of our stockholders' investment in us.

Although we have no commitments as of the date of this prospectus to issue any notes or other debt securities, or to otherwise incur outstanding debt, we may choose to incur substantial debt to complete our initial business combination. If we incur any indebtedness without a waiver from the lender of any right, title, interest or claim of any kind in or to any monies held in the trust account, the incurrence of debt could have a variety of negative effects, including:

- default and foreclosure on our assets if our operating revenues after our initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt is payable on demand;
- our inability to obtain necessary additional financing if the debt contains covenants restricting our ability to obtain such financing while the debt is outstanding;
- our inability to pay dividends on our shares of common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our shares of common stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

We may only be able to complete one business combination with the proceeds of this offering, which will cause us to be solely dependent on a single business, which may have a limited number of products or services. This lack of diversification may negatively impact our operations and profitability.

The net proceeds from this offering together with the funds we will receive from the sale of the private placement warrants (excluding \$1,250,000 of net proceeds that will not be held in the trust account, not including \$1,500,000 (or \$1,725,000 in case of over-allotment) reimbursement from underwriters), will provide us with approximately \$147,000,000 (or approximately \$169,050,000 if the underwriters' over-allotment option is exercised in full) that we may use to complete our initial business combination.

We may effectuate our initial business combination with a single target business or multiple target businesses simultaneously. However, we may not be able to effectuate our initial business combination with more than one target business because of various factors, including the existence of complex accounting issues and the requirement that we prepare and file pro forma financial statements with the SEC that present operating results and the financial condition of several target businesses as if they had been operated on a combined basis. By consummating our initial business combination with only a single entity, our lack of diversification may subject us to numerous economic, competitive and regulatory developments. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities, which may have the resources to complete several business combinations in different industries or different areas of a single industry. Accordingly, the prospects for our success may be solely dependent upon the performance of a single business, property or asset, or dependent upon the development or market acceptance of a single or limited number of products or services. This lack of diversification may subject us to numerous economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to our initial business combination.

The securities in which we invest the funds held in the trust account could bear a negative rate of interest, which could reduce the value of the assets held in trust such that the per-share redemption amount received by public stockholders may be less than \$10.20 per share.

The proceeds held in the trust account will be invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act, which invest only in direct U.S. government treasury obligations. While short-term U.S. government treasury obligations currently yield a positive rate of interest, they have briefly yielded negative interest rates in recent years. Central banks in Europe and Japan pursued interest rates below zero in recent years, and the Open Market Committee of the Federal Reserve has not ruled out the possibility that it may in the future adopt similar policies in the United States. In the event that we are unable to complete our initial business combination or make certain amendments to our amended and restated certificate of incorporation, our public stockholders are entitled to receive their prorata share of the proceeds held in the trust account, plus any interest income, net of taxes paid or payable (less, in the case we are unable to complete our initial business combination, \$100,000 of interest). Negative interest rates could reduce the value of the assets held in trust such that the per-share redemption amount received by public stockholders may be less than \$10.20 per share.

If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholder may be less than \$10.20 per public share.

Our placing of funds in the trust account may not protect those funds from third party claims against us. Although we will seek to have all vendors, service providers (excluding our independent registered public accounting firm), prospective partner businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, such parties may not execute such agreements, or even if they execute such agreements, they may not be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a

claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our founders will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if our founding team believes that such third party's engagement would be significantly more beneficial to us than any alternative.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we have not consummated an initial business combination within 18 months from the closing of this offering or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per share redemption amount received by public stockholders could be less than the \$10.20 per public share initially held in the trust account, due to claims of such creditors. Pursuant to the letter agreement the form of which is filed as an exhibit to the registration statement of which this prospectus forms a part, our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below the lesser of (i) \$10.20 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.20 per share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the trust account (whether or not such waiver is enforceable) nor will it apply to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor's only assets are securities of our company. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

We may attempt to simultaneously consummate business combinations with multiple prospective targets, which may hinder our ability to consummate our initial business combination and give rise to increased costs and risks that could negatively impact our operations and profitability.

If we determine to simultaneously acquire several businesses that are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to complete the initial business combination. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies in a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations.

We may attempt to consummate our initial business combination with a private company about which little information is available.

In pursuing our acquisition strategy, we may seek to effectuate our initial business combination with a privately held company. By definition, very little public information exists about private companies, and we

could be required to make our decision on whether to pursue a potential initial business combination on the basis of limited information, which may result in our initial business combination with a company that is not as profitable as we suspected, if at all.

We may not be able to maintain control of a target business after our initial business combination.

We may structure our initial business combination to acquire less than 100% of the equity interests or assets of a target business, but we will only consummate such business combination if we will become the majority stockholder of the target (or control the target through contractual arrangements in limited circumstances for regulatory compliance purposes) or are otherwise not required to register as an investment company under the Investment Company Act or to the extent permitted by law we may acquire interests in a variable interest entity, in which we may have less than a majority of the voting rights in such entity, but in which we are the primary beneficiary. Even though we may own a majority interest in the target, our stockholders prior to the business combination may collectively own a minority interest in the post-business combination company, depending on valuations ascribed to the target and us in the business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to such transaction could own less than a majority of our outstanding shares subsequent to such transaction. In addition, other minority stockholders may subsequently combine their holdings resulting in a single person or group obtaining a larger share of the company's stock than we initially acquired. Accordingly, this may make it more likely that we will not be able to maintain our control of the target business.

We may seek business combination opportunities with a high degree of complexity that require significant operational improvements, which could delay or prevent us from achieving our desired results.

We may seek business combination opportunities with large, highly complex companies that we believe would benefit from operational improvements. While we intend to implement such improvements, to the extent that our efforts are delayed or we are unable to achieve the desired improvements, the business combination may not be as successful as we anticipate.

To the extent we complete our initial business combination with a large complex business or entity with a complex operating structure, we may also be affected by numerous risks inherent in the operations of the business with which we combine, which could delay or prevent us from implementing our strategy. Although our management team will endeavor to evaluate the risks inherent in a particular target business and its operations, we may not be able to properly ascertain or assess all of the significant risk factors until we complete our business combination. If we are not able to achieve our desired operational improvements, or the improvements take longer to implement than anticipated, we may not achieve the gains that we anticipate. Furthermore, some of these risks and complexities may be outside of our control and leave us with no ability to control or reduce the chances that those risks and complexities will adversely impact a target business. Such combination may not be as successful as a combination with a smaller, less complex organization.

Holders of warrants will not participate in liquidating distributions if we are unable to complete an initial business combination within the required time period.

If we are unable to complete an initial business combination within the required time period and we liquidate the funds held in the trust account, the warrants will expire and holders will not receive any of such proceeds with respect to the warrants. The foregoing may provide a financial incentive to public stockholders to vote in favor of any proposed initial business combination as each of their warrants would entitle the holder to receive or purchase additional shares of common stock, resulting in an increase in their overall economic stake in us. If a business combination is not approved, the warrants will expire and will be worthless.

If you exercise your public warrants on a “cashless basis,” you will receive fewer shares of Class A common stock from such exercise than if you were to exercise such warrants for cash.

There are circumstances in which the exercise of the public warrants may be required or permitted to be made on a cashless basis. First, if a registration statement covering the shares of Class A common stock issuable upon exercise of the warrants is not effective by the 60th business day after the closing of our initial business combination, warrant holders may, until such time as there is an effective registration statement, exercise warrants on a cashless basis in accordance with Section 3(a)(9) of the Securities Act or another exemption. Second, if a registration statement covering the Class A common stock issuable upon exercise of the warrants is not effective within a specified period following the consummation of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we shall have failed to maintain an effective registration statement, exercise warrants on a cashless basis pursuant to the exemption provided by Section 3(a)(9) of the Securities Act, provided that such exemption is available; if that exemption, or another exemption, is not available, holders will not be able to exercise their warrants on a cashless basis. Third, if we call the public warrants for redemption under certain circumstances, holders may exercise warrants on a cashless basis. In the event of an exercise on a cashless basis, a holder would pay the warrant exercise price by surrendering the warrants for that number of shares of Class A common stock equal to the lesser of (A) the quotient obtained by dividing (x) the product of the number of shares of Class A common stock underlying the warrants, multiplied by the excess of the “fair market value” of our Class A common stock (defined above) over the exercise price of the warrants by (y) the fair market value and (B) 0.361 per whole warrant, and the number of shares of our Class A common stock received by a holder upon exercise will be fewer than it would have been had such holder exercised the warrant for cash. For example, if the holder is exercising 875 public warrants at \$11.50 per share through a cashless exercise when the shares of our Class A common stock have a fair market value of \$17.50 per share when there is no effective registration statement, then upon the cashless exercise, the holder will receive 300 shares of our Class A common stock. The holder would have received 875 shares of our Class A common stock if the exercise price was paid in cash. This will have the effect of reducing the potential “upside” of the holder’s investment in our company because the warrant holder will hold a smaller number of shares of our Class A common stock upon a cashless exercise of the warrants they hold.

An investor will only be able to exercise a warrant for cash if the issuance of common stock upon such exercise has been registered or qualified or is deemed exempt under the securities laws of the state of residence of the holder of the warrants.

No public warrants will be exercisable for cash and we will not be obligated to issue shares of common stock unless the shares of common stock issuable upon such exercise have been registered or qualified or deemed to be exempt under the securities laws of the state of residence of the holder of the warrants. At the time that the warrants become exercisable, we expect to continue to be listed on a national securities exchange, which would provide an exemption from registration in every state. However, we cannot assure you of this fact. If the common stock issuable upon exercise of the warrants are not qualified or exempt from qualification in the jurisdictions in which the holders of the warrants reside, the warrants may be deprived of any value, the market for the warrants may be limited and they may expire worthless if they cannot be sold.

Our management’s ability to require holders of our warrants to exercise such warrants on a cashless basis will cause holders to receive fewer shares of common stock upon their exercise of the warrants than they would have received had they been able to exercise their warrants for cash.

If we call our public warrants for redemption when the price per share of Class A common stock equals or exceeds \$18.00 after the criteria for such redemption as described elsewhere in this prospectus have been satisfied, our management will have the option to require any holders that wishes to exercise their warrant (including any warrants held by our sponsor and/or its permitted transferees) to do so on a “cashless basis.” If our management chooses to require holders to exercise their warrants on a cashless basis, the number of shares of common stock received by a holder upon exercise will be fewer than it would have been had such holder

exercised their warrant for cash. This will have the effect of reducing the potential “upside” of the holder’s investment in our company.

The warrants may become exercisable and redeemable for a security other than the shares of our Class A common stock, and you will not have any information regarding such other security at this time.

In certain situations, including if we are not the surviving entity in our initial business combination, the warrants may become exercisable for a security other than the shares of our Class A common stock. As a result, if the surviving company redeems your warrants for securities pursuant to the warrant agreement, you may receive a security in a company of which you do not have information at this time. Pursuant to the warrant agreement, the surviving company will be required to use commercially reasonable efforts to register the issuance of the security underlying the warrants within twenty business days of the closing of an initial business combination.

We may amend the terms of the warrants in a way that may be adverse to holders with the approval by the holders of a majority of the then outstanding public warrants.

Our warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision. The warrant agreement requires the approval by the holders of a majority of the then outstanding public warrants in order to make any change that adversely affects the interests of the registered holders.

We have no obligation to net cash settle the warrants.

In no event will we have any obligation to net cash settle the warrants. Accordingly, the warrants may expire worthless.

We may redeem unexpired warrants prior to their exercise at a time that is disadvantageous to the warrant holders.

We have the ability to redeem outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, if, among other things, the Reference Value equals or exceeds \$18.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities). Please see “Description of Securities — Warrants — Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$18.00.” We will not redeem the warrants unless an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of Class A common stock is available throughout the 30-day redemption period. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

In addition, we have the ability to redeem the outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, if, among other things, the Reference Value equals or exceeds \$10.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities). In such a case, the holders will be able to exercise their warrants prior to redemption for a number of shares of our Class A common stock determined based on the redemption date and the fair market value of our Class A common stock. Please see “Description of Securities — Warrants — Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$10.00.” The value received upon exercise of the warrants (1) may be less than the value the holders would have received if they had exercised their warrants at a later time where the underlying share price is higher and (2) may not compensate the

holders for the value of the warrants, including because the number of common stock received is capped at 0.361 shares of our Class A common stock per warrant (subject to adjustment) irrespective of the remaining life of the warrants. We will not redeem the warrants unless an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of Class A common stock is available throughout the 30-day redemption period, except if the warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

Redemption of the outstanding warrants could force you to (i) exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) sell your warrants at the then-current market price when you might otherwise wish to hold your warrants or (iii) accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the Market Value of your warrants. None of the private placement warrants will be redeemable by us for cash so long as they are held by their initial purchasers or their permitted transferees.

Because each unit contains one-half of one warrant and only a whole warrant may be exercised, the units may be worth less than units of other blank check companies.

Each unit contains one-half of one warrant. Pursuant to the warrant agreement, no fractional warrants will be issued upon separation of the units, and only whole units will trade. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, we will round down to the nearest whole number of the number of shares of Class A common stock to be issued to the holder. This is different from other offerings similar to ours whose units include one common share and one warrant to purchase one whole share. We have established the components of the units in this way in order to reduce the dilutive effect of the warrants upon completion of a business combination since the warrants will be exercisable in the aggregate for one half of the number of shares compared to units that each contain a whole warrant to purchase one share, thus making us, we believe, a more attractive merger partner for target businesses. Nevertheless, this unit structure may cause our units to be worth less than if it included a warrant to purchase one whole share.

The ability of our public stockholders to exercise their redemption rights may not allow us to effectuate the most desirable business combination or optimize our capital structure.

If our initial business combination requires us to use substantially all of our cash to pay the purchase price, because we will not know how many public stockholders may exercise redemption rights, we may either need to reserve part of the trust account for possible payment upon such redemption, or we may need to arrange third party financing to help fund our initial business combination. In the event that the acquisition involves the issuance of our stock as consideration, we may be required to issue a higher percentage of our stock to make up for a shortfall in funds. Raising additional funds to cover any shortfall may involve dilutive equity financing or incurring indebtedness at higher than desirable levels. This may limit our ability to effectuate the most attractive business combination available to us.

In connection with any meeting held to approve an initial business combination, we will offer each public stockholder the option to vote in favor of the proposed business combination and still seek redemption of their shares.

In connection with any meeting held to approve an initial business combination, we will offer each public stockholder (but not our sponsor, officers or directors) the right to have their shares of common stock redeemed for cash (subject to the limitations described elsewhere in this prospectus) regardless of whether such stockholder votes for or against such proposed business combination; provided that a stockholder must in fact vote for or against a proposed business combination in order to have their shares of common stock redeemed for cash. If a stockholder fails to vote for or against a proposed business combination, that stockholder would not be able to

have their shares of common stock so redeemed. We will consummate our initial business combination only if we have net tangible assets of at least \$5,000,001 upon such consummation and a majority of the outstanding shares of common stock voted are voted in favor of the business combination. This is different than other similarly structured blank check companies where stockholders are offered the right to redeem their shares only when they vote against a proposed business combination. This threshold and the ability to seek redemption while voting in favor of a proposed business combination may make it more likely that we will consummate our initial business combination.

We will require public stockholders who wish to redeem their shares of common stock in connection with a proposed business combination, or an amendment to our amended and restated certificate of incorporation to effect the substance or timing of their redemption obligation if we fail to timely complete a business combination, to comply with specific requirements for redemption that may make it more difficult for them to exercise their redemption rights prior to the deadline for exercising their rights.

We will require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” to either (i) tender their certificates to our transfer agent prior to the expiration date set forth in the tender offer documents mailed to such holders, or in the event we distribute proxy materials, up to two business days prior to the vote on the proposal to approve the business combination or amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem all public shares if we cannot complete an initial business combination or with respect to any other provisions relating to stockholders’ rights or pre-initial business combination activity, or (ii) deliver their shares to the transfer agent electronically using Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option. In order to obtain a physical stock certificate, a stockholder’s broker and/or clearing broker, DTC and our transfer agent will need to act to facilitate this request. It is our understanding that stockholders should generally allot at least two weeks to obtain physical certificates from the transfer agent. However, because we do not have any control over this process or over the brokers or DTC, it may take significantly longer than two weeks to obtain a physical stock certificate. While we have been advised that it takes a short time to deliver shares through the DWAC System, this may not be the case. Under our amended and restated certificate of incorporation, we are required to provide at least 10 days advance notice of any stockholder meeting, which would be the minimum amount of time a stockholder would have to determine whether to exercise redemption rights. Accordingly, if it takes longer than we anticipate for stockholders to deliver their shares, stockholders who wish to redeem may be unable to meet the deadline for exercising their redemption rights and thus may be unable to redeem their shares.

Redeeming stockholders may be unable to sell their securities when they wish to in the event that the proposed business combination is not approved.

We will require public stockholders who wish to redeem their shares of common stock in connection with any proposed business combination to comply with the delivery requirements discussed above for redemption. If such proposed business combination is not consummated, we will promptly return such certificates to the tendering public stockholders. Accordingly, investors who attempted to redeem their shares in such a circumstance will be unable to sell their securities after the failed acquisition until we have returned their securities to them. The market price for our shares of common stock may decline during this time and you may not be able to sell your securities when you wish, even while other stockholders that did not seek redemption may be able to sell their securities.

Because of our structure, other companies may have a competitive advantage and we may not be able to consummate an attractive business combination.

We expect to encounter intense competition from entities other than blank check companies having a business objective similar to ours, including travel and transportation investment funds and operating businesses competing for acquisitions. Many of these entities are well established and have extensive experience in identifying and effecting business combinations directly or through affiliates. Many of these competitors possess greater technical, human and other resources than we do and our financial resources will be relatively limited when contrasted with those of many of these competitors. Therefore, our ability to compete in acquiring certain sizable target businesses may be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing the acquisition of certain target businesses. Furthermore, seeking stockholder approval of our initial business combination may delay the consummation of a transaction. Additionally, our rights, and the future dilution they represent (entitling the holders to receive shares of common stock on consummation of our initial business combination), may not be viewed favorably by certain target businesses. Any of the foregoing may place us at a competitive disadvantage in successfully negotiating our initial business combination.

We may be unable to obtain additional financing to complete our initial business combination or to fund the operations and growth of a target business, which could compel us to restructure or abandon a particular business combination. If we are unable to complete our initial business combination, our public stockholders may only receive \$10.00 per share or even less (whether or not the underwriters' over-allotment option is exercised in full) on our redemption, and the warrants will expire worthless.

Although we believe that the net proceeds of this offering will be sufficient to allow us to consummate our initial business combination, because we have not yet identified any prospective target business we cannot ascertain the capital requirements for any particular transaction or our costs to identify and consummate a transaction and to operate the target business. If the net proceeds of this offering prove to be insufficient for one or more reasons including the size of our initial business combination, the depletion of the available net proceeds in search of a target business, the obligation to repurchase for cash a significant number of shares from stockholders who elect redemption in connection with our initial business combination, or the terms of negotiated transactions to purchase shares in connection with our initial business combination, we may be required to seek additional financing or to abandon the proposed business combination. Financing may not be available on acceptable terms, if at all. The current economic environment may make it especially difficult for companies to obtain acquisition financing. To the extent that additional financing proves to be unavailable when needed to consummate our initial business combination, we would be compelled to either restructure the transaction or abandon that particular initial business combination and seek an alternative target business candidate. If we are unable to complete our initial business combination, our public stockholders may only receive \$10.20 per share or even less (whether or not the underwriters' over-allotment option is exercised in full) on our redemption, and the warrants will expire worthless. In addition, even if we do not need additional financing to consummate our initial business combination, we may require such financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our officers, directors or stockholders is required to provide any financing to us in connection with or after our initial business combination.

Our initial stockholders control a substantial interest in us and thus may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support.

Upon closing of this offering, our initial stockholders (and/or their designees) collectively will own 20% of our issued and outstanding shares of common stock (assuming they do not purchase any units in this offering). Accordingly, they may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support, including amendments to our amended and restated certificate of incorporation. If our initial stockholders purchase any units in this offering, or if our initial stockholders purchase any additional

shares of common stock in the aftermarket or in privately negotiated transactions, this would increase their control. Neither our sponsor nor, to our knowledge, any of our officers or directors, has any current intention to purchase additional securities. Factors that would be considered in making such additional purchases would include consideration of the current trading price of our shares of common stock.

Our sponsor paid an aggregate of \$25,000, or approximately \$0.005 per founder share and, accordingly, you will experience immediate and substantial dilution from the purchase of our shares of common stock.

The difference between the public offering price per share (allocating all of the unit purchase price to the shares of common stock included in the unit and none to the warrants included in the unit) and the pro forma net tangible book value per share after this offering constitutes the dilution to you and the other investors in this offering. Our sponsor acquired the founder shares at a nominal price, significantly contributing to this dilution. Upon closing of this offering, you and the other public stockholders will incur an immediate and substantial dilution of approximately 89.4% (or \$8.94 per share (the difference between the pro forma net tangible book value per share of \$1.06 and the initial offering price of \$10.00 per share immediately upon the closing of this offering), or approximately 90.7% or \$9.07 per share (the difference between the pro forma net tangible book value per share of \$0.93 and the initial offering price of \$10.00 per share) if the over-allotment is fully exercised.

The determination of the offering price of our units and the size of this offering is more arbitrary than the pricing of securities and size of an offering of an operating company in a particular industry.

Prior to this offering there has been no public market for any of our securities. The public offering price of the units and the terms of the warrants were negotiated between us and the underwriters. In determining the size of this offering, management held customary organizational meetings with the underwriters, both prior to our inception and thereafter, with respect to the state of capital markets, generally, and the amount the underwriters believed they reasonably could raise on our behalf. Factors considered in determining the size of this offering, prices and terms of the units, including the shares of common stock and warrants underlying the units, include:

- the history and prospects of companies whose principal business is the acquisition of other companies;
- prior offerings of those companies;
- our prospects for acquiring an operating business at attractive values;
- a review of debt to equity ratios in leveraged transactions;
- our capital structure;
- an assessment of our management and their experience in identifying operating companies;
- general conditions of the securities markets at the time of this offering; and
- other factors as were deemed relevant.

Although these factors were considered, the determination of our offering price is more arbitrary than the pricing of securities of an operating company in a particular industry since we have no historical operations or financial results.

There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.

As of the date of this prospectus there is currently no market for our securities. Prospective stockholders therefore have no access to information about prior market history on which to base their investment decision. Following this offering, the price of our securities may vary significantly due to one or more potential business combinations and general market or economic conditions. Once listed on Nasdaq, an active trading market for our securities may never develop or, if developed, may not be sustained. Additionally, if our securities become

delisted from Nasdaq for any reason, and are quoted on the OTC Bulletin Board, an inter-dealer automated quotation system for equity securities not listed on a national exchange, the liquidity and price of our securities may be more limited than if we were listed on Nasdaq or another national exchange. You may be unable to sell your securities unless a market can be established and sustained.

Potential participation in this offering by the anchor investors could reduce the public float for our securities.

The anchor investors intend to purchase up to 4,496,000 units in this offering (or up to 4,944,550 units in this offering if the over-allotment option is exercised in full), which would comprise 29.97% of the units subject to this offering (or 28.66% of the units subject to this offering if the over-allotment option is exercised in full) if such indications of interest become confirmed orders in full. If the anchor investors purchase all or a portion of the units in which they have indicated an interest, such purchase or purchases could reduce the available public float for our securities. Any such reduction in our available public float may consequently reduce the trading volume, volatility and liquidity of our securities relative to what they would have been had such securities been purchased by the public.

Once initially listed on Nasdaq, our securities may not continue to be listed on Nasdaq in the future, which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions.

We anticipate that our securities will be initially listed on Nasdaq upon consummation of this offering. However, we cannot assure you of this or that our securities will continue to be listed on Nasdaq in the future. Additionally, in connection with our initial business combination, Nasdaq may require us to file a new initial listing application and meet its initial listing requirements as opposed to its more lenient continued listing requirements. We cannot assure you that we will be able to meet those initial listing requirements at that time. If Nasdaq delists our securities from trading on its exchange, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- a reduced liquidity with respect to our securities;
- a determination that our shares of common stock are a "penny stock" which will require brokers trading in our shares of common stock to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for our shares of common stock;
- a limited amount of news and analyst coverage for our company; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

Because we must furnish our stockholders with target business financial statements prepared in accordance with U.S. generally accepted accounting principles or international financial reporting standards, we may lose the ability to complete an otherwise advantageous initial business combination with some prospective target businesses.

The federal proxy rules require that a proxy statement with respect to a vote on a business combination meeting certain financial significance tests include historical and/or pro forma financial statement disclosure in periodic reports. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards, or IFRS, as issued by the International Accounting Standards Board or the IASB, depending on the circumstances. Historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. We will include substantially the same financial statement disclosure in connection with any tender offer documents we use, whether or not they are required under the tender offer rules. These financial statement requirements may limit

the pool of potential target businesses with which we consummate our initial business combination, because some targets may be unable to provide such financial statements in time for us to disclose such financial statements in accordance with federal proxy rules, and hence we may be unable to complete our initial business combination within the prescribed time frame.

Compliance obligations under the Sarbanes-Oxley Act of 2002 may make it more difficult for us to effectuate our initial business combination, require substantial financial and management resources, and increase the time and costs of completing an acquisition.

Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, requires that we evaluate and report on our system of internal controls beginning with our Annual Report on Form 10-K for the year ending December 31, 2020. The fact that we are a blank check company makes compliance with the requirements of the Sarbanes-Oxley Act particularly burdensome on us as compared to all public companies because a target company with which we seek to complete our initial business combination may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of its internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such acquisition.

Provisions in our amended and restated certificate of incorporation and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for shares of our Class A common stock and could entrench management.

Our amended and restated certificate of incorporation will contain provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions will include a staggered board of directors and the ability of the board of directors to designate the terms of and issue new series of preferred stock, which may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make the removal of management more difficult and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

Provisions in our amended and restated certificate of incorporation and Delaware law may have the effect of discouraging lawsuits against our directors and officers.

Our amended and restated certificate of incorporation requires, unless we consent in writing to the selection of an alternative forum, that (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee to us or our stockholders, (iii) any action asserting a claim against us, our directors, officers or employees arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or amended and restated bylaws, or (iv) any action asserting a claim against us, our directors, officers or employees governed by the internal affairs doctrine may be brought only in the Court of Chancery in the State of Delaware, except any claim (A) as to which the Court of Chancery of the State of Delaware determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (B) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, (C) for which the Court of Chancery does not have subject matter jurisdiction, or (D) any action arising under the Securities Act or the Exchange Act, as to which the Court of Chancery and the federal district court for the District of Delaware shall have concurrent jurisdiction. If an action is brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. Although we believe this provision benefits us by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, a court may determine that this provision is unenforceable, and to the extent it is

enforceable, the provision may have the effect of discouraging lawsuits against our directors and officers, although our stockholders will not be deemed to have waived our compliance with federal securities laws and the rules and regulations thereunder.

Notwithstanding the foregoing, our amended and restated certificate of incorporation will provide that the exclusive forum provision will not apply to suits brought to enforce a duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. Although we believe this provision benefits us by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our directors and officers.

We are an “emerging growth company” and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our securities less attractive to investors.

We are an “emerging growth company,” as defined in the JOBS Act. We will remain an “emerging growth company” for up to five years. However, if either our non-convertible debt issued within a three-year period, or our revenues exceed \$1.07 billion, or the market value of our shares of common stock that are held by non-affiliates equals or exceeds \$700 million on the last day of the second fiscal quarter of any given fiscal year, we would cease to be an emerging growth company as of the following fiscal year. As an emerging growth company, we (i) are not required to comply with the auditor attestation requirements of section 404 of the Sarbanes-Oxley Act, (ii) have reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and (iii) are exempt from the requirements of holding a nonbinding advisory vote on executive compensation and obtaining stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. We have elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, will not adopt the new or revised standard until the time private companies are required to adopt the new or revised standard. This may make comparison of our financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

We cannot predict if investors will find our shares less attractive because we may rely on these provisions. If some investors find our shares less attractive as a result, there may be a less active trading market for our shares and our share price may be more volatile.

Cyber incidents or attacks directed at us could result in information theft, data corruption, operational disruption and/or financial loss.

We depend on digital technologies, including information systems, infrastructure and cloud applications and services, including those of third parties with which we may deal. Sophisticated and deliberate attacks on, or security breaches in, our systems or infrastructure, or the systems or infrastructure of third parties or the cloud, could lead to corruption or misappropriation of our assets, proprietary information and sensitive or confidential data. As an early stage company without significant investments in data security protection, we may not be

sufficiently protected against such occurrences. We may not have sufficient resources to adequately protect against, or to investigate and remediate any vulnerability to, cyber incidents. It is possible that any of these occurrences, or a combination of them, could have adverse consequences on our business and lead to financial loss.

We may face risks related to businesses in the travel and transportation industries.

Business combinations with businesses in the travel and transportation industries entail special considerations and risks. If we are successful in completing a business combination with such a target business, we may be subject to, and possibly adversely affected by, the following risks:

- the severity, extent and duration of the global COVID-19 pandemic and its impact on the travel industry and consumer spending more broadly, the actions taken to contain the spread of the disease or treat its impact, the effect of remote working arrangements and the speed and extent of the recovery across the broader travel ecosystem;
- adverse changes in general market conditions for travel services, including the effects of macroeconomic conditions, terrorist attacks, natural disasters, health concerns, civil or political unrest or other events outside our control;
- an inability to compete effectively in a highly competitive environment with many incumbents having substantially greater resources;
- an inability to manage rapid change, increasing consumer expectations and growth;
- an inability to build strong brand identity and improve customer satisfaction and loyalty;
- IT systems-related failures, data privacy risks and obligations, and/or security breaches;
- an inability to attract and retain customers;
- an inability to license or enforce intellectual property rights on which a target business may depend; and
- reliance on third-party vendors or service providers.

Any of the foregoing could have an adverse impact on our operations following a business combination. However, our efforts in identifying prospective target businesses will not be limited to the travel and transportation industries. Accordingly, if we acquire a target business in another industry, we will be subject to risks attendant with the specific industry in which we operate or target business we acquire, which may or may not be different than those risks listed above.

An investment in this offering may result in uncertain or adverse U.S. federal income tax consequences.

An investment in this offering may result in uncertain U.S. federal income tax consequences. For instance, because there are no authorities that directly address instruments similar to the units we are issuing in this offering, the allocation a holder of a unit makes with respect to the purchase price of a unit between the share of Class A common stock and the one-half of one redeemable warrant to purchase one share of our Class A common stock included in each unit could be challenged by the U.S. Internal Revenue Service or the courts. Furthermore, the U.S. federal income tax consequences of a cashless exercise of warrants included in the units we are issuing in this offering is unclear under current law, and the adjustment to the exercise price and/or redemption price of the warrants could give rise to dividend income to investors without a corresponding payment of cash. Finally, it is unclear whether the redemption rights with respect to our shares of common stock suspend the running of a U.S. holder's holding period for purposes of determining whether any gain or loss realized by such holder on the sale or exchange of common stock is long-term capital gain or loss and for determining whether any dividend we pay would be considered "qualified dividends" for U.S. federal income tax purposes. See the section titled "U.S. Federal Income Tax Considerations" for a summary of certain material U.S.

federal income tax considerations applicable to an investment in our securities. Prospective investors should consult their tax advisors with respect to these and other tax consequences applicable to their specific circumstances when purchasing, holding or disposing of our securities.

Risks Associated with Acquiring and Operating a Business outside of the United States

We may effect our initial business combination with a company located outside of the United States.

If we effect our initial business combination with a company located outside of the United States, we would be subject to any special considerations or risks associated with companies operating in the target business' home jurisdiction, including any of the following:

- rules and regulations or currency redemption or corporate withholding taxes on individuals;
- laws governing the manner in which future business combinations may be effected;
- exchange listing and/or delisting requirements;
- tariffs and trade barriers;
- regulations related to customs and import/export matters;
- longer payment cycles;
- tax issues, such as tax law changes and variations in tax laws as compared to the United States;
- currency fluctuations and exchange controls;
- rates of inflation or deflation;
- challenges in collecting accounts receivable;
- cultural and language differences;
- employment regulations;
- crime, strikes, riots, civil disturbances, terrorist attacks, pandemics and wars; and
- deterioration of political relations with the United States. We may not be able to adequately address these additional risks. If we were unable to do so, our operations might suffer.

Social unrest, acts of terrorism, regime changes, changes in laws and regulations, political upheaval, or policy changes or enactments may occur in a country in which we may operate after we effect our initial business combination.

Political events in another country may significantly affect our business, assets or operations. Social unrest, acts of terrorism, regime changes, changes in laws and regulations, political upheaval, pandemics and policy changes or enactments could negatively impact our business in a particular country.

Many countries have difficult and unpredictable legal systems and underdeveloped laws and regulations that are unclear and subject to corruption and inexperience.

Our ability to seek and enforce legal protections, including with respect to intellectual property and other property rights, or to defend ourselves with regard to legal actions taken against us in a given country, may be difficult or impossible, which could adversely impact our operations, assets or financial condition.

Rules and regulations in many countries are often ambiguous or open to differing interpretation by responsible individuals and agencies at the municipal, state, regional and federal levels. The attitudes and actions of such individuals and agencies are often difficult to predict and inconsistent.

Delay with respect to the enforcement of particular rules and regulations, including those relating to customs, tax, environmental and labor, could cause serious disruption to operations abroad and negatively impact our results.

If relations between the United States and foreign governments deteriorate, it could cause potential target businesses or their goods and services to become less attractive.

The relationship between the United States and foreign governments could be subject to sudden fluctuation and periodic tension. For instance, the United States may announce its intention to impose quotas on certain imports. Such import quotas may adversely affect political relations between the two countries and result in retaliatory countermeasures by the foreign government in industries that may affect our ultimate target business. Changes in political conditions in foreign countries and changes in the state of U.S. relations with such countries are difficult to predict and could adversely affect our operations or cause potential target businesses or their goods and services to become less attractive. Because we are not limited to any specific industry, there is no basis for investors in this offering to evaluate the possible extent of any impact on our ultimate operations if relations are strained between the United States and a foreign country in which we acquire a target business or move our principal manufacturing or service operations.

If our management following our initial business combination is unfamiliar with United States securities laws, they may have to expend time and resources becoming familiar with such laws.

Following our initial business combination, our management may resign from their positions as officers or directors of the company and the management of the target business at the time of the business combination will remain in place. Management of the target business may not be familiar with United States securities laws. If new management is unfamiliar with our laws, they may have to expend time and resources becoming familiar with such laws. This could be expensive and time-consuming and could lead to various regulatory issues, which may adversely affect our operations.

Currency policies may cause a target business' ability to succeed in the international markets to be diminished.

In the event we acquire a non-U.S. target, all revenues and income would likely be received in a foreign currency, the dollar equivalent of our net assets and distributions, if any, could be adversely affected by reductions in the value of the local currency. The value of the currencies in our target regions fluctuate and are affected by, among other things, changes in political and economic conditions. Any change in the relative value of such currency against our reporting currency may affect the attractiveness of any target business or, following consummation of our initial business combination, our financial condition and results of operations. Additionally, if a currency appreciates in value against the dollar prior to the consummation of our initial business combination, the cost of a target business as measured in dollars will increase, which may make it less likely that we are able to consummate such transaction.

Because foreign law could govern our material agreements, we may not be able to enforce our rights within such jurisdiction or elsewhere.

Foreign law could govern our material agreements. The target business may not be able to enforce any of its material agreements and remedies may not be available outside of such foreign jurisdiction's legal system. The system of laws and the enforcement of existing laws and contracts in such jurisdiction may not be as certain in implementation and interpretation as in the United States. The judiciaries in certain foreign countries may be relatively inexperienced in enforcing corporate and commercial law, leading to a higher than usual degree of uncertainty as to the outcome of any litigation. Any such jurisdictions may not favor outsiders or could be corrupt. As a result, the inability to enforce or obtain a remedy under any of our future agreements could result in a significant loss of business and business opportunities.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements contained in this prospectus may constitute “forward-looking statements.” Our forward-looking statements include, but are not limited to, statements regarding our or our management team’s expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intends,” “may,” “might,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “would” and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this prospectus may include, for example, statements about:

- our ability to complete our initial business combination;
- our success in retaining or recruiting, or changes required in, our officers, key employees or directors following our initial business combination;
- our officers and directors allocating their time to other businesses and potentially having conflicts of interest with our business or in approving our initial business combination;
- our potential ability to obtain additional financing to complete our initial business combination;
- our pool of prospective target businesses;
- the ability of our officers and directors to generate a number of potential investment opportunities;
- our public securities’ potential liquidity and trading;
- the lack of a market for our securities;
- the use of proceeds not held in the trust account or available to us from interest income on the trust account balance;
- the trust account not being subject to claims of third parties; or
- our financial performance following this offering.

The forward-looking statements contained in this prospectus are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading “Risk Factors.” Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

under the promissory note with our sponsor. Upon completion of this offering these loans will be repaid out of the \$1,500,000 of offering proceeds allocated for the payment of offering expenses other than underwriting commissions. In the event that offering expenses are less than set forth in this table, any such amounts will be used for post-closing working capital expenses.

- (3) The underwriters have agreed to make a payment to us in an amount equal to 1.0% of the gross proceeds of this offering to reimburse certain of our expenses.
- (4) The underwriters have agreed to defer underwriting commissions of 4.0% of the gross proceeds of this offering. Concurrently with the completion of our initial business combination, \$6,000,000, which constitutes the underwriters' deferred commissions (or \$6,900,000 if the underwriters' over-allotment option is exercised in full) will be paid to the underwriters from the funds held in the trust account. See "Underwriting." The remaining funds, less amounts released to the trustee to pay redeeming stockholders, will be released to us and can be used to pay all or a portion of the purchase price of the business or businesses with which our initial business combination occurs or for general corporate purposes, including payment of principal or interest on indebtedness incurred in connection with our initial business combination, to fund the purchases of other companies or for working capital. The underwriters will not be entitled to any interest accrued on the deferred underwriting discounts and commissions.
- (5) These expenses are estimates only. Our actual expenditures for some or all of these items may differ from the estimates set forth herein. For example, we may incur greater legal and accounting expenses than our current estimates in connection with negotiating and structuring our initial business combination based upon the level of complexity of such business combination. In the event we identify a business combination target in a specific industry subject to specific regulations, we may incur additional expenses associated with legal due diligence and the engagement of special legal counsel. In addition, our staffing needs may vary and as a result, we may engage a number of consultants to assist with legal and financial due diligence. We do not anticipate any change in our intended use of proceeds, other than fluctuations among the current categories of allocated expenses, which fluctuations, to the extent they exceed current estimates for any specific category of expenses, would not be available for our expenses. The amount in the table above does not include interest available to us from the trust account. The proceeds held in the trust account will be invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Assuming an interest rate of 0.25% per year, we estimate the interest earned on the trust account will be approximately \$382,500 per year; however, we can provide no assurances regarding this amount.
- (6) Assumes no exercise of the underwriters' over-allotment option.
- (7) Includes estimated amounts that may also be used in connection with our initial business combination to fund a "no shop" provision and commitment fees for financing.

The rules of Nasdaq provide that at least 90% of the gross proceeds from this offering and the sale of the private placement warrants be deposited in a trust account. Of the \$156,500,000 in proceeds we receive from this offering and the sale of the private placement warrants described in this prospectus, or \$179,675,000 if the underwriters' over-allotment option is exercised in full, \$153,000,000 (\$10.20 per unit), or \$175,950,000 if the underwriters' over-allotment option is exercised in full (\$10.20 per unit), will be deposited into a trust account located in the United States with Continental Stock Transfer & Trust Company acting as trustee, and \$3,500,000, including \$1,500,000 (or \$1,725,000 in case of over-allotment) reimbursement from underwriters, will be used to pay expenses in connection with the closing of this offering and for working capital following this offering. We will not be permitted to withdraw any of the principal or interest held in the trust account, except for the withdrawal of interest income to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), until the earliest of (i) the completion of our initial business combination, (ii) the redemption of our public shares if we are unable to consummate an initial business combination within 18 months from the closing of this offering, subject to applicable law, or (iii) the redemption of our public shares properly submitted in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we have not consummated an initial business combination within

18 months from the closing of this offering or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity. Based on current interest rates, we expect that interest income earned on the trust account (if any) will be sufficient to pay taxes.

The net proceeds held in the trust account may be used as consideration to pay the sellers of a target business with which we ultimately complete our initial business combination. If our initial business combination is paid for using equity or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination, we may apply the balance of the cash released from the trust account for general corporate purposes, including for maintenance or expansion of operations of the post-transaction company, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital. There is no limitation on our ability to raise funds privately or through loans in connection with our initial business combination.

We believe that amounts not held in trust, together with funds available to us from loans from our sponsor, will be sufficient to pay the costs and expenses to which such proceeds are allocated. This belief is based on the fact that while we may begin preliminary due diligence of a target business in connection with an indication of interest, we intend to undertake in-depth due diligence, depending on the circumstances of the relevant prospective business combination, only after we have negotiated and signed a letter of intent or other preliminary agreement that addresses the terms of an initial business combination. However, if our estimate of the costs of undertaking in-depth due diligence and negotiating a business combination is less than the actual amount necessary to do so, we may be required to raise additional capital, the amount, availability and cost of which is currently unascertainable. If we are required to seek additional capital, we could seek such additional capital through loans or additional investments from our sponsor, members of our management team or any of their affiliates, but such persons are not under any obligation to advance funds to, or invest in, us.

Our sponsor will provide us office space and administrative and support services for \$20,000 per month commencing on the date of this prospectus until the earlier of the consummation of our initial business combination or our liquidation.

Our sponsor has agreed to loan us up to \$400,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of the closing of this offering or the date on which we determine not to consummate this offering. The loans will be repaid upon the closing of this offering out of the \$750,000 of offering proceeds allocated to the payment of offering expenses.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. Otherwise, such loans would be repaid only out of funds held outside the trust account. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts, but no proceeds from our trust account would be used to repay such loaned amounts. Up to \$1,500,000 of such loans may be convertible into warrants of the post-business combination entity at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants. Except as set forth above, the terms of such loans, if any, have not been determined and no written agreements exist with respect to such loans. Prior to the completion of our initial business combination, we do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, officers, advisors or their respective affiliates may purchase public shares or public warrants in privately

negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of shares our sponsor, directors, officers, advisors or their affiliates may purchase in such transactions, subject to compliance with applicable law and Nasdaq rules. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. If they engage in such transactions, they will not make any such purchases when they are in possession of any material non-public information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. None of the funds held in the trust account will be used to purchase public shares or public warrants in such transactions prior to completion of our initial business combination. See “Proposed Business—Permitted Purchases of Our Securities” for a description of how our sponsor, directors, officers, advisors or any of their affiliates will select which stockholders to purchase securities from in any private transaction.

The purpose of any such purchases of shares could be to vote such shares in favor of the initial business combination and thereby increase the likelihood of obtaining stockholder approval of the initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our shares of common stock or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

We may not redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 upon consummation of our initial business combination and after payment of deferred underwriting commissions (so that we are not subject to the SEC’s “penny stock” rules) and the agreement for our initial business combination may require as a closing condition that we have a minimum net worth or a certain amount of cash. If too many public stockholders exercise their redemption rights so that we cannot satisfy the net tangible asset requirement or any net worth or cash requirements, we would not proceed with the redemption of our public shares or the initial business combination, and instead may search for an alternate business combination.

A public stockholder will be entitled to receive funds from the trust account only upon the earliest to occur of: (i) our completion of an initial business combination, (ii) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or (B) with respect to any other provision relating to stockholders’ rights or pre-initial business combination activity, and (iii) the redemption of our public shares if we do not complete our initial business combination within 18 months following the closing of this offering, subject to applicable law and as further described herein and any limitations (including but not limited to cash requirements) created by the terms of the proposed initial business combination. In no other circumstances will a public stockholder have any right or interest of any kind to or in the trust account.

Our initial stockholders have entered into a letter agreement with us, pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares and public shares in connection with the completion of our initial business combination, (ii) waive their redemption rights with respect to their founder shares and public shares in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or (B) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity and (iii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to complete our initial business combination within 18 months from the closing of this offering, although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the prescribed timeframe.

DIVIDEND POLICY

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of our initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of our initial business combination. The payment of any cash dividends subsequent to our initial business combination will be within the discretion of our board of directors at such time and subject to Delaware law. If we increase or decrease the size of this offering, we will effect a stock capitalization or a share surrender or redemption or other appropriate mechanism, as applicable, with respect to our shares of Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of our initial stockholders (and their permitted transferees), on an as-converted basis, at 20% of our issued and outstanding shares of Class A common stock upon the consummation of this offering. Further, if we incur any indebtedness in connection with a business combination, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

DILUTION

The difference between the public offering price per share of Class A common stock, assuming no value is attributed to the warrants included in the units we are offering pursuant to this prospectus or the private placement warrants, and the pro forma net tangible book value per share of our Class A common stock after this offering constitutes the dilution to investors in this offering. Such calculation does not reflect any dilution associated with the sale and exercise of warrants, including the private placement warrants, which would cause the actual dilution to the stockholders to be higher, particularly where a cashless exercise is utilized. Net tangible book value per share is determined by dividing our net tangible book value, which is our total tangible assets less total liabilities (including the value of shares of Class A common stock which may be redeemed for cash), by the number of outstanding shares of Class A common stock.

At August 13, 2020, our net tangible book deficit was \$(26,000), or approximately \$(0.01) per share of common stock. After giving effect to the sale of 15,000,000 shares of Class A common stock included in the units we are offering by this prospectus (or 17,250,000 shares of Class A common stock if the underwriters' over-allotment option is exercised in full), the sale of the private placement warrants and the deduction of underwriting commissions and estimated expenses of this offering, our pro forma net tangible book value at August 13, 2020 would have been \$5,000,006, or \$1.06 per share (or \$5,000,003, or \$0.93 per share, if the underwriters' over-allotment option is exercised in full), representing an immediate increase in net tangible book value (as decreased by the value of 14,046,470 shares of Class A common stock that may be redeemed for cash, or 16,208,235 shares of Class A common stock if the underwriters' over-allotment option is exercised in full) of \$1.07 per share (or \$0.94 per share) if the underwriters' over-allotment option is exercised in full to our initial stockholders as of the date of this prospectus and dilution to public stockholders from this offering will be \$8.94 per share (or \$9.07 if the underwriters' over-allotment option is exercised in full).

The following table illustrates the dilution to the public stockholders on a per-share basis, assuming no value is attributed to the warrants included in the units or the private placement warrants:

	<u>WITHOUT OVER-ALLOTMENT</u>	<u>WITH OVER-ALLOTMENT</u>
Public offering price	\$ 10.00	\$ 10.00
Net tangible book deficit before this offering	(0.01)	(0.01)
Increase attributable to public stockholders	<u>1.07</u>	<u>0.94</u>
Pro forma net tangible book value after this offering and the sale of the private placement warrants	1.06	0.93
Dilution to public stockholders	<u>\$ 8.94</u>	<u>\$ 9.07</u>
Percentage of dilution to public stockholders	89.4%	90.7%

For purposes of presentation, we have reduced our pro forma net tangible book value after this offering (assuming no exercise of the underwriters' over-allotment option) by \$143,273,994 because holders of up to approximately 93.6% of our public shares may redeem their shares for a pro rata share of the aggregate amount then on deposit in the trust account at a per share redemption price equal to the amount in the trust account as set forth in our proxy or tender offer materials (initially anticipated to be the aggregate amount held in trust two days prior to the commencement of our stockholders meeting or tender offer, including interest and net of taxes payable), divided by the number of shares of Class A common stock sold in this offering.

	<u>4,703,530</u>	<u>5,354,265</u>

- (1) Expenses applied against gross proceeds include offering expenses of \$750,000 and underwriting commissions of \$3,000,000 or \$3,450,000 if the underwriters exercise their over-allotment option (excluding deferred underwriting fees). See "Use of Proceeds." The underwriters have agreed to make a payment to us in an amount equal to 1.0% of the gross proceeds of this offering to reimburse certain of our expenses.
- (2) If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, executive officers, advisors or their affiliates may purchase public shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. In the event of any such purchases of our shares prior to the completion of our initial business combination, the number of shares of Class A common stock subject to redemption will be reduced by the amount of any such purchases, increasing the pro forma net tangible book value per share. See "Proposed Business — Effecting Our Initial Business Combination — Permitted Purchases of Our Securities."

CAPITALIZATION

The following table sets forth our capitalization at August 13, 2020, and as adjusted to give effect to the filing of our amended and restated certificate of incorporation, the sale of our units in this offering and the private placement warrants and the application of the estimated net proceeds derived from the sale of such securities, assuming no exercise by the underwriters of the over-allotment option:

- (1) Assumes no exercise of the underwriters' over-allotment option and the corresponding forfeiture of 562,500 shares of Class B common stock held by our sponsor.
- (2) Our sponsor may loan us up to \$400,000 under an unsecured promissory note to be used for a portion of the expenses of this offering. As of December 8, 2020, we had borrowed \$400,000 from our sponsor to cover our expenses in connection with this offering.
- (3) \$0.40 per unit, or \$6,000,000 in the aggregate, will be payable to the underwriters for deferred underwriting commissions. The deferred underwriting commissions will become payable to the underwriters from the amounts held in the trust account solely in the event that the company completes a business combination, subject to the terms of the underwriting agreement. The company records deferred underwriting commissions upon the closing of the initial public offering as a reduction of additional paid-in capital. Since the actual additional paid-in capital was reduced by the recording of the accrued deferred underwriting commission, total capitalization, as adjusted, includes the amount of the deferred underwriting commission to reflect total capitalization.
- (4) Upon the completion of our initial business combination, we will provide our public stockholders with the opportunity to redeem their public shares for cash at a per share price equal to the aggregate amount then on deposit in the trust account calculated as of two business days prior to the consummation of the initial business combination, including interest (net of taxes payable), divided by the number of then outstanding public shares, subject to the limitations described herein whereby redemptions cannot cause our net tangible assets to be less than \$5,000,001 and any limitations (including, but not limited to, cash requirements) created by the terms of the proposed business combination.

- (5) As of August 13, 2020, we were authorized to issue up to 100,000,000 shares of common stock with a par value of \$1.00 per share. On October 27, 2020, the company amended its charter to authorize up to 1,000,000 shares of preferred stock, with a par value of \$0.0001 per share, 100,000,000 shares of Class A common stock, with a par value of \$0.0001 per share, and 10,000,000 shares of Class B common stock, with a par value of \$0.0001 per share, and designated the 4,312,500 shares of common stock outstanding into 4,312,500 shares of Class B common stock, of which up to 562,500 shares of Class B common stock are subject to forfeiture to the extent that the over-allotment option is not exercised in full by the underwriters.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

We are a blank check company incorporated on July 31, 2020 as a Delaware corporation for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. We have not selected any business combination target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any business combination target. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the private placement of the private placement warrants, our shares, debt or a combination of cash, equity and debt.

The issuance of additional shares in a business combination:

- may significantly dilute the equity interest of investors in this offering, which dilution would increase if the anti-dilution provisions in the shares of Class B common stock resulted in the issuance of shares of Class A common stock on a greater than one-to-one basis upon conversion of the shares of Class B common stock;
- may subordinate the rights of holders of shares of Class A common stock if shares of preferred stock are issued with rights senior to those afforded our shares of Class A common stock;
- could cause a change in control if a substantial number of shares of our Class A common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the share ownership or voting rights of a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our shares of Class A common stock and/or warrants. Similarly, if we issue debt securities or otherwise incur significant debt, it could result in:
 - default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
 - acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves (in the absence of a waiver or renegotiation of that covenant);
 - our immediate payment of all principal and accrued interest, if any, if the debt is payable on demand;
 - our inability to obtain necessary additional financing if the debt contains covenants restricting our ability to obtain such financing while the debt is outstanding;
 - our inability to pay dividends on our shares of common stock;
 - using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our shares of common stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
 - limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
 - increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
 - limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

As indicated in the accompanying financial statements, as of August 13, 2020, we had no cash and deferred offering costs of \$50,000. Further, we expect to incur significant costs in the pursuit of our initial business combination. We cannot assure you that our plans to raise capital or to complete our initial business combination will be successful.

Results of Operations and Known Trends or Future Events

We have neither engaged in any operations nor generated any revenues to date. Our only activities since inception have been organizational activities and those necessary to prepare for this offering. Following this offering, we will not generate any operating revenues until after completion of our initial business combination. We will generate non-operating income in the form of interest income on cash and cash equivalents after this offering. There has been no significant change in our financial or trading position and no material adverse change has occurred since the date of our audited financial statements. After this offering, we expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. We expect our expenses to increase substantially after the closing of this offering.

Liquidity and Capital Resources

Our liquidity needs have been satisfied prior to the completion of this offering through a payment of \$25,000 from our sponsor in exchange for the issuance of the founder shares to our sponsor and a commitment from our sponsor to loan us up to \$400,000 to cover our expenses in connection with this offering. We estimate that the net proceeds from (i) the sale of the units in this offering, after deducting offering expenses of \$750,000 but including reimbursed expenses, underwriting commissions of \$3,000,000, or \$3,450,000 if the underwriters' over-allotment option is exercised in full (excluding deferred underwriting commissions of \$6,000,000, or \$6,900,000 if the underwriters' over-allotment option is exercised in full), and (ii) the sale of the private placement warrants for a purchase price of \$6,500,000 (or \$7,175,000 if the underwriters' over-allotment option is exercised in full) will be \$154,250,000 (or \$177,200,000 if the underwriters' over-allotment option is exercised in full). \$153,000,000 (or \$175,950,000 if the underwriters' over-allotment option is exercised in full) will be held in the trust account, which includes the deferred underwriting commissions described above. The proceeds held in the trust account will be invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. The remaining \$1,250,000 will not be held in the trust account. In the event that our offering expenses exceed our estimate of \$750,000, we may fund such excess with funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$750,000, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount. The underwriters have agreed to make a payment to us in an amount equal to 1.0% of the gross proceeds of this offering to reimburse certain of our expenses.

We intend to use substantially all of the funds held in the trust account, including any amounts representing interest earned on the trust account (less taxes payable and deferred underwriting commissions), to complete our initial business combination. We may withdraw interest income to pay our income taxes, if any. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the trust account. We expect the interest income earned on the amount in the trust account (if any) will be sufficient to pay our income taxes. To the extent that our equity or debt is used, in whole or in part, as consideration to complete our initial business combination, the remaining proceeds held in the trust account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

Prior to the completion of our initial business combination, we will have available to us the \$1,250,000 of proceeds held outside the trust account, as well as certain funds from loans from our sponsor. We will use these

[Table of Contents](#)

[Index to Financial Statements](#)

funds to primarily identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, and structure, negotiate and complete a business combination.

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business prior to our initial business combination, other than funds available from loans from our sponsor. However, if our estimates of the costs of identifying a target business, undertaking in-depth due diligence and negotiating an initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. In order to fund working capital deficiencies or finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into warrants of the post business combination entity at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants. The terms of such loans, if any, have not been determined and no written agreements exist with respect to such loans. Prior to the completion of our initial business combination, we do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

We expect our primary liquidity requirements during that period to include approximately \$350,000 for legal, accounting, due diligence, travel and other expenses associated with structuring, negotiating and documenting successful business combinations; \$150,000 for legal and accounting fees related to regulatory reporting requirements; \$55,000 for Nasdaq continued listing fees; \$100,000 for reservation for dissolution expenses, and \$235,000 for general working capital that will be used for miscellaneous expenses and reserves. Our sponsor will provide us office space and administrative and support services for \$20,000 per month commencing on the date of this prospectus until the earlier of the consummation of our initial business combination or our liquidation.

These amounts are estimates and may differ materially from our actual expenses. In addition, we could use a portion of the funds not being placed in trust to pay commitment fees for financing, fees to consultants to assist us with our search for a target business or as a down payment or to fund a “no-shop” provision (a provision designed to keep target businesses from “shopping” around for transactions with other companies or investors on terms more favorable to such target businesses) with respect to a particular proposed business combination, although we do not have any current intention to do so. If we entered into an agreement where we paid for the right to receive exclusivity from a target business, the amount that would be used as a down payment or to fund a “no-shop” provision would be determined based on the terms of the specific business combination and the amount of our available funds at the time. Our forfeiture of such funds (whether as a result of our breach or otherwise) could result in our not having sufficient funds to continue searching for, or conducting due diligence with respect to, prospective target businesses.

Moreover, we may need to obtain additional financing to complete our initial business combination, either because the transaction requires more cash than is available from the proceeds held in our trust account, or because we become obligated to redeem a significant number of our public shares upon completion of the business combination, in which case we may issue additional securities or incur debt in connection with such business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account.

Controls and Procedures

We are not currently required to maintain an effective system of internal controls as defined by Section 404 of the Sarbanes Oxley Act. We will be required to comply with the internal control requirements of the Sarbanes—Oxley Act for the fiscal year ending December 31, 2020 only in the event that we are deemed to be a large accelerated filer or an accelerated filer would we be required to comply with the independent registered public accounting firm attestation requirement. Further, for as long as we remain an emerging growth company as defined in the JOBS Act, we intend to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirement.

Prior to the closing of this offering, we have not completed an assessment, nor have our independent registered public accounting firm tested our systems, of our internal controls. We expect to assess the internal controls of our target business or businesses prior to the completion of our initial business combination and, if necessary, to implement and test additional controls as we may determine are necessary in order to state that we maintain an effective system of internal controls. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding the adequacy of internal controls. Many small and mid-sized target businesses we may consider for our initial business combination may have internal controls that need improvement in areas such as:

- staffing for financial, accounting and external reporting areas, including segregation of duties;
- reconciliation of accounts;
- proper recording of expenses and liabilities in the period to which they relate;
- evidence of internal review and approval of accounting transactions;
- documentation of processes, assumptions and conclusions underlying significant estimates; and
- documentation of accounting policies and procedures.

Because it will take time, management involvement and perhaps outside resources to determine what internal control improvements are necessary for us to meet regulatory requirements and market expectations for our operation of a target business, we may incur significant expenses in meeting our public reporting responsibilities, particularly in the areas of designing, enhancing, or remediating internal and disclosure controls. Doing so effectively may also take longer than we expect, thus increasing our exposure to financial fraud or erroneous financing reporting.

Once our management's report on internal controls is complete, we will retain our independent registered public accounting firm to audit and render an opinion on such report when required by Section 404. The independent registered public accounting firm may identify additional issues concerning a target business's internal controls while performing their audit of internal control over financial reporting.

Quantitative and Qualitative Disclosures about Market Risk

The net proceeds of this offering and the sale of the private placement warrants held in the trust account will be invested in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

Off-Balance Sheet Arrangements; Commitments and Contractual Obligations; Quarterly Results

As of August 13, 2020, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations. No unaudited quarterly operating data is included in this prospectus as we have not conducted any operations to date.

JOBS Act

The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an “emerging growth company” and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company,” we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor’s attestation report on our system of internal controls over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our initial public offering or until we are no longer an “emerging growth company,” whichever is earlier.

PROPOSED BUSINESS

Introduction

We are a newly organized blank check company formed under the laws of the State of Delaware on July 31, 2020 for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. To date, our efforts have been limited to organizational activities as well as activities related to this offering. We have not selected any specific business combination target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with any business combination target. We have generated no operating revenues to date and we do not expect that we will generate operating revenues until we consummate our initial business combination.

While we may pursue an acquisition opportunity in any business, industry, sector or geographical location, we intend to focus on businesses in industries that complement our management team's background, and to capitalize on the ability of our management team to identify and acquire a business, focusing on the travel and transportation industries where our management has extensive investment experience.

Industry Opportunity

We will concentrate on sourcing business combination opportunities within travel and transportation technology. Our intended sector coverage is focused, yet covers a broad array of market segments. Historically, "travel and transportation" was defined and delineated by the primary areas of supply, including air, hotels, rail, cruise, and car rental. Each of these were served by a range of technology and service providers and consumers. In recent years, the sources of travel supply have expanded to include additional segments such as vacation rentals, alternative lodging, tours and attractions, vehicle sharing, ride hailing, and micro-mobility among others; and technology and business model innovation has given rise to many companies serving existing and emerging areas. These include, among others:

- Enterprise software companies selling to travel suppliers – enabling them to run their back-office and front-office operations and market to customers
- Online marketplaces for distribution of supply to travel agents and consumers
- Metasearch/price comparison platforms
- Marketing, retargeting and visitor conversion technologies
- Supplier-focused data, analytics, and dynamic pricing providers
- Corporate travel platforms with greater automation and integration
- Artificial intelligence-driven suppliers to travel or transportation providers
- Alternative lodging platforms
- Micro-mobility services serving cities and their citizens
- Various other technology-enabled services that are part of what we call "intelligent transportation" – some of which include Electric and Autonomous Vehicles, Hyperloop, Last Mile Robotics, and Smart Road technology

The travel and transportation market itself contributed \$8.9 trillion to global GDP in 2019 according to the World Travel & Tourism Council. As a global whole, the industry represents 10% of GDP and is one of the largest industry-level employers, accounting for 330 million jobs, or 1 in every 10 (World Travel & Tourism Council, 2019). Travel has been notable for its early and rapid adoption of digitization relative to other industries, first in the move to online and now increasingly in the mobile sphere given the rise and widespread adoption of

smartphones and other connected devices. We believe digital transformation will continue to evolve as the rise of new technologies and business models influence the way business and consumers interact with the travel and transportation ecosystem. Historical examples of this manifestation include the rise of online direct bookings, online travel agencies (“OTAs”), and metasearch providers in the early 2000’s, the transformative effect of ride-hailing in the 2010s, the mass market adoption of alternative lodging starting in 2016, and the introduction of micro-mobility services in cities in the last two years. We believe that this technology evolution is still in its early-growth phase and will create a compelling investment opportunity for a sector-focused acquirer with deep relationships across the entire industry.

The formation and growth of new businesses in travel and transportation technology has been driven not just by industry factors but also by early-stage funding into the sector. As a firm, Thayer Ventures alone has reviewed over 500 deals a year for the past decade across verticals and stages, directly and tangentially providing value to the travel and transportation sector. As the industries we follow, both new and old, have been disrupted or digitized we have seen the winners and losers materialize. Under our normal course of business it is imperative that we maintain active relationships with the firms establishing a defensible position in our space. As such, we maintain active conversations with over 100 growth stage companies currently positioning to be leaders in tomorrow’s market. These companies have generally benefitted from secular growth and adoption of their innovations, but the vast majority remain independent and have not experienced outright exit events. We believe there is a “supply-demand imbalance” that presents an opportunity for a capital provider and acquirer with scale to purchase, integrate and grow an attractive business in our chosen sectors that would benefit from access to the public markets.

Over the last several months, the industry has been beset by COVID-19 and its ramifications in all dimensions. This has manifested itself in declining or unfavorable fundamental indicators of demand and usage for our target markets, some of which include:

- Overall travel spend
- Hotel occupancy rates and RevPAR
- Airline passenger volume
- Revenue and profitability metrics and associated guidance for public travel and transportation companies
- Restrictions on international travel
- Large-scale furloughing of employees
- Corporate bankruptcies

Despite the significant disruption caused by COVID-19, we believe that consumer sentiment and business indicators for travel and transportation will return to historical levels and resume growth once the pandemic has stabilized itself enough such that individuals can resume historical activities and behaviors. In the aftermath of past pandemics and major global crises, such as 9-11, the 2008-2009 Financial Crisis and H5N1, temporary declines in the industry were followed by a return to prior levels of demand. There are businesses in our target markets that have thrived during the COVID-19 crisis, and other businesses in our target markets with fundamentally sound value propositions that can both withstand the current environment and benefit from any rebound in activity in future periods. Therefore, as the travel market rebounds, we believe the next two years will be an opportune time to invest in and own a well-positioned business in our target markets. Furthermore, the changing travel preferences, increasing focus around safety, and enhanced duty of care requirements for corporations due to COVID-19 will drive further shifts and innovations in our target markets.

Consistent with our strategy, we have identified the following general criteria and guidelines that we believe are important in evaluating prospective target businesses. We will focus on these criteria and guidelines in

evaluating acquisition opportunities, but we may decide to enter into our initial business combination with a target business that does not meet these criteria and guidelines.

- **Companies that operate in segments of the market that are ripe for technological disruption or are currently undergoing technological transformations.** We plan to focus on sectors that are in the process of or have significant potential to change their distribution or supply chains, consumer and business buying behavior or in other ways which are witnessing technology or business model disruption.
- **Companies with an attractive and defensible competitive position.** We will target companies with market positions and technologies that we believe offer long-term competitive advantages. These could include proprietary technology, a market leading product suite, unique processes, strong market share, or a culture of innovation that we believe is enduring and unique.
- **Companies with high revenue growth, or with the potential for high revenue growth.** We will seek to acquire businesses that have or are believed to achieve significant revenue growth primarily driven by either adopting or providing an innovative service or technology and which address large addressable markets that have not been substantially penetrated to date.
- **Companies that exhibit the ability to deliver significant operating leverage and future profitability whether they may or may not be profitable currently.** We will seek to acquire businesses that have either high gross margins today relative to their industries or, through their business model or technology, have the ability to improve margins; and by addressing a large market, have the opportunity to drive significant future profitability when fully scaled.
- **Knowledgeable and innovative management teams with relevant industry experience and ability to rapidly develop their technologies and businesses.** We aim to target businesses with expert management teams that have specialized knowledge of their respective industry sector and are active leaders in developing or deploying technology to provide a solution for a problem or challenge within their respective industry sector.
- **Benefit from being a public company.** We intend to acquire a company that will benefit from being publicly traded and can effectively utilize the broader access to capital and public profile that are associated with being a publicly traded company.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management may deem relevant. While we intend to target the industry segments described above, we are not, however, required to complete our initial business combination with a travel or transportation technology business and, as a result, we may pursue a business combination outside of that industry. We will seek to acquire businesses that we believe are fundamentally sound but would benefit from a public listing to execute their financial, operational, and strategic plans.

Acquisition Strategy

We believe our management team is uniquely positioned within the travel and transportation sectors to identify opportunities in travel and transportation, for the reasons detailed below:

Deep Domain Expertise and Relationships in Travel and Transportation Industries

Our management team, and advisors, have extensive entrepreneurial, operating and investing experience in the travel and transportation industries with a corresponding broad network of relationships from early-stage innovators up to the large global companies. Thayer Ventures has been a dedicated travel and transportation technology fund, successfully investing in private companies through three fund generations. In its ten years of investing, the fund has evaluated thousands of companies and invested in about 40. Through this investing

activity, the management team has built deep domain expertise throughout the ecosystem and has developed a long-term view on cycles in the industry and sustainable trends. Thayer Ventures also had a strong focus on value-added investing, playing a very active role utilizing its network to help portfolio companies in sales and business development, building executive teams, and in financing and M&A.

Accomplished Leadership Team with Track Record as Value-added Investors and Business Managers

Our team has over 50 years of combined investing, financial and operating experience. In addition to our experience running Thayer Ventures for over 10 years, our team has experience starting and running businesses and as Board members. Chris Hemmeter successfully launched and ran six companies prior to raising Thayer Ventures, and Mark E. Farrell brings experience as a lawyer, investment banker and in public service prior to Thayer. The two have collectively sat on multiple corporate boards and Mr. Farrell is presently a director of another SPAC. This collective experience makes the management team well positioned not only to identify opportunities but also efficiently and effectively structure, finance and consummate an initial business combination.

History of Successfully Sourcing Investment Opportunities as a Team and Extended Network

Mr. Farrell and Mr. Hemmeter have been working together closely as partners through three successive funds and have a successful model of collaboration in finding, evaluating and completing investments that has been endorsed by over 100 limited partners in its funds. The two have the ability and commitment to continue this partnership with Thayer Ventures Acquisition Corporation. The management team also benefits from close and committed contributions from a network of industry advisors, many of whom have been investors in its funds. These include executives and investors who bring extensive experience across lodging, gaming, airline, foodservice, travel, publishing, and data and information services industries. The team expects this network to continue to help in identifying opportunities and also provide connection points for the team to help in business development with any business that becomes its first business combination.

Established Thesis and Deep Database of Prospective Opportunities that Are Believed to be Actionable

The management team has refined its thesis for Thayer Ventures Acquisition Corporation through internal analysis and discussions as well through input and validation from executives and other thought leaders in the industry. The team has also developed a deep database of target acquisition opportunities, from among established, growing private companies as well as potential carve outs from larger businesses. This database is being enhanced on a daily basis through various sources, including through the efforts of our management team's outreach to the industry. Management believes that many of these targets could be actionable immediately upon completion of this offering.

Initial Business Combination

Nasdaq rules and our amended and restated certificate of incorporation require that we complete one or more business combinations having an aggregate fair market value of at least 80% of the assets held in the trust account (excluding the amount of deferred underwriting discounts held in trust and taxes payable on the interest earned on the trust account) at the time of signing the agreement to enter into the initial business combination. We refer to this as the 80% of the fair market value test. Our board of directors will make the determination as to the fair market value of our initial business combination. The fair market value of the target or targets will be determined by our board of directors based upon one or more standards generally accepted by the financial community (such as actual and potential sales, earnings, cash flow and/or book value). Even though our board of directors will rely on generally accepted standards, our board of directors will have discretion to select the standards employed. In addition, the application of the standards generally involves a substantial degree of judgment. Accordingly, investors will be relying on the business judgment of the board of directors in evaluating the fair market value of the target or targets. The proxy solicitation materials or tender offer documents used by

us in connection with any proposed transaction will provide public stockholders with our analysis of our satisfaction of the 80% of fair market value test, as well as the basis for our determinations. If our board of directors is not able to independently determine the fair market value of the target business or businesses, or we are considering an initial business combination with an affiliated entity, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent valuation or accounting firm with respect to the satisfaction of the 80% of fair market value test.

We anticipate structuring our initial business combination so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the equity interests or assets of the target business or businesses. We may, however, structure our initial business combination such that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the prior owners of the target business, the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to the initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in the initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% of fair market value test. If the initial business combination involves more than one target business, the 80% of fair market value test will be based on the aggregate value of all of the target businesses and we will treat the target businesses together as the initial business combination for purposes of a tender offer or for seeking stockholder approval, as applicable.

Other Considerations

We are not prohibited from pursuing an initial business combination or subsequent transaction with a company that is affiliated with Thayer Ventures or our sponsor, founders, officers, or directors. In the event we seek to complete our initial business combination with a company that is affiliated with Thayer Ventures, our sponsor or any of our founders, officers or directors, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent valuation or accounting firm that such initial business combination or transaction is fair to our company from a financial point of view.

Affiliates of Thayer Ventures and members of our board of directors will directly or indirectly own founder shares and private placement warrants following this offering and, accordingly, may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination. Further, each of our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers or directors were to be included by a target business as a condition to any agreement with respect to our initial business combination.

We currently do not have any specific business combination under consideration. Our officers and directors have neither individually selected nor considered a target business nor have they had any substantive discussions regarding possible target businesses among themselves or with our underwriters or other advisors. Thayer Ventures is continuously made aware of potential business opportunities, one or more of which we may desire to pursue for a business combination, but we have not (nor has anyone on our behalf) contacted any prospective

[Table of Contents](#)

[Index to Financial Statements](#)

target business or had any substantive discussions, formal or otherwise, with respect to a business combination transaction with our company. We have not (nor have any of our agents or affiliates) been approached by any candidates (or representative of any candidates) with respect to a possible acquisition transaction with our company and we will not consider a business combination with any company that has already been identified to Thayer Ventures as a suitable acquisition candidate for it, unless Thayer Ventures, in its sole discretion, declines such potential business combination or makes available to our company a co-investment opportunity in accordance with Thayer Ventures's applicable existing and future policies and procedures. Additionally, we have not, nor has anyone on our behalf, taken any substantive measure, directly or indirectly, to select or locate any suitable acquisition candidate for us, nor have we engaged or retained any agent or other representative to select or locate any such acquisition candidate.

Thayer Ventures may manage multiple investment vehicles and raise additional funds and/or successor funds in the future, which may be during the period in which we are seeking our initial business combination. These Thayer Ventures investment entities may be seeking acquisition opportunities and related financing at any time. We may compete with any one or more of them on any given acquisition opportunity.

In addition, our sponsor and our officers and directors may sponsor or form other special purpose acquisition companies similar to ours or may pursue other business or investment ventures during the period in which we are seeking an initial business combination. Any such companies, businesses or investments may present additional conflicts of interest in pursuing an initial business combination. However, we do not believe that any such potential conflicts would materially affect our ability to identify and pursue business combination opportunities or to complete our initial business combination.

Each of our officers and directors presently has, and any of them in the future may have additional, fiduciary or contractual obligations to other entities pursuant to which such officer or director is or will be required to present a business combination opportunity. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations to present the opportunity to such entity, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. In addition, we may, at our option, pursue an Affiliated Joint Acquisition opportunity with an entity to which an officer or director has a fiduciary or contractual obligation. Any such entity may co-invest with us in the target business at the time of our initial business combination, or we could raise additional proceeds to complete the acquisition by making a specified future issuance to any such entity. Our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation.

In addition, our founders, officers and directors are not required to commit any specified amount of time to our affairs and, accordingly, will have conflicts of interest in allocating management time among various business activities, including identifying potential business combinations and monitoring the related due diligence. Moreover, our founders, officers and directors have, and will have in the future, time and attention requirements for current and future investment funds, accounts, co-investment vehicles and other entities managed by Thayer Ventures. To the extent any conflict of interest arises between, on the one hand, us and, on the other hand, investments funds, accounts, co-investment vehicles and other entities managed by Thayer Ventures (including, without limitation, arising as a result of certain of our founders, officers and directors being required to offer acquisition opportunities to such investment funds, accounts, co-investment vehicles and other entities), Thayer Ventures and its affiliates will resolve such conflicts of interest in their sole discretion in accordance with their then existing fiduciary, contractual, and other duties, and there can be no assurance that such conflict of interest will be resolved in our favor.

Status as a Public Company

We believe our structure will make us an attractive business combination partner to target businesses. As an existing public company, we offer a target business an alternative to the traditional initial public offering through a merger or other business combination with us. In a business combination transaction with us, the owners of the target business may, for example, exchange their shares of stock in the target business for our shares of Class A common stock (or shares of a new holding company) or for a combination of our shares of Class A common stock and cash, allowing us to tailor the consideration to the specific needs of the sellers. We believe target businesses will find this method a more expeditious and cost effective method to become a public company than the typical initial public offering. The typical initial public offering process takes a significantly longer period of time than the typical business combination transaction process, and there are significant expenses in the initial public offering process, including underwriting discounts and commissions, that may not be present to the same extent in connection with a business combination with us.

Furthermore, once a proposed business combination is completed, the target business will have effectively become public, whereas an initial public offering is always subject to the underwriters' ability to complete the offering, as well as general market conditions, which could prevent the offering from occurring. Once public, we believe the target business would then have greater access to capital, an additional means of providing management incentives consistent with stockholders' interests and the ability to use its shares as currency for acquisitions. Being a public company can offer further benefits by augmenting a company's profile among potential new customers and vendors and aid in attracting talented employees.

While we believe that our structure and our management team's backgrounds will make us an attractive business partner, some potential target businesses may view our status as a blank check company, such as our lack of an operating history and our ability to seek stockholder approval of any proposed initial business combination, negatively.

We are an "emerging growth company," as defined in Section 2(a) of the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not "emerging growth companies" including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an "emerging growth company" can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an "emerging growth company" can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our shares of Class A common stock that is held by non-affiliates equals or exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period.

Financial Position

With funds available for a business combination initially in the amount of \$147,000,000, after payment of the estimated expenses of this offering and \$6,000,000 of deferred underwriting fees (or \$169,050,000 after

payment of \$6,900,000 of deferred underwriting fees if the underwriters' over-allotment option is exercised in full), we offer a target business a variety of options such as creating a liquidity event for its owners, providing capital for the potential growth and expansion of its operations or strengthening its balance sheet by reducing its debt ratio. Because we are able to complete our initial business combination using our cash, debt or equity securities, or a combination of the foregoing, we have the flexibility to use the most efficient combination that will allow us to tailor the consideration to be paid to the target business to fit its needs and desires. However, we have not taken any steps to secure third party financing and there can be no assurance it will be available to us.

Effecting Our Initial Business Combination

General

We are not presently engaged in, and we will not engage in, any operations for an indefinite period of time following this offering. We intend to effectuate our initial business combination using cash from the proceeds of this offering, the private placements of the private placement warrants, our equity, debt or a combination of these as the consideration to be paid in our initial business combination. We may seek to complete our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth, which would subject us to the numerous risks inherent in such companies and businesses.

If our initial business combination is paid for using equity or debt securities, or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination or used for redemptions of our shares of Class A common stock, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of the post-transaction company, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

We have not selected any business combination target and we have not, nor has anyone on our behalf, initiated any substantive discussions with any business combination target. Additionally, we have not engaged or retained any agent or other representative to select or locate any suitable acquisition candidate, to conduct any research or take any measures, directly or indirectly, to locate or contact a target business, other than our officers and directors. Accordingly, there is no current basis for investors in this offering to evaluate the possible merits or risks of the target business with which we may ultimately complete our initial business combination. Although our management will assess the risks inherent in a particular target business with which we may combine, we cannot assure you that this assessment will result in our identifying all risks that a target business may encounter. Furthermore, some of those risks may be outside of our control, meaning that we can do nothing to control or reduce the chances that those risks will adversely affect a target business.

We may need to obtain additional financing to complete our initial business combination, either because the transaction requires more cash than is available from the proceeds held in our trust account, or because we become obligated to redeem a significant number of our public shares upon completion of the business combination, in which case we may issue additional securities or incur debt in connection with such business combination. There are no prohibitions on our ability to issue securities or incur debt in connection with our initial business combination. We are not currently a party to any arrangement or understanding with any third party with respect to raising any additional funds through the sale of securities, the incurrence of debt or otherwise.

Sources of Target Businesses

Certain members of our management team have spent significant portions of their careers working with businesses in the travel and transportation industry and have developed a wide network of professional services contacts and business relationships in that industry. The members of our board of directors also have significant executive management and public company experience with travel and transportation companies. Our process of

identifying acquisition targets will leverage our management team's unique industry experiences, proven deal sourcing capabilities and broad and deep network of relationships in numerous industries, including executives and management teams, private equity groups and other institutional investors, large business enterprises, lenders, investment bankers and other investment market participants, restructuring advisers, consultants, attorneys and accountants, which we believe should provide us with a number of business combination opportunities. We expect that the collective experience, capability and network of our founders, directors and officers, combined with their individual and collective reputations in the investment community, will help to create prospective business combination opportunities.

In addition, we anticipate that target business candidates may be brought to our attention from various unaffiliated sources, including investment bankers and private investment funds. Target businesses may be brought to our attention by such unaffiliated sources as a result of being solicited by us through calls or mailings. These sources may also introduce us to target businesses in which they think we may be interested on an unsolicited basis, since many of these sources will have read this prospectus and know what types of businesses we are targeting. Our officers and directors, as well as their affiliates, may also bring to our attention target business candidates of which they become aware through their business contacts as a result of formal or informal inquiries or discussions they may have, as well as attending trade shows or conventions.

While we do not presently anticipate engaging the services of professional firms or other individuals that specialize in business acquisitions on any formal basis, we may engage these firms or other individuals in the future, in which event we may pay a finder's fee, consulting fee or other compensation to be determined in an arm's length negotiation based on the terms of the transaction. We will engage a finder only to the extent our management determines that the use of a finder may bring opportunities to us that may not otherwise be available to us or if finders approach us on an unsolicited basis with a potential transaction that our management determines is in our best interest to pursue. Payment of a finder's fee is customarily tied to completion of a transaction, in which case any such fee will be paid out of the funds held in the trust account. In no event, however, will our sponsor or any of our existing officers or directors, or any entity with which they are affiliated, be paid any finder's fee, consulting fee or other compensation by the company prior to, or for any services they render in order to effectuate, the completion of our initial business combination (regardless of the type of transaction that it is). None of our sponsor, executive officers or directors, or any of their respective affiliates, will be allowed to receive any compensation, finder's fees or consulting fees from a prospective business combination target in connection with a contemplated acquisition of such target by us.

We are not prohibited from pursuing an initial business combination with a business combination target that is affiliated with our sponsor, officers or directors, or from making the acquisition through a joint venture or other form of shared ownership with our sponsor, officers or directors. Although we will not be specifically focusing on, or targeting, any transactions with affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for a business combination as set forth below and such transaction was approved by a majority of our independent and disinterested directors. In the event we seek to complete our initial business combination with a business combination target that is affiliated with our sponsor, executive officers or directors, we, or a committee of independent directors, would obtain an opinion from an independent investment banking that is a member of FINRA or an independent valuation or accounting firm that such an initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context.

As more fully discussed in "Management — Conflicts of Interest," if any of our executive officers becomes aware of a business combination opportunity that falls within the line of business of any entity, including private funds under the management of Thayer Ventures and their respective portfolio companies, to which he or she has pre-existing fiduciary or contractual obligations, he or she may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. In addition, existing and future funds managed by Thayer Ventures and their respective portfolio companies may compete with us for business combination opportunities and if such opportunities are pursued by such entities, we may be precluded

from pursuing such opportunities. All of our executive officers currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us. In addition, we may pursue an Affiliated Joint Acquisition opportunity with an entity to which an officer or director has a fiduciary or contractual obligation. Any such entity may co-invest with us in the target business at the time of our initial business combination, or we could raise additional proceeds to complete the acquisition by issuing to such entity a class of equity or equity-linked securities. Our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue.

Evaluation of a Target Business and Structuring of Our Initial Business Combination

In evaluating a prospective target business, we expect to conduct a thorough due diligence review which may encompass, among other things, meetings with incumbent management and employees, document reviews, interviews of customers and suppliers, inspection of facilities, as well as a review of financial, operational, legal and other information which will be made available to us. If we determine to move forward with a particular target, we will proceed to structure and negotiate the terms of the business combination transaction.

The time required to select and evaluate a target business and to structure and complete our initial business combination, and the costs associated with this process, are not currently ascertainable with any degree of certainty. Any costs incurred with respect to the identification and evaluation of, and negotiation with, a prospective target business with which our initial business combination is not ultimately completed will result in our incurring losses and will reduce the funds we can use to complete another business combination. The company will not pay any consulting fees to members of our management team, or any of their respective affiliates, for services rendered to or in connection with our initial business combination.

Lack of Business Diversification

For an indefinite period of time after the completion of our initial business combination, the prospects for our success may depend entirely on the future performance of a single business. Unlike other entities that have the resources to complete business combinations with multiple entities in one or several industries, it is probable that we will not have the resources to diversify our operations and mitigate the risks of being in a single line of business. By completing our initial business combination with only a single entity, our lack of diversification may:

- subject us to negative economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact on the particular industry in which we operate after our initial business combination; and
- cause us to depend on the marketing and sale of a single product or limited number of products or services.

Limited Ability to Evaluate the Target's Management Team

Although we intend to closely scrutinize the management of a prospective target business when evaluating the desirability of effecting our initial business combination with that business, our assessment of the target business's management may not prove to be correct. In addition, the future management may not have the necessary skills, qualifications or abilities to manage a public company. Furthermore, the future role of members of our management team, if any, in the target business cannot presently be stated with any certainty. The determination as to whether any of the members of our management team will remain with the combined company will be made at the time of our initial business combination. While it is possible that one or more of our directors will remain associated in some capacity with us following our initial business combination, it is

unlikely that any of them will devote their full efforts to our affairs subsequent to our initial business combination. Moreover, we cannot assure you that members of our management team will have significant experience or knowledge relating to the operations of the particular target business.

We cannot assure you that any of our key personnel will remain in senior management or advisory positions with the combined company. The determination as to whether any of our key personnel will remain with the combined company will be made at the time of our initial business combination.

Following a business combination, we may seek to recruit additional managers to supplement the incumbent management of the target business. We cannot assure you that we will have the ability to recruit additional managers, or that additional managers will have the requisite skills, knowledge or experience necessary to enhance the incumbent management.

Stockholders May Not Have the Ability to Approve Our Initial Business Combination

We may conduct redemptions without a stockholder vote pursuant to the tender offer rules of the SEC subject to the provisions of our amended and restated certificate of incorporation. However, we will seek stockholder approval if it is required by law or applicable stock exchange rule, or we may decide to seek stockholder approval for business or other reasons.

Under Nasdaq's listing rules, stockholder approval would be required for our initial business combination if, for example:

- we issue (other than in a public offering for cash) common stock that will either (a) be equal to or in excess of 20% of the number of shares of Class A common stock then outstanding or (b) have voting power equal to or in excess of 20% of the voting power then outstanding;
- any of our directors, officers or substantial stockholders (as defined by Nasdaq rules) has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in the target business or assets to be acquired or otherwise and the present or potential issuance of common stock could result in an increase in outstanding common stock or voting power of 5% or more; or
- the issuance or potential issuance of common stock will result in our undergoing a change of control.

The decision as to whether we will seek stockholder approval of a proposed business combination in those instances in which stockholder approval is not required by law will be made by us, solely in our discretion, and will be based on business and legal reasons, which include a variety of factors, including, but not limited to:

- the timing of the transaction, including in the event we determine stockholder approval would require additional time and there is either not enough time to seek stockholder approval or doing so would place the company at a disadvantage in the transaction or result in other additional burdens on the company;
- the expected cost of holding a stockholder vote;
- the risk that the stockholders would fail to approve the proposed business combination;
- other time and budget constraints of the company; and
- additional legal complexities of a proposed business combination that would be time-consuming and burdensome to present to stockholders.

Permitted Purchases of Our Securities

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors,

executive officers, advisors or their affiliates may purchase public shares or public warrants in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. None of the funds in the trust account will be used to purchase public shares or public warrants in such transactions. If they engage in such transactions, they will not make any such purchases when they are in possession of any material non-public information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act.

In the event that our sponsor, directors, officers, advisors or their affiliates purchase public shares in privately negotiated transactions from stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules.

The purpose of any such purchases of shares could be to (i) vote such shares in favor of the business combination and thereby increase the likelihood of obtaining stockholder approval of the business combination or (ii) to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible.

In addition, if such purchases are made, the public “float” of our shares of Class A common stock or public warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Our sponsor, officers, directors and/or their affiliates anticipate that they may identify the stockholders with whom our sponsor, officers, directors or their affiliates may pursue privately negotiated purchases by either the stockholders contacting us directly or by our receipt of redemption requests submitted by stockholders (in the case of shares of Class A common stock) following our mailing of proxy materials in connection with our initial business combination. To the extent that our sponsor, officers, directors, advisors or their affiliates enter into a private purchase, they would identify and contact only potential selling stockholders who have expressed their election to redeem their shares for a pro rata share of the trust account or vote against our initial business combination, whether or not such stockholder has already submitted a proxy with respect to our initial business combination but only if such shares have not already been voted at the stockholder meeting related to our initial business combination. Our sponsor, executive officers, directors, advisors or any of their affiliates will select which stockholders to purchase shares from based on the negotiated price and number of shares and any other factors that they may deem relevant, and will only purchase shares if such purchases comply with Regulation M under the Exchange Act and the other federal securities laws.

Our sponsor, officers, directors and/or their affiliates will not make purchases of shares if the purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements.

Redemption Rights for Stockholders upon Completion of Our Initial Business Combination

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares of Class A common stock upon the completion of our initial business combination at a per-share price, payable in

cash, equal to the aggregate amount then on deposit in the trust account calculated as of two business days prior to the consummation of the initial business combination, including interest (net of taxes payable), divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be \$10.20 per public share. The per share amount we will distribute to investors who properly redeem their shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. The redemption rights will include the requirement that a beneficial holder must identify itself in order to validly redeem its shares. Our initial stockholders have entered into an agreement with us, pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares and (ii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. Our initial stockholders have also agreed (A) that they will not propose any amendment to our amended and restated certificate of incorporation that would modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares and (B) to waive their redemption rights with respect to their founder shares and any public shares they may acquire during or after this offering in connection with the completion of our initial business combination. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering.

Limitations on Redemptions

Our amended and restated certificate of incorporation provides that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). However, the proposed business combination may require: (i) cash consideration to be paid to the target or its owners, (ii) cash to be transferred to the target for working capital or other general corporate purposes or (iii) the retention of cash to satisfy other conditions in accordance with the terms of the proposed business combination. In the event the aggregate cash consideration we would be required to pay for all shares of Class A common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed business combination exceed the aggregate amount of cash available to us, we will not complete the business combination or redeem any shares, and all shares of Class A common stock submitted for redemption will be returned to the holders thereof.

Manner of Conducting Redemptions

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares of Class A common stock upon the completion of our initial business combination either (i) in connection with a stockholder meeting called to approve the business combination or (ii) by means of a tender offer. The decision as to whether we will seek stockholder approval of a proposed business combination or conduct a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would require us to seek stockholder approval under applicable law or stock exchange listing requirement or whether we were deemed to be a foreign private issuer (which would require a tender offer rather than seeking stockholder approval under SEC rules). Asset acquisitions and stock purchases would not typically require stockholder approval while direct mergers with our company where we do not survive and any transactions where we issue more than 20% of our outstanding common stock or seek to amend our amended and restated certificate of incorporation would require stockholder approval. We currently intend to conduct redemptions in connection with a stockholder vote unless stockholder approval is not required by applicable law or stock exchange listing requirement and we choose to conduct redemptions pursuant to the tender offer rules of the SEC for business or other reasons.

[Index to Financial Statements](#)

If we held a stockholder vote to approve our initial business combination, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules; and
- file proxy materials with the SEC.

In the event that we seek stockholder approval of our initial business combination, we will distribute proxy materials and, in connection therewith, provide our public stockholders with the redemption rights described above upon completion of the initial business combination.

If we seek stockholder approval, we will complete our initial business combination only if a majority of the shares of Class A common stock voted, on an as converted basis, are voted in favor of the business combination. In such case, our sponsor has agreed to vote the founder shares and any public shares purchased by our sponsor during or after this offering in favor of our initial business combination. As a result, in addition to our initial stockholders' founder shares, we would need 5,625,001, or 37.5% (assuming all outstanding shares are voted and the over-allotment option is not exercised), of the 15,000,000 public shares sold in this offering to be voted in favor of an initial business combination in order to have our initial business combination approved. In addition, if the anchor investors purchase 4,496,000 units in this offering and vote the shares of Class A common stock included in such units in favor of our initial business combination, a smaller proportion of affirmative votes from other public stockholders (6.0%) would be required to approve our initial business combination. Each stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction. In addition, our initial stockholders have entered into an agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of a business combination.

If we conduct redemptions pursuant to the tender offer rules of the SEC, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers; and
- file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies.

Upon the public announcement of our initial business combination, we or our sponsor will terminate any plan established in accordance with Rule 10b5-1 to purchase shares of Class A common stock in the open market if we elect to redeem our public shares through a tender offer, to comply with Rule 14e-5 under the Exchange Act.

In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on stockholders not tendering more than the number of public shares we are permitted to redeem. If stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete the initial business combination.

Limitation on Redemption upon Completion of Our Initial Business Combination If We Seek Stockholder Approval

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to Excess Shares. We believe this restriction will discourage stockholders from accumulating large blocks of shares, and subsequent attempts by such holders to use their ability to exercise their redemption rights against a proposed business combination as a means to force us or our management to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public stockholder holding more than an aggregate of 15% of the shares sold in this offering could threaten to exercise its redemption rights if such holder’s shares are not purchased by us, our sponsor or our management at a premium to the then-current market price or on other undesirable terms. By limiting our public stockholders’ ability to redeem no more than 15% of the shares sold in this offering without our prior consent, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with a business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash.

However, we would not be restricting our public stockholders’ ability to vote all of their shares (including Excess Shares) for or against our initial business combination.

Tendering Share Certificates in Connection with Redemption Rights or a Tender Offer

Public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” will be required to either tender their certificates (if any) to our transfer agent prior to the date set forth in the proxy solicitation or tender offer materials, as applicable, mailed to such holders, or to deliver their shares to the transfer agent electronically using The Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option, in each case up to two business days prior to the initially scheduled vote to approve the business combination. The proxy solicitation or tender offer materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will indicate the applicable delivery requirements, which will include the requirement that a beneficial holder must identify itself in order to validly redeem its shares. Accordingly, a stockholder would have from the time we send out our tender offer materials up to two days prior to the vote on the business combination to tender its shares if it wishes to seek to exercise its redemption rights. Given the relatively short period in which to exercise redemption rights, it is advisable for stockholders to use electronic delivery of their public shares.

There is a nominal cost associated with the above-referenced tendering process and the act of certifying the shares or delivering them through the DWAC System. The transfer agent will typically charge the tendering broker a fee of approximately \$80.00 and it would be up to the broker whether or not to pass this cost on to the redeeming holder. However, this fee would be incurred regardless of whether or not we require holders seeking to exercise redemption rights to tender their shares. The need to deliver shares is a requirement of exercising redemption rights regardless of the timing of when such delivery must be effectuated.

The foregoing is different from the procedures used by many blank check companies. In order to perfect redemption rights in connection with their business combinations, many blank check companies would distribute proxy materials for the stockholders’ vote on an initial business combination, and a holder could simply vote against a proposed business combination and check a box on the proxy card indicating such holder was seeking to exercise their redemption rights. After the business combination was approved, the company would contact such stockholder to arrange for them to deliver their certificate to verify ownership. As a result, the stockholder then had an “option window” after the completion of the business combination during which he or she could monitor the price of the company’s shares in the market. If the price rose above the redemption price, they could

sell their shares in the open market before actually delivering their shares to the company for cancellation. As a result, the redemption rights, to which stockholders were aware they needed to commit before the stockholder meeting, would become “option” rights surviving past the completion of the business combination until the redeeming holder delivered its certificate. The requirement for physical or electronic delivery prior to the meeting ensures that a redeeming stockholder’s election to redeem is irrevocable once the business combination is approved.

Any request to redeem such shares, once made, may be withdrawn at any time up to two business days prior to the vote on the proposal to approve the business combination, unless otherwise agreed to by us. Furthermore, if a holder of a public share delivered its certificate in connection with an election of redemption rights and subsequently decides prior to the applicable date not to elect to exercise such rights, such holder may simply request that the transfer agent return the certificate (physically or electronically). It is anticipated that the funds to be distributed to holders of our public shares electing to redeem their shares will be distributed promptly after the completion of our initial business combination.

If our initial business combination is not approved or completed for any reason, then our public stockholders who elected to exercise their redemption rights would not be entitled to redeem their shares for the applicable pro rata share of the trust account. In such case, we will promptly return any certificates delivered by public holders who elected to redeem their shares.

If our initial proposed business combination is not completed, we may continue to try to complete a business combination with a different target until 18 months from the closing of this offering.

Redemption of Public Shares and Liquidation If No Initial Business Combination

Our amended and restated certificate of incorporation provides that we will have only 18 months from the closing of this offering to consummate an initial business combination. If we are unable to consummate an initial business combination within 18 months from the closing of this offering, we will: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (less up to \$100,000 of interest to pay dissolution expenses and net of taxes payable), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders’ rights as stockholders (including the right to receive further liquidating distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, liquidate and dissolve, subject in the case of clauses (ii) and (iii) to our obligations to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless if we fail to consummate an initial business combination within 18 months from the closing of this offering.

Our initial stockholders have entered into an agreement with us, pursuant to which they have waived their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to consummate an initial business combination within 18 months from the closing of this offering. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering.

Our sponsor, executive officers and directors have agreed, pursuant to a written agreement with us, that they it not propose any amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not consummate an initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders’ rights or pre-initial

business combination activity, unless we provide our public stockholders with the opportunity to redeem their public shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of taxes payable), divided by the number of then outstanding public shares. However, we may not redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). If this optional redemption right is exercised with respect to an excessive number of public shares such that we cannot satisfy the net tangible asset requirement, we would not proceed with the amendment or the related redemption of our public shares at such time. This redemption right shall apply in the event of the approval of any such amendment, whether proposed by our sponsors, any executive officer, director or any other person.

We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the \$3,500,000, including \$1,500,000 (or \$1,725,000 in case of over-allotment) reimbursement from underwriters, of proceeds held outside the trust account, although we cannot assure you that there will be sufficient funds for such purpose. However, if those funds are not sufficient to cover the costs and expenses associated with implementing our plan of dissolution, we may request the trustee to release to us an additional amount of up to \$100,000 of such accrued interest to pay those costs and expenses.

If we were to expend all of the net proceeds of this offering, other than the proceeds deposited in the trust account, and without taking into account interest, if any, earned on the trust account, the per-share redemption amount received by stockholders upon our dissolution would be \$10.20. The proceeds deposited in the trust account could, however, become subject to the claims of our creditors which would have higher priority than the claims of our public stockholders. We cannot assure you that the actual per-share redemption amount received by stockholders will not be less than \$10.20. While we intend to pay such amounts, if any, we cannot assure you that we will have funds sufficient to pay or provide for all creditors' claims.

Although we will seek to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. The underwriters will not execute agreements with us waiving such claims to the monies held in the trust account. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. In order to protect the amounts held in the trust account, our sponsor has agreed that it will be liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the trust account to below the lesser of (i) \$10.20 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account if less than \$10.20 per share due to reductions in the value of the trust assets, in each case less taxes payable, provided that such liability will not apply to any claims by a third party who executed a waiver of any and all rights to seek access to the trust account nor will it apply to any claims under our indemnity of the underwriters of this offering against certain

liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, our sponsor will not be responsible to the extent of any liability for such third party claims. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and we believe that our sponsor's only assets are securities of our company. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the trust account are reduced below the lesser of (i) \$10.20 per public share and (ii) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account if less than \$10.20 per share due to reductions in the value of the trust assets, in each case less taxes payable, and our sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.20 per share.

We will seek to reduce the possibility that our sponsor will have to indemnify the trust account due to claims of creditors by endeavoring to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the trust account. Our sponsor will also not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We will have access to up to \$1,250,000 from the proceeds of this offering and the sale of the private placement warrants with which to pay any such potential claims (including costs and expenses incurred in connection with our liquidation, currently estimated to be no more than approximately \$100,000). In the event that we liquidate and it is subsequently determined that the reserve for claims and liabilities is insufficient, stockholders who received funds from our trust account could be liable for claims made by creditors; however, such liability will not be greater than the amount of funds from our trust account received by any such stockholder. In the event that our offering expenses exceed our estimate of \$750,000, we may fund such excess with funds from the funds not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$750,000, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our public stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return \$10.20 per share to our public stockholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover some or all amounts received by our public stockholders. Furthermore, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial

business combination within 18 months from the closing of this offering may be considered a liquidating distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within 18 months from the closing of this offering, is not considered a liquidating distribution under Delaware law and such redemption distribution is deemed to be unlawful (potentially due to the imposition of legal proceedings that a party may bring or due to other circumstances that are currently unknown), then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidating distribution. If we do not complete our initial business combination within 18 months from the closing of this offering, we will: (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account that may be released to us to pay our taxes, if any (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any) and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Accordingly, it is our intention to redeem our public shares as soon as reasonably possible following our 18th month and, therefore, we do not intend to comply with those procedures. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of such date.

Because we will not be complying with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the subsequent ten years. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. As described above, pursuant to the obligation contained in our underwriting agreement, we will seek to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account. As a result of this obligation, the claims that could be made against us are significantly limited and the likelihood that any claim that would result in any liability extending to the trust account is remote. Further, our sponsor may be liable only to the extent necessary to ensure that the amounts in the trust account are not reduced below (i) \$10.20 per public share or (ii) such lesser amount per public share held in the trust account as of the date of the liquidation of the trust account, due to reductions in value of the trust assets, in each case net of the amount of interest withdrawn to pay taxes and will not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, our sponsor will not be responsible to the extent of any liability for such third-party claims.

If we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy

or insolvency law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return \$10.20 per share to our public stockholders. Additionally, if we file a bankruptcy or winding-up petition or an involuntary bankruptcy or winding-up petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy or insolvency laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy or insolvency court could seek to recover some or all amounts received by our stockholders. Furthermore, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

Our public stockholders will be entitled to receive funds from the trust account only (i) in the event of the redemption of our public shares if we do not consummate an initial business combination within 18 months from the closing of this offering, (ii) in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not consummate an initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders’ rights or pre-initial business combination activity or (iii) if they redeem their respective shares for cash upon the completion of the initial business combination. In no other circumstances will a stockholder have any right or interest of any kind to or in the trust account. In the event we seek stockholder approval in connection with our initial business combination, a stockholder’s voting in connection with the business combination alone will not result in a stockholder’s redeeming its shares to us for an applicable pro rata share of the trust account. Such stockholder must have also exercised its redemption rights described above. These provisions of our amended and restated certificate of incorporation, like all provisions of our amended and restated certificate of incorporation, may be amended with a stockholder vote.

If they engage in such transactions, they will not make any such purchases when they are in possession of any material nonpublic information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Securities Exchange Act of 1934, as amended, or the Exchange Act. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules.

Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419

The following table compares the terms of this offering to the terms of an offering by a blank check company subject to the provisions of Rule 419. This comparison assumes that the gross proceeds, underwriting commissions and underwriting expenses of our offering would be identical to those of an offering undertaken by a company subject to Rule 419, and that the underwriters will not exercise their over-allotment option. None of the provisions of Rule 419 apply to our offering.

Competition

In identifying, evaluating and selecting a target business for our initial business combination, we may encounter intense competition from other entities having a business objective similar to ours, including other blank check companies, private equity groups and leveraged buyout funds, public companies, operating businesses seeking strategic acquisitions. Many of these entities are well established and have extensive experience identifying and effecting business combinations directly or through affiliates. Moreover, many of these competitors possess greater financial, technical, human and other resources than us. Our ability to acquire larger target businesses will be limited by our available financial resources. This inherent limitation gives others an advantage in pursuing the acquisition of a target business. Furthermore, our obligation to pay cash in connection with our public stockholders who exercise their redemption rights may reduce the resources available to us for our initial business combination and our outstanding warrants, and the future dilution they potentially represent, may not be viewed favorably by certain target businesses. Either of these factors may place us at a competitive disadvantage in successfully negotiating an initial business combination.

Facilities

We currently maintain our executive offices at 25852 McBean Parkway, Suite 508, Valencia, CA 91355. Our sponsor will provide us use of such office space and administrative and support services for \$20,000 per month commencing on the date of this prospectus. We consider our current office space adequate for our current operations.

Employees

We currently have two executive officers. These individuals are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they deem necessary to our affairs until we have completed our initial business combination. The amount of time they will devote in any time period will vary based on whether a target business has been selected for our initial business combination and the stage of the business combination process we are in. We do not intend to have any full time employees prior to the completion of our initial business combination.

Periodic Reporting and Financial Information

We will register our units, shares of Class A common stock and warrants under the Exchange Act and have reporting obligations, including the requirement that we file annual, quarterly and current reports with the SEC. In accordance with the requirements of the Exchange Act, our annual reports will contain financial statements audited and reported on by our independent registered public accountants.

We will provide stockholders with audited financial statements of the prospective target business as part of the proxy solicitation or tender offer materials, as applicable, sent to stockholders. These financial statements may be required to be prepared in accordance with, or reconciled to, GAAP, or IFRS, depending on the circumstances, and the historical financial statements may be required to be audited in accordance with the standards of the PCAOB. These financial statement requirements may limit the pool of potential target businesses we may acquire because some targets may be unable to provide such financial statements in time for us to disclose such financial statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame. We cannot assure you that any particular target business identified by us as a potential acquisition candidate will have financial statements prepared in accordance with the requirements outlined above, or that the potential target business will be able to prepare its financial statements in accordance with the requirements outlined above. To the extent that these requirements cannot be met, we may not be able to acquire the proposed target business. While this may limit the pool of potential acquisition candidates, we do not believe that this limitation will be material.

We will be required to evaluate our internal control procedures for the fiscal year ending December 31, 2019 as required by the Sarbanes-Oxley Act. Only in the event we are deemed to be a large accelerated filer or an accelerated filer will we be required to have our internal control procedures audited. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such acquisition.

Prior to the date of this prospectus, we will file a Registration Statement on Form 8-A with the SEC to voluntarily register our securities under Section 12 of the Exchange Act. As a result, we will be subject to the rules and regulations promulgated under the Exchange Act. We have no current intention of filing a Form 15 to suspend our reporting or other obligations under the Exchange Act prior or subsequent to the consummation of our initial business combination.

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended, or the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS

Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our shares of Class A common stock that are held by non-affiliates equals or exceeds \$700 million as of the prior June 30th, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

Since March 2017, Dr. Edelman has also been a Venture Partner at Anzu Partners and has served on the boards of multiple private technology companies and the non-profit Freedom Forum Institute. He previously spent six years at the White House from December 2010 to January 2017 managing domestic and global technology, economic, and national security policy issues, including as Special Assistant to the President for Economic & Technology Policy and earlier, as the first Director for International Cyber Policy at the National Security Council. He holds a B.A. from Yale and a Master’s and Doctorate from Oxford (UK).

We believe Mr. Edelman’s depth of management experience makes him well qualified to serve on our board of directors.

Number and Terms of Office of Officers and Directors

We will have seven directors upon completion of this offering. Our board of directors will be divided into three classes, with only one class of directors being elected in each year, and with each class (except for those directors appointed prior to our first annual meeting of stockholders) serving a three-year term. The term of office of the first class of directors, consisting of R. David Edelman and Lawrence M. Kutscher will expire at our first annual meeting of stockholders. The term of office of the second class of directors, consisting of H. Charles Floyd, Caroline Shin and Ren Riley will expire at our second annual meeting of stockholders. The term of office of the third class of directors, consisting of Mark E. Farrell and Christopher Hemmeter will expire at our third annual meeting of stockholders.

Prior to the completion of an initial business combination, any vacancy on the board of directors may be filled by a nominee chosen by holders of a majority of our founder shares. In addition, prior to the completion of an initial business combination, holders of a majority of our founder shares may remove a member of the board of directors for any reason.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set forth in our amended and restated certificate of incorporation as it deems appropriate. Our amended and restated certificate of incorporation provides that our officers may consist of one or more chairman of the board, chief executive officer, president, chief financial officer, vice presidents, secretary, treasurer and such other offices as may be determined by the board of directors.

Director Independence

Applicable rules of the Nasdaq require a majority of a listed company’s board of directors to be comprised of independent directors within one year of listing. An “independent director” is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which in the opinion of the company’s board of directors, would interfere with the director’s exercise of independent judgment in carrying out the responsibilities of a director. Upon the effectiveness of the registration statement of which this prospectus forms a part, we expect to have “independent directors” as defined in Nasdaq’s listing standards and applicable SEC rules. Our board of directors has determined that H. Charles

Floyd, Ren Riley, Lawrence M. Kutscher, Caroline Shin and R. David Edelman are “independent directors” as defined in the Nasdaq listing standards and applicable SEC rules. Our independent directors will have regularly scheduled meetings at which only independent directors are, subject to the transition rules described above for newly listed companies present.

Executive Officer and Director Compensation

None of our executive officers or directors have received any cash compensation for services rendered to us. Our sponsor, executive officers and directors, or any of their respective affiliates will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made to our sponsor, executive officers or directors, or our or their affiliates. Any such payments prior to an initial business combination will be made from funds held outside the trust account. Other than quarterly audit committee review of such reimbursements, we do not expect to have any additional controls in place governing our reimbursement payments to our directors and executive officers for their out-of-pocket expenses incurred in connection with our activities on our behalf in connection with identifying and consummating an initial business combination. Other than these payments and reimbursements, no compensation of any kind, including finder’s and consulting fees, will be paid by the company to our sponsor, executive officers and directors, or any of their respective affiliates, prior to completion of our initial business combination.

After the completion of our initial business combination, directors or members of our management team who remain with us may be paid consulting or management fees from the combined company. All of these fees will be fully disclosed to stockholders, to the extent then known, in the proxy solicitation materials or tender offer materials furnished to our stockholders in connection with a proposed business combination. We have not established any limit on the amount of such fees that may be paid by the combined company to our directors or members of management. It is unlikely the amount of such compensation will be known at the time of the proposed business combination, because the directors of the post-combination business will be responsible for determining executive officer and director compensation. Any compensation to be paid to our executive officers will be determined, or recommended to the board of directors for determination, either by a compensation committee constituted solely by independent directors or by a majority of the independent directors on our board of directors.

We do not intend to take any action to ensure that members of our management team maintain their positions with us after the consummation of our initial business combination, although it is possible that some or all of our executive officers and directors may negotiate employment or consulting arrangements to remain with us after our initial business combination. The existence or terms of any such employment or consulting arrangements to retain their positions with us may influence our management’s motivation in identifying or selecting a target business but we do not believe that the ability of our management to remain with us after the consummation of our initial business combination will be a determining factor in our decision to proceed with any potential business combination. We are not party to any agreements with our executive officers and directors that provide for benefits upon termination of employment.

Committees of the Board of Directors

Upon the effectiveness of the registration statement of which this prospectus forms a part, our board of directors will have two standing committees: an audit committee and a compensation committee. Subject to phase-in rules and a limited exception, the rules of Nasdaq and Rule 10A of the Exchange Act require that the audit committee of a listed company be comprised solely of independent directors. Subject to phase-in rules and a limited exception, the rules of Nasdaq require that the compensation committee of a listed company be comprised solely of independent directors. Each committee will operate under a charter that has been approved by our board and will have the composition and responsibilities described below.

Audit Committee

Upon the effectiveness of the registration statement of which this prospectus forms a part, we will establish an audit committee of the board of directors. Ren Riley, Caroline Shin and Lawrence M. Kutscher will serve as members of our audit committee. Our board of directors has determined that each of Ren Riley, Caroline Shin and Lawrence M. Kutscher are independent. Ren Riley will serve as the Chairman of the audit committee. Each member of the audit committee meets the financial literacy requirements of Nasdaq and our board of directors has determined that Ren Riley qualifies as an “audit committee financial expert” as defined in applicable SEC rules and has accounting or related financial management expertise.

The audit committee is responsible for:

- meeting with our independent registered public accounting firm regarding, among other issues, audits, and adequacy of our accounting and control systems;
- monitoring the independence of the independent registered public accounting firm;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent registered public accounting firm, including the fees and terms of the services to be performed;
- appointing or replacing the independent registered public accounting firm;
- determining the compensation and oversight of the work of the independent registered public accounting firm (including resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies;
- monitoring compliance on a quarterly basis with the terms of this offering and, if any noncompliance is identified, immediately taking all action necessary to rectify such noncompliance or otherwise causing compliance with the terms of this offering; and
- reviewing and approving all payments made to our existing stockholders, executive officers or directors and their respective affiliates. Any payments made to members of our audit committee will be reviewed and approved by our board of directors, with the interested director or directors abstaining from such review and approval.

Director Nominations

We do not have a standing nominating committee though we intend to form a corporate governance and nominating committee as and when required to do so by law or Nasdaq rules. In accordance with Rule 5605 of the Nasdaq rules, a majority of the independent directors may recommend a director nominee for selection by the board of directors. The board of directors believes that the independent directors can satisfactorily carry out the responsibility of properly selecting or approving director nominees without the formation of a standing nominating committee. The directors who will participate in the consideration and recommendation of director nominees are H. Charles Floyd, Ren Riley, Lawrence M. Kutscher, Caroline Shin and R. David Edelman. In accordance with Rule 5605 of the Nasdaq rules, all such directors are independent. As there is no standing nominating committee, we do not have a nominating committee charter in place.

The board of directors will also consider director candidates recommended for nomination by our stockholders during such times as they are seeking proposed nominees to stand for election at the next annual meeting of stockholders (or, if applicable, a special meeting of stockholders). Our stockholders that wish to nominate a director for election to our board of directors should follow the procedures set forth in our bylaws.

We have not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the board of directors considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our stockholders. They should have demonstrated notable or significant achievements in business, education or public service; should possess the requisite intelligence, education and experience to make a significant contribution to the board of directors and bring a range of skills, diverse perspectives and backgrounds to its deliberations; and should have the highest ethical standards, a strong sense of professionalism and intense dedication to serving the interests of the stockholders.

The board of directors will consider a number of qualifications relating to management and leadership experience, background and integrity and professionalism in evaluating a person's candidacy for membership on the board of directors. The board of directors may require certain skills or attributes, such as financial or accounting experience, to meet specific board needs that arise from time to time and will also consider the overall experience and makeup of its members to obtain a broad and diverse mix of board members.

Compensation Committee

Upon the effectiveness of the registration statement of which this prospectus forms a part, we will establish a compensation committee of our board of directors. The members of our compensation committee will be Caroline Shin, R. David Edelman, and Ren Riley and Caroline Shin will serve as chairman of the compensation committee.

Our board of directors has determined that each of Caroline Shin, R. David Edelman, and Ren Riley are independent. We will adopt a compensation committee charter, which will detail the principal functions of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer's compensation, evaluating our Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer based on such evaluation;
- reviewing and approving the compensation of all of our other Section 16 executive officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our executive officers and employees;
- producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The charter will also provide that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by Nasdaq and the SEC.

Compensation Committee Interlocks and Insider Participation

None of our executive officers currently serves, and in the past year has not served, as a member of the compensation committee of any entity that has one or more executive officers serving on our board of directors.

Code of Ethics

Upon the effectiveness of the registration statement of which this prospectus forms a part, we will have adopted a Code of Ethics applicable to our directors, officers and employees. A copy of the Code of Ethics will be provided without charge upon request from us. We intend to disclose any amendments to or waivers of certain provisions of our Code of Ethics in a Current Report on Form 8-K.

Conflicts of Interest

In general, officers and directors of a corporation incorporated under the laws of the State of Delaware are required to present business opportunities to a corporation if:

- the corporation could financially undertake the opportunity;
- the opportunity is within the corporation's line of business; and
- it would not be fair to our company and its stockholders for the opportunity not to be brought to the attention of the corporation.

Each of our officers and directors presently has, and any of them in the future may have additional, fiduciary or contractual obligations to another entity, including private funds under the management of Thayer Ventures and their respective portfolio companies, pursuant to which such officer or director is or will be required to present a business combination opportunity to such entity. In addition, existing and future funds managed by Thayer Ventures and their respective portfolio companies may compete with us for business combination opportunities and, if such opportunities are pursued by such entities, we may be precluded from pursuing such opportunities. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for an entity to which he or she has then-current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such business combination opportunity to such entity, and may only decide to present it to us if such entity rejects the opportunity and consummating the same would not violate any restrictive covenants to which such officers and directors are subject. Notwithstanding the foregoing, we may pursue an Affiliated Joint Acquisition opportunity with an entity to which an officer or director has a fiduciary or contractual obligation. Any such entity may co-invest with us in the target business at the time of our initial business combination, or we could raise additional proceeds to complete the acquisition by issuing to such entity a class of equity or equity-linked securities. Our amended and restated certificate of incorporation provides that we renounce our interest in any corporate opportunity offered to any director or officer unless such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of the company and such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue, and to the extent the director or officer is permitted to refer that opportunity to us without violating another legal obligation. We do not believe, however, that the fiduciary duties or contractual obligations of our officers or directors will materially affect our ability to identify and pursue business combination opportunities or to complete our initial business combination.

Potential investors should also be aware of the following other potential conflicts of interest:

- In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to us as well as the other entities with which they are affiliated. Our management may have conflicts of interest in determining to which entity a particular business opportunity should be presented.
- Our initial stockholders have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the consummation of our initial business combination. Additionally, our initial stockholders have agreed to waive their redemption rights with respect to any founder shares held by them if we fail to consummate our initial business combination within 18 months after the closing of this offering. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. If we do not complete our initial business combination within such applicable time period, the proceeds of the sale of the private placement warrants held in the trust account will be used to fund the redemption of our public shares, and the private placement warrants will expire worthless. With certain limited exceptions, the founder shares will not be transferable, assignable by our initial stockholders (or any other permitted assigns, if any) until the earlier of: (A) one year after the completion of our initial business combination or (B) subsequent to our initial business combination, (x) if the last reported sale price of our shares of Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date on which we complete a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of our stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property. With certain limited exceptions, the private placement warrants and the shares of Class A common stock underlying such warrants, will not be transferable, assignable or salable by our sponsor or its permitted transferees until 30 days after the completion of our initial business combination. Since our sponsor and officers and directors may directly or indirectly own common stock and warrants following this offering, our officers and directors may have a conflict of interest in determining whether a particular target business is an appropriate business with which to complete our initial business combination.
- Our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors was included by a target business as a condition to any agreement with respect to our initial business combination.
- Our sponsor, officers or directors may have a conflict of interest with respect to evaluating a business combination and financing arrangements as we may obtain loans from our sponsor or an affiliate of our sponsor or any of our officers or directors to finance transaction costs in connection with an intended initial business combination. Up to \$1,500,000 of such loans may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender. Such warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period.

The conflicts described above may not be resolved in our favor.

We are not prohibited from pursuing an initial business combination with a business combination target that is affiliated with our sponsor, officers or directors or completing the business combination through a joint venture or other form of shared ownership with our sponsor, officers or directors. In the event we seek to complete our initial business combination with a business combination target that is affiliated with our sponsor, executive officers or directors, we, or a committee of independent directors, would obtain an opinion from an independent investment banking that is a member of FINRA or an independent valuation or accounting firm that such initial business combination is fair to our company from a financial point of view. We are not required to obtain such an

opinion in any other context. Furthermore, in no event will our sponsor or any of our existing officers or directors, or any of their respective affiliates, be paid by the company any finder's fee, consulting fee or other compensation prior to, or for any services they render in order to effectuate, the completion of our initial business combination. Our office space and administrative and support services will be provided to us for \$20,000 per month by our sponsor commencing on the date of this prospectus.

In the event that we submit our initial business combination to our public stockholders for a vote, our sponsor has agreed to vote any founder shares held by it and any public shares purchased during or after the offering in favor of our initial business combination and our officers and directors have also agreed to vote any public shares purchased during or after the offering in favor of our initial business combination.

Limitation on Liability and Indemnification of Officers and Directors

Our amended and restated certificate of incorporation provides that our officers and directors will be indemnified by us to the fullest extent authorized by Delaware law, as it now exists or may in the future be amended. In addition, our amended and restated certificate of incorporation provides that our directors will not be personally liable for monetary damages to us or our stockholders for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors.

We will enter into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated certificate of incorporation. Our amended and restated bylaws also permit us to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit such indemnification.

We will purchase a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors. Except with respect to any public shares they may acquire in this offering or thereafter (in the event we do not consummate an initial business combination), our officers and directors have agreed to waive (and any other persons who may become an officer or director prior to the initial business combination will also be required to waive) any right, title, interest or claim of any kind in or to any monies in the trust account, and not to seek recourse against the trust account for any reason whatsoever, including with respect to such indemnification (although our officers and directors will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the prescribed time frame).

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the directors' and officers' liability insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.

PRINCIPAL STOCKHOLDERS

The following table sets forth information regarding the beneficial ownership of our common stock as of the date of this prospectus, and as adjusted to reflect the sale of our shares of Class A common stock included in the units offered by this prospectus, and assuming no purchase of units in this offering, by:

- each person known by us to be the beneficial owner of more than 5% of our outstanding common stock;
- each of our executive officers and directors that beneficially owns common stock; and
- all our executive officers and directors as a group.

Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all of our common stock beneficially owned by them. The following table does not reflect record or beneficial ownership of the private placement warrants as these warrants are not exercisable within 60 days of the date of this prospectus.

On August 11, 2020, our sponsor subscribed to purchase 5,031,250 founder shares. On August 13, 2020, our sponsor paid \$25,000, or approximately \$0.005 per share, for certain expenses on behalf of us in exchange for issuance of the founder shares. On October 27, 2020, 718,750 founder shares were contributed back to the company for no consideration, resulting in there being 4,312,500 founder shares issued and outstanding, of which 562,500 shares are subject to forfeiture if the underwriters do not exercise their over-allotment option in full. On November 9, 2020, our sponsor transferred 25,000 founder shares to each of our independent director nominees. These 125,000 shares are not subject to forfeiture in the event the underwriters' over-allotment option is not exercised. Prior to the initial investment in the company of \$25,000 by our sponsor, the company had no assets, tangible or intangible. The per share price of the founder shares was determined by dividing the amount contributed to the company by the number of founder shares issued. The post-offering percentages in the following table assume that the underwriters do not exercise their over-allotment option and that there are 18,750,000 shares of common stock issued and outstanding after this offering.

(2) Interests shown consist solely of founder shares, classified as shares of Class B common stock. Such shares will automatically convert into shares of Class A common stock at the time of our initial business combination as described in the section entitled "Description of Securities."

- (3) Our sponsor is the record holder of such shares. Messrs. Farrell and Hemmeter are each a manager of Thayer Ventures Acquisition Holdings LLC, and as such, each has voting and investment discretion with respect to the founder shares held of record by our sponsor and may be deemed to have beneficial ownership of the founder shares held directly by our sponsor. Messrs. Farrell and Hemmeter each disclaims any beneficial ownership of the reported shares other than to the extent of any pecuniary interest he may have therein, directly or indirectly.
- (4) Does not include any shares indirectly owned by this individual as a result of his/her ownership interest in our sponsor.

Immediately after this offering, our initial stockholders will beneficially own 20% of the then issued and outstanding common stock (assuming they do not purchase any units in this offering). Because of this ownership block, initial stockholders may be able to effectively influence the outcome of all other matters requiring approval by our stockholders, including amendments to our amended and restated certificate of incorporation and approval of significant corporate transactions including our initial business combination.

Our initial stockholders have entered into a letter agreement with us, pursuant to which they have agreed to (i) waive their redemption rights with respect to their founder shares and public shares in connection with the completion of our initial business combination, (ii) waive their redemption rights with respect to their founder shares and public shares in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation (A) to modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or (B) with respect to any other provision relating to stockholders' rights or pre-initial business combination activity and (iii) waive their rights to liquidating distributions from the trust account with respect to their founder shares if we fail to complete our initial business combination within 18 months from the closing of this offering, although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the prescribed timeframe.

Our sponsor and our executive officers and directors are deemed to be our "promoters" as such term is defined under the federal securities laws.

Three qualified institutional buyers not affiliated with our sponsor or any member of our management team have indicated to us that they intend to purchase up to 4,496,000 units in this offering (or up to 4,944,550 units in this offering if the over-allotment option is exercised in full), which would comprise 29.97% of the units subject to this offering (or 28.66% of the units subject to this offering if the over-allotment option is exercised in full) if such indications of interest become confirmed orders in full following effectiveness of the registration statement of which this prospectus forms a part. In consideration of providing these significant indications of interest, our anchor investors have agreed that they will purchase membership interests in our sponsor, for nominal consideration, entitling them to an interest in up to 13.6% of our sponsor, assuming an offering of 15,000,000 units, and subject to adjustment if the size of this offering changes, if the underwriters exercise their over-allotment option, if our anchor investors purchase fewer than 4,496,000 units in this offering or if our anchor investors do not hold a minimum number of shares of Class A common stock at the time of our initial business combination.

Pursuant to each anchor investor's subscription agreement with our sponsor, the anchor investors have not been granted any material additional stockholder or other rights and are only being issued a membership interest in our sponsor with no right to control our sponsor or vote or dispose of the founder shares held by our sponsor. Further, the anchor investors are not required to: (i) hold any units, Class A common stock or warrants they may purchase in this offering or thereafter for any amount of time, (ii) vote any Class A common stock they may own at the applicable time in favor of our initial business combination or (iii) refrain from exercising their right to redeem their Class A common stock at the time of our initial business combination.

In the event that the anchor investors vote in favor of our initial business combination, a smaller portion of affirmative votes from other public stockholders would be required to approve our initial business combination.

See “Certain Relationships and Related Party Transactions” for further information.

Transfers of Founder Shares and Private Placement Warrants

The founder shares, private placement warrants and any shares of Class A common stock issued upon conversion or exercise thereof are each subject to transfer restrictions pursuant to lock-up provisions in the agreements entered into by our initial stockholders. Our initial stockholders have agreed not to transfer, assign or sell any of their founder shares until the earliest of (a) one year after the completion of our initial business combination and (b) subsequent to our initial business combination, (x) if the last reported sale price of our shares of Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination or (y) the date on which we complete a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of our stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property. The private placement warrants and the respective shares of Class A common stock underlying such warrants are not transferable or salable until 30 days after the completion of our initial business combination except in each case (a) to our officers or directors, any affiliates or family members of any of our officers or directors, to our sponsor, any members or partners of our sponsor or their affiliates, or any affiliates of our sponsor; (b) in the case of an individual, by gift to a member of one of the individual’s immediate family or to a trust, the beneficiary of that is a member of the individual’s immediate family, an affiliate of such person or to a charitable organization; (c) in the case of an individual, by virtue of laws of descent and distribution upon death of the individual; (d) in the case of an individual, pursuant to a qualified domestic relations order; (e) by private sales or transfers made in connection with the consummation of a business combination at prices no greater than the price at which the founder shares, private placement warrants or shares of Class A common stock were originally purchased; (f) by virtue of our sponsor’s organizational documents upon liquidation or dissolution of our sponsor; (g) to the Company for no value for cancellation in connection with the consummation of our initial business combination; (h) in the event of our liquidation prior to the completion of our initial business combination; or (i) in the event of our completion of a liquidation, merger, capital stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property subsequent to our completion of our initial business combination; provided, however, that in the case of clauses (a) through (f) these permitted transferees must enter into a written agreement agreeing to be bound by these transfer restrictions and the other restrictions contained in the letter agreements.

Registration Rights

The holders of the (i) founder shares, which were issued in a private placement, or transferred by our sponsor, prior to the closing of this offering, (ii) private placement warrants, which will be issued in a private placement concurrently with the closing of this offering and the shares of Class A common stock underlying such private placement warrants and (iii) private placement warrants that may be issued upon conversion of working capital loans will have registration rights to require us to register a sale of any of our securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. Pursuant to the registration rights agreement and assuming the underwriters exercise their over-allotment option in full and \$1.5 million of working capital loans are converted into private placement warrants, we will be obligated to register up to 4,312,500 shares of Class A common stock and 8,675,000 warrants. The number of shares of Class A common stock includes (i) 4,312,500 shares of Class A common stock to be issued upon conversion of the founder shares, (ii) 7,175,000 shares of Class A common stock underlying the private placement warrants and (iii) 1,500,000 shares of Class A common stock underlying the private placement warrants issued upon conversion of working capital loans. The holder of these securities, our sponsor, is entitled to make unlimited

demands that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements. However, the registration rights agreement provides that we will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable lock-up period, which occurs (i) in the case of the founder shares, as described elsewhere in this prospectus, and (ii) in the case of the private placement warrants and the respective shares of Class A common stock underlying such warrants, 30 days after the completion of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On August 11, 2020, our sponsor subscribed to purchase 5,031,250 founder shares. On August 13, 2020, our sponsor paid \$25,000, or approximately \$0.005 per share, for certain expenses on behalf of us in exchange for issuance of the founder shares. On October 27, 2020, 718,750 founder shares were contributed back to the company for no consideration, resulting in there being 4,312,500 founder shares issued and outstanding, of which 562,500 shares are subject to forfeiture if the underwriters do not exercise their over-allotment option in full. On November 9, 2020, our sponsor transferred 25,000 founder shares to each of our independent director nominees. These 125,000 shares are not subject to forfeiture in the event the underwriters' over-allotment option is not exercised. The number of founder shares issued was determined based on the expectation that such founder shares would represent 20% of the outstanding shares upon completion of this offering. If we increase or decrease the size of this offering, we will effect a stock capitalization or a share surrender or other appropriate mechanism, as applicable, with respect to our shares of Class B common stock immediately prior to the consummation of the offering in such amount as to maintain the ownership of our initial stockholders (and other permitted transferees, if any) at 20% of the issued and outstanding shares of our common stock upon the consummation of this offering. Up to 562,500 founder shares are subject to forfeiture by our sponsor depending on the extent to which the underwriters' over-allotment option is exercised. The shares transferred to certain of our directors will not be subject to forfeiture in the event the underwriters' over-allotment option is not exercised. The founder shares (including the shares of Class A common stock issuable upon exercise thereof) may not, subject to certain limited exceptions, be transferred, assigned or sold by the holder.

Our sponsor has committed, pursuant to a written agreement, to purchase 6,500,000 private placement warrants (or 7,175,000 private placement warrants if the over-allotment option is exercised in full) for a purchase price of \$1.00 per whole warrant in a private placement that will occur concurrently with the closing of this offering. As such, our sponsor's interest in this transaction is valued at between \$6,500,000 and \$7,175,000, depending on the number of private placement warrants purchased. Each private placement warrant entitles the holder to purchase one share of our Class A common stock at \$11.50 per share, subject to adjustments as described herein. The private placement warrants (including the shares of Class A common stock issuable upon exercise thereof) may not, subject to certain limited exceptions, be transferred, assigned or sold by the holder.

As more fully discussed in the section of this prospectus entitled "Management — Conflicts of Interest," if any of our officers or directors becomes aware of a business combination opportunity that falls within the line of business of any entity to which he or she has then-current fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such opportunity to such entity. Our officers and directors currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us.

No compensation of any kind, including finder's and consulting fees, will be paid to our sponsor, officers and directors, or any of their respective affiliates, for services rendered prior to or in connection with the completion of an initial business combination. However, these individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made to our sponsor, officers, directors or our or their affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf.

Our sponsor has agreed to loan us up to \$400,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of the closing of this offering or the date on which we determine not to consummate this offering. The loan will be repaid upon the closing of this offering out of the estimated \$750,000 of offering proceeds that has been allocated to the payment of offering expenses.

Our sponsor will provide us office space and administrative and support services for \$20,000 per month commencing on the date of this prospectus until the earlier of the consummation of our initial business combination or our liquidation.

Three qualified institutional buyers not affiliated with our sponsor or any member of our management team have indicated to us an interest to purchase up to 4,496,000 units in this offering (or up to 4,944,550 units in this offering if the over-allotment option is exercised in full), which would comprise 29.97% of the units subject to this offering (or 28.66% of the units subject to this offering if the over-allotment option is exercised in full) if such indications of interest become confirmed orders in full following effectiveness of the registration statement of which this prospectus forms a part. In consideration of providing these significant indications of interest, our anchor investors have agreed that they will purchase a membership interest in our sponsor, for nominal consideration, entitling them to an aggregate interest in up to 13.6% of our sponsor, assuming an offering of 15,000,000 units, and subject to adjustment if the size of this offering changes, if the underwriters exercise their over-allotment option, if our anchor investors purchase fewer than 4,496,000 units in this offering or if our anchor investors do not hold a minimum number of shares of Class A common stock at the time of our initial business combination.

Pursuant to each anchor investor's subscription agreement with our sponsor, the anchor investors have not been granted any material additional stockholder or other rights and are only being issued a membership interest in our sponsor with no right to control our sponsor or vote or dispose of the anchor founder shares held by our sponsor. Further, the anchor investors are not required to: (i) hold any units, Class A common stock or warrants they may purchase in this offering or thereafter for any amount of time, (ii) vote any Class A common stock they may own at the applicable time in favor of our initial business combination or (iii) refrain from exercising their right to redeem their Class A common stock at the time of our initial business combination.

In the event that the anchor investors vote in favor of our initial business combination, a smaller portion of affirmative votes from other public stockholders would be required to approve our initial business combination.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete an initial business combination, we would repay such loaned amounts. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants, including as to exercise price, exercisability and exercise period. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor or an affiliate of our sponsor as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to our stockholders, to the extent then known, in the tender offer or proxy solicitation materials, as applicable, furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of distribution of such tender offer materials or at the time of a stockholder meeting held to consider our initial business combination, as applicable, as it will be up to the directors of the post-combination business to determine executive and director compensation.

We will enter into a registration rights agreement pursuant to which our initial stockholders, and their permitted transferees, if any, will be entitled to certain registration rights with respect to the private placement

warrants, the warrants issuable upon conversion of working capital loans (if any) and the shares of Class A common stock issuable upon exercise of the foregoing and upon conversion of the founder shares.

Policy for Approval of Related Party Transactions

The audit committee of our board of directors will adopt a charter, providing for the review, approval and/or ratification of “related party transactions,” which are those transactions required to be disclosed pursuant to Item 404 of Regulation S-K as promulgated by the SEC, by the audit committee. At its meetings, the audit committee shall be provided with the details of each new, existing, or proposed related party transaction, including the terms of the transaction, any contractual restrictions that the company has already committed to, the business purpose of the transaction, and the benefits of the transaction to the company and to the relevant related party. Any member of the committee who has an interest in the related party transaction under review by the committee shall abstain from voting on the approval of the related party transaction, but may, if so requested by the chairman of the committee, participate in some or all of the committee’s discussions of the related party transaction. Upon completion of its review of the related party transaction, the committee may determine to permit or to prohibit the related party transaction.

DESCRIPTION OF SECURITIES

Pursuant to our amended and restated certificate of incorporation, we are authorized to issue up to 100,000,000 shares of Class A common stock and 10,000,000 shares of Class B common stock, as well as 1,000,000 shares of preferred stock, \$0.0001 par value each. The following description summarizes certain terms of our shares as set out more particularly in our amended and restated certificate of incorporation. Because it is only a summary, it may not contain all the information that is important to you.

Units

Each unit has an offering price of \$10.00 and consists of one share of Class A common stock and one-half of one warrant. Each whole warrant entitles the holder thereof to purchase one share of Class A common stock at a price of \$11.50 per share, subject to adjustments as described herein. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of shares of the company's Class A common stock. This means only a whole warrant may be exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least an even number of units, you will not be able to receive or trade a whole warrant.

The shares of Class A common stock and warrants comprising the units are expected to begin separate trading on the 52nd day following the date of this prospectus unless Stifel and Oppenheimer inform us of their decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the shares of Class A common stock and warrants commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of Class A common stock and warrants.

In no event will the shares of Class A common stock and warrants be traded separately until we have filed with the SEC a Current Report on Form 8-K which includes an audited balance sheet reflecting our receipt of the gross proceeds of this offering. We will file a Current Report on Form 8-K which includes this audited balance sheet upon the completion of this offering. If the underwriters' over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' over-allotment option.

Additionally, the units will automatically separate into their component parts and will not be traded after completion of our initial business combination.

Common Stock

Upon the closing of this offering, 18,750,000 shares of our common stock will be outstanding (assuming no exercise of the underwriters' over-allotment option and the corresponding forfeiture of 562,500 founder shares by our sponsor), consisting of:

- 15,000,000 shares of our Class A common stock underlying the units being offered in this offering; and
- 3,750,000 shares of Class B common stock held by our initial stockholders.

If we increase or decrease the size of this offering, we will effect a stock capitalization or a share surrender or redemption or other appropriate mechanism, as applicable, with respect to our shares of Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of our initial stockholders (and their permitted transferees), on an as-converted basis, at 20% of our issued and outstanding shares of Class A common stock upon the consummation of this offering.

Common stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. With respect to any matter submitted to a vote of our stockholders, including any vote in

connection with our initial business combination, except as required by law or the applicable rules of Nasdaq then in effect, holders of our shares of Class A common stock and shares of Class B common stock will vote together as a single class on all matters submitted to a vote of our stockholders. Unless specified in our amended and restated certificate of incorporation or amended and restated bylaws, or as required by applicable provisions of the Delaware General Corporate Law, or the DGCL, or applicable stock exchange rules, the affirmative vote of a majority of our shares of Class A common stock, on an as converted basis, entitled to vote on any matters that are voted on such matter is required to approve any such matter. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors. Our stockholders are entitled to receive ratable dividends when, as and if declared by the board of directors out of funds legally available therefor.

Because our amended and restated certificate of incorporation authorizes the issuance of up to 100,000,000 shares of Class A common stock, if we were to enter into a business combination, we may (depending on the terms of such a business combination) be required to increase the number of shares of Class A common stock which we are authorized to issue at the same time as our stockholders vote on the business combination to the extent we seek stockholder approval in connection with our initial business combination.

In accordance with Nasdaq corporate governance requirements, we are not required to hold an annual meeting until no later than one year after our first fiscal year end following our listing on Nasdaq. Under Section 211(b) of the DGCL, we are, however, required to hold an annual meeting of stockholders for the purposes of electing directors in accordance with our amended and restated bylaws, unless such election is made by written consent in lieu of such a meeting.

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination including interest earned on the funds held in the trust account and not previously released to us to pay our taxes, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be approximately \$10.20 per public share. The per-share amount we will distribute to investors who properly redeem their shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. Our initial stockholders have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate an initial business combination within 18 months from the closing of this offering. Unlike many blank check companies that hold stockholder votes and conduct proxy solicitations in conjunction with their initial business combinations and provide for related redemptions of public shares for cash upon completion of such initial business combinations even when a vote is not required by law, if a stockholder vote is not required by law and we do not decide to hold a stockholder vote for business or other reasons, we will, pursuant to our amended and restated certificate of incorporation, conduct the redemptions pursuant to the tender offer rules of the SEC, and file tender offer documents with the SEC prior to completing our initial business combination. Our amended and restated certificate of incorporation requires these tender offer documents to contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under the SEC's proxy rules. If, however, stockholder approval of the transaction is required by law, or we decide to obtain stockholder approval for business or other reasons, we will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting. However, the participation of our sponsor

or its advisors or affiliates in privately-negotiated transactions (as described in this prospectus), if any, could result in the approval of our initial business combination even if a majority of our public stockholders vote, or indicate their intention to vote, against such business combination. For purposes of seeking approval of the majority of our outstanding shares of common stock voted, non-votes will have no effect on the approval of our initial business combination once a quorum is obtained. We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve our initial business combination. These quorum and voting thresholds, and the voting agreements of our sponsor, may make it more likely that we will consummate our initial business combination.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the shares of common stock sold in this offering, which we refer to as the Excess Shares. However, we would not be restricting our stockholders’ ability to vote all of their shares (including Excess Shares) for or against our initial business combination. Our stockholders’ inability to redeem the Excess Shares will reduce their influence over our ability to complete our initial business combination, and such stockholders could suffer a material loss in their investment if they sell such Excess Shares on the open market. Additionally, such stockholders will not receive redemption distributions with respect to the Excess Shares if we complete the business combination. And, as a result, such stockholders will continue to hold that number of shares exceeding 15% and, in order to dispose such shares would be required to sell their stock in open market transactions, potentially at a loss.

If we seek stockholder approval in connection with our initial business combination, our sponsor has agreed to vote its founder shares and any public shares purchased by it during or after this offering in favor of our initial business combination. As a result, in addition to our initial stockholders’ founder shares, we would need 5,625,001, or 37.5% (assuming all outstanding shares are voted and the over-allotment option is not exercised), of the 15,000,000 public shares sold in this offering to be voted in favor of a transaction (assuming all outstanding shares are voted) in order to have our initial business combination approved. If the anchor investors purchase 4,496,000 units in this offering and vote the shares of Class A common stock included in such units in favor of our initial business combination, a smaller proportion of affirmative votes from other public stockholders (6.0%) would be required to approve our initial business combination. Additionally, each public stockholder may elect to redeem its public shares irrespective of whether they vote for or against the proposed transaction (subject to the limitation described in the preceding paragraph).

Pursuant to our amended and restated certificate of incorporation, if we are unable to complete our initial business combination within 18 months from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten business days thereafter subject to lawfully available funds therefor, redeem the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account including interest earned on the funds held in the trust account and not previously released to us to pay our franchise taxes, divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders’ rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Our initial stockholders have entered into a letter agreement with us, pursuant to which they have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within 18 months from the closing of this offering. However, if our initial stockholders acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the prescribed time period.

In the event of a liquidation, dissolution or winding up of the company after a business combination, our stockholders are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision is made for each class of stock, if any, having preference over the common stock. Our stockholders have no preemptive or other subscription rights. There are no sinking fund provisions applicable to the common stock, except that we will provide our stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, upon the completion of our initial business combination, subject to the limitations described herein.

Founder Shares

The founder shares are identical to the shares of Class A common stock included in the units being sold in this offering, and our initial stockholders have the same stockholder rights as public stockholders, except that (i) the founder shares are subject to certain transfer restrictions, as described in more detail below, (ii) our initial stockholders have entered into a letter agreement with us, pursuant to which they have agreed (A) to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination, (B) to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within 18 months from the closing of this offering, although our initial stockholders will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within such time period, (C) not to propose any amendment to our amended and restated certificate of incorporation that would modify the substance or timing of our obligation to allow redemption in connection with our initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity, unless we provide our public stockholders with the opportunity to redeem their shares, (iii) the founder shares are shares of our Class B common stock that will automatically convert into shares of our Class A common stock at the time of our initial business combination, or at any time prior thereto at the option of our sponsor, on a one-for-one basis, subject to adjustment pursuant to certain anti-dilution rights, as described herein and (iv) are subject to registration rights. If we submit our initial business combination to our public stockholders for a vote, our sponsor has agreed to vote any founder shares held by it and any public shares purchased during or after this offering in favor of our initial business combination.

The shares of Class B common stock will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis (subject to adjustment for stock splits, stock dividends, reorganizations, recapitalizations and the like), and subject to further adjustment as provided herein. In the case that additional shares of Class A common stock, or equity-linked securities, are issued or deemed issued in excess of the amounts offered in this prospectus and related to the closing of the business combination, including pursuant to a specified future issuance, the ratio at which shares of Class B common stock shall convert into shares of Class A common stock will be adjusted (unless our initial stockholders agree to waive such adjustment with respect to any such issuance or deemed issuance, including a specified future issuance) so that the number of shares of Class A common stock issuable upon conversion of all shares of Class B common stock will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all shares of common stock outstanding upon completion of this offering plus all shares of Class A common stock and equity-linked securities issued or deemed issued in connection with the business combination (after giving effect to any redemptions of shares of Class A common stock by public stockholders) (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the initial business combination and any private placement warrants issued to our sponsor, officers or directors upon conversion of working capital loans). Our sponsor may also elect to convert their shares of Class B common stock into an equal number of shares of Class A common stock, subject to adjustment as provided above, at any time. In no event will the shares of our Class B common stock convert into shares of our Class A common stock at a rate of less than one-to-one.

With certain limited exceptions, the founder shares are not transferable, assignable or salable (except to our officers and directors and other persons or entities affiliated with our sponsor, each of whom will be subject to the same transfer restrictions) until the earlier of (A) one year after the completion of our initial business combination or (B) subsequent to our initial business combination, (x) if the last reported sale price of our shares of Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date on which we complete a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of our stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property.

Preferred Stock

There are no shares of preferred stock outstanding. Our amended and restated certificate of incorporation will authorize the issuance of up to 1,000,000 shares of preferred stock with such designation, rights and preferences as may be determined from time to time by our board of directors. No shares of preferred stock are being issued or registered in this offering. Accordingly, our board of directors is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights which could adversely affect the voting power or other rights of the holders of common stock. However, the underwriting agreement prohibits us, prior to a business combination, from issuing preferred stock which participates in any manner in the proceeds of the trust account, or which votes as a class with the common stock on our initial business combination. We may issue some or all of the preferred stock to effect our initial business combination. In addition, the preferred stock could be utilized as a method of discouraging, delaying or preventing a change in control of us. Although we do not currently intend to issue any shares of preferred stock, we reserve the right to do so in the future. No shares of preferred stock are being issued or registered in this offering.

Warrants

Public Stockholders' Warrants

Each whole warrant entitles the registered holder to purchase one share of Class A common stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of one year from the closing of this offering or 30 days after the completion of our initial business combination, provided in each case that we have an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the warrants and a current prospectus relating to them is available (or we permit holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement) and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of shares of Class A common stock. This means only a whole warrant may be exercised at a given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least an even number of units, you will not be able to receive or trade a whole warrant. The warrants will expire five years after the completion of our initial business combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We will not be obligated to deliver any shares of Class A common stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the shares of Class A common stock underlying the warrants is then effective and a prospectus relating thereto is current, subject to our satisfying our obligations described below with respect to registration. No warrant will be exercisable and we will not be obligated to issue a share of Class A common stock upon exercise of a warrant unless the share of Class A common stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In no event will we be required to net cash settle any

warrant. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the share of Class A common stock underlying such unit.

We have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our best efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the shares of Class A common stock issuable upon exercise of the warrants. We will use our best efforts to cause the same to become effective within 60 business days after the closing of our initial business combination and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the warrants in accordance with the provisions of the warrant agreement. If a registration statement covering the shares of Class A common stock issuable upon exercise of the warrants is not effective by the sixtieth day after the closing of the initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we will have failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption. In addition, if our Class A common stock are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of our public warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event we elect to do so, we will not be required to file or maintain in effect a registration statement, but we will use our best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. In such event, each holder would pay the exercise price by surrendering each such warrant for that number of shares of our Class A common stock equal to the lesser of (A) the quotient obtained by dividing (x) the product of the number of shares of our Class A common stock underlying the warrants, multiplied the excess of the “fair market value” less the exercise price of the warrants by (y) the fair market value and (B) 0.361. The “fair market value” shall mean the volume weighted average price of the shares of our Class A common stock for the ten trading days ending on the trading day prior to the date on which the notice of exercise is received by the warrant agent.

In addition, if (x) we issue additional shares of Class A common stock or equity-linked securities for capital raising purposes in connection with the closing of our initial business combination at an issue price or effective issue price of less than \$9.20 per share of Class A common stock (with such issue price or effective issue price to be determined in good faith by our board of directors and, in the case of any such issuance to our initial stockholders or their affiliates, without taking into account any founder shares held by our initial stockholders or such affiliates, as applicable, prior to such issuance including any transfer or reissuance of such shares (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 50% of the total equity proceeds, and interest thereon, available for the funding of our initial business combination, and (z) the volume weighted average trading price of our shares of Class A common stock during the 10 trading day period starting on the trading day after the day on which we consummate our initial business combination is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$10.00 and \$18.00 per share redemption trigger prices described under “Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$10.00” and “Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$18.00” will be adjusted (to the nearest cent) to be equal to 100% and 180% of the higher of the Market Value and the Newly Issued Price, respectively.

Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$18.00

Once the warrants become exercisable, we may redeem the outstanding warrants (except as described herein with respect to the private placement warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;

- upon not less than 30 days' prior written notice of redemption, or the 30-day redemption period, to each warrant holder; and
- if, and only if, the last reported sale price of the Class A common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of our initial business combination as described elsewhere in this prospectus) for any 20 trading days within a 30-trading day period ending the third trading day before we send to the notice of redemption to the warrant holders (the "Reference Value").

We will not redeem the warrants as described above unless a registration statement under the Securities Act covering the issuance of the shares of Class A common stock issuable upon exercise of the warrants is then effective and a current prospectus relating to those shares of common stock is available throughout the 30-day redemption period. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. As a result, we may redeem the warrants as set forth above even if the holders are otherwise unable to exercise the warrants.

We have established the last of the redemption criteria discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise their warrant prior to the scheduled redemption date. However, the price of the shares of Class A common stock may fall below the \$18.00 redemption trigger price (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of our initial business combination as described elsewhere in this prospectus) as well as the \$11.50 warrant exercise price, subject to adjustments as described herein, after the redemption notice is issued.

Redemption of Public Stockholders' Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$10.00

Once the warrants become exercisable, we may redeem the outstanding warrants:

- in whole and not in part;
- at \$0.10 per warrant upon a minimum of 30 days' prior written notice of redemption; provided that holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares determined by reference to the table below, based on the redemption date and the "fair market value" of our shares of Class A common stock (as defined below).
- if, and only if, the Reference Value (as defined above under "Redemption of Public Stockholders' Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$18.00") of our shares of Class A common stock equals or exceeds \$10.00 per share (as adjusted per stock splits, stock dividends, reorganizations, reclassifications, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of our initial business combination as described elsewhere in this prospectus); and
- if the Reference Value is less than \$18.00 per share (as adjusted per stock splits, stock dividends, reorganizations, reclassifications, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of our initial business combination as described elsewhere in this prospectus), the private placement warrants must also be concurrently called for redemption at the same price (equal to a number of shares of Class A common stock) as the outstanding public warrants, as described above.

The numbers in the table below represent the number of shares of Class A common stock that a warrant holder will receive upon exercise in connection with a redemption by us pursuant to this redemption feature, based on the

[Table of Contents](#)

[Index to Financial Statements](#)

“fair market value” of our shares of Class A common stock on the corresponding redemption date (assuming holders elect to exercise their warrants and such warrants are not redeemed for \$0.10 per warrant), determined based on the volume weighted average last reported sale price of our shares of Class A common stock for the 10 trading days immediately following the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants, and the number of months that the corresponding redemption date precedes the expiration date of the warrants, each as set forth in the table below. We will provide our warrant holders with the final fair market value no later than one business day after the 10-trading day period described above ends.

Pursuant to the warrant agreement, references above to shares of Class A common stock shall include a security other than shares of Class A common stock into which the shares of Class A common stock has been converted or exchanged for in the event we are not the surviving company in our initial business combination. The numbers in the table below will not be adjusted when determining the number of shares of Class A common stock to be issued upon exercise of the warrants if we are not the surviving entity following our initial business combination.

The stock prices set forth in the column headings of the table below will be adjusted as of any date on which the number of shares issuable upon exercise of a warrant or the exercise price of the warrant is adjusted as set forth under the heading “— Anti-dilution Adjustments” below. If the number of shares issuable upon exercise of a warrant is adjusted, the adjusted stock prices in the column headings will equal the stock prices immediately prior to such adjustment, multiplied by a fraction, the numerator of which is the exercise price of the warrant after such adjustment and the denominator of which is the exercise price of the warrant immediately prior to such adjustment. In such an event, the number of shares in the table below shall be adjusted by multiplying such share amounts by a fraction, the numerator of which is the number of shares deliverable upon exercise of a warrant immediately prior to such adjustment and the denominator of which is the number of shares deliverable upon exercise of a warrant as so adjusted. If the exercise price of the warrant is adjusted as a result of raising capital in connection with the initial business combination, the adjusted share prices in the column headings will be multiplied by a fraction, the numerator of which is the higher of the Market Value and the Newly Issued Price as set forth under the heading “— Anti-dilution Adjustments” and the denominator of which is \$10.00.

The exact fair market value and redemption date may not be set forth in the table above, in which case, if the fair market value is between two values in the table or the redemption date is between two redemption dates in the table, the number of shares of Class A common stock to be issued for each warrant exercised will be determined by a straight-line interpolation between the number of shares set forth for the higher and lower fair market values and the earlier and later redemption dates, as applicable, based on a 365 or 366-day year, as applicable. For example, if the volume weighted average price of our shares of Class A common stock as reported for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of the warrants is \$11.00 per share, and at such time there are 57 months until the expiration of the warrants, holders may choose to, in connection with this redemption feature, exercise their warrants for 0.277 shares of Class A common stock for each whole warrant. For an example where the exact fair market value and redemption date are not as set forth in the table above, if the volume weighted average price of our shares of Class A common stock for the 10 trading days immediately following the date on which the notice of redemption is sent to the holders of the warrants is \$13.50 per share, and at such time there are 38 months until the expiration of the warrants, holders may choose to, in connection with this redemption feature, exercise their warrants for 0.298 shares of Class A common stock for each whole warrant. In no event will the warrants be exercisable in connection with this redemption feature for more than 0.361 shares of Class A common stock per warrant (subject to adjustment).

This redemption feature is structured to allow for all of the outstanding warrants to be redeemed when the shares of Class A common stock are trading at or above \$10.00 per share, which may be at a time when the trading price of our shares of Class A common stock is below the exercise price of the warrants. We have established this redemption feature to provide us with the flexibility to redeem the warrants without the warrants having to reach the \$18.00 per share threshold set forth above under “— Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$18.00.” Holders choosing to exercise their warrants in connection with a redemption pursuant to this feature will, in effect, receive a number of shares for their warrants based on an option pricing model with a fixed volatility input as of the date of this prospectus. This redemption right provides us with an additional mechanism by which to redeem all of the outstanding warrants, and therefore have certainty as to our capital structure as the warrants would no longer be outstanding and would have been exercised or redeemed and we will be required to pay the redemption price to warrant holders if we choose to exercise this redemption right and it will allow us to quickly proceed with a redemption of the warrants if we determine it is in our best interest to do so. As such, we would redeem the warrants in this manner when we believe it is in our best interest to update our capital structure to remove the warrants and pay the redemption price to the warrant holders.

As stated above, we can redeem the warrants when the shares of Class A common stock are trading at a price starting at \$10.00, which is below the exercise price of \$11.50, because it will provide certainty with respect to our capital structure and cash position while providing warrant holders with the opportunity to exercise their warrants on a cashless basis for the applicable number of shares. If we choose to redeem the warrants when the shares of Class A common stock are trading at a price below the exercise price of the warrants, this could result in the warrant holders receiving fewer shares of Class A common stock than they would have received if they had been able to exercise their warrants for shares of Class A common stock if and when such shares of Class A common stock were trading at a price higher than the exercise price of \$11.50.

No fractional shares of Class A common stock will be issued upon exercise. If, upon exercise, a holder would be entitled to receive a fractional interest in a share, we will round down to the nearest whole number of the number of shares of Class A common stock to be issued to the holder. If, at the time of redemption, the warrants are exercisable for a security other than the shares of Class A common stock pursuant to the warrant agreement (for instance, if we are not the surviving company in our initial business combination), the warrants may be exercised for such security. At such time as the warrants become exercisable for a security other than Class A common stock, the company (or the surviving company) will use its best efforts to register under the Securities Act the security issuable upon exercise of the warrants.

[Table of Contents](#)

A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the warrant agent's actual knowledge, would beneficially own in excess of 4.9% or 9.8% (as specified by the holder) of the shares of Class A common stock issued and outstanding immediately after giving effect to such exercise.

Anti-Dilution Adjustments. If the number of outstanding shares of Class A common stock is increased by a share dividend payable in shares of Class A common stock, or by a split-up of common stock or other similar event, then, on the effective date of such share dividend, split-up or similar event, the number of shares of Class A common stock issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding common stock. A rights offering to holders of common stock entitling holders to purchase shares of Class A common stock at a price less than the fair market value will be deemed a share dividend of a number of shares of Class A common stock equal to the product of (i) the number of shares of Class A common stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for shares of Class A common stock) and (ii) one minus the quotient of (x) the price per share of Class A common stock paid in such rights offering and (y) the fair market value. For these purposes, (i) if the rights offering is for securities convertible into or exercisable for shares of Class A common stock, in determining the price payable for shares of Class A common stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) fair market value means the volume weighted average price of shares of Class A common stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the shares of Class A common stock trades on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of shares of Class A common stock on account of such shares of Class A common stock (or other securities into which the warrants are convertible), other than (a) as described above, (b) certain ordinary cash dividends, (c) to satisfy the redemption rights of the holders of shares of Class A common stock in connection with a proposed initial business combination or (d) in connection with the redemption of our public shares upon our failure to complete our initial business combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of Class A common stock in respect of such event.

If the number of outstanding shares of Class A common stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of Class A common stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of Class A common stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding shares of Class A common stock.

Whenever the number of shares of Class A common stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of Class A common stock purchasable upon the exercise of the warrants immediately prior to such adjustment and (y) the denominator of which will be the number of shares of Class A common stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding shares of Class A common stock (other than those described above or that solely affects the par value of such shares of Class A common stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which we are the continuing corporation and that does not result in any reclassification or reorganization of our outstanding shares of Class A common stock), or in the case of any sale or conveyance to another corporation

or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which we are dissolved, the holders of the warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of the shares of Class A common stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event. If less than 70% of the consideration receivable by the holders of shares of Class A common stock in such a transaction is payable in the form of shares of Class A common stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the registered holder of the warrant properly exercises the warrant within thirty days following public disclosure of such transaction, the warrant exercise price will be reduced as specified in the warrant agreement based on the Black-Scholes Warrant Value (as defined in the warrant agreement) of the warrant. The purpose of such exercise price reduction is to provide additional value to holders of the warrants when an extraordinary transaction occurs during the exercise period of the warrants pursuant to which the holders of the warrants otherwise do not receive the full potential value of the warrants in order to determine and realize the option value component of the warrant. This formula is to compensate the warrant holder for the loss of the option value portion of the warrant due to the requirement that the warrant holder exercise the warrant within 30 days of the event. The Black-Scholes model is an accepted pricing model for estimating the fair market value where no quoted market price for an instrument is available.

The warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders. You should review a copy of the warrant agreement, which will be filed as an exhibit to the registration statement of which this prospectus is a part, for a complete description of the terms and conditions applicable to the warrants.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of common stock and any voting rights until they exercise their warrants and receive shares of Class A common stock. After the issuance of shares of Class A common stock upon exercise of the warrants, each holder will be entitled to one vote for each share of Class A common stock issued to such holder upon exercise of the warrants on all matters to be voted on by stockholders.

No fractional shares will be issued upon exercise of the warrants. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round down to the nearest whole number the number of shares of Class A common stock to be issued to the warrant holder.

Private Placement Warrants

The private placement warrants (including the shares of Class A common stock issuable upon exercise of the private placement warrants) will not be transferable, assignable or salable until 30 days after the completion of our initial business combination (except pursuant to limited exceptions as described under “Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants,” to our officers and directors and other persons or entities affiliated with the initial purchasers of the private placement warrants) and they will not be redeemable by us (except as described above under “—Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$10.00”) so long as they are held by our

sponsor or its permitted transferees. Our sponsor, or its permitted transferees, has the option to exercise the private placement warrants on a cashless basis. Except as described below, the private placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering. If the private placement warrants are held by holders other than our sponsor or its permitted transferees, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering.

Except as described above under “— Redemption of Public Stockholders’ Warrants When the Price Per Share of Class A Common Stock Equals or Exceeds \$10.00,” if holders of the private placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their warrants for that number of shares of Class A common stock equal to the quotient obtained by dividing (x) the product of the number of shares of Class A common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” will mean the average last reported sale price of the shares of Class A common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent. The reason that we have agreed that these warrants will be exercisable on a cashless basis so long as they are held by our sponsor and permitted transferees is because it is not known at this time whether they will be affiliated with us following a business combination. If they remain affiliated with us, their ability to sell our securities in the open market will be significantly limited. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if they are in possession of material non-public information. Accordingly, unlike stockholders who could exercise their warrants and sell the shares of Class A common stock received upon such exercise freely in the open market in order to recoup the cost of such exercise, the insiders could be significantly restricted from selling such securities. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

In order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. Up to \$1,500,000 of such loans may be convertible into warrants of the post-business combination entity at a price of \$1.00 per warrant at the option of the lender. Such warrants would be identical to the private placement warrants.

Dividends

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of a business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. The payment of any cash dividends subsequent to a business combination will be within the discretion of our board of directors at such time. If we increase or decrease the size of this offering, we will effect a stock capitalization or a share surrender or redemption or other appropriate mechanism, as applicable, with respect to our shares of Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of our initial stockholders (and their permitted transferees), on an as converted basis, at 20% of our issued and outstanding shares of Class A common stock upon the consummation of this offering. Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

Our Transfer Agent and Warrant Agent

The transfer agent for our common stock and warrant agent for our warrants is Continental Stock Transfer & Trust Company. We have agreed to indemnify Continental Stock Transfer & Trust Company in its roles as transfer agent and warrant agent, its agents and each of its stockholders, directors, officers and employees against all claims and losses that may arise out of acts performed or omitted for its activities in that capacity, except for any claims and losses due to any gross negligence or intentional misconduct of the indemnified person or entity.

Amended and Restated Certificate of Incorporation

Our amended and restated certificate of incorporation contains certain requirements and restrictions relating to this offering that will apply to us until the completion of our initial business combination. These provisions cannot be amended without the approval of the holders of 65% of our common stock. Our initial stockholders, who will beneficially own 20% of our common stock upon the closing of this offering (assuming our initial stockholders do not purchase any units in this offering), may participate in any vote to amend our amended and restated certificate of incorporation and will have the discretion to vote in any manner they choose.

Specifically, our amended and restated certificate of incorporation provides, among other things, that:

- If we do not complete our initial business combination within 18 months from the closing of this offering, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, liquidate and dissolve, subject in each case to our obligations under Delaware law to provide for claims of creditors and in all cases subject to the requirements of other applicable law;
- Prior to our initial business combination, we may not issue additional securities that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote as a class with our public shares (a) on our initial business combination or (b) to approve an amendment to our amended and restated certificate of incorporation to (x) extend the time we have to consummate a business combination beyond 18 months from the closing of this offering or (y) amend the foregoing provisions;
- Although we do not intend to enter into an initial business combination with a target business that is affiliated with our sponsor, our directors or our executive officers, we are not prohibited from doing so. In the event we enter into such a transaction, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or an independent valuation or accounting firm that such an initial business combination is fair to our company from a financial point of view;
- If a stockholder vote on our initial business combination is not required by law and we do not decide to hold a stockholder vote for business or other reasons, we will offer to redeem our public shares pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, and will file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about our initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act. Whether or not we maintain our registration under the Exchange Act or our listing on Nasdaq, we will provide our public stockholders with the opportunity to redeem their public shares by one of the two methods listed above;
- Our initial business combination will be approved a majority of our independent directors;
- So long as we obtain and maintain a listing of our securities on Nasdaq, Nasdaq rules require that we must complete one or more business combinations having an aggregate fair market value of at least 80% of the assets held in the trust account (excluding the deferred underwriting commissions and taxes payable on the income earned on the trust account) at the time of our signing a definitive agreement in connection with our initial business combination;
- If our stockholders approve an amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to allow redemption in connection with our initial

business combination or to redeem 100% of our public shares if we do not complete our initial business combination within 18 months from the closing of this offering, or with respect to any other provisions relating to stockholders' rights or pre-initial business combination activity, we will provide our public stockholders with the opportunity to redeem all or a portion of their shares of Class A common stock upon such approval at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest earned on the funds held in the trust account and not previously released to us to pay our taxes and up to \$100,000 of interest to pay dissolution expenses, divided by the number of then outstanding public shares, subject to the limitations described herein; and

- We will not effectuate our initial business combination with another blank check company or a similar company with nominal operations.

In addition, our amended and restated certificate of incorporation provides that under no circumstances will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 upon consummation of our initial business combination and after payment of deferred underwriters' commission.

Certain Anti-Takeover Provisions of Delaware Law and our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws

We will be subject to the provisions of Section 203 of the DGCL regulating corporate takeovers upon completion of this offering. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a "business combination" with:

- a stockholder who owns 10% or more of our outstanding voting stock (otherwise known as an "interested stockholder");
- an affiliate of an interested stockholder; or
- an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A "business combination" includes a merger or sale of more than 10% of our assets. However, the above provisions of Section 203 do not apply if:

- our board of directors approves the transaction that made the stockholder an "interested stockholder," prior to the date of the transaction;
- after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or
- on or subsequent to the date of the transaction, the business combination is approved by our board of directors and authorized at a meeting of our stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Exclusive forum for certain lawsuits

Our amended and restated certificate of incorporation requires, unless we consent in writing to the selection of an alternative forum, that (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee to us or our stockholders, (iii) any action asserting a claim against us, our directors, officers or employees arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or amended and restated bylaws, or (iv) any action asserting a claim against us, our directors, officers or employees governed by the internal affairs doctrine, may be brought only in the Court of Chancery in the State of Delaware, except any claim (A) as to which the Court of Chancery of the State of Delaware determines that there is an indispensable

party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (B) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, (C) for which the Court of Chancery does not have subject matter jurisdiction, or (D) any action arising under the Securities Act or the Exchange Act, as to which the Court of Chancery and the federal district court for the District of Delaware shall have concurrent jurisdiction. If an action is brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. Although we believe this provision benefits us by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, a court may determine that this provision is unenforceable, and to the extent it is enforceable, the provision may have the effect of discouraging lawsuits against our directors and officers, although our stockholders will not be deemed to have waived our compliance with federal securities laws and the rules and regulations thereunder.

Notwithstanding the foregoing, our amended and restated certificate of incorporation provides that the exclusive forum provision will not apply to suits brought to enforce a duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder.

Special Meeting of Stockholders

Our amended and restated bylaws provide that special meetings of our stockholders may be called only by a majority vote of our board of directors, by our Chief Executive Officer or by our chairman.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our amended and restated bylaws provide that stockholders seeking to bring business before our annual meeting of stockholders, or to nominate candidates for election as directors at our annual meeting of stockholders must provide timely notice of their intent in writing. To be timely, a stockholder's notice will need to be delivered to our principal executive offices not later than the close of business on the 90th day nor earlier than the opening of business on the 120th day prior to the scheduled date of the annual meeting of stockholders. Our amended and restated bylaws also specify certain requirements as to the form and content of a stockholders' meeting. These provisions may preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders.

Classified Board

Our amended and restated certificate of incorporation and amended and restated bylaws provide that our board of directors is classified into three classes of directors. A third party may be discouraged from making a tender offer or otherwise attempting to obtain control of us as it is more difficult and time consuming for stockholders to replace a majority of the directors on a classified board of directors.

Stockholder Action; Special Meeting of Stockholders

Our amended and restated certificate of incorporation provides that except as related to the rights of the holders of any outstanding series of preferred stock, our stockholders may not take action by written consent, but may only take action at annual or special meetings of our stockholders. As a result, a holder controlling a majority of our capital stock would not be able to amend our amended and restated bylaws or remove directors without holding a meeting of our stockholders called in accordance with our amended and restated bylaws. Our amended and restated bylaws further provide that, subject to the rights of the holders of any outstanding series of preferred stock, and to the requirements of applicable law, special meetings of our stockholders may be called only by a majority of our board of directors, the Chairperson of our board of directors, or our Chief Executive

Officer, thus prohibiting a stockholder from calling a special meeting. These provisions might delay the ability of our stockholders to force consideration of a proposal or for stockholders controlling a majority of our capital stock to take any action, including the removal of directors.

Authorized but Unissued Shares of Common Stock and Preferred Stock

Our authorized but unissued common stock and preferred stock are available for future issuances without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Securities Eligible for Future Sale

Immediately after this offering we will have 18,750,000 shares of Class A common stock (or 21,562,500 shares of Class A common stock if the underwriters' over-allotment option is exercised in full) issued and outstanding on an as-converted basis. Of these shares, the shares of Class A common stock sold in this offering (15,000,000 shares of Class A common stock if the underwriters' over-allotment option is not exercised and 17,250,000 shares of Class A common stock if the underwriters' over-allotment option is exercised in full) will be freely tradable without restriction or further registration under the Securities Act, except for any shares of Class A common stock purchased by one of our affiliates within the meaning of Rule 144 under the Securities Act. All of the outstanding founder shares (3,750,000 founder shares if the underwriters' over-allotment option is not exercised and 4,312,500 founder shares if the underwriters' over-allotment option is exercised in full) and all of the outstanding private placement warrants (6,500,000 private placement warrants if the underwriters' over-allotment option is not exercised and 7,175,000 private placement warrants if the underwriters' over-allotment option is exercised in full) will be restricted securities under Rule 144, in that they were issued in private transactions not involving a public offering.

Rule 144

Pursuant to Rule 144, a person who has beneficially owned restricted shares or warrants for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been one of our affiliates at the time of, or at any time during the three months preceding, a sale and (ii) we are subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the 12 months (or such shorter period as we were required to file reports) preceding the sale.

Persons who have beneficially owned restricted shares or warrants for at least six months but who are our affiliates at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of shares of common stock then outstanding, which will equal 187,500 shares immediately after this offering (or 215,625 shares if the underwriters exercise their over-allotment option in full); or
- the average weekly reported trading volume of the shares of Class A common stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by our affiliates under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about us.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, our sponsor will be able to sell their founder shares and our sponsor will be able to sell its private placement warrants pursuant to Rule 144 without registration one year after we have completed our initial business combination.

Registration Rights

The holders of the founder shares, private placement warrants and warrants that may be issued upon conversion of working capital loans (and any shares of Class A common stock issuable upon the exercise of the private placement warrants and warrants that may be issued upon conversion of working capital loans) will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. The holders of these securities are entitled to make unlimited demands that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of our initial business combination. However, the registration rights agreement provides that we will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable lock-up period, which occurs (i) in the case of the founder shares, as described in the following paragraph, and (ii) in the case of the private placement warrants and the respective shares of Class A common stock underlying such warrants, 30 days after the completion of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements.

Except as described herein, our sponsor and our directors and executive officers have agreed not to transfer, assign or sell any of their founder shares until (a) one year after the completion of our initial business combination, or (b) following the completion of our initial business combination, the date on which we complete a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of our stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property. Any permitted transferees will be subject to the same restrictions and other agreements of our sponsor with respect to any founder shares. We refer to such transfer restrictions throughout this prospectus as the lock-up. Notwithstanding the foregoing, if the last reported sale price of our shares of Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, the founder shares will be released from the lock-up.

Listing of Securities

We have applied to have our units listed on Nasdaq under the symbol “TVACU.” Once the securities comprising the units begin separate trading, we expect that the shares of Class A common stock and warrants will be listed on Nasdaq under the symbols “TVAC” and “TVACW,” respectively. The units will automatically separate into their component parts and will not be traded following the completion of our initial business combination.

U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of certain material U.S. federal income tax consequences of the acquisition, ownership and disposition of our units, shares of Class A common stock and warrants, which we refer to collectively as our securities. Because the components of a unit are separable at the option of the holder, the holder of a unit generally should be treated, for U.S. federal income tax purposes, as the owner of the underlying share of Class A common stock and one-half of one redeemable warrant components of the unit, as the case may be. As a result, the discussion below with respect to actual holders of shares of Class A common stock and warrants should also apply to holders of units (as the deemed owners of the underlying shares of Class A common stock and warrants that comprise the units). This discussion applies only to securities that are held as capital assets for U.S. federal income tax purposes and only to holders who purchased units in this offering.

This discussion is a summary only and does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including but not limited to the alternative minimum tax, the Medicare tax on certain investment income and the different consequences that may apply if you are subject to special rules that apply to certain types of investors, including but not limited to:

- our sponsor, founders, officers or directors;
- financial institutions or financial services entities;
- broker-dealers;
- governments or agencies or instrumentalities thereof;
- regulated investment companies;
- real estate investment trusts;
- expatriates or former long-term residents of the United States;
- insurance companies;
- dealers or traders subject to a mark-to-market method of accounting with respect to the securities;
- persons holding the securities as part of a “straddle,” hedge, integrated transaction or similar transaction;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- partnerships or other pass-through entities for U.S. federal income tax purposes and any beneficial owners of such entities; and
- tax-exempt entities.

If a partnership (or other entity or arrangement classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of the securities, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partner and the partnership. If you are a partner of a partnership holding our securities, we urge you to consult your own tax advisor.

This discussion is based on the Internal Revenue Code of 1986, as amended, or the Code, and administrative pronouncements, judicial decisions and final, temporary and proposed Treasury regulations as of the date hereof, which are subject to change, possibly on a retroactive basis, and changes to any of which subsequent to the date of this prospectus may affect the tax consequences described herein. This discussion does not address any aspect of state, local or non-U.S. taxation, or any U.S. federal taxes other than income taxes (such as gift and estate taxes).

We have not sought, and will not seek, a ruling from the Internal Revenue Service, or the IRS, as to any U.S. federal income tax consequence described herein. The IRS may disagree with the discussion herein, and its

determination may be upheld by a court. Moreover, there can be no assurance that future legislation, regulations, administrative rulings or court decisions will not adversely affect the accuracy of the statements in this discussion. You are urged to consult your tax advisor with respect to the application of U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign jurisdiction.

Personal Holding Company Status

We could be subject to a second level of U.S. federal income tax on a portion of our income if we are determined to be a personal holding company, or PHC, for U.S. federal income tax purposes. A U.S. corporation generally will be classified as a PHC for U.S. federal income tax purposes in a given taxable year if (i) at any time during the last half of such taxable year, five or fewer individuals (without regard to their citizenship or residency and including as individuals for this purpose certain entities such as certain tax-exempt organizations, pension funds and charitable trusts) own or are deemed to own (pursuant to certain constructive ownership rules) more than 50% of the stock of the corporation by value and (ii) at least 60% of the corporation's adjusted ordinary gross income, as determined for U.S. federal income tax purposes, for such taxable year consists of PHC income (which includes, among other things, dividends, interest, certain royalties, annuities and, under certain circumstances, rents).

At least 60% of our adjusted ordinary gross income may consist of PHC income, depending on the date and size of our initial business combination. In addition, depending on the concentration of our stock in the hands of individuals, including the members of our sponsor and certain tax-exempt organizations, pension funds and charitable trusts, more than 50% of our stock may be owned or deemed owned (pursuant to the constructive ownership rules) by such persons during the last half of a taxable year. Thus, no assurance can be given that we will not be a PHC following this offering or in the future. If we are or were to become a PHC in a given taxable year, we would be subject to an additional PHC tax, currently 20%, on our undistributed PHC income, which generally includes our taxable income, subject to certain adjustments.

Allocation of Purchase Price and Characterization of a Unit

No statutory, administrative or judicial authority directly addresses the treatment of a unit or instruments similar to a unit for U.S. federal income tax purposes and, therefore, that treatment is not entirely clear. The acquisition of a unit should be treated for U.S. federal income tax purposes as the acquisition of one share of our Class A common stock and one-half of one warrant to acquire one share of our Class A common stock. For U.S. federal income tax purposes, each holder of a unit must allocate the purchase price paid by such holder for such unit between the one share of Class A common stock and the one-half of one warrant based on the relative fair market value of each at the time of issuance. Under U.S. federal income tax law, each investor must make its own determination of such value based on all the relevant facts and circumstances. Therefore, we strongly urge each investor to consult its own tax adviser regarding the determination of value for these purposes. The price allocated to each share of Class A common stock and the one-half of one warrant should be the holder's initial tax basis in such share or warrant, as the case may be. Any disposition of a unit should be treated for U.S. federal income tax purposes as a disposition of the share of Class A common stock and one-half of one warrant comprising the unit, and the amount realized on the disposition should be allocated between the share of Class A common stock and the one-half of one warrant based on their respective relative fair market values (as determined by each such unit holder on all the relevant facts and circumstances) at the time of disposition. The separation of shares of Class A common stock and warrants comprising units should not be a taxable event for U.S. federal income tax purposes.

The foregoing treatment of the shares of Class A common stock and warrants and a holder's purchase price allocation are not binding on the IRS or the courts. Because there are no authorities that directly address instruments that are similar to the units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Accordingly, each prospective investor is urged to

consult its own tax advisor regarding the tax consequences of an investment in a unit (including alternative characterizations of a unit). The balance of this discussion assumes that the characterization of the units described above is respected for U.S. federal income tax purposes.

U.S. Holders

This section applies to you if you are a “U.S. holder.” A U.S. holder is a beneficial owner of our units, shares of Class A common stock or warrants who or that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- a trust, if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons (as defined in the Code) have authority to control all substantial decisions of the trust or (ii) it has a valid election in effect under Treasury regulations to be treated as a U.S. person.

Taxation of Distributions. If we pay distributions in cash or other property (other than certain distributions of our stock or rights to acquire our stock) to U.S. holders of shares of our Class A common stock, such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Distributions in excess of current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. holder’s adjusted tax basis in our shares of Class A common stock. Any remaining excess will be treated as gain realized on the sale or other disposition of the shares of Class A common stock and will be treated as described under “U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Warrants” below.

Dividends we pay to a U.S. holder that is a taxable corporation generally will qualify for the dividends received deduction if the requisite holding period is satisfied. With certain exceptions (including, but not limited to, dividends treated as investment income for purposes of investment interest deduction limitations), and provided certain holding period requirements are met, dividends we pay to a non-corporate U.S. holder may constitute “qualified dividends” that will be subject to tax at preferential long-term capital gains rates. It is unclear whether the redemption rights with respect to the shares of Class A common stock described in this prospectus may prevent a U.S. holder from satisfying the applicable holding period requirements with respect to the dividends received deduction or the preferential tax rate on qualified dividend income, as the case may be. If the holding period requirements are not satisfied, then a corporation may not be able to qualify for the dividends received deduction and would have taxable income equal to the entire dividend amount, and non-corporate holders may be subject to tax on such dividend at regular ordinary income tax rates instead of the preferential rate that applies to qualified dividend income. A U.S. holder should consult with its own tax advisor regarding its applicable holding period for these purposes.

Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Shares of Class A Common Stock and Warrants. Upon a sale or other taxable disposition of our shares of Class A common stock or warrants which, in general, would include a redemption of shares of Class A common stock or warrants that is treated as a sale of such securities as described below, and including as a result of a dissolution and liquidation in the event we do not consummate an initial business combination within the required time period, a U.S. holder generally will recognize capital gain or loss in an amount equal to the difference between the amount realized and the U.S. holder’s adjusted tax basis in the shares of Class A common stock or warrants. Any such capital gain or loss generally will be long-term capital gain or loss if the U.S. holder’s holding period for the shares of Class A

common stock or warrants so disposed of exceeds one year. It is unclear, however, whether the redemption rights with respect to the shares of Class A common stock described in this prospectus may suspend the running of the applicable holding period for this purpose. If the running of the holding period for the shares of Class A common stock is suspended, then non-corporate U.S. holders may not be able to satisfy the one-year holding period requirement for long-term capital gain treatment, in which case any gain on a sale or taxable disposition of the shares or warrants would be subject to short-term capital gain treatment and would be taxed at regular ordinary income tax rates. Long-term capital gains recognized by non-corporate U.S. holders will be eligible to be taxed at reduced rates. The deductibility of capital losses is subject to limitations.

Generally, the amount of gain or loss recognized by a U.S. holder is an amount equal to the difference between (i) the sum of the amount of cash and the fair market value of any property received in such disposition (or, if the shares of Class A common stock or warrants are held as part of units at the time of the disposition, the portion of the amount realized on such disposition that is allocated to the shares of Class A common stock or the warrants based upon the then fair market values of the shares of Class A common stock and the warrants included in the units) and (ii) the U.S. holder's adjusted tax basis in its shares of Class A common stock or warrants so disposed of. A U.S. holder's adjusted tax basis in its shares of Class A common stock or warrants generally will equal the U.S. holder's acquisition cost (that is, as discussed above, the portion of the purchase price of a unit allocated to a share of Class A common stock or one-half of one warrant or, as discussed below, the U.S. holder's initial basis for shares of Class A common stock received upon exercise of warrants) less, in the case of a share of Class A common stock, any prior distributions treated as a return of capital.

Redemption of Shares of Class A Common Stock. In the event that a U.S. holder's shares of Class A common stock are redeemed pursuant to the redemption provisions described in the section of this prospectus entitled "Description of Securities — Common Stock" or if we purchase a U.S. holder's shares of Class A common stock in an open market transaction, the treatment of the transaction for U.S. federal income tax purposes will depend on whether the redemption qualifies as a sale of the shares of Class A common stock under Section 302 of the Code. If the redemption qualifies as a sale of common stock, the U.S. holder will be treated as described under "U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Shares of Class A Common Stock and Warrants" above. If the redemption does not qualify as a sale of common stock, the U.S. holder will be treated as receiving a corporate distribution with the tax consequences described above under "U.S. Holders — Taxation of Distributions." Whether a redemption qualifies for sale treatment will depend largely on the total number of shares of our stock treated as held by the U.S. holder (including any stock constructively owned by the U.S. holder as a result of owning warrants) relative to all of our shares outstanding both before and after the redemption. The redemption of shares of Class A common stock generally will be treated as a sale of the shares of Class A common stock (rather than as a corporate distribution) if the redemption (i) is "substantially disproportionate" with respect to the U.S. holder, (ii) results in a "complete termination" of the U.S. holder's interest in us or (iii) is "not essentially equivalent to a dividend" with respect to the U.S. holder. These tests are explained more fully below.

In determining whether any of the foregoing tests are satisfied, a U.S. holder takes into account not only stock actually owned by the U.S. holder, but also shares of our stock that are constructively owned by it. A U.S. holder may constructively own, in addition to stock owned directly, stock owned by certain related individuals and entities in which the U.S. holder has an interest or that have an interest in such U.S. holder, as well as any stock the U.S. holder has a right to acquire by exercise of an option, which would generally include shares of Class A common stock which could be acquired pursuant to the exercise of the warrants. In order to meet the substantially disproportionate test, the percentage of our outstanding voting stock actually and constructively owned by the U.S. holder immediately following the redemption of shares of Class A common stock must, among other requirements, be less than 80% of the percentage of our outstanding voting stock actually and constructively owned by the U.S. holder immediately before the redemption. There will be a complete termination of a U.S. holder's interest if either (i) all of the shares of our stock actually and constructively owned by the U.S. holder are redeemed or (ii) all of the shares of our stock actually owned by the U.S. holder are redeemed and the U.S. holder is eligible to waive, and effectively waives in accordance with specific rules, the

attribution of stock owned by certain family members and the U.S. holder does not constructively own any other shares of our stock. The redemption of the shares of Class A common stock will not be essentially equivalent to a dividend if the redemption or purchase by us results in a “meaningful reduction” of the U.S. holder’s proportionate interest in us. Whether the redemption will result in a meaningful reduction in a U.S. holder’s proportionate interest in us will depend on the particular facts and circumstances. However, the IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority stockholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a “meaningful reduction.” A U.S. holder should consult with its own tax advisors as to the tax consequences of a redemption.

If none of the foregoing tests are satisfied, then the redemption will be treated as a corporate distribution and the tax effects will be as described under “U.S. Holders — Taxation of Distributions,” above. After the application of those rules, any remaining tax basis of the U.S. holder in the redeemed shares of Class A common stock will be added to the U.S. holder’s adjusted tax basis in its remaining stock, or, if it has none, to the U.S. holder’s adjusted tax basis in its warrants or possibly in other stock constructively owned by it.

Exercise or Lapse of a Warrant. Except as discussed below with respect to the cashless exercise of a warrant, a U.S. holder generally will not recognize taxable gain or loss on the acquisition of common stock upon exercise of a warrant for cash. The U.S. holder’s tax basis in the share of our shares of Class A common stock received upon exercise of the warrant generally will be an amount equal to the sum of the U.S. holder’s initial investment in the warrant (i.e., the portion of the U.S. holder’s purchase price for units that is allocated to the warrant, as described above under “— Allocation of Purchase Price and Characterization of a Unit”) and the exercise price. It is unclear whether the U.S. holder’s holding period for the shares of Class A common stock received upon exercise of the warrants will begin on the date following the date of exercise or on the date of exercise of the warrants; in either case, the holding period will not include the period during which the U.S. holder held the warrants. If a warrant is allowed to lapse unexercised, a U.S. holder generally will recognize a capital loss equal to such holder’s tax basis in the warrant.

The tax consequences of a cashless exercise of a warrant are not clear under current tax law. A cashless exercise may be tax-free, either because the exercise is not a realization event or because the exercise is treated as a recapitalization for U.S. federal income tax purposes. In either tax-free situation, a U.S. holder’s basis in the shares of Class A common stock received would equal the holder’s basis in the warrants exercised therefor. If the cashless exercise were treated as not being a realization event (and not a recapitalization), it is unclear whether a U.S. holder’s holding period in the shares of Class A common stock would be treated as commencing on the date following the date of exercise or on the date of exercise of the warrant; in either case, the holding period would not include the period during which the U.S. holder held the warrants. If the cashless exercise were treated as a recapitalization, the holding period of the shares of Class A common stock would include the holding period of the warrants exercised therefor.

It is also possible that a cashless exercise could be treated in part as a taxable exchange in which gain or loss would be recognized. In such event, a U.S. holder could be deemed to have surrendered warrants equal to the number of shares of Class A common stock having a value equal to the exercise price for the total number of warrants to be exercised. The U.S. holder would recognize capital gain or loss in an amount equal to the difference between the fair market value of the shares of Class A common stock received in respect of the warrants deemed surrendered and the U.S. holder’s adjusted tax basis in the warrants deemed surrendered. In this case, a U.S. holder’s tax basis in the shares of Class A common stock received would equal the sum of the fair market value of the shares of Class A common stock received in respect of the warrants deemed surrendered and the U.S. holder’s tax basis in the warrants exercised. It is unclear whether a U.S. holder’s holding period for the shares of Class A common stock would commence on the date following the date of exercise or on the date of exercise of the warrant; in either case, the holding period would not include the period during which the U.S. holder held the warrant.

Due to the absence of authority on the U.S. federal income tax treatment of a cashless exercise, including when a U.S. holder’s holding period would commence with respect to the shares of Class A common stock

received, there can be no assurance which, if any, of the alternative tax consequences and holding periods described above would be adopted by the IRS or a court of law. Accordingly, U.S. holders should consult their tax advisors regarding the tax consequences of a cashless exercise.

Possible Constructive Distributions. The terms of each warrant provide for an adjustment to the number of shares of common stock for which the warrant may be exercised or to the exercise price of the warrant in certain events, as discussed in the section of this prospectus entitled “Description of Securities — Warrants.” An adjustment which has the effect of preventing dilution generally is not taxable. The U.S. holders of the warrants would, however, be treated as receiving a constructive distribution from us if, for example, the adjustment to the number of such shares or to such exercise price increases the warrant holders’ proportionate interest in our assets or earnings and profits (e.g., through an increase in the number of shares of common stock that would be obtained upon exercise or through a decrease in the exercise price of the warrant) as a result of a distribution of cash or other property, such as other securities, to the holders of shares of our common stock, or as a result of the issuance of a stock dividend to holders of shares of our common stock, in each case which is taxable to the U.S. holders of such Class A common stock as described above under “U.S. Holders — Taxation of Distributions.” Such constructive distribution would be subject to tax as described under that section in the same manner as if the U.S. holders of the warrants received a cash distribution from us equal to the fair market value of such increased interest.

Information Reporting and Backup Withholding. In general, information reporting requirements may apply to dividends paid to a U.S. holder and to the proceeds of the sale or other disposition of our units, shares of Class A common stock and warrants, unless the U.S. holder is an exempt recipient. Backup withholding may apply to such payments if the U.S. holder fails to provide a taxpayer identification number or certification of exempt status or has been notified by the IRS that it is subject to backup withholding (and such notification has not been withdrawn).

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. holder’s U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Non-U.S. Holders

This section applies to you if you are a “Non-U.S. holder.” As used herein, the term “Non-U.S. holder” means a beneficial owner of our units, shares of Class A common stock or warrants who or that is for U.S. federal income tax purposes:

- a non-resident alien individual;
- a foreign corporation or
- an estate or trust that is not a U.S. holder;

but generally does not include an individual who is present in the United States for 183 days or more in the taxable year of disposition. If you are such an individual, you should consult your tax advisor regarding the U.S. federal income tax consequences of the acquisition, ownership or sale or other disposition of our securities.

Taxation of Distributions. In general, any distributions we make to a Non-U.S. holder of shares of our Class A common stock, to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles), will constitute dividends for U.S. federal income tax purposes and, provided such dividends are not effectively connected with the Non-U.S. holder’s conduct of a trade or business within the United States, we will be required to withhold tax from the gross amount of the dividend at a rate of 30%, unless such Non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN or W-8BEN-E). In the case of any constructive dividend, it is possible that withholding tax

attributable to a Non-U.S. holder would be withheld from other amounts payable or distributable to such Non-U.S. holder by the applicable withholding agent. Any distribution not constituting a dividend will be treated first as reducing (but not below zero) the Non-U.S. holder's adjusted tax basis in its shares of our Class A common stock and, to the extent such distribution exceeds the Non-U.S. holder's adjusted tax basis, as gain realized from the sale or other disposition of the shares of Class A common stock, which will be treated as described under "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Shares of Class A Common Stock and Warrants" below. In addition, if we determine that we are likely to be classified as a "U.S. real property holding corporation" (see "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Shares of Class A Common Stock and Warrants" below), we will withhold 15% of any distribution that exceeds our current and accumulated earnings and profits.

The withholding tax does not apply to dividends paid to a Non-U.S. holder who provides a Form W-8ECI, certifying that the dividends are effectively connected with the Non-U.S. holder's conduct of a trade or business within the United States (and are not attributable to a U.S. permanent establishment or fixed base maintained by the Non-U.S. holder under an applicable treaty). Instead, the effectively connected dividends will be subject to regular U.S. income tax as if the Non-U.S. holder were a U.S. resident, subject to an applicable income tax treaty providing otherwise. A Non-U.S. holder that is a corporation receiving effectively connected dividends may also be subject to an additional "branch profits tax" imposed at a rate of 30% (or a lower treaty rate).

Exercise of a Warrant. The U.S. federal income tax treatment of a Non-U.S. holder's exercise of a warrant, or the lapse of a warrant held by a Non-U.S. holder, generally will correspond to the U.S. federal income tax treatment of the exercise or lapse of a warrant by a U.S. holder, as described under "U.S. Holders — Exercise or Lapse of a Warrant" above, although to the extent a cashless exercise results in a taxable exchange, the consequences would be similar to those described below in "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Warrants."

Gain on Sale, Taxable Exchange or Other Taxable Disposition of Shares of Class A Common Stock and Warrants. A Non-U.S. holder generally will not be subject to U.S. federal income or withholding tax in respect of gain recognized on a sale, taxable exchange or other taxable disposition of our shares of Class A common stock, which would include a dissolution and liquidation in the event we do not complete an initial business combination within 18 months from the closing of this offering, or warrants (including an expiration or redemption of our warrants), in each case without regard to whether those securities were held as part of a unit, unless:

- the gain is effectively connected with the conduct of a trade or business by the Non-U.S. holder within the United States (and, under certain income tax treaties, is attributable to a United States permanent establishment or fixed base maintained by the Non-U.S. holder); or
- we are or have been a "U.S. real property holding corporation" for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the period that the Non-U.S. holder held our shares of Class A common stock, and, in the case where shares of Class A common stock are regularly traded on an established securities market, the Non-U.S. holder has owned, directly or constructively, more than 5% of our shares of Class A common stock at any time within the shorter of the five-year period preceding the disposition or such Non-U.S. holder's holding period for the shares of our Class A common stock. There can be no assurance that our shares of Class A common stock will be treated as regularly traded on an established securities market for this purpose.

Unless an applicable treaty provides otherwise, gain described in the first bullet point above will be subject to tax at generally applicable U.S. federal income tax rates as if the Non-U.S. holder were a U.S. resident. Any gains described in the first bullet point above of a Non-U.S. holder that is a foreign corporation may also be subject to an additional "branch profits tax" at a 30% rate (or lower treaty rate).

If the second bullet point above applies to a Non-U.S. holder, gain recognized by such holder on the sale, exchange or other disposition of our shares of Class A common stock or warrants will be subject to tax at generally applicable U.S. federal income tax rates. In addition, a buyer of our shares of Class A common stock or warrants from such holder may be required to withhold U.S. federal income tax at a rate of 15% of the amount realized upon such disposition. We cannot determine whether we will be a “United States real property holding corporation” in the future until we complete an initial business combination. We will be classified as a U.S. real property holding corporation if the fair market value of our “United States real property interests” equals or exceeds 50 percent of the sum of the fair market value of our worldwide real property interests plus our other assets used or held for use in a trade or business, as determined for U.S. federal income tax purposes.

Redemption of Shares of Class A Common Stock. The characterization for U.S. federal income tax purposes of the redemption of a Non-U.S. holder’s shares of Class A common stock pursuant to the redemption provisions described in the section of this prospectus entitled “Description of Securities — Common Stock” generally will correspond to the U.S. federal income tax characterization of such a redemption of a U.S. holder’s shares of Class A common stock, as described under “U.S. Holders — Redemption of Shares of Class A Common Stock” above, and the consequences of the redemption to the Non-U.S. holder will be as described above under “Non-U.S. Holders — Taxation of Distributions” and “Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Shares of Class A Common Stock and Warrants,” as applicable. It is possible that because the applicable withholding agent may not be able to determine the proper characterization of a redemption of a Non-U.S. holder’s shares of Class A common stock, the withholding agent might treat the redemption as a distribution subject to withholding tax.

Possible Constructive Distributions. The terms of each warrant provide for an adjustment to the number of shares of Class A common stock for which the warrant may be exercised or to the exercise price of the warrant in certain events, as discussed in the section of this prospectus captioned “Description of Securities — Warrants.” An adjustment which has the effect of preventing dilution is generally not a taxable event. Nevertheless, a Non-U.S. holder of warrants would be treated as receiving a constructive distribution from us if, for example, the adjustment increases the holder’s proportionate interest in our assets or earnings and profits (e.g., through an increase in the number of shares of Class A common stock that would be obtained upon exercise or through a decrease in the exercise price of the warrant) as a result of a distribution of cash or other property, such as other securities, to the holders of shares of our Class A common stock which is taxable to such holders as a distribution. Any constructive distribution received by a Non-U.S. holder would be subject to U.S. federal income tax (including any applicable withholding) in the same manner as if such Non-U.S. holder received a cash distribution from us equal to the fair market value of such increased interest without any corresponding receipt of cash.

Information Reporting and Backup Withholding. Information returns will be filed with the IRS in connection with payments of dividends and the proceeds from a sale or other disposition of our units, shares of Class A common stock and warrants. A Non-U.S. holder may have to comply with certification procedures to establish that it is not a United States person in order to avoid information reporting and backup withholding requirements. The certification procedures required to claim a reduced rate of withholding under a treaty will satisfy the certification requirements necessary to avoid the backup withholding as well. The amount of any backup withholding from a payment to a Non-U.S. holder will be allowed as a credit against such holder’s U.S. federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS.

FATCA Withholding Taxes. Provisions commonly referred to as “FATCA” impose withholding of 30% on payments of dividends (including constructive dividends) on our shares of Class A common stock to “foreign financial institutions” (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities, unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with those entities) have been satisfied by, or an exemption applies to, the payee (typically certified as to by the delivery of a properly

completed IRS Form W-8BEN-E). The IRS has issued proposed regulations (on which taxpayers may rely until final regulations are issued) that would generally not apply these withholding requirements to gross proceeds from sales or other disposition proceeds from our units, shares of Class A common stock and warrants. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. Under certain circumstances, a Non-U.S. holder might be eligible for refunds or credits of such withholding taxes, and a Non-U.S. holder might be required to file a U.S. federal income tax return to claim such refunds or credits. Prospective investors should consult their tax advisors regarding the effects of FATCA on their investment in our securities.

UNDERWRITING

Subject to the terms and conditions of the underwriting agreement, the underwriters named below, Stifel, Nicolaus & Company, Incorporated and Oppenheimer & Co. Inc., have severally agreed to purchase from us on a firm commitment basis the following respective number of units at a public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus. The underwriters may sell units to the public through one or more of their affiliates or selling agents.

<u>Underwriter</u>	<u>Number of Units</u>
Stifel, Nicolaus & Company, Incorporated	
Oppenheimer & Co. Inc.	
Total	<u>15,000,000</u>

The underwriting agreement provides that the obligations of the underwriters to purchase the units included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the units (other than those covered by the over-allotment option described below) if they purchase any of the units.

Units sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Any units sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price not to exceed \$ _____ per unit. After the initial offering of the units, the offering price and other selling terms may from time to time be varied by the underwriters.

If the underwriters sell more units than the total number set forth on the cover page of this prospectus, we have granted to the underwriters an option, exercisable for 45 days from the date of this prospectus, to purchase up to 2,250,000 additional units at the public offering price. The underwriters may exercise this option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional units approximately proportionate to that underwriter's initial purchase commitment. Any units issued or sold under the option will be issued and sold on the same terms and conditions as the other units that are the subject of this offering.

We, our sponsor and our officers and directors have agreed that, for a period of 180 days from the date of this prospectus, we and they will not, without the prior written consent of Stifel and Oppenheimer, offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any units, warrants, shares of common stock or any other securities convertible into, or exercisable, or exchangeable for, shares of common stock subject to certain exceptions. Stifel and Oppenheimer, in their sole discretion, may release any of the securities subject to these lock-up agreements at any time without notice.

Except as described herein, our sponsor and our directors and executive officers have agreed not to transfer, assign or sell any of their founder shares until the earliest of (A) one year after the completion of our initial business combination or (B) subsequent to our initial business combination, the date on which we complete a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of our stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property. Notwithstanding the foregoing, if the last reported sale price of our Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, the founder shares will be released from the lock-up.

The private placement warrants (including the shares of Class A common stock issuable upon exercise of the private placement warrants) will not be transferable, assignable or salable until 30 days after the completion of our initial business combination, except as described herein under "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants."

Prior to this offering, there has been no public market for our securities. Consequently, the initial public offering price for the units was determined by negotiations between us and the underwriters.

The determination of our per unit offering price was more arbitrary than would typically be the case if we were an operating company. Among the factors considered in determining the initial public offering price were the history and prospects of companies whose principal business is the acquisition of other companies, prior offerings of those companies, our management, our capital structure, and currently prevailing general conditions in equity securities markets, including current market valuations of publicly traded companies considered comparable to our company. We cannot assure you, however, that the price at which the units, shares of Class A common stock or warrants will sell in the public market after this offering will not be lower than the initial public offering price or that an active trading market in our units, shares of Class A common stock or warrants will develop and continue after this offering.

We have applied to list our units on Nasdaq under the symbol “TVACU” and, once the shares of Class A common stock and warrants begin separate trading, we expect that our shares of Class A common stock and warrants will be listed on Nasdaq under the symbols “TVAC” and “TVACW”, respectively. We cannot guarantee that our securities will be approved for listing on Nasdaq.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters’ over-allotment option.

Per Unit ⁽¹⁾	Paid by Thayer Ventures Acquisition Corporation	
	No Exercise	Full Exercise
Total ⁽¹⁾	\$ 0.55	\$ 0.55
	\$ 9,000,000	\$ 10,350,000

(1) \$0.20 per unit, or \$3,000,000 in the aggregate (or \$3,450,000 in the aggregate if the underwriters’ option to purchase additional units is exercised in full), is payable upon the closing of this offering. \$0.40 per unit, or \$6,000,000 in the aggregate (or \$6,900,000 in the aggregate if the underwriters’ option to purchase additional units is exercised in full) payable to the underwriters for deferred underwriting commissions will be placed in a trust account located in the United States as described herein and released to the underwriters only upon and concurrently with the consummation of an initial business combination.

In addition, we have agreed to pay for the FINRA-related fees and expenses of the underwriters’ legal counsel (excluding blue sky fees and expenses), in an amount not to exceed \$25,000. The underwriters have agreed to make a payment to us in an amount equal to 1.0% of the gross proceeds of this offering to reimburse certain of our expenses.

If we do not consummate an initial business combination within 18 months from the closing of this offering, we and the underwriters have agreed that: (i) they will forfeit any rights or claims to their deferred underwriting discounts and commissions, including any accrued interest thereon, then in the trust account; and (ii) the deferred underwriters’ discounts and commissions will be distributed on a pro rata basis, together with any accrued interest thereon (which interest shall be net of taxes payable) to the public stockholders.

In connection with the offering, the underwriters may purchase and sell units in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the over-allotment option, and stabilizing purchases.

- Short sales involve secondary market sales by the underwriters of a greater number of shares than they are required to purchase in the offering.

- “Covered” short sales are sales of units in an amount up to the number of units represented by the underwriters’ over-allotment option.
- “Naked” short sales are sales of units in an amount in excess of the number of units represented by the underwriters’ over-allotment option.
- Covering transactions involve purchases of units either pursuant to the over-allotment option or in the open market after the distribution has been completed in order to cover short positions.
- To close a naked short position, the underwriters must purchase shares in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the units in the open market after pricing that could adversely affect investors who purchase in the offering.
- To close a covered short position, the underwriters must purchase units in the open market after the distribution has been completed or must exercise the over-allotment option. In determining the source of shares to close the covered short position, the underwriter will consider, among other things, the price of units available for purchase in the open market as compared to the price at which they may purchase units through the over-allotment option.
- Stabilizing transactions involve bids to purchase units so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the units. They may also cause the price of the units to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

We estimate that our portion of the total expenses of this offering payable by us will be \$750,000, excluding underwriting discounts and commissions.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

We are not under any contractual obligation to engage any of the underwriters to provide any services for us after this offering, and have no present intent to do so. However, any of the underwriters may introduce us to potential target businesses or assist us in raising additional capital in the future. If any of the underwriters provide services to us after this offering, we may pay such underwriter fair and reasonable fees that would be determined at that time in an arm’s length negotiation; provided that no agreement will be entered into with any of the underwriters and no fees for such services will be paid to any of the underwriters prior to the date that is 90 days from the effective date of the registration statement of which this prospectus forms a part, unless FINRA determines that such payment would not be deemed underwriters’ compensation in connection with this offering and we may pay the underwriters of this offering or any entity with which they are affiliated a finder’s fee or other compensation for services rendered to us in connection with the completion of a business combination.

The underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities)

and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Thayer Ventures Acquisition Corporation

Opinion on the Financial Statements

We have audited the accompanying balance sheet of Thayer Ventures Acquisition Corporation (the “Company”) as of August 13, 2020, and the related statements of operations, changes in stockholder’s equity and cash flows for the period from July 31, 2020 (inception) through August 13, 2020, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of August 13, 2020, and the results of its operations and its cash flows for the period from July 31, 2020 (inception) through August 13, 2020, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company’s auditor since 2020.

THAYER VENTURES ACQUISITION CORPORATION

NOTES TO FINANCIAL STATEMENTS

Note 1 — Description of Organization, Business Operations, Going Concern and Basis of Presentation

Thayer Ventures Acquisition Corporation (the “Company”) is a blank check company incorporated in Delaware on July 31, 2020. The Company was formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses (the “Business Combination”). The Company is an emerging growth company and, as such, the Company is subject to all of the risks associated with emerging growth companies.

As of August 13, 2020, the Company had not commenced any operations. All activity for the period from July 31, 2020 (inception) through August 13, 2020 relates to the Company’s formation and the proposed public offering described below. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income on cash and cash equivalents from the proceeds derived from the Proposed Public Offering (as defined below). The Company has selected December 31 as its fiscal year end.

The Company’s sponsor is Thayer Ventures Acquisition Holdings LLC, a Delaware limited liability company (the “Sponsor”). The Company’s ability to commence operations is contingent upon obtaining adequate financial resources through a proposed public offering (the “Proposed Public Offering”) of 15,000,000 units (each, a “Unit” and collectively, the “Units”) at \$10.00 per Unit (or 17,250,000 Units if the underwriters’ over-allotment option is exercised in full), which is discussed in Note 3, and the sale of 6,500,000 warrants (or 7,175,000 warrants if the underwriters’ over-allotment option is exercised in full) (each, a “Private Placement Warrant” and collectively, the “Private Placement Warrants”), at a price of \$1.00 per Private Placement Warrant in a private placement to the Sponsor that will close simultaneously with the Proposed Public Offering.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Proposed Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. There is no assurance that the Company will be able to complete a Business Combination successfully. The Company must complete one or more initial Business Combinations having an aggregate fair market value of at least 80% of the value of the funds held in the Trust Account (as defined below) (excluding the amount of deferred underwriting discounts held in Trust and taxes payable on the interest earned on the Trust Account) at the time of the agreement to enter into the initial Business Combination. However, the Company only intends to complete a Business Combination if the post-transaction company owns or acquires 50% or more of the voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act 1940, as amended (the “Investment Company Act”). Upon the closing of the Proposed Public Offering, management has agreed that an amount equal to at least \$10.20 per Unit sold in the Proposed Public Offering, including the proceeds from the sale of the Private Placement Warrants, will be held in a trust account (“Trust Account”) located in the United States with Continental Stock Transfer & Trust Company acting as trustee, and invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

The Company will provide the holders (the “Public Stockholders”) of the Company’s outstanding shares of Class A common stock, par value \$0.0001 per share, sold in the Proposed Public Offering (the “Public Shares”) with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a stockholder meeting called to approve the Business Combination or

(ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The Public Stockholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then held in the Trust Account (initially anticipated to be \$10.20 per Public Share). The per-share amount to be distributed to Public Stockholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (as discussed in Note 5). These Public Shares will be recorded at a redemption value and classified as temporary equity upon the completion of the Proposed Public Offering in accordance with the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 480 "Distinguishing Liabilities from Equity." If the Company seeks stockholder approval, the Company will proceed with a Business Combination if a majority of the shares voted are voted in favor of the Business Combination. The Company will not redeem the Public Shares in connection with a Business Combination in an amount that would cause its net tangible assets to be less than \$5,000,001. If a stockholder vote is not required by law and the Company does not decide to hold a stockholder vote for business or other legal reasons, the Company will, pursuant to its amended and restated Certificate of Incorporation (the "Certificate of Incorporation"), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission ("SEC") and file tender offer documents with the SEC prior to completing a Business Combination. If, however, stockholder approval of the transaction is required by law, or the Company decides to obtain stockholder approval for business or legal reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each Public Stockholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction or do not vote at all or are not a holder of record of Public Shares on the record date established in connection with a Business Combination. If the Company seeks stockholder approval in connection with a Business Combination, the initial stockholders (as defined below) have agreed to vote their Founder Shares (as defined below in Note 4) and any Public Shares purchased during or after the Proposed Public Offering in favor of a Business Combination. In addition, the initial stockholders have agreed to waive their redemption rights with respect to their Founder Shares and Public Shares in connection with the completion of a Business Combination.

The Certificate of Incorporation will provide that a Public Stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), will be restricted from redeeming its shares with respect to more than an aggregate of 15% or more of the Public Shares, without the prior consent of the Company.

The holders of the Founder Shares (the "initial stockholders") have agreed not to propose an amendment to the Certificate of Incorporation to modify the substance or timing of the Company's obligation to redeem 100% of the Public Shares if the Company does not complete a Business Combination within the Combination Period (as defined below) or with respect to any other material provisions relating to stockholders' rights or pre-initial Business Combination activity, unless the Company provides the Public Stockholders with the opportunity to redeem their Public Shares in conjunction with any such amendment.

If the Company is unable to complete a Business Combination within 18 months from the closing of the Proposed Public Offering (the "Combination Period") and the Company's stockholders have not amended the Certificate of Incorporation to extend such Combination Period, the Company will (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (less taxes payable and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining stockholders and the board of directors, liquidate and dissolve, subject in each case, to the Company's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

The initial stockholders have agreed to waive their rights to liquidating distributions from the Trust Account with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the initial stockholders acquire Public Shares in or after the Proposed Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to the deferred underwriting commission (see Note 5) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the other funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only \$10.20. In order to protect the amounts held in the Trust Account, the Sponsor has agreed to be liable to the Company if and to the extent any claims by a third party (except for the Company's independent registered public accounting firm) for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a letter of intent, confidentiality or other similar agreement or business combination agreement (a "Target"), reduce the amount of funds in the Trust Account to below the lesser of (i) \$10.20 per Public Share and (ii) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.20 per Public Share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or Target that executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company's indemnity of the underwriters of the Proposed Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Basis of Presentation

The accompanying financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and pursuant to the rules and regulations of the SEC.

In connection with the Company's assessment of going concern considerations in accordance with ASU 2014-15, "Disclosures of Uncertainties about an Entity's Ability to Continue as a Going Concern," as of August 13, 2020, the Company does not have sufficient liquidity to meet its current obligations. However, management has determined that the Company has access to funds from the Sponsor that are sufficient to fund the working capital needs of the Company until the earlier of the consummation of the Proposed Public Offering and a minimum one year from the date of issuance of these financial statements. Management continues to evaluate the impact of the COVID-19 pandemic on the industry and concluded that the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Emerging Growth Company

The Company is an "emerging growth company," as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Note 2 — Summary of Significant Accounting Policies

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the Federal Depository Insurance Coverage limit of \$250,000. At August 13, 2020, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under FASB ASC 820, "Fair Value Measurements and Disclosures," approximates the carrying amounts represented in the balance sheet, primarily due to their short-term nature.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

Deferred Offering Costs Associated with the Proposed Public Offering

Deferred offering costs consist of legal, accounting, and other costs incurred through the balance sheet date that are directly related to the Proposed Public Offering and that will be charged to stockholder's equity upon the completion of the Proposed Public Offering. Should the Proposed Public Offering prove to be unsuccessful, these deferred costs, as well as additional expenses to be incurred, will be charged to operations.

Net Loss Per Share of Common Stock

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, "Earnings Per Share." Net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period excluding common stock subject to forfeiture. Weighted average shares were reduced for the effect of an aggregate of 562,500 shares of common stock that are subject to forfeiture if the over-allotment option is not exercised by the underwriters (Note 4). At August 13, 2020, the Company did not have any dilutive securities and other contracts that could, potentially, be exercised or converted into shares of common stock and then share in the earnings of the Company. As a result, diluted loss per share is the same as basic loss per share for the period presented.

Income Taxes

The Company follows the asset and liability method of accounting for income taxes under FASB ASC 740, “Income Taxes.” Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. Deferred tax assets were deemed de minimis as of August 13, 2020.

FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of August 13, 2020. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties as of August 13, 2020. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception. The provision for income taxes was deemed to be de minimis for the period from July 31, 2020 (inception) through August 13, 2020.

Recent Accounting Standards

The Company’s management does not believe that any recently issued, but not yet effective, accounting standards updates, if currently adopted, would have a material effect on the accompanying financial statements.

Note 3 — Proposed Public Offering

Pursuant to the Proposed Public Offering, the Company intends to offer for sale 15,000,000 Units at a price of \$10.00 per Unit. Each Unit consists of one share of Class A common stock, and one-half of one redeemable warrant (each, a “Public Warrant”). Each Public Warrant entitles the holder to purchase one share of Class A common stock at a price of \$11.50 per share, subject to adjustment (see Note 6).

Three qualified institutional buyers not affiliated with the sponsor or any member of the management team (the “Anchor Investors”) have indicated to the Company that they intend to purchase up to 4,496,000 Units in the Proposed Public Offering (or up to 4,944,550 Units in the Proposed Public Offering if the over-allotment option is exercised in full).

The Company will grant the underwriters a 45-day option from the date of the final prospectus relating to the Proposed Public Offering to purchase up to 2,250,000 additional Units to cover over-allotments, if any, at the Proposed Public Offering price, less underwriting discounts and commissions.

Note 4 — Related Party Transactions

Founder Shares

On August 11, 2020, the Sponsor subscribed to purchase 5,031,250 shares of the Company’s common stock, par value \$0.0001 per share (the “Founder Shares”) for an aggregate price of \$25,000. On August 13, 2020, the Sponsor paid \$25,000 for certain expenses on behalf of the Company in exchange for issuance of the Founder Shares. On October 27, 2020, the Company amended its charter and designated the 4,312,500 shares of common stock outstanding into 4,312,500 Class B common stock prior to the consummation of the Proposed Public Offering. On October 27, 2020, 718,750 Founder Shares were contributed back to the Company for no

consideration, resulting in there being 4,312,500 Founder Shares issued and outstanding, of which 562,500 shares are subject to forfeiture if the underwriters do not exercise their over-allotment option in full. All shares and associated amounts have been retroactively restated to reflect the share surrender. The initial stockholders agreed to forfeit up to 562,600 Founder Shares to the extent that the over-allotment option is not exercised in full by the underwriters. On November 9, 2020, the Sponsor transferred 25,000 Founder Shares to each of the independent director nominees. These 125,000 shares are not subject to forfeiture in the event the underwriters' over-allotment option is not exercised. The forfeiture will be adjusted to the extent that the over-allotment option is not exercised in full by the underwriters so that the Founder Shares will represent 20.0% of the Company's issued and outstanding shares after the Proposed Public Offering. If the Company increases or decreases the size of the offering, the Company will effect a stock dividend or share contribution back to capital, as applicable, immediately prior to the consummation of the Proposed Public Offering so as to maintain the ownership of the initial stockholders at 20.0% of the Company's issued and outstanding common stock upon the consummation of the Proposed Public Offering.

The initial stockholders have agreed, subject to limited exceptions, not to transfer, assign or sell any of the Founder Shares until the earlier to occur of: (A) one year after the completion of the initial Business Combination or (B) subsequent to the initial Business Combination, (x) if the last reported sale price of the shares of Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the initial Business Combination, or (y) the date on which the Company completes a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of the stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property. Any permitted transferees will be subject to the same restrictions and other agreements of the initial stockholders with respect to any Founder Shares.

Private Placement Warrants

The Sponsor has committed, pursuant to a written agreement, to purchase 6,500,000 Private Placement Warrants (or 7,175,000 Private Placement Warrants if the over-allotment option is exercised in full) for a purchase price of \$1.00 per whole warrant in a private placement that will occur concurrently with the closing of this offering. As such, the Sponsor's interest in this transaction is valued at between \$6.5 million and approximately \$7.2 million, depending on the number of Private Placement Warrants purchased. Each Private Placement Warrant is exercisable for one whole share of Class A common stock at a price of \$11.50 per share. A portion of the proceeds from the sale of the Private Placement Warrants to the Sponsor will be added to the proceeds from the Proposed Public Offering to be held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable for cash and exercisable on a cashless basis so long as they are held by the initial purchasers or their permitted transferees.

The purchasers of the Private Placement Warrants will agree, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Warrants (except to permitted transferees) until 30 days after the completion of the initial Business Combination.

Related Party Loans

On August 11, 2020, the Sponsor agreed to loan the Company an aggregate of up to \$400,000 to cover expenses related to the Proposed Public Offering pursuant to a promissory note (the "Note"). This loan is non-interest bearing and payable on the earlier of the completion of the Proposed Public Offering or the date the Company determines not to conduct an Initial Public Offering. As of August 13, 2020, the Company had not borrowed any money amount under the Note from the Sponsor. Subsequent to August 13, 2020, the Company borrowed \$400,000 from the Sponsor to cover its expenses in connection with the Proposed Public Offering.

In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, loan the Company funds as may be required ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of the proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination or, at the lender's discretion, up to \$1.5 million of such Working Capital Loans may be convertible into warrants of the post Business Combination entity at a price of \$1.00 per warrant. The warrants would be identical to the Private Placement Warrants. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. As of August 13, 2020, the Company had no borrowings under the Working Capital Loans.

Note 5 — Commitments and Contingencies

Registration Rights

The holders of Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans (and any shares of Class A common stock issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans) will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to the consummation of the Proposed Public Offering. These holders will be entitled to certain demand and "piggyback" registration rights. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The underwriters will be entitled to an underwriting discount of \$0.20 per Unit, or \$3.0 million in the aggregate (or approximately \$3.45 million in the aggregate if the underwriters' over-allotment option is exercised in full), payable upon the closing of the Proposed Public Offering. An additional fee of \$0.40 per Unit, or \$6.0 million in the aggregate (or \$6.9 million in the aggregate if the underwriters' over-allotment option is exercised in full) will be payable to the underwriters for deferred underwriting commissions. The deferred fee will become payable to the underwriters from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

The underwriters have also agreed to make a payment to the Company in an amount equal to 1.0% of the gross proceeds of the Proposed Public Offering, or \$1.5 million in the aggregate (or approximately \$1.7 million in the aggregate if the underwriters' over-allotment option is exercised in full) to reimburse certain of the Company's expenses.

Note 6 — Stockholder's Equity

Common Stock — The Company is authorized to issue 100,000,000 shares of common stock with a par value of \$0.0001 per share. On August 13, 2020, the Company issued 5,031,250 shares of common stock to the Sponsor. On October 27, 2020, 718,750 shares of common stock were contributed back to the Company for no consideration, resulting in there being 4,312,500 shares of common stock issued and outstanding. Of the 4,312,500 shares outstanding, up to 562,500 shares are subject to forfeiture if the underwriters do not exercise their over-allotment option in full, so that the initial stockholders will collectively own 20% of the Company's issued and outstanding common stock after the Proposed Public Offering.

On October 27, 2020, the Company amended its charter to authorize the issuance of 100,000,000 Class A common stock, with a par value of \$0.0001 per share, 10,000,000 Class B common stock, with a par value of

\$0.0001 per share, and 1,000,000 preferred stock, with a par value of \$0.0001 per share, and designated the 4,312,500 shares of common stock outstanding into 4,312,500 Class B common stock prior to the consummation of the Proposed Public Offering.

Common stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. With respect to any matter submitted to a vote of the stockholders, including any vote in connection with the initial Business Combination, except as required by law or the applicable rules of Nasdaq then in effect, holders of the shares of Class A common stock and shares of Class B common stock will vote together as a single class on all matters submitted to a vote of the stockholders.

The Class B common stock will automatically convert into Class A common stock at the time of the initial Business Combination on a one-for-one basis (subject to adjustment for stock splits, stock dividends, reorganizations, recapitalizations and the like), and subject to further adjustment as provided herein. In the case that additional shares of Class A common stock, or equity-linked securities, are issued or deemed issued in excess of the amounts offered in the Proposed Public Offering and related to the closing of the Business Combination, including pursuant to a specified future issuance, the ratio at which shares of Class B common stock shall convert into shares of Class A common stock will be adjusted (unless the initial stockholders agree to waive such adjustment with respect to any such issuance or deemed issuance, including a specified future issuance) so that the number of shares of Class A common stock issuable upon conversion of all shares of Class B common stock will equal, in the aggregate, on an as-converted basis, 20% of the sum of the total number of all shares of common stock outstanding upon completion of the Proposed Public Offering plus all shares of Class A common stock and equity-linked securities issued or deemed issued in connection with the Business Combination (after giving effect to any redemptions of shares of Class A common stock By Public Stockholders) (excluding any shares or equity-linked securities issued, or to be issued, to any seller in the initial Business Combination and any Private Placement Warrants issued to the Sponsor, officers or directors upon conversion of Working Capital Loans). The Sponsor may also elect to convert their shares of Class B common stock into an equal number of shares of Class A common stock, subject to adjustment as provided above, at any time. In no event will the shares of our Class B common stock convert into shares of our Class A common stock at a rate of less than one-to-one.

Warrants — Public Warrants may only be exercised for a whole number of shares. No fractional Public Warrants will be issued upon separation of the Units and only whole Public Warrants will trade. The Public Warrants will become exercisable on the later of (a) 30 days after the completion of a Business Combination or (b) 12 months from the closing of the Proposed Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the Public Warrants and a current prospectus relating to them is available (or the Company permits holders to exercise their Public Warrants on a cashless basis and such cashless exercise is exempt from registration under the Securities Act). The Company has agreed that as soon as practicable, but in no event later than 15 business days after the closing of the initial Business Combination, the Company will use its best efforts to file with the SEC and have an effective registration statement covering the shares of Class A common stock issuable upon exercise of the warrants and to maintain a current prospectus relating to those shares of Class A common stock until the warrants expire or are redeemed. If a registration statement covering the Class A common stock issuable upon exercise of the warrants is not effective by the 60th business day after the closing of the initial Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when the Company will have failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the above, if the Company’s shares of Class A common stock are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public Warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company so elect, it will not be required to file or maintain in effect a

[Table of Contents](#)

[Index to Financial Statements](#)

registration statement, and in the event the Company does not so elect, it will use its best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

The warrants have an exercise price of \$11.50 per share, subject to adjustments, and will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation. In addition, if (x) the Company issues additional shares of Class A common stock or equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination at an issue price or effective issue price of less than \$9.20 per share of Class A common stock (with such issue price or effective issue price to be determined in good faith by the board of directors and, in the case of any such issuance to our initial stockholders or their affiliates, without taking into account any Founder Shares held by our initial stockholders or such affiliates, as applicable, prior to such issuance) (the “Newly Issued Price”), (y) the aggregate gross proceeds from such issuances represent more than 50% of the total equity proceeds, and interest thereon, available for the funding of the initial Business Combination on the date of the consummation of the initial Business Combination (net of redemptions), and (z) the volume weighted average trading price of the common stock during the 20 trading day period starting on the trading day after the day on which the Company consummates its initial Business Combination (such price, the “Market Value”) is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$10.00 and \$18.00 per share redemption trigger price described below under “Redemption of warrants when the price per share of Class A common stock equals or exceeds \$10.00” and “Redemption of warrants when the price per share of Class A common stock equals or exceeds \$18.00” will be adjusted (to the nearest cent) to be equal to 100% and 180% of the higher of the Market Value and the Newly Issued Price, respectively.

The Private Placement Warrants are identical to the Public Warrants, except that the Private Placement Warrants and the shares of Class A common stock issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be non-redeemable so long as they are held by the Sponsor or its permitted transferees. If the Private Placement Warrants are held by someone other than the Sponsor or its permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

Redemption of warrants when the price per share of Class A common stock equals or exceeds \$18.00: Once the warrants become exercisable, the Company may call the outstanding warrants for redemption (except as described herein with respect to the Private Placement Warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days’ prior written notice of redemption; and
- if, and only if, the last reported sale price of the Class A common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock capitalizations, reorganizations, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders (the “Reference Value”).

The Company will not redeem the warrants unless an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of Class A common stock is available throughout the 30-day redemption period.

Redemption of warrants when the price per share of Class A common stock equals or exceeds \$10.00: After the warrants become exercisable, the Company may redeem the outstanding warrants:

- in whole and not in part;
- at a price of \$0.10 per warrant upon a minimum of 30 days' prior written notice of redemption provided that during such 30 day period holders will be able to exercise their warrants on a cashless basis prior to redemption and receive that number of shares of Class A common stock determined by reference to an agreed table based on the redemption date and the "fair market value" of the shares of Class A common stock (as defined below); provided, further, that if the warrants are not exercised on a cashless basis or otherwise during such 30 day period, the Company shall redeem such warrants for \$0.10 per share;
- if, and only if, the Reference Value equals or exceeds \$10.00 per share (as adjusted per stock splits, stock dividends, reorganizations, reclassifications, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination) on the trading day prior to the date on which the Company sends the notice of redemption to the warrant holders; and
- if the Reference Value is less than \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, reclassifications, recapitalizations and the like and for certain issuances of Class A common stock and equity-linked securities for capital raising purposes in connection with the closing of the initial Business Combination) then the Private Placement Warrants must also concurrently be called for redemption on the same terms (equal to a number of shares of Class A common stock) as the outstanding Public Warrants as described above.

The "fair market value" of Class A common stock for the above purpose shall mean the average reported last sale price of Class A common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. In no event will the warrants be exercisable in connection with this redemption feature for more than 0.361 shares of Class A common stock per warrant (subject to adjustment).

In no event will the Company be required to net cash settle any warrant. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

Note 7 — Subsequent Events

Subsequent to August 13, 2020, the Company borrowed \$400,000 under the Note.

On October 27, 2020, 718,750 shares of common stock were contributed back to the Company for no consideration, resulting in there being 4,312,500 shares of common stock issued and outstanding, of which 562,500 shares are subject to forfeiture if the underwriters do not exercise their over-allotment option in full. All shares and associated amounts have been retroactively restated to reflect the share surrender.

On November 9, 2020, the Sponsor transferred 25,000 Founder Shares to each of the independent director nominees. These 125,000 shares are not subject to forfeiture in the event the underwriters' over-allotment option is not exercised.

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to December 8, 2020, the date that the financial statements were available to be issued. Based on this review, except as noted above, the Company did not identify any subsequent events that would have required adjustment or disclosure in the financial statements.

Item 14. Indemnification of Directors and Officers.

Our amended and restated certificate of incorporation provides that all directors, officers, employees and agents of the registrant shall be entitled to be indemnified by us to the fullest extent permitted by Section 145 of the DGCL.

Section 145 of the DGCL concerning indemnification of officers, directors, employees and agents is set forth below.

Section 145. Indemnification of officers, directors, employees and agents; insurance.

- a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

- b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.
- c) To the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.
- d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of this section. Such determination shall be made, with respect to a person who is a director or officer at the time of such determination, (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by the stockholders.
- e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by former officers and directors or other employees and agents may be so paid upon such terms and conditions, if any, as the corporation deems appropriate.
- f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. A right to indemnification or to advancement of expenses arising under a provision of the amended and restated certificate of incorporation or a bylaw shall not be eliminated or impaired by an amendment to such provision after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such action or omission has occurred.
- g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the

corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under this section.

- h) For purposes of this section, references to "the corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.
- i) For purposes of this section, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the corporation" as referred to in this section.
- j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.
- k) The Court of Chancery is hereby vested with exclusive jurisdiction to hear and determine all actions for advancement of expenses or indemnification brought under this section or under any bylaw, agreement, vote of stockholders or disinterested directors, or otherwise. The Court of Chancery may summarily determine a corporation's obligation to advance expenses (including attorneys' fees).

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment of expenses incurred or paid by a director, officer or controlling person in a successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to the court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

In accordance with Section 102(b)(7) of the DGCL, our amended and restated certificate of incorporation, will provide that no director shall be personally liable to us or any of our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors, except to the extent such limitation on or exemption from liability is not permitted under the DGCL unless they violated their duty of loyalty to the Company or its stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived improper personal benefit from their actions as directors. The effect of this provision of our amended and restated certificate of incorporation is to eliminate our rights and those of our stockholders (through stockholders' derivative suits on our behalf) to

recover monetary damages against a director for breach of the fiduciary duty of care as a director, including breaches resulting from negligent or grossly negligent behavior, except, as restricted by Section 102(b)(7) of the DGCL. However, this provision does not limit or eliminate our rights or the rights of any stockholder to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director's duty of care.

If the DGCL is amended to authorize corporate action further eliminating or limiting the liability of directors, then, in accordance with our amended and restated certificate of incorporation, the liability of our directors to us or our stockholders will be eliminated or limited to the fullest extent authorized by the DGCL, as so amended. Any repeal or amendment of provisions of our amended and restated certificate of incorporation limiting or eliminating the liability of directors, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to further limit or eliminate the liability of directors on a retroactive basis.

Our amended and restated certificate of incorporation will also provide that we will, to the fullest extent authorized or permitted by applicable law, indemnify our current and former officers and directors, as well as those persons who, while directors or officers of our corporation, are or were serving as directors, officers, employees or agents of another entity, trust or other enterprise, including service with respect to an employee benefit plan, in connection with any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, against all expense, liability and loss (including, without limitation, attorney's fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred or suffered by any such person in connection with any such proceeding. Notwithstanding the foregoing, a person eligible for indemnification pursuant to our amended and restated certificate of incorporation will be indemnified by us in connection with a proceeding initiated by such person only if such proceeding was authorized by our board of directors, except for proceedings to enforce rights to indemnification.

The right to indemnification conferred by our amended and restated certificate of incorporation is a contract right that includes the right to be paid by us the expenses incurred in defending or otherwise participating in any proceeding referenced above in advance of its final disposition, provided, however, that if the DGCL requires, an advancement of expenses incurred by our officer or director (solely in the capacity as an officer or director of our corporation) will be made only upon delivery to us of an undertaking, by or on behalf of such officer or director, to repay all amounts so advanced if it is ultimately determined that such person is not entitled to be indemnified for such expenses under our amended and restated certificate of incorporation or otherwise.

The rights to indemnification and advancement of expenses will not be deemed exclusive of any other rights which any person covered by our amended and restated certificate of incorporation may have or hereafter acquire under law, our amended and restated certificate of incorporation, our amended and restated bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

Any repeal or amendment of provisions of our amended and restated certificate of incorporation affecting indemnification rights, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision. Our amended and restated certificate of incorporation will also permit us, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than those specifically covered by our amended and restated certificate of incorporation.

Our amended and restated bylaws, which we intend to adopt immediately prior to the closing of this offering, include the provisions relating to advancement of expenses and indemnification rights consistent with

those set forth in our amended and restated certificate of incorporation. In addition, our amended and restated bylaws provide for a right of indemnity to bring a suit in the event a claim for indemnification or advancement of expenses is not paid in full by us within a specified period of time. Our amended and restated bylaws also permit us to purchase and maintain insurance, at our expense, to protect us and/or any director, officer, employee or agent of our corporation or another entity, trust or other enterprise against any expense, liability or loss, whether or not we would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Any repeal or amendment of provisions of our amended and restated bylaws affecting indemnification rights, whether by our board of directors, stockholders or by changes in applicable law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing thereunder with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

We will enter into indemnity agreements with each of our officers and directors a form of which is filed as Exhibit 10.3 to this Registration Statement. These agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Pursuant to the Underwriting Agreement filed as Exhibit 1.1 to this Registration Statement, we have agreed to indemnify the Underwriters and the Underwriters have agreed to indemnify us against certain civil liabilities that may be incurred in connection with this offering, including certain liabilities under the Securities Act.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

- (1) That for the purpose of determining any liability under the Securities Act of 1933 in a primary offering of securities of the undersigned registrant pursuant to this registration statement,

regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (2) That for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (b) The undersigned hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes that:
- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
 - (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Ladies and Gentlemen:

Thayer Ventures Acquisition Corporation, a Delaware corporation (the “Company”), proposes to issue and sell to the several underwriters named in Schedule A hereto (collectively, the “Underwriters”), for whom you are acting as representatives (the “Representatives”), an aggregate of 15,000,000 units (the “Units”) of the Company (the “Underwritten Securities”). The Company also proposes to grant to the Underwriters an option to purchase up to 2,250,000 additional Units to cover over-allotments, if any (the “Option Securities”; the Option Securities, together with the Underwritten Securities, being hereinafter called the “Securities”).

Each Unit consists of one share of the Company’s Class A common stock, par value \$0.0001 per share (the “Common Stock”), and one-half of one redeemable warrant (the “Warrant(s)”). The shares of Common Stock (the “Public Shares”) and Warrants included in the Units will not trade separately until the 52nd day following the date of the Prospectus (as defined below) (or, if such date is not a business day, the following business day) unless the Representatives inform the Company of their decision to allow earlier separate trading, subject to (a) the Company’s preparation of an audited balance sheet reflecting the receipt by the Company of the proceeds of the offering of the Securities, (b) the filing of such audited balance sheet with the Commission on a Current Report on Form 8-K or similar form by the Company that includes such audited balance sheet, and (c) the Company having issued a press release announcing when such separate trading will begin. Each whole Warrant entitles its holder, upon exercise, to purchase one share of Common Stock for \$11.50 per share during the period commencing on the later of thirty (30) days after the completion by the Company of an initial Business Combination (as defined below) or twelve (12) months from the date of the consummation of the Offering (as defined below) and terminating on the five-year anniversary of the date of the completion of such initial Business Combination or earlier upon redemption or Liquidation (as defined below). As used herein, the term “Business Combination” (as described more fully in the Registration Statement (as defined below)) shall mean a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses.

The Company has entered into an Investment Management Trust Agreement, dated as of the date hereof, with Continental Stock Transfer & Trust Company, LLC (“CST&T”), as trustee, in substantially the form filed as Exhibit 10.1 to the Registration Statement (the “Trust Agreement”), pursuant to which certain proceeds from the sale of the Private Placement Warrants (as defined below) and the proceeds of the Offering will be deposited and held in a trust account (the “Trust Account”) for the benefit of the Company, the Underwriters and the holders of the Underwritten Securities and the Option Securities, if and when issued.

The Company has issued a non-interest bearing, unsecured promissory note, dated as of August 11, 2020 (the “Promissory Note”), for an aggregate amount of up to \$400,000 to the Sponsor in exchange for the payment of the equivalent amount by the Sponsor to the Company. These monies may be used to cover expenses relating to the Offering. The Promissory Note will be payable on the earlier of the completion of the Offering or the date the Company determines not to conduct the Offering.

The Company has entered into a Warrant Agreement, dated as of the date hereof, with CST&T, as warrant agent, with respect to the Warrants and the Private Placement Warrants, in substantially the form filed as Exhibit 4.4 to the Registration Statement (the “Warrant Agreement”), pursuant to which CST&T will act as warrant agent in connection with the issuance, registration, transfer, exchange, redemption, and exercise of the Warrants and the Private Placement Warrants.

The Company has entered into a Subscription Agreement, dated as of August 11, 2020 (the “Sponsor Shares Subscription Agreement”), with Thayer Ventures Acquisition Holdings LLC (the “Sponsor”), pursuant to which the Sponsor subscribed to purchase an aggregate of 5,031,250 shares of common stock of the Company, which were designated as shares of Class B common stock prior to the consummation of the Offering, par value \$0.0001 per share (the “Founder Shares”), for an aggregate purchase price of \$25,000.

The Company has entered into a Contribution Agreement, dated as of October 27, 2020 (the “Contribution Agreement”), with the Sponsor, pursuant to which the Sponsor contributed back 718,750 Founder Shares to the Company for no consideration, resulting in there being 4,312,500 Founder Shares issued and outstanding.

The Sponsor has entered into a Share Transfer Agreements, dated as of November 9, 2020 (the “Sponsor Assignment Agreements”), with each of H. Charles Floyd, Ren Riley, Lawrence M. Kutscher, Caroline Shin and R. David Edelman, pursuant to which the Sponsor transferred 25,000 Founder Shares to each of H. Charles Floyd, Ren Riley, Lawrence M. Kutscher, Caroline Shin and R. David Edelman (none of which is subject to forfeiture).

The Company has entered into a Private Placement Warrants Purchase Agreement, dated as of the date hereof, with the Sponsor, in substantially the form filed as Exhibit 10.6 to the Registration Statement (the “Sponsor Warrants Purchase Agreement”). Pursuant to the Sponsor Warrants Purchase Agreement, the Sponsor agreed to purchase an aggregate of 6,500,000 warrants (or 7,175,000 warrants if the over-allotment option is exercised in full), each warrant entitling the holder to purchase one share of Common Stock (the “Private Placement Warrants”), for \$1.00 per Private Placement Warrant in a private placement closing simultaneously with the closing of the Offering and intended to be exempt from registration under Section 4(a)(2) of the Act. The Private Placement Warrants are substantially similar to the Warrants included in the Units, except as described in the Prospectus.

The Company has entered into a Registration Rights Agreement, dated as of date hereof, with the Sponsor and the other parties thereto, in substantially the form filed as Exhibit 10.2 to the Registration Statement (the “Registration Rights Agreement”), pursuant to which the Company has granted certain registration rights in respect of the Founder Shares (including any shares of Common Stock issued or issuable upon conversion of any such Founder Shares), the Private Placement Warrants, any shares of Common Stock issued or issuable upon the exercise of any such Private Placement Warrants and certain warrants that may be issued upon conversion of working capital loans (including the shares of Common Stock underlying such warrants).

The Company has caused to be duly executed and delivered a letter agreement, dated as of the date hereof, by and among the Company, the Sponsor, the Company’s officers and directors, in substantially the form filed as Exhibit 10.4 to the Registration Statement (the “Insider Letter”).

The Company has entered into an Administrative Support Agreement, dated as of the date hereof, with the Sponsor, in substantially the form filed as Exhibit 10.9 to the Registration Statement (the “Administrative Support Agreement”), pursuant to which the Company will, subject to the terms of the Administrative Support Agreement, pay to the Sponsor an aggregate monthly fee of up to \$20,000 for certain office space, utilities and secretarial and administrative support.

The Company has prepared and filed, in accordance with the provisions of the Securities Act of 1933, as amended, and the rules and regulations thereunder (collectively, the “Act”), with the Securities and Exchange Commission (the “Commission”) a registration statement on Form S-1 (File No. 333-249390), including a prospectus, covering the registration of the offer and sale of the Securities. Such registration statement was declared effective by the Commission under the Act. The term “Registration Statement” means such registration statement, including the amendments, the exhibits and any schedules thereto, at the time it was declared effective by the Commission under the Act, and including the Rule 430A Information (as defined below); provided, however, that the term “Registration Statement” shall include any registration statement filed pursuant to Rule 462(b) under the Act (the “Rule 462(b) Registration Statement”). Each prospectus used prior to the effectiveness of the Registration

Statement under the Act, and each prospectus that omitted the Rule 430A Information that was used after such effectiveness and prior to the execution and delivery of this Agreement, is referred to herein as a “preliminary prospectus.” Promptly after execution and delivery of this Agreement, the Company will prepare and file a prospectus relating to the Securities in accordance with the provisions of Rule 430A under the Act (“Rule 430A”) and Rule 424(b) under the Act (“Rule 424(b)”). Such prospectus, in the form first furnished to the Underwriters for use in connection with the offer and sale of Securities, is referred to herein as the “Prospectus.” The information included in the Prospectus that was omitted from the above-mentioned registration statement at the time it was declared effective by the Commission under the Act but that is deemed to be part of the Registration Statement at such effective time pursuant to Rule 430A(b) is referred to herein as the “Rule 430A Information.” For purposes of this Agreement, all references to the Registration Statement, any preliminary prospectus or the Prospectus or any amendment or supplement thereto shall be deemed to include the copy filed with the Commission pursuant to its Electronic Data Gathering, Analysis and Retrieval system (or any successor system) (“EDGAR”).

The term “or,” as used herein, is not exclusive.

1. Sale and Delivery of Securities. (a) Upon the basis of the representations and warranties and subject to the terms and conditions herein set forth, the Company agrees to issue and sell to the respective Underwriters, and each of the Underwriters, severally and not jointly, agrees to purchase from the Company, the number of Underwritten Securities set forth opposite the name of such Underwriter in Schedule A hereto, subject to adjustment

in accordance with Section 7 hereof, at a purchase price of \$9.80 per Unit (the “Underwritten Purchase Price”). The Company is advised by the Representatives that the Underwriters intend (i) to make a public offering of their respective portions of the Securities as soon after the effectiveness of this Agreement as in the Representatives’ judgment is advisable and (ii) initially to offer the Securities upon the terms set forth in the Prospectus (the “Offering”). The Representatives may from time to time increase or decrease the public offering price of the Securities after the initial public offering to such extent as the Representatives may determine.

(b) In addition to the discount from the public offering price represented by the Underwritten Purchase Price set forth in the first sentence of Section 1(a) of this Agreement, the Company hereby agrees to pay to the Underwriters a deferred discount of \$0.40 per Unit of the Securities purchased hereunder (the “Underwritten Deferred Discount”), which Underwritten Deferred Discount will be deposited and held in the Trust Account and payable directly from the Trust Account, without accrued interest, to the Representatives, on behalf of the Underwriters, upon the Company’s consummation of its initial Business Combination. Said option may be exercised in whole or in part at any time on or before the 45th day after the date of the Prospectus upon written notice by the Representatives to the Company setting forth the number of Option Securities as to which the several Underwriters are exercising the option and the settlement date. The number of Option Securities to be purchased by each Underwriter shall be based upon the same percentage of the total number of the Option Securities to be purchased by the several Underwriters as such Underwriter is purchasing of the Underwritten Securities, subject to such adjustments as the Representatives in their absolute discretion shall make to eliminate any fractional shares.

(d) The Company hereby agrees to pay to the Underwriters a deferred discount of \$0.40 per Unit of the Option Securities purchased hereunder (the “Option Deferred Discount” and together with the Underwritten Deferred Discount, the “Deferred Discount”), which Option Deferred Discount will be deposited and held in the Trust Account and payable directly from the Trust Account, without accrued interest, to the Representatives, on behalf of the Underwriters, upon the Company’s consummation of its initial Business Combination. (e) Payment of the purchase price for the Securities shall be made to the Company by Federal Funds wire transfer against delivery of the certificates or security entitlements in respect of the Securities to the Representatives through the facilities of The Depository Trust Company (“DTC”) for the respective accounts of the Underwriters. Maryland 21202, on the date specified by the Representatives (which shall be at least two Business Days after exercise of said option) for the respective accounts of the several Underwriters, against payment by the several Underwriters through the Representatives of the purchase price thereof. If settlement for any Option Securities occurs after the Time of Purchase, the Company will deliver to the Representatives on the settlement date for such Option Securities (an “Option Securities Settlement Date”), and the obligation of the Underwriters to purchase the Option Securities shall be conditioned upon receipt of, supplemental opinions, certificates and letters confirming as of such date the opinions, certificates and letters delivered pursuant to Section 5 hereof.

(lvi) To the Company's knowledge, no Company Affiliate has made a subordinated loan to any Member.

(lvii) Except as described in the Registration Statement, the Disclosure Package and the Prospectus, the Company has not issued any warrants or other securities, or granted any options, directly or indirectly to anyone who is a potential underwriter in the Offering or a "related person" (as defined under the FINRA rules) of such an underwriter within the 180-day period prior to the initial filing date of the Registration Statement.

(lviii) Except as described in the Registration Statement, no Member intending to participate in the Offering has a conflict of interest with the Company. For this purpose, a "conflict of interest" means, if at the time of the Member's participation in the Offering, any of the following applies: (A) the securities are to be issued by the Member; (B) the Company controls, is controlled by or is under common control with the Member or the Member's associated persons; (C) at least 5% of the net proceeds from the Offering, not including underwriting compensation, are intended to be: (i) used to reduce or retire the balance of a loan or credit facility extended by the Member, its affiliates and its associated persons, in the aggregate; or (ii) otherwise directed to the Member, its affiliates and associated persons, in the aggregate; or (D) as a result of the Offering and any transactions contemplated at the time of the Offering: (i) the Member will be an affiliate of the Company; (ii) the Member will become publicly owned; or (iii) the Company will become a Member or form a broker-dealer subsidiary.

(lix) The Company does not own an interest in any corporation, partnership, limited liability company, joint venture, trust or other entity.

(lx) No relationship, direct or indirect, exists between or among any of the Company or any affiliate of the Company, on the one hand, and any director, director nominee, officer, shareholder, special advisor, customer or supplier of the Company or any affiliate of the Company, on the other hand, which is required by the Act or the Exchange Act to be described in the Registration Statement, Disclosure Package or the Prospectus that is not described as required. There are no outstanding loans, advances (except normal advances for business expenses in the ordinary course of business) or guarantees of indebtedness by the Company to or for the benefit of any of the officers, directors or director nominees of the Company or any of their respective family members. The Company has not extended or maintained credit, arranged for the extension of credit, or renewed an extension of credit, in the form of a personal loan to or for any director or officer of the Company.

(lxi) The Company has not offered, or caused the Underwriters to offer, the Securities to any person or entity with the intention of unlawfully influencing: (a) a customer or supplier of the Company or any affiliate of the Company to alter the customer's or supplier's level or type of business with the Company or such affiliate or (b) a journalist or publication to write or publish favorable information about the Company or any such affiliate.

(lxii) Upon delivery and payment for the Units at the Time of Purchase, the Company will not be subject to Rule 419 under the Act and none of the Company's outstanding securities will be deemed to be a "penny stock" as defined in Rule 3a51-1 under the Exchange Act.

(lxiii) The Company is in compliance in all material respects with all presently applicable provisions of the Employee Retirement Income Security Act of 1974, as amended, including the regulations and published interpretations thereunder ("ERISA"); no "reportable event" (as defined in ERISA) has occurred with respect to any "pension plan" (as defined in ERISA) for which the Company would have any liability; the Company has not incurred and does not expect to incur liability under (i) Title IV of ERISA with respect to termination of, or withdrawal from, any "pension plan" or (ii) Sections 412 or 4971 of the Internal Revenue Code of 1986, as amended, including the regulations and published interpretations thereunder (the "Code"); and each "pension plan" for which the Company would have any liability that is intended to be qualified under Section 401(a) of the Code is so qualified in all material respects and nothing has occurred, whether by action or by failure to act, which would cause the loss of such qualification.

3. Certain Covenants of the Company. The Company agrees:

(a) The Company, subject to Sections 3(b) and 3(c) hereof, will comply with the requirements of Rule 430A, and will promptly notify the Representatives, and confirm the notice in writing, (i) when any post-effective amendment to the Registration Statement or any new registration statement relating to the Securities shall become effective or any amendment or supplement to the Prospectus shall have been filed, (ii) of the receipt of any comments from the Commission regarding the Registration Statement, (iii) of any request by the Commission for any amendment to the Registration Statement or any amendment or supplement to the Prospectus, or for additional information, (iv) of the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement or any post-effective amendment thereto or of the issuance of any order preventing or suspending the use of any preliminary prospectus or the Prospectus or any amendment or supplement thereto, or of the suspension of the qualification of any Securities for offering or sale in any jurisdiction, or of the initiation or threatening of any proceedings for any of such purposes or of any examination pursuant to Section 8(d) or 8(e) of the Act concerning the Registration Statement and (v) if the Company becomes the subject of a proceeding under Section 8A of the Act in connection with any offer or sale of Securities. The Company will effect all filings required under Rule 424(b) and Rule 430A in the manner and within the time period required by Rule 424(b) (without reliance on Rule 424(b)(8)) or a post-effective amendment providing the Rule 430A Information shall have been filed with, and declared effective by, the Commission in accordance with the requirement of Rule 430A, and will take such steps as it deems necessary to ascertain promptly whether the form of prospectus transmitted for filing under Rule 424(b) was received for filing by the Commission and, in the event that it was not, it will promptly file such prospectus. The Company will make every reasonable effort to prevent the issuance of any stop, prevention or suspension order and, if any such order is issued, to obtain the lifting thereof at the earliest possible moment.

(b) The Company will comply with the Act so as to permit the completion of sales of Securities as contemplated in this Agreement and in the Registration Statement, the Disclosure Package and the Prospectus. If, during the period in which a prospectus is (or, but for the exception afforded by Rule 172 under the Act ("Rule 172"), would be) required by the Act to be delivered in connection with any offer or sale of Securities, any event shall occur or condition shall exist as a result of which it is necessary, in the opinion of counsel for the Underwriters or counsel to the Company, to (i) amend the Registration Statement in order that the Registration Statement will not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading, (ii) amend or supplement the Disclosure Package or the Prospectus in order that the Disclosure Package or the Prospectus, as the case may be, will not include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein not misleading in the light of the circumstances existing at the time it is delivered to a purchaser or (iii) amend the Registration Statement or amend or supplement the Disclosure Package or the Prospectus, as the case may be, in order to comply with the requirements of the Act, the Company will promptly (A) give the Underwriters written notice of such event or condition, (B) prepare any amendment or supplement as may be necessary to correct such

statement or omission or to comply with such requirements and, a reasonable amount of time prior to any proposed filing or use, furnish the Underwriters with copies of any such amendment or supplement and (C) file with the Commission any such amendment or supplement and use its best efforts to have any amendment to the Registration Statement declared effective by the Commission as soon as possible; provided, however, that the Company shall not file, use, authorize or approve the use of, or refer to, any such amendment or supplement to which the Representatives or counsel for the Underwriters shall object.

(c) The Company will give the Representatives written notice of its intention to prepare, file, use, authorize or approve the use of, or refer to, any amendment to the Registration Statement or any amendment or supplement to the Disclosure Package or the Prospectus, will furnish the Underwriters with copies of any such document a reasonable amount of time prior to such proposed filing, use, authorization, approval or reference, as the case may be, and will not file, use, authorize or approve the use of, or refer to, any such document to which the Representatives or counsel for the Underwriters shall object.

(d) The Company has furnished or will deliver to the Representatives and counsel for the Underwriters, on request and without charge, signed copies of the Registration Statement as originally filed and each amendment thereto (including exhibits filed therewith or incorporated by reference therein) and signed copies of all consents and certificates of experts. The signed copies of the Registration Statement and each amendment thereto furnished to the Representatives and counsel for the Underwriters will be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

(e) The Company will furnish to each Underwriter, without charge, during the period in which a prospectus is (or, but for the exception afforded by Rule 172, would be) required by the Act to be delivered in connection with any offer or sale of Securities, such number of copies of the Prospectus (as amended or supplemented) as such Underwriter may reasonably request. The Prospectus and any amendments or supplements thereto furnished in accordance with this Section will be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

(f) The Company, during the period in which a prospectus is (or, but for the exception afforded by Rule 172, would be) required by the Act to be delivered in connection with any offer or sale of Securities, will, subject to Sections 3(b) and 3(c) hereof, file all documents required to be filed with the Commission pursuant to the Exchange Act within the time periods prescribed by, and meeting the requirements of, the Exchange Act. Additionally, the Company shall report the use of the net proceeds from the sale of any Securities as may be required under the Act, including, if applicable, Rule 463 of the Act.

(g) The Company will use its best efforts, in cooperation with the Underwriters, to qualify the Securities for offering and sale under the applicable securities laws of such states and non-U.S. jurisdictions as the Representatives may, from time to time, designate and to maintain such qualifications in effect so long as required to complete the sale of the Securities contemplated by this Agreement; provided, however, that the Company shall not be obligated to file any general consent to service of process or to qualify as a foreign corporation or as a dealer in securities in any jurisdiction in which it is not so qualified or to subject itself to taxation in respect of doing business in any jurisdiction in which it is not otherwise so subject.

(h) The Company will timely file such reports pursuant to the Exchange Act as are necessary in order to make generally available to its security holders as soon as practicable an earnings statement for the purposes of, and to provide to the Underwriters the benefits contemplated by, the last paragraph of Section 11(a) of the Act.

(i) The Company will use its best efforts to effect and maintain the listing of the Securities on, and satisfy the requirements of, Nasdaq (or another U.S. national securities exchange).

(j) The Company will not, without the prior written consent of the Representatives, (x) offer, sell, contract to sell, pledge or otherwise dispose of (or enter into any transaction that is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by the Company or any affiliate of the Company or any person in privity with the Company or any affiliate of the Company), directly or indirectly, including the filing (or participation in the filing) of a registration statement with the Commission in respect of, or establish or increase a put equivalent position or

liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act with respect to, any other Units, shares of Common Stock, Warrants or any securities convertible into, or exercisable, or exchangeable for, shares of Common Stock or publicly announce an intention to effect any such transaction during the period commencing on the date hereof and ending 180 days after the date of this Agreement; provided, however, that the Company may (1) issue and sell the Private Placement Warrants, (2) register with the Commission pursuant to the Registration Rights Agreement, in accordance with the terms of the Registration Rights Agreement, the resale of the Founder Shares, the Private Placement Warrants, certain warrants that may be issued upon conversion of working capital loans and shares of Common Stock issuable upon exercise of such warrants, the Warrants and the Private Placement Warrants, (3) issue securities in connection with a Business Combination and (4) issue and sell the Option Securities upon exercise of all or any portion of the option provided for in Section 1(c) hereof or (y) release any Sponsor, any officer, director or director nominee from the 180-day lock-up contained in the Insider Letter.

(k) The Company will not make any offer relating to the Securities that constitutes or would constitute a Free Writing Prospectus or a portion thereof required to be filed by the Company with the Commission or retained by the Company under Rule 433 of the Act.

(l) The Company agrees that neither it nor any affiliate of the Company will take, directly or indirectly, any action that is designed, or might reasonably be expected, to cause or result in, or any action that constitutes, the stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of any Securities or a violation of Regulation M under the Exchange Act.

(m) If at any time following the distribution of any Written Testing-the-Waters Communication any event shall have occurred or occurs or development shall have existed or exists as a result of which such Written Testing-the-Waters Communication included or would include an untrue statement of a material fact or omitted or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances existing at that subsequent time, not misleading, the Company will promptly notify the Representatives in writing and will promptly amend or supplement, at its own expense, such Written Testing-the-Waters Communication to eliminate or correct such untrue statement or omission.

(n) The Company will promptly notify the Representatives in writing if the Company ceases to be an Emerging Growth Company at any time prior to the later of (i) completion of the distribution of the Securities within the meaning of the Act and (ii) completion of the 180-day restricted period referred to in Section 3(j) hereof.

(o) For a period commencing on the Effective Date and ending the earlier of five (5) years from the date of the consummation of the Company's initial Business Combination or such earlier time at which the Liquidation occurs or the Company is acquired or completes a going private transaction in a transaction where the Common Stock is no longer outstanding (as applicable, the "Termination Date"), the Company will use its best efforts to maintain the registration of the Units (unless all of the Units have been separated in connection with or prior to the Company's initial Business Combination), Common Stock and Warrants under the provisions of the Exchange Act. The Company will not deregister the Units, Common Stock or Warrants under the Exchange Act prior to the Termination Date without the prior written consent of the Representatives.

(p) The Company shall, on the date hereof, retain its independent registered public accounting firm to audit the balance sheet of the Company as of the Time of Purchase (the "Audited Balance Sheet") reflecting the receipt by the Company of the proceeds of the Offering at the Time of Purchase. As soon as the Audited Balance Sheet becomes available, the Company shall promptly, but not later than four Business Days after the Time of Purchase, file a Current Report on Form 8-K with the Commission, which Current Report shall contain the Company's Audited Balance Sheet. Additionally, upon the Company's receipt of the proceeds from the exercise of all or any portion of the option provided for in Section 1(c) hereof, the Company shall promptly, but not later than four Business Days after the receipt of such proceeds, file a Current Report on Form 8-K with the Commission, which Current Report shall disclose the Company's sale of the Option Securities and its receipt of the proceeds therefrom.

(q) Until the Termination Date, the Company, at its expense, shall cause its regularly engaged independent registered public accounting firm to review (but not audit) the Company's financial statements for each of the first three fiscal quarters prior to the announcement of quarterly financial information, the filing of the Company's Quarterly Reports on Form 10-Q and the mailing, if any, of quarterly financial information to stockholders.

(r) Until the Termination Date, the Company shall, to the extent such information or documents are not otherwise publicly available, upon written request from the Representatives, furnish to the Representatives copies of such financial statements and other periodic and special reports as the Company from time to time furnishes generally to holders of any class of securities, and promptly furnish to the Representatives: (i) a copy of such registration statements, financial statements and periodic and special reports as the Company shall be required to file with the Commission and from time to time furnishes generally to holders of any such class of its securities; and (ii) such additional documents and information with respect to the Company and the affairs of any future subsidiaries of the Company as the Representatives may from time to time reasonably request, all subject to the execution of a satisfactory confidentiality agreement.

(s) Until the Termination Date, the Company shall retain a transfer and warrant agent.

(t) Other than as set forth in this subsection, the Company shall not pay the Sponsor or its affiliates or any of the Company's executive officers, directors or any of their respective affiliates any fees or compensation for services rendered to the Company prior to, or in connection with, the consummation of a Business Combination; provided however, that such officers, directors and affiliates (i) may receive reimbursement for out-of-pocket expenses incurred by them in connection with activities on the Company's behalf to the extent that such expenses do not exceed the amount of available proceeds not deposited in the Trust Account; (ii) may be repaid loans as described in the Registration Statement; (iii) may receive customary financial advisory fees in connection with a Business Combination; and (iv) may be paid up to \$20,000 per month for office space, utilities, secretarial and administrative support pursuant to the Administrative Support Agreement between the Company and the Sponsor.

(u) The Company will apply the net proceeds from the Offering received by it in a manner consistent in all material respects with the applications described under the caption "Use of Proceeds" in the Disclosure Package and the Prospectus.

(v) For a period of 60 days following the Effective Date, in the event any person or entity (regardless of any FINRA affiliation or association) is engaged to assist the Company in its search for a merger candidate or to provide any other merger and acquisition services, or has provided or will provide any investment banking, financial, advisory and/or consulting services to the Company, the Company agrees that it shall promptly provide to FINRA (via a FINRA submission), the Representatives and its counsel a notification prior to entering into the agreement or transaction relating to a potential Business Combination: (i) the identity of the person or entity providing any such services; (ii) complete details of all such services and copies of all agreements governing such services prior to entering into the agreement or transaction; and (iii) justification as to why the value received by any person or entity for such services is not underwriting compensation for the Offering. The Company also agrees that proper disclosure of such arrangement or potential arrangement will be made in the tender offer materials or proxy statement, as applicable, which the Company may file in connection with its initial Business Combination for purposes of offering redemption of shares held by its stockholders or for soliciting stockholder approval, as applicable.

(w) The Company shall advise FINRA, the Representatives and its counsel if it is aware that any 10% or greater stockholder of the Company (other than Stifel and Oppenheimer) becomes an affiliate or associated person of a Member participating in the distribution of the Company's Securities.

(x) The Company shall cause the proceeds of the Offering to be held in the Trust Account to be invested only in United States government treasury bills with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act as set forth in the Trust Agreement and disclosed in the Disclosure Package and the Prospectus. The Company will otherwise conduct its business in a manner so that it will not become subject to the Investment Company Act. Furthermore, once the Company consummates a Business Combination, it will not be required to register as an investment company under the Investment Company Act.

(y) During the period prior to the Company's initial Business Combination or Liquidation, the Company may instruct the trustee under the Trust Agreement to release from the Trust Account, solely from interest income earned on the funds held in the Trust Account, the amounts necessary to pay taxes and up to \$250,000 annually to fund the Company's working capital requirements. Otherwise, all funds held in the Trust Account (including any interest income earned on the amounts held in the Trust Account (which interest shall be net of taxes payable)) will remain in the Trust Account until the earlier of the consummation of the Company's initial Business Combination or the Liquidation; provided, however, that in the event of the Liquidation, up to \$100,000 of interest income may be released to the Company if the proceeds of the Offering held outside of the Trust Account are not sufficient to cover the costs and expenses associated with implementing the Company's plan of dissolution.

(z) The Company will reserve and keep available that maximum number of its authorized but unissued securities that are issuable upon exercise of any of the Warrants and Private Placement Warrants outstanding from time to time.

(aa) Prior to the consummation of a Business Combination or the Liquidation, the Company shall not issue any shares of Common Stock, Warrants or any options or other securities convertible into Common Stock, or any shares of preferred stock, in each case, that participate in any manner in the Trust Account or that vote as a class with the Common Stock on a Business Combination.

(bb) Prior to the consummation of a Business Combination or the Liquidation, the Company's audit committee will review on a quarterly basis all payments made to the Sponsor, to the Company's officers or directors, or to the Company's or any of such other persons' respective affiliates.

(cc) The Company agrees that it will use its best efforts to prevent the Company from becoming subject to Rule 419 under the Act prior to the consummation of any Business Combination, including, but not limited to, using its best efforts to prevent any of the Company's outstanding securities from being deemed to be a "penny stock" as defined in Rule 3a-51-1 under the Exchange Act during such period.

(dd) To the extent required by Rule 13a-15(e) under the Exchange Act, the Company will maintain "disclosure controls and procedures" (as defined under Rule 13a-15(e) under the Exchange Act) and a system of internal accounting controls sufficient to provide reasonable assurances that (i) transactions are executed in accordance with management's general or specific authorization, (ii) transactions are recorded as necessary in order to permit preparation of financial statements in accordance with GAAP and to maintain accountability for assets, (iii) access to assets is permitted only in accordance with management's general or specific authorization, and (iv) the recorded accountability for assets is compared with existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

(ee) As soon as legally required to do so, the Company and its directors and officers, in their capacities as such, shall take all actions necessary to comply with any provision of the Sarbanes-Oxley Act, including Section 402 related to loans and Sections 302 and 906 related to certifications, and to comply with the Nasdaq Marketplace Rules.

(ff) Prior to the consummation of a Business Combination or the Liquidation, the Company shall not take any action or omit to take any action that would cause the Company to be in breach or violation of its Certificate of Incorporation or its bylaws.

(gg) Prior to the consummation of a Business Combination or the Liquidation, the Company will seek to have all vendors, service providers (other than its independent auditors), prospective target businesses, lenders or other entities with which it does business enter into agreements waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of the Public Stockholders.

(hh) The Company may consummate its initial Business Combination and conduct redemptions of shares of Common Stock for cash upon consummation of such Business Combination without a stockholder vote pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, including the filing of tender offer documents with the Commission. Such tender offer documents will contain substantially the same financial and other information

about the initial Business Combination and the redemption rights as is required under the Commission's proxy rules and will provide each stockholder of the Company with the opportunity prior to the consummation of the initial Business Combination to redeem the shares of Common Stock held by such stockholder for an amount of cash equal to (A) the aggregate amount then on deposit in the Trust Account representing (x) the proceeds held in the Trust Account from the Offering and the sale of the Private Placement Warrants and (y) any interest income earned on the funds held in the Trust Account (which interest shall be net of taxes payable and any amounts released to the Company to fund working capital requirements), divided by (B) the total number of Public Shares then outstanding. If, however, the Company elects not to file such tender offer documents, a stockholder vote is required by law in connection with the initial Business Combination, or the Company decides to hold a stockholder vote for business or other legal reasons, the Company will submit such Business Combination to the Company's stockholders for their approval ("Business Combination Vote"). With respect to the initial Business Combination Vote, if any, the Sponsor has agreed to vote all of the Founder Shares and any other shares of Common Stock purchased during or after the Offering in favor of the Company's initial Business Combination. If the Company seeks stockholder approval of the initial Business Combination, the Company will offer to each Public Stockholder holding shares of Common Stock the right to have its shares redeemed in conjunction with a proxy solicitation pursuant to the proxy rules of the Commission at a per share redemption price (the "Redemption Price") equal to (I) the aggregate amount then on deposit in the Trust Account representing (1) the proceeds held in the Trust Account from the Offering and the sale of the Private Placement Warrants and (2) any interest income earned on the funds held in the Trust Account (which interest shall be net of taxes payable and any amounts released to the Company to fund working capital requirements), divided by (II) the total number of Public Shares then outstanding. If the Company seeks stockholder approval of the initial Business Combination, the Company may proceed with such Business Combination only if a majority of the outstanding shares voted by the stockholders at a duly-held stockholders meeting are voted to approve such Business Combination. If, after seeking and receiving such stockholder approval, the Company elects to so proceed, it will redeem shares, at the Redemption Price, from those Public Stockholders who affirmatively requested such redemption. Only Public Stockholders holding shares of Common Stock who properly exercise their redemption rights, in accordance with the applicable tender offer or proxy materials related to such Business Combination, shall be entitled to receive distributions from the Trust Account in connection with an initial Business Combination, and the Company shall pay no distributions with respect to any other holders or shares of capital stock of the Company in connection therewith. In the event that the Company does not effect a Business Combination by eighteen (18) months from the closing of the Offering (or such longer period as may be approved by the Company's stockholders), the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten (10) business days thereafter, redeem 100% of the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (which interest shall be net of taxes payable and less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Only Public Stockholders holding shares of Common Stock included in the Securities shall be entitled to receive such redemption amounts and the Company shall pay no such redemption amounts or any distributions in liquidation with respect to any other shares of capital stock of the Company. The Company will not propose any amendment to the Certificate of Incorporation that would modify (i) the substance or timing of the Company's obligation to redeem 100% of the outstanding Public Shares if the Company has not consummated a Business Combination within eighteen (18) months from the closing of the Offering, as described in Section 9.2(d) of the Certificate of Incorporation, or (ii) any other provision relating to the Public Stockholders' rights or pre-Business Combination activity unless the Company offers the right to redeem the Public Shares in connection with such amendment, as described in the Prospectus.

(ii) In the event that the Company desires or is required by an applicable law or regulation to cause an announcement ("Business Combination Announcement") to be placed in The Wall Street Journal, The New York Times or any other news or media publication or outlet or to be made via a public filing with the Commission announcing the Company's consummation of a Business Combination that indicates that the Underwriters were the underwriters in the Offering, the Company shall supply the Representatives with a draft of the Business Combination Announcement and provide the Representatives with a reasonable advance opportunity to comment thereon, subject to the agreement of the Underwriters to keep confidential such draft announcement in accordance with the Representatives' standard policies regarding confidential information.

(jj) Upon the consummation of its initial Business Combination, the Company will pay to the Representatives, on behalf of the Underwriters, the Deferred Discount, including the Option Deferred Discount, if applicable. Payment of the Deferred Discount will be made out of the proceeds of the Offering held in the Trust Account. The Underwriters shall have no claim to payment of any interest earned on the portion of the proceeds held in the Trust Account representing the Deferred Discount. If the Company fails to consummate its initial Business Combination within eighteen (18) months from the closing of the Offering, the Deferred Discount will not be paid to the Representatives and will, instead, be included in the Liquidation distribution of the proceeds held in the Trust Account made to the Public Stockholders. In connection with any such Liquidation, the Underwriters forfeit any rights or claims to the Deferred Discount.

(kk) Until the earliest of (i) the date on which all Underwriters shall have ceased to engage in market-making activities in respect of the Securities, (ii) the date on which the Securities are listed on Nasdaq (or any successor thereto), (iii) a going private transaction after the completion of a Business Combination, and (iv) the date of the liquidation of the Company, in each jurisdiction where such qualification shall be effected, the Company will, unless the Representatives agree that such action is not at the time necessary or advisable, use all reasonable efforts to file and make such statements or reports at such times as are or may be required to qualify the Securities for offering and sale under the securities laws of such jurisdiction.

4. Covenant to Pay Costs. (a) The Company agrees to pay, or cause to be paid, all costs, expenses, fees and taxes in connection with (i) the preparation and filing of the Registration Statement, any preliminary prospectus and the Prospectus and any amendments or supplements thereto, and the printing and furnishing of copies of each thereof to the Underwriters (including costs of mailing and shipment), (ii) the printing, registration, issue, sale and delivery of the Securities and the Private Placement Warrants, including any stock or transfer taxes and stamp or similar duties payable upon the registration, sale, issuance or delivery of the Securities to the Underwriters, (iii) the producing, word processing and/or printing of this Agreement, any Agreement Among Underwriters, any dealer agreements, and Powers of Attorney and Custody Agreements, any closing documents (including compilations thereof) and such other documents as may be required in connection with the offering, purchase, sale, issuance or delivery of the Securities, and the reproduction and/or printing and furnishing of copies of each thereof to the Underwriters (including costs of mailing and shipment), (iv) the qualification of the Securities for offer and sale under state or non-U.S. laws and the determination of their eligibility for investment under state or non-U.S. law (including the legal fees and filing fees and other disbursements of counsel for the Underwriters) and the printing and furnishing of copies of any blue sky surveys or legal investment surveys to the Underwriters, (v) the fees and expenses incurred in connection with the listing of the Securities on Nasdaq and any registration thereof under the Exchange Act, (vi) the filing for review of the public offering of the Securities by FINRA, including the legal fees and filing fees and other disbursements of counsel to the Underwriters relating to FINRA matters (not to exceed \$25,000), (vii) the fees and disbursements of the transfer agent and registrar for the Securities, (viii) the costs and expenses of the Company relating to presentations or meetings undertaken in connection with the marketing of the offering of the Securities to prospective investors and the Underwriters' respective sales forces, including, without limitation, expenses associated with the production of road show slides and graphics, fees and expenses of any consultants engaged in connection with the road show presentations, travel, lodging and other expenses incurred by the officers and other representatives of the Company and any such consultants, and the cost of any aircraft chartered in connection with the road show; and (ix) the performance of the Company's other obligations hereunder.

(b) If this Agreement is terminated by the Representatives in accordance with the provisions of Sections 5, 6(b)(1), 6(b)(2)(B), 6(b)(2)(E) or 7 hereof, the Company shall reimburse the Underwriters for all of their reasonably incurred out-of-pocket expenses, including the fees and disbursements of counsel to the Underwriters.

(c) Notwithstanding anything to the contrary herein, the Underwriters shall reimburse the Company, subject to the closing of the Offering, pursuant to the terms and conditions and in reliance upon the representations and warranties herein set forth, for certain expenses incurred by the Company in an amount of 1.0% of the gross proceeds of the Offering.

5. Conditions of the Underwriters' Obligations. The obligations of the Underwriters hereunder are subject to the accuracy of the representations and warranties on the part of the Company contained herein or in certificates of any officer or other representative of the Company and delivered pursuant to the provisions hereof, to the performance by the Company of its obligations hereunder and to the following additional conditions precedent:

(a) The Registration Statement, including the Rule 462(b) Registration Statement, if any, is effective under the Act and no stop order suspending the effectiveness of the Registration Statement or any post-effective amendment thereto has been issued under the Act, no order preventing or suspending the use of any preliminary prospectus or the Prospectus or any amendment or supplement thereto has been issued and no proceedings for any of those purposes have been instituted or are pending or, to the Company's knowledge, threatened or contemplated. The Company shall have filed with the Commission each preliminary prospectus and the Prospectus in the manner and within the time period required by Rule 424(b) and Rule 430A, or a post-effective amendment providing the Rule 430A Information shall have been filed with, and declared effective by, the Commission in accordance with the requirements of Rule 430A. The Company shall have complied with any and all requests for additional information on the part of the Commission to the reasonable satisfaction of the Underwriters.

(b) At the Time of Purchase and any Option Securities Settlement Date, the Underwriters shall have received the favorable written opinion or opinions and 10b-5 letter of Goodwin Procter LLP, counsel to the Company, dated such date, in form and substance satisfactory to the Underwriters.

(c) At the Time of Purchase and any Option Securities Settlement Date, the Underwriters shall have received the favorable written opinion or opinions and 10b-5 letter of Paul Hastings LLP, counsel to the Underwriters, dated such date, with respect to such matters as the Underwriters may reasonably request. Such counsel may state that, insofar as such opinion involves factual matters, they have relied, to the extent they deem proper, upon certificates of officers and other representatives of the Company and certificates of public officials.

(d) On the date of this Agreement, the Underwriters shall have received a letter from WithumSmith+Brown, PC, dated such date, in form and substance satisfactory to the Underwriters, containing statements and information of the type ordinarily included in accountants' "comfort letters" to underwriters with respect to the financial statements and other financial information included or incorporated by reference in the Registration Statement, the Disclosure Package and the Prospectus or any amendment or supplement thereto.

(e) At the Time of Purchase and any Option Securities Settlement Date, the Underwriters shall have received from WithumSmith+Brown, PC a letter, dated such date, to the effect that they reaffirm the statements made in the letter furnished pursuant to Section 5(d) hereof, except that the specified date referred to shall be a date not more than three business days prior to the Time of Purchase or such Option Securities Settlement Date, as the case may be.

(f) At the Time of Purchase, there shall not have been, since the date of the latest audited financial statements included in the Registration Statement, the Disclosure Package and the Prospectus or since the respective dates as of which information is given in the Registration Statement, the Disclosure Package and the Prospectus, any Material Adverse Effect, and the Underwriters shall have received a certificate of a Co-Chief Executive Officer and Co-President of the Company and of the Chief Financial Officer or Chief Accounting Officer of the Company, dated such date, to the effect set forth in Exhibit A hereto.

(g) On the date of this Agreement, at the Time of Purchase and on any Option Securities Settlement Date, the Securities shall have been duly listed, and admitted and authorized for trading, on Nasdaq, subject only to official notice of issuance.

(h) FINRA shall not have raised any objection with respect to the fairness or reasonableness of the underwriting or other arrangements of the transactions contemplated hereby.

(i) On the Effective Date, the Company shall have delivered to the Representatives executed copies of each of the Transaction Agreements and the Insider Letter.

(j) At least one Business Day prior to the Time of Purchase, the Sponsor shall have caused the purchase price for the Private Placement Warrants to be wired to the Company and the Company shall direct the trustee to deposit such funds, into the Trust Account and to hold such funds in escrow therein.

(k) At the Time of Purchase and any Option Securities Settlement Date, counsel for the Underwriters shall have been furnished with such documents and opinions as they may require for the purpose of enabling them to render the opinions or make the statements requested by the Underwriters, or in order to evidence the accuracy of any of the representations or warranties, or the fulfillment of any of the covenants, obligations or conditions, contained herein; and all proceedings taken by the Company in connection with the offer and sale of the Securities as contemplated herein shall be satisfactory in form and substance to the Representatives and counsel to the Underwriters.

(l) If any condition specified in this Section shall not have been fulfilled when and as required to be fulfilled, this Agreement may be terminated by the Representatives by notice to the Company at any time at or prior to the Time of Purchase, and any such termination shall be without liability of any party to any other party except the provisions of Sections 2, 4, 8, 11, 12 and 13 hereof shall remain in full force and effect notwithstanding such termination.

6. Effective Date of Agreement; Termination. (a) This Agreement shall become effective when the parties hereto have executed and delivered this Agreement.

(b) The Representatives may terminate this Agreement at any time at or prior to the Time of Purchase, by notice to the Company, if (1) since the time of execution of this Agreement or the earlier respective dates as of which information is given in the Registration Statement, the Disclosure Package and the Prospectus, there shall have been any Material Adverse Effect, in the sole judgment of the Representatives, so material and adverse as to make it impractical or inadvisable to proceed with the completion of the Offering of Securities contemplated by this Agreement or to enforce contracts for the sale of such Securities, or (2) since the time of execution of this Agreement, there shall have occurred: (A) a suspension or material limitation in trading in securities generally on the NYSE, the NYSE American or Nasdaq, or the establishment by the Commission or FINRA of minimum or maximum prices on any of such stock exchanges, (B) a suspension or material limitation in trading in the Company's securities on Nasdaq, (C) a general moratorium on commercial banking activities declared by either federal or New York State authorities or a material disruption in commercial banking or securities settlement or clearance services in the United States, (D) an outbreak or escalation of hostilities or acts of terrorism involving the United States or a declaration by the United States of a national emergency or war or any other calamity or crisis or any change in financial, political or economic conditions in the United States or elsewhere if the effect of any such event specified in this clause (D), in the sole judgment of the Representatives, makes it impracticable or inadvisable to proceed with the completion of the Offering of Securities contemplated by this Agreement or to enforce contracts for the sale of such Securities, or (E) the Company is in material breach of any of its representations, warranties or covenants hereunder.

(c) In the event of any termination under Section 6(b) hereof, neither party will have any liability to the other party hereto, except as set forth in Section 4 hereof, and provided further that the provisions of Sections 2, 8, 11, 12 and 13 hereof shall remain in effect.

7. Default. If one or more Underwriters shall fail at the Time of Purchase or an Option Securities Settlement Date to purchase the Securities which it or they are obligated to purchase under this Agreement (the "Defaulted Securities"), then the Representatives shall have the right, within 24 hours thereafter, to make arrangements for one of or more of the non-defaulting Underwriters or any other underwriters to purchase all, but not less than all, of the Defaulted Securities in such amounts as may be agreed upon and upon the terms herein set forth; provided, however, that if such arrangements shall not have been completed within such 24-hour period, then:

- (i) if the number of Defaulted Securities does not exceed 10% of the number of Securities to be so purchased by all of the Underwriters on such date, the non-defaulting Underwriters shall be obligated, severally and not jointly, to purchase the full amount thereof in the proportions that their respective initial purchase obligation bears to the purchase obligations of all non-defaulting Underwriters; or
- (ii) if the number of Defaulted Securities exceeds 10% of the number of Securities to be so purchased by all of the Underwriters on such date, this Agreement or, with respect to any Option Securities Settlement Date, the obligation of the Underwriters to purchase, and the Company to sell, the Option Securities to be purchased and sold on such Option Securities Settlement Date shall terminate without liability on the part of any non-defaulting Underwriter.

No action taken pursuant to this Section 7 shall relieve any defaulting Underwriter from liability in respect of its default. In the event of any such default which does not result in a termination of this Agreement, or, in the case of an Option Securities Settlement Date, which does not result in a termination of the obligation of the Underwriters to purchase and the Company to sell the relevant Option Securities, as the case may be, either the Representatives or the Company shall have the right to postpone the Time of Purchase or the relevant Option Securities Settlement Date, as the case may be, for a period not exceeding seven (7) days in order to effect any required changes in the Registration Statement, the Disclosure Package or the Prospectus or in any other documents or arrangements. As used herein, the term "Underwriter" includes any person substituted for an Underwriter under this Section 7.

8. Indemnity and Contribution.

(a) The Company agrees to indemnify, defend and hold harmless each Underwriter, its partners, directors, officers and members, any person who controls any Underwriter within the meaning of Section 15 of the Act or Section 20 of the Exchange Act, and any "affiliate" (within the meaning of Rule 405 under the Act) of any Underwriter, and the successors and assigns of all of the foregoing persons, from and against any and all loss, damage, expense, liability or claim (including the reasonable cost of investigation and the fees and disbursements of counsel chosen by the Representatives) whatsoever, as incurred, which, jointly or severally, any Underwriter or any such person may incur insofar as such loss, damage, expense, liability or claim arises out of, relates to or is based on (i) any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement (or any amendment thereto), including the Rule 430A Information, or arises out of, relates to or is based on any omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as any such loss, damage, expense, liability or claim primarily and directly arises out of, relates to or is based on any untrue statement or alleged untrue statement of a material fact contained in, and in conformity with Underwriter Information furnished in writing by the Representatives to the Company expressly for use in, the Registration Statement (or any amendment thereto) or primarily and directly arises out of, relates to or is based on any omission or alleged omission to state a material fact in the Registration Statement (or any amendment thereto) in connection with such information, which material fact was not contained in such information and which material fact was required to be stated in the Registration Statement or was necessary to make such information not misleading or (ii) any untrue statement or alleged untrue statement of a material fact included in any Written Testing-the-Waters Communication, any preliminary prospectus, the Disclosure Package or the Prospectus (or any amendment or supplement thereto) or in any information provided to investors by, or with the approval of, the Company, including, without limitation, any investor presentations, or arises out of, relates to or is based on any omission or alleged omission to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, except, with respect to any such preliminary prospectus, the Disclosure Package or the Prospectus (or any amendment or supplement thereto), insofar as any such loss, damage, expense, liability or claim primarily and directly arises out of, relates to or is based on any untrue statement or alleged untrue statement of a material fact contained in, and in conformity with the Underwriter Information furnished in writing by the Representatives to the Company expressly for use in, such preliminary prospectus, the Disclosure Package or the Prospectus (or any amendment or supplement thereto) or primarily and directly arises out of, relates to or is based on any omission or alleged omission to state a material fact in such preliminary prospectus, the Disclosure Package or the Prospectus (or any amendment or supplement thereto) in connection with the Underwriter Information, which material fact was not contained in the Underwriter Information and which material fact was necessary in order to make the statements in such information, in the light of the circumstances under which they were made, not misleading.

(b) Each Underwriter, severally and not jointly, agrees to indemnify, defend and hold harmless the Company, its directors and officers, and any person who controls the Company within the meaning of Section 15 of the Act or Section 20 of the Exchange Act, and the successors and assigns of all of the foregoing persons, from and against any and all loss, damage, expense, liability or claim (including the reasonable cost of investigation) whatsoever, as incurred, which, jointly or severally, the Company or any such person may incur insofar as such loss, damage, expense, liability or claim primarily and directly arises out of, relates to or is based on (i) any untrue

statement or alleged untrue statement of a material fact contained in, and in conformity with Underwriter Information concerning such Underwriter furnished in writing by such Underwriter to the Representatives for delivery to the Company expressly for use in, the Registration Statement (or any amendment thereto), or primarily and directly arises out of, relates to or is based on any omission or alleged omission to state a material fact in the Registration Statement (or any amendment thereto) in connection with such Underwriter Information, which material fact was not contained in such Underwriter Information and which material fact was required to be stated in the Registration Statement (or any amendment thereto) or was necessary to make such information not misleading or (ii) any untrue statement or alleged untrue statement of a material fact contained in, and in conformity with Underwriter Information concerning such Underwriter furnished in writing by such Underwriter to the Representatives for delivery to the Company expressly for use in, any preliminary prospectus, the Disclosure Package or the Prospectus (or any amendment or supplement thereto), or primarily and directly arises out of, relates to or is based on any omission or alleged omission to state a material fact in any preliminary prospectus, the Disclosure Package or the Prospectus (or any amendment or supplement thereto) in connection with such Underwriter Information, which material fact was not contained in such information and which material fact was necessary in order to make the statements in such information, in the light of the circumstances under which they were made, not misleading.

(c) If any action, suit or proceeding (each, a “Proceeding”) is brought against a person (an “indemnified party”) in respect of which indemnity may be sought against any party required to provide indemnification under this Agreement (as applicable, the “indemnifying party”), such indemnified party shall promptly notify such indemnifying party in writing of the institution of such Proceeding; provided, however, that the omission or failure to so notify an indemnifying party shall not relieve such indemnifying party from any liability which such indemnifying party may have to any indemnified party otherwise than under this Section 8. In the case of parties indemnified pursuant to Section 8(a) above, counsel to the indemnified parties shall be selected by the Representatives, and, in the case of parties indemnified pursuant to Section 8(b) above, counsel to the indemnified parties shall be selected by the Company. An indemnifying party may participate at its own expense in the defense of any such action; provided, however, that counsel to the indemnifying party shall not (except with the consent of the indemnified party) also be counsel to the indemnified party. In no event shall any indemnifying party shall be liable for the expenses of more than one separate counsel (in addition to any local counsel) in any one Proceeding or series of related Proceedings in the same jurisdiction representing the indemnified parties who are parties to such Proceeding or Proceedings. The indemnifying party shall not be liable for any settlement of any Proceeding effected without its written consent but, if settled with its written consent, such indemnifying party agrees to indemnify and hold harmless the indemnified party or parties from and against any and all loss, damage, expense, liability or claim by reason of such settlement. Notwithstanding the foregoing sentence, if at any time an indemnified party shall have requested an indemnifying party to reimburse the indemnified party for fees and expenses of counsel, then the indemnifying party agrees that it shall be liable for any settlement of any Proceeding effected without its written consent if (i) such settlement is entered into more than 60 days after receipt by such indemnifying party of the aforesaid request, (ii) such indemnifying party shall not have fully reimbursed the indemnified party in accordance with such request prior to the date of such settlement and (iii) such indemnified party shall have given the indemnifying party at least 30 days’ prior notice of its intention to settle. No indemnifying party shall, without the prior written consent of the indemnified party, effect any settlement of any pending or threatened Proceeding in respect of which such indemnified party is or could have been a party and indemnity could have been sought hereunder by such indemnified party, unless such settlement includes an unconditional release of such indemnified party from all liability on claims that are the subject matter of such Proceeding and does not include an admission of fault or culpability or a failure to act by or on behalf of such indemnified party.

(d) If the indemnification provided for in this Section 8 is unavailable to an indemnified party under the applicable subsections above or insufficient to hold an indemnified party harmless in respect of any and all losses, damages, expenses, liabilities or claims referred to therein, then each applicable indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, damages, expenses, liabilities or claims (i) in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and the Underwriters on the other hand from the offering of the Securities or (ii) if the allocation provided by clause (i) above is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (i) above but also the relative fault of the Company on the one hand and the Underwriters on the other in connection with the statements or omissions which resulted in such losses, damages, expenses, liabilities or claims, as well as any other relevant equitable considerations. The relative benefits

received by the Company on the one hand and the Underwriters on the other shall be deemed to be in the same respective proportions as the total proceeds from the offering of the Securities (net of underwriting discounts received by the Underwriters but before deducting expenses) received by the Company and the underwriting discounts received by the Underwriters bear to the aggregate initial public offering price of the Securities. The relative fault of the Company on the one hand and the Underwriters on the other shall be determined by reference to, among other things, whether the untrue statement or alleged untrue statement of a material fact or omission or alleged omission relates to information supplied by the Company or by the Underwriters and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The amount paid or payable by a party as a result of the losses, damages, expenses, liabilities and claims referred to in this subsection shall be deemed to include any legal or other fees or expenses reasonably incurred by such party in connection with investigating, preparing to defend or defending any Proceeding.

For purposes of this Section 8, each person, if any, who controls an Underwriter within the meaning of Section 15 of the Act or Section 20 of the Exchange Act and each of the Underwriter's partners, directors, officers, members and affiliates shall have the same rights to contribution as such Underwriter; and each director of the Company, each officer of the Company who signed the Registration Statement, and each person, if any, who controls the Company within the meaning of Section 15 of the Act or Section 20 of the Exchange Act shall have the same rights to contribution as the Company.

(e) Each of the Company and the Underwriters agrees that it would not be just and equitable if contribution pursuant to this Section 8 were determined by pro rata allocation (even if the Underwriters were treated as one entity for such purpose) or by any other method of allocation that does not take account of the equitable considerations referred to in Section 8(d) hereof. Notwithstanding the provisions of this Section 8, no Underwriter shall be required to contribute any amount in excess of the total underwriting discounts received by such Underwriter in connection with Securities underwritten by it for sale to the public. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The Underwriters' obligations to contribute pursuant to this Section 8 are several in proportion to their respective underwriting commitments and not joint.

(f) The provisions contained in this Section 8, as well as the representations, warranties and covenants of the Company contained in this Agreement, shall remain in full force and effect regardless of any investigation made by or on behalf of any Underwriter, its partners, directors, officers members or affiliates or any person who controls any Underwriter within the meaning of Section 15 of the Act or Section 20 of the Exchange Act, or by or on behalf of the Company, the Company's directors or officers or any person who controls the Company within the meaning of Section 15 of the Act or Section 20 of the Exchange Act, and shall survive any termination of this Agreement or the sale and delivery of the Securities. The Company agrees promptly to notify the Underwriters of the commencement of any Proceeding against it and, in the case of the Company, against any of the Company's directors or officers in connection with the sale and delivery of the Securities or with the Registration Statement, the Disclosure Package or the Prospectus.

9. Information Furnished by the Underwriters. The statements set forth under the caption "Underwriting" in the Prospectus, only insofar as such statements relate to the amount of selling concession and reallowance or to the stabilization activities that may be undertaken by the Underwriters, constitute the only "Underwriter Information" for purposes hereof.

10. Notices. Except as otherwise herein provided, all statements, requests, notices and agreements shall be in writing or by telegram or facsimile and, if to the Underwriters, shall be sufficient in all respects if delivered or sent to them c/o Stifel, Nicolaus & Company, Incorporated, 1 South Street, 15th Floor, Baltimore, Maryland 21202, Attention: Syndicate, fax: (443) 224-1273, and Oppenheimer & Co. Inc., 85 Broad Street, New York, New York 10004 Attention: General Counsel; and if to the Company, shall be sufficient in all respects if delivered or sent to the Company at the offices of the Company at 25852 McBean Parkway, Suite 508, Valencia, CA 91355, Attention: Mark E. Farrell.

11. Governing Law; Construction. This Agreement and any claim, counterclaim or dispute of any kind or nature whatsoever arising out of or in any way relating to this Agreement ("Claim"), directly or indirectly, shall be governed by, and construed in accordance with, the laws of the State of New York. The section headings in this Agreement have been inserted as a matter of convenience of reference and are not a part of this Agreement.

12. Submission to Jurisdiction. Except as set forth below, no Claim may be commenced, prosecuted or continued in any court other than the courts of the State of New York located in the City and County of New York or in the United States District Court for the Southern District of New York, which courts shall have exclusive jurisdiction over the adjudication of such matters, and the Company consents to the jurisdiction of such courts and personal service with respect thereto. The Company consents to personal jurisdiction, service and venue in any court in which any Claim arising out of or in any way relating to this Agreement is brought by any third party against any Underwriter or any indemnified party. Each of the Underwriters and the Company (on its behalf and, to the extent permitted by applicable law, on behalf of its stockholders and affiliates) waives all right to trial by jury in any action, proceeding or counterclaim (whether based upon contract, tort or otherwise) in any way arising out of or relating to this Agreement. The Company agrees that a final judgment in any such action, proceeding or counterclaim brought in any such court shall be conclusive and binding upon the Company and may be enforced in any other courts to the jurisdiction of which the Company is or may be subject by suit upon such judgment.

13. Parties at Interest. This Agreement has been and is made solely for the benefit of the Underwriters and the Company and, to the extent provided in Section 8 hereof, the controlling persons, partners, directors, officers, members and affiliates referred to in such Section, and their respective successors, assigns, heirs, personal representatives and executors and administrators. No other person, partnership, association or corporation (including a purchaser of Securities, as such purchaser, from any of the Underwriters) shall acquire or have any right under or by virtue of this Agreement.

14. No Fiduciary Relationship. The Company acknowledges and agrees that the Underwriters are acting solely as underwriters in connection with the purchase and sale of the Securities. The Company further acknowledges and agrees that the Underwriters are acting pursuant to a contractual relationship created solely by this Agreement entered into on an arm's length basis, and in no event do the parties intend that the Underwriters act or be responsible as a fiduciary to the Company, its management, stockholders or other equity owners or creditors or any other person in connection with any activity that the Underwriters may undertake or have undertaken in furtherance of the purchase and sale of the Securities, either before or after the date hereof. The Underwriters hereby expressly disclaim any fiduciary or similar obligations to the Company, either in connection with the transactions contemplated by this Agreement or any matters leading up to such transactions, and the Company confirms its understanding and agreement to that effect. The Company agrees that it is responsible for making its own independent judgments with respect to any such transactions and that any opinions or views expressed by any Underwriter to the Company regarding such transactions, including, but not limited to, any opinions or views with respect to the price or market for the Securities, do not constitute advice or recommendations to the Company. The Company agrees that the Underwriters are not acting as fiduciary of the Company and no Underwriter has assumed or will assume any advisory responsibility in favor of the Company with respect to the transactions contemplated hereby or the process leading thereto (irrespective of whether any Underwriter has advised or is currently advising the Company on other matters). The Company waives and releases, to the fullest extent permitted by law, any claims that the Company may have against the Underwriters with respect to any breach or alleged breach of any fiduciary, advisory or similar duty to the Company in connection with the transactions contemplated by this Agreement or any matters leading up to such transactions.

15. Counterparts; Electronic Signatures. This Agreement may be signed by the parties in one or more counterparts which together shall constitute one and the same agreement among the parties. The words "signed," "execution," "signature," and words of like import in this Agreement or in any other certificate, agreement or document related to this Agreement or the other Transaction Agreements shall include images of manually executed signatures transmitted by facsimile or other electronic format (including, without limitation, "pdf", "tif" or "jpg") and other electronic signatures (including, without limitation, DocuSign and AdobeSign). The use of electronic signatures and electronic records (including, without limitation, any contract or other record created, generated, sent, communicated, received, or stored by electronic means) shall be of the same legal effect, validity and enforceability as a manually executed signature or use of a paper-based recordkeeping system to the fullest extent permitted by applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act and any other applicable law, including, without limitation, any state law based on the Uniform Electronic Transactions Act or the Uniform Commercial Code.

16. Successors and Assigns. This Agreement shall be binding upon the Underwriters and the Company and their respective successors and assigns and any successor or assign of any substantial portion of the respective businesses and/or assets of the Underwriters and the Company.

17. Recognition of the U.S. Special Resolution Regimes.

(a) In the event that any Underwriter that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Underwriter of this Agreement, and any interest and obligation in or under this Agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this Agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

(b) In the event that any Underwriter that is a Covered Entity (as defined below) or a BHC Act Affiliate (as defined below) of such Underwriter becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights (as defined below) under this Agreement that may be exercised against such Underwriter are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if this Agreement were governed by the laws of the United States or a state of the United States.

For purposes of this Section 17, the following terms shall have the following meaning: (2) "BHC Act Affiliate" has the meaning assigned to the term "affiliate" in, and shall be interpreted in accordance with, 12 U.S.C. § 1841(k); (x) "Covered Entity" means any of the following: (i) a "covered entity" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (ii) a "covered bank" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (iii) a "covered FSI" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b); (y) "Default Right" has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable; and (z) "U.S. Special Resolution Regime" means each of (i) the Federal Deposit Insurance Act and the regulations promulgated thereunder and (ii) Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations promulgated thereunder.

WHEREAS, in order to finance the Company’s transaction costs in connection with an intended initial Business Combination (as defined below), the Sponsor or an affiliate of the Sponsor or the Company’s officers and directors may, but are not obligated to, loan to the Company funds as the Company may require, of which up to \$1,500,000 of such loans may be converted into up to an additional 1,500,000 warrants at a price of \$1.00 per warrant (the “*Working Capital Warrants*,” and, together with the Private Placement Warrants and the Public Warrants, the “*Warrants*”);

WHEREAS, the Company has filed with the U.S. Securities and Exchange Commission (the “*Commission*”) a registration statement on Form S-1, File No. 333-249390 (the “*Registration Statement*”), and prospectus (the “*Prospectus*”), for the registration, under the Securities Act of 1933, as amended (the “*Securities Act*”), of the Units, the Public Warrants and the Common Stock included in the Units;

WHEREAS, each whole Warrant entitles the holder thereof to purchase one share of Common Stock for \$11.50 per whole share, subject to adjustment as described herein. Only whole Warrants are exercisable. A holder of the Public Warrants will not be able to exercise any fraction of a Warrant;

WHEREAS, the Company desires the Warrant Agent to act on behalf of the Company, and the Warrant Agent is willing to so act, in connection with the issuance, registration, transfer, exchange, redemption and exercise of the Warrants;

WHEREAS, the Company desires to provide for the form and provisions of the Warrants, the terms upon which they shall be issued and exercised, and the respective rights, limitation of rights, and immunities of the Company, the Warrant Agent, and the holders of the Warrants; and

WHEREAS, all acts and things have been done and performed which are necessary to make the Warrants, when executed on behalf of the Company and countersigned by or on behalf of the Warrant Agent (if a physical certificate is issued), as provided herein, the valid, binding and legal obligations of the Company, and to authorize the execution and delivery of this Agreement.

NOW, THEREFORE, in consideration of the mutual agreements herein contained, the parties hereto agree as follows:

1. Appointment of Warrant Agent. The Company hereby appoints the Warrant Agent to act as agent for the Company for the Warrants, and the Warrant Agent hereby accepts such appointment and agrees to perform the same in accordance with the terms and conditions set forth in this Agreement.

2. Warrants.

2.1 Form of Warrant. Each Warrant shall be initially issued in registered form only, and, if a physical certificate is issued, shall be in substantially the form of Exhibit A hereto, the provisions of which are incorporated herein and shall be signed by, or bear the facsimile signature of, the Chairperson of the Board of Directors (“**Board**”), Co-President, Co-Chief Executive Officer, Chief Financial Officer, Secretary or other principal officer of the Company. In the event the person whose facsimile signature has been placed upon any Warrant shall have ceased to serve in the capacity in which such person signed the Warrant before such Warrant is issued, it may be issued with the same effect as if he or she had not ceased to be such at the date of issuance. All of the Public Warrants shall initially be represented by one or more book-entry certificates (each, a “**Book-Entry Warrant Certificate**”).

2.2 Effect of Countersignature. If a physical certificate is issued, unless and until countersigned by the Warrant Agent pursuant to this Agreement, a Warrant certificate shall be invalid and of no effect and may not be exercised by the holder thereof.

2.3 Registration.

2.3.1 Warrant Register. The Warrant Agent shall maintain books (the “**Warrant Register**”) for the registration of original issuance and the registration of transfer of the Warrants. Upon the initial issuance of the Warrants in book-entry form, the Warrant Agent shall issue and register the Warrants in the names of the respective holders thereof in such denominations and otherwise in accordance with instructions delivered to the Warrant Agent by the Company. All of the Public Warrants shall initially be represented by one or more Book-Entry Warrant Certificates deposited with The Depository Trust Company (the “**Depository**”) and registered in the name of Cede & Co., a nominee of the Depository. Ownership of beneficial interests in the Public Warrants shall be shown on, and the transfer of such ownership shall be effected through, records maintained by (i) the Depository or its nominee for each Book-Entry Warrant Certificate, or (ii) institutions that have accounts with the Depository (each such institution, with respect to a Warrant in its account, a “**Participant**”).

If the Depository subsequently ceases to make its book-entry settlement system available for the Public Warrants, the Company may instruct the Warrant Agent regarding making other arrangements for book-entry settlement. In the event that the Public Warrants are not eligible for, or it is no longer necessary to have the Public Warrants available in, book-entry form, the Warrant Agent shall provide written instructions to the Depository to deliver to the Warrant Agent for cancellation each Book-Entry Warrant Certificate, and the Company shall instruct the Warrant Agent to deliver to the Depository definitive certificates in physical form evidencing such Warrants (“**Definitive Warrant Certificate**”). Such Definitive Warrant Certificate shall be in the form annexed hereto as Exhibit A, with appropriate insertions, modifications and omissions, as provided above.

2.3.2 Registered Holder. Prior to due presentment for registration of transfer of any Warrant, the Company and the Warrant Agent may deem and treat the person in whose name such Warrant is registered in the Warrant Register (the “**Registered Holder**”) as the absolute owner of such Warrant and of each Warrant represented thereby (notwithstanding any notation of ownership or other writing on a Definitive Warrant Certificate made by anyone other than the Company or the Warrant Agent), for the purpose of any exercise thereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary.

2.4 Detachability of Warrants. The Common Stock and Public Warrants comprising the Units shall begin separate trading on the 52nd day following the date of the Prospectus or, if such 52nd day is not on a day, other than a Saturday, Sunday or federal holiday, on which banks in New York City are generally open for

normal business (a “**Business Day**”), then on the immediately succeeding Business Day following such date, or earlier (the “**Detachment Date**”) with the consent of Stifel, Nicolaus & Company, Incorporated and Oppenheimer & Co. Inc., as the representatives of the several underwriters, but in no event shall the Common Stock and the Public Warrants comprising the Units be separately traded until (A) the Company has filed a Current Report on Form 8-K with the Commission containing an audited balance sheet reflecting the receipt by the Company of the gross proceeds of the Offering, including the proceeds then received by the Company from the exercise by the underwriters of their right to purchase additional Units in the Offering (the “**Over-allotment Option**”), if the Over-allotment Option is exercised prior to the filing of the Form 8-K, and (B) the Company issues a press release and files with the Commission a Current Report on Form 8-K announcing when such separate trading shall begin.

2.5 Fractional Warrants. The Company shall not issue fractional Warrants other than as part of the Units, each of which is comprised of one share of Common Stock and one-third of one whole Public Warrant. If, upon the detachment of Public Warrants from Units or otherwise, a holder of Warrants would be entitled to receive a fractional Warrant, the Company shall round down to the nearest whole number of Warrants to be issued to such holder.

2.6 Private Placement Warrants and Working Capital Warrants. The Private Placement Warrants and the Working Capital Warrants shall be identical to the Public Warrants, except that so long as they are held by the Sponsor or any of its Permitted Transferees (as defined below), as applicable, the Private Placement Warrants and the Working Capital Warrants: (i) may be exercised for cash or on a cashless basis, pursuant to subsection 3.3.1(b) hereof, (ii) including the shares of Common Stock issuable upon exercise of the Private Placement Warrants and the Working Capital Warrants, may not be transferred, assigned or sold until the date that is thirty (30) days after the completion by the Company of an initial Business Combination (as defined below), and (iii) shall not be redeemable by the Company (except as provided in Section 6.2); provided, however, that in the case of (ii), the Private Placement Warrants and the Working Capital Warrants and any shares of Common Stock held by the Sponsor or its Permitted Transferees, as applicable, and issued upon exercise of the Private Placement Warrants and the Working Capital Warrants may be transferred by the holders thereof:

(a) to the Company’s officers or directors, any affiliates or family members of any of the Company’s officers or directors, to the Sponsor, any members or partners of the Sponsor or their affiliates, or any affiliates of the Sponsor, or any employees of such affiliates;

(b) in the case of an individual, by gift to a member of such individual’s immediate family or to a trust, the beneficiary of which is a member of such individual’s immediate family, an affiliate of such individual or to a charitable organization;

(c) in the case of an individual, by virtue of laws of descent and distribution upon death of such person;

(d) in the case of an individual, pursuant to a qualified domestic relations order;

(e) by private sales or transfers made in connection with the consummation of the Company’s initial Business Combination at prices no greater than the price at which the Warrants or shares of Common Stock were originally purchased;

(f) by virtue of the laws of the State of Delaware or the limited liability company agreement of the Sponsor upon dissolution of the Sponsor;

(g) to the Company for no value for cancellation in connection with the consummation of its initial Business Combination;

(h) in the event of the Company’s liquidation prior to the consummation of a Business Combination; or

(i) in the event that, subsequent to the consummation of the Company's initial Business Combination, the Company completes a liquidation, merger, capital stock exchange or other similar transaction which results in all of the Company's public stockholders having the right to exchange their shares of Common Stock for cash, securities or other property; provided, however, that, in the case of clauses (a) through (f), any such transferees (the "**Permitted Transferees**") enter into a written agreement with the Company agreeing to be bound by the transfer restrictions in this Agreement and the other restrictions contained in the letter agreement, dated as of the date hereof, by and among the Company, the Sponsor and the Company's officers and directors.

2.7 Working Capital Warrants. Each of the Working Capital Warrants shall be identical to the Private Placement Warrants.

3. Terms and Exercise of Warrants.

3.1 Warrant Price. Each whole Warrant shall entitle the Registered Holder thereof, subject to the provisions of such Warrant and of this Agreement, to purchase from the Company the number of shares of Common Stock stated therein, at the price of \$11.50 per share, subject to the adjustments provided in Section 4 hereof and in the last sentence of this Section 3.1. The term "Warrant Price" as used in this Agreement shall mean the price per share (including in cash or by payment of the Warrants pursuant to a "cashless exercise," to the extent permitted hereunder) described in the prior sentence at which shares of Common Stock may be purchased at the time a Warrant is exercised. The Company in its sole discretion may lower the Warrant Price at any time prior to the Expiration Date (as defined below) for a period of not less than fifteen (15) Business Days (unless otherwise required by the Commission, any national securities exchange on which the Warrants are listed or applicable law), provided, that the Company shall provide at least five (5) Business Days prior written notice of such reduction to Registered Holders of the Warrants and provided further, that any such reduction shall be identical among all of the Warrants.

3.2 Duration of Warrants. A Warrant may be exercised only during the period (the "**Exercise Period**") commencing on the later of: (i) the date that is thirty (30) days after the first date on which the Company completes a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, involving the Company and one or more businesses (a "**Business Combination**"), and (ii) the date that is twelve (12) months from the date of the closing of the Offering, and terminating at the earlier to occur of: (a) 5:00 p.m., New York City time on the date that is five (5) years after the date on which the Company completes its initial Business Combination, (b) the liquidation of the Company in accordance with the Company's amended and restated certificate of incorporation, as amended from time to time, if the Company fails to complete a Business Combination, (c) other than with respect to the Private Placement Warrants or the Working Capital Warrants to the extent then held by the Sponsor or its Permitted Transferees with respect to a redemption pursuant to Section 6.1 hereof or, if the Reference Value equals or exceeds \$18.00 per share (subject to adjustment in compliance with Section 4 hereof), Section 6.2 hereof, 5:00 p.m., New York City time on the Redemption Date (as defined below) as provided in Section 6.3 hereof (the "**Expiration Date**"); provided, however, that the exercise of any Warrant shall be subject to the satisfaction of any applicable conditions, as set forth in subsection 3.3.2 below, with respect to an effective registration statement or a valid exemption therefrom being available. Except with respect to the right to receive the Redemption Price (as defined below) (other than with respect to a Private Placement Warrant or a Working Capital Warrant then held by the Sponsor or its Permitted Transferees in connection with a redemption pursuant to Section 6.1 hereof or, if the Reference Value equals or exceeds \$18.00 per share (subject to adjustment in compliance with Section 4 hereof), Section 6.2 hereof) in the event of a redemption (as set forth in Section 6 hereof), each outstanding Warrant (other than a Private Placement Warrant or a Working Capital Warrant to the extent then held by the Sponsor or its Permitted Transferees in the event of a redemption pursuant to Section 6.1 hereof or, if the Reference Value equals or exceeds \$18.00 per share (subject to adjustment in compliance with Section 4 hereof), Section 6.2 hereof) not exercised on or before the Expiration Date shall become void, and all rights thereunder and all rights in respect thereof under this Agreement shall cease at 5:00 p.m. New York City time on the Expiration Date. The Company in its sole discretion may extend the duration of the Warrants by delaying the Expiration Date; provided that the Company shall provide at least twenty (20) days prior written notice of any such extension to Registered Holders of the Warrants and, provided further that any such extension shall be identical in duration among all the Warrants.

3.3 Exercise of Warrants.

3.3.1 Payment. Subject to the provisions of the Warrant and this Agreement, a Warrant may be exercised by the Registered Holder thereof by delivering to the Warrant Agent at its corporate trust department (i) the Definitive Warrant Certificate evidencing the Warrants to be exercised, or, in the case of a Book-Entry Warrant Certificate, the Warrants to be exercised (the “**Book-Entry Warrants**”) on the records of the Depository to an account of the Warrant Agent at the Depository designated for such purposes in writing by the Warrant Agent to the Depository from time to time, (ii) an election to purchase (“**Election to Purchase**”) shares of Common Stock pursuant to the exercise of a Warrant, properly completed and executed by the Registered Holder on the reverse of the Definitive Warrant Certificate or, in the case of a Book-Entry Warrant Certificate, properly delivered by the Participant in accordance with the Depository’s procedures, and (iii) payment in full of the Warrant Price for each full share of Common Stock as to which the Warrant is exercised and any and all applicable taxes due in connection with the exercise of the Warrant, the exchange of the Warrant for the shares of Common Stock and the issuance of such shares of Common Stock, as follows:

(a) in lawful money of the United States, in good certified check or good bank draft payable to the order of the Warrant Agent or by wire transfer of immediately available funds;

(b) with respect to any Private Placement Warrant or Working Capital Warrant, so long as such Private Placement Warrant or Working Capital Warrant is held by the Sponsor or its Permitted Transferees, by surrendering the Warrants for that number of shares of Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the excess of the “Historical Fair Market Value”, as defined in this subsection 3.3.1(b), over the Warrant Price by (y) the Historical Fair Market Value. Solely for purposes of this subsection 3.3.1(b), the “Historical Fair Market Value” shall mean the average last reported sale price of the Common Stock for the ten (10) trading days ending on the third trading day prior to the date on which notice of exercise of the Warrant is sent to the Warrant Agent; or

(c) as provided in Section 6.2 or Section 7.4 hereof.

3.3.2 Issuance of Shares of Common Stock on Exercise. As soon as practicable after the exercise of any Warrant and the clearance of the funds in payment of the Warrant Price (if payment is pursuant to subsection 3.3.1(a)), the Company shall issue to the Registered Holder of such Warrant a book-entry position or certificate, as applicable, for the number of full shares of Common Stock to which he, she or it is entitled, registered in such name or names as may be directed by him, her or it, and if such Warrant shall not have been exercised in full, a new book-entry position or countersigned Warrant, as applicable, for the number of shares of Common Stock as to which such Warrant shall not have been exercised. If fewer than all the Warrants evidenced by a Book-Entry Warrant Certificate are exercised, a notation shall be made to the records maintained by the Depository, its nominee for each Book-Entry Warrant Certificate, or a Participant, as appropriate, evidencing the balance of the Warrants remaining after such exercise. Notwithstanding the foregoing, the Company shall not be obligated to deliver any shares of Common Stock pursuant to the exercise of a Warrant and shall have no obligation to settle such Warrant exercise unless a registration statement under the Securities Act with respect to the shares of Common Stock underlying the Public Warrants is then effective and a prospectus relating thereto is current, subject to the Company’s satisfying its obligations under Section 7.4 or a valid exemption from registration is available. No Warrant shall be exercisable and the Company shall not be obligated to issue shares of Common Stock upon exercise of a Warrant unless the Common Stock issuable upon such Warrant exercise has been registered, qualified or deemed to be exempt from registration or qualification under the securities laws of the state of residence of the Registered Holder of the Warrants. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a Warrant, the holder of such Warrant shall not be entitled to exercise such Warrant and such Warrant may have no value and expire worthless, in which case the purchaser of a Unit containing such Public Warrants shall have paid the full purchase price for the Unit solely for the shares of Common Stock underlying such Unit. In no event will the Company be required to net cash settle the exercise of a Warrant. The Company may require holders of Public Warrants to settle the Warrant on a “cashless basis” pursuant to Section 7.4. If, by reason of any exercise of Warrants on a “cashless basis”, the holder of any Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a share of Common Stock, the Company shall round down to the nearest whole number, the number of shares of Common Stock to be issued to such holder. A Registered Holder of Warrants may exercise its Warrants only for a whole number of shares of Common Stock.

3.3.3 Valid Issuance. All shares of Common Stock issued upon the proper exercise of a Warrant in conformity with this Agreement shall be validly issued, fully paid and non-assessable.

3.3.4 Date of Issuance. Each person in whose name any book-entry position or certificate, as applicable, for shares of Common Stock is issued shall for all purposes be deemed to have become the holder of record of such shares of Common Stock on the date on which the Warrant, or book-entry position representing such Warrant, was surrendered and payment of the Warrant Price was made, irrespective of the date of delivery of such certificate in the case of a certificated Warrant, except that, if the date of such surrender and payment is a date when the share transfer books of the Company or book-entry system of the Warrant Agent are closed, such person shall be deemed to have become the holder of such shares of Common Stock at the close of business on the next succeeding date on which the share transfer books or book-entry system are open.

3.3.5 Maximum Percentage. A holder of a Warrant may notify the Company in writing in the event it elects to be subject to the provisions contained in this subsection 3.3.5; however, no holder of a Warrant shall be subject to this subsection 3.3.5 unless he, she or it makes such election. If the election is made by a holder, the Warrant Agent shall not effect the exercise of the holder's Warrant, and such holder shall not have the right to exercise such Warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the Warrant Agent's actual knowledge, would beneficially own in excess of 4.9% or 9.8% (or such other amount as a holder may specify)(the "**Maximum Percentage**") of the shares of Common Stock outstanding immediately after giving effect to such exercise. For purposes of the foregoing sentence, the aggregate number of shares of Common Stock beneficially owned by such person and its affiliates shall include the number of shares of Common Stock issuable upon exercise of the Warrant with respect to which the determination of such sentence is being made, but shall exclude shares of Common Stock that would be issuable upon (x) exercise of the remaining, unexercised portion of the Warrant beneficially owned by such person and its affiliates and (y) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company beneficially owned by such person and its affiliates (including, without limitation, any convertible notes or convertible preferred stock or warrants) subject to a limitation on conversion or exercise analogous to the limitation contained herein. Except as set forth in the preceding sentence, for purposes of this paragraph, beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"). For purposes of the Warrant, in determining the number of outstanding shares of Common Stock, the holder may rely on the number of outstanding shares of Common Stock as reflected in (1) the Company's most recent Annual Report on Form 10-K, Quarterly Report on Form 10-Q, Current Report on Form 8-K or other public filing with the Commission as the case may be, (2) a more recent public announcement by the Company or (3) any other notice by the Company or the Transfer Agent setting forth the number of shares of Common Stock outstanding. For any reason at any time, upon the written request of the holder of the Warrant, the Company shall, within two (2) Business Days, confirm orally and in writing to such holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of equity securities of the Company by the holder and its affiliates since the date as of which such number of outstanding shares of Common Stock was reported. By written notice to the Company, the holder of a Warrant may from time to time increase or decrease the Maximum Percentage applicable to such holder to any other percentage specified in such notice; provided, however, that any such increase shall not be effective until the sixty-first (61st) day after such notice is delivered to the Company.

4. Adjustments.

4.1 Stock Dividends.

4.1.1 Split-Ups. If after the date hereof, and subject to the provisions of Section 4.6 below, the number of outstanding shares of Common Stock is increased by a stock dividend payable in shares of Common Stock, or by a split-up of shares of Common Stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of Common Stock issuable on exercise of each Warrant shall be increased in proportion to such increase in the outstanding shares of Common Stock. A rights offering to holders of the Common Stock entitling holders to purchase shares of Common Stock at a price less than the "Fair Market Value" (as defined below) shall be deemed a stock dividend of a number of shares of Common Stock equal to the product of (i) the number of shares of Common Stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for the

Common Stock) and (ii) one (1) minus the quotient of (x) the price per share of Common Stock paid in such rights offering divided by (y) the Fair Market Value. For purposes of this subsection 4.1.1, (i) if the rights offering is for securities convertible into or exercisable for Common Stock, in determining the price payable for Common Stock, there shall be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) “Fair Market Value” means the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the shares of Common Stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights. No Common Stock shall be issued at less than their par value.

4.1.2 Extraordinary Dividends. If the Company, at any time while the Warrants are outstanding and unexpired, shall pay a dividend or make a distribution in cash, securities or other assets to all or substantially all of the holders of the Common Stock on account of such shares of Common Stock (or other shares of the Company’s capital stock into which the Warrants are convertible), other than (a) as described in subsection 4.1.1 above, (b) Ordinary Cash Dividends (as defined below), (c) to satisfy the redemption rights of the holders of the Common Stock in connection with a proposed initial Business Combination, (d) to satisfy the redemption rights of the holders of Common Stock in connection with a stockholder vote to amend the Company’s amended and restated certificate of incorporation (as amended from time to time, the “*Charter*”) to modify the substance or timing of the Company’s obligation to allow redemption in connection with the initial Business Combination or to redeem 100% of the shares of Common Stock included in the Units sold in the Offering if the Company does not complete the initial Business Combination within the time period set forth in the Charter or with respect to any other provisions relating to stockholders’ rights or pre-initial Business Combination activity, or (e) in connection with the redemption of the shares of Common Stock included in the Units sold in the Offering upon the failure of the Company to complete its initial Business Combination and any subsequent distribution of its assets upon its liquidation (any such non-excluded event being referred to herein as an “*Extraordinary Dividend*”), then the Warrant Price shall be decreased, effective immediately after the effective date of such Extraordinary Dividend, by the amount of cash and/or the fair market value (as determined by the Board, in good faith) of any securities or other assets paid on each share of Common Stock in respect of such Extraordinary Dividend. For purposes of this subsection 4.1.2, “*Ordinary Cash Dividends*” means any cash dividend or cash distribution which, when combined on a per share basis, with the per share amounts of all other cash dividends and cash distributions paid on the Common Stock during the 365-day period ending on the date of declaration of such dividend or distribution (as adjusted to appropriately reflect any of the events referred to in other subsections of this Section 4 and excluding cash dividends or cash distributions that resulted in an adjustment to the Warrant Price or to the number of shares of Common Stock issuable on exercise of each Warrant) does not exceed \$0.50 (being 5% of the offer price of the Units in the Offering).

4.2 Aggregation of Shares. If after the date hereof, and subject to the provisions of Section 4.6 hereof, the number of outstanding shares of Common Stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of Common Stock issuable on exercise of each Warrant shall be decreased in proportion to such decrease in outstanding shares of Common Stock.

4.3 Adjustments in Warrant Price.

4.3.1 Whenever the number of shares of Common Stock purchasable upon the exercise of the Warrants is adjusted, as provided in subsection 4.1.1 or Section 4.2 above, the Warrant Price shall be adjusted (to the nearest cent) by multiplying such Warrant Price immediately prior to such adjustment by a fraction (x) the numerator of which shall be the number of shares of Common Stock purchasable upon the exercise of the Warrants immediately prior to such adjustment, and (y) the denominator of which shall be the number of shares of Common Stock so purchasable immediately thereafter.

4.3.2 If (x) the Company issues additional shares of Common Stock or securities convertible into or exercisable or exchangeable for shares of Common Stock for capital raising purposes in connection with the closing of the initial Business Combination at an issue price or effective issue price of less than \$9.20 per share (as adjusted for stock splits, stock dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like) of Common Stock (with such issue price or effective issue price to be determined in good faith by the Board and, in the case of any such issuance to the Sponsor or its affiliates, without taking into account any shares of Class B Common Stock (as defined below) held by the Sponsor or such affiliates, as applicable, prior to such

issuance (the “**Newly Issued Price**”), (y) the aggregate gross proceeds from such issuances represent more than 50% of the total equity proceeds (net of redemptions), and interest thereon, available for funding the initial Business Combination, and (z) the volume weighted average trading price of the Common Stock during the 10 trading day period starting on the trading day after the day on which the Company consummates the Business Combination (such price, the “**Market Value**”) is below \$9.20 per share (as adjusted for stock splits, stock dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like), the Warrant Price shall be adjusted (to the nearest cent) to be equal to 115% of the higher of the Market Value and the Newly Issued Price, and the \$18.00 per share redemption trigger price described under Section 6.1 and Section 6.2 will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price and the \$10.00 per share redemption trigger price described under Section 6.2 will be adjusted (to the nearest cent) to be equal to the higher of the Market Value and the Newly Issued Price.

4.4 Replacement of Securities upon Reorganization, etc. In case of any reclassification or reorganization of the outstanding shares of Common Stock (other than a change under subsections 4.1.1 or 4.1.2 or Section 4.2 hereof or that solely affects the par value of such shares of Common Stock), or in the case of any merger or consolidation of the Company with or into another entity or conversion of the Company as another entity (other than a consolidation or merger in which the Company is the continuing corporation and that does not result in any reclassification or reorganization of the outstanding shares of Common Stock), or in the case of any sale or conveyance to another entity of the assets or other property of the Company as an entirety or substantially as an entirety in connection with which the Company is dissolved, the holders of the Warrants shall thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the Warrants and in lieu of the shares of Common Stock of the Company immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the Warrants would have received if such holder had exercised his, her or its Warrant(s) immediately prior to such event (the “**Alternative Issuance**”); provided, however, that (i) if the holders of the Common Stock were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities, cash or other assets constituting the Alternative Issuance for which each Warrant shall become exercisable shall be deemed to be the weighted average of the kind and amount received per share by the holders of the Common Stock in such consolidation or merger that affirmatively make such election, and (ii) if a tender, exchange or redemption offer shall have been made to and accepted by the holders of the Common Stock (other than a tender, exchange or redemption offer made by the Company in connection with redemption rights held by stockholders of the Company as provided for in the Charter or as a result of the redemption of shares of Common Stock by the Company if a proposed initial Business Combination is presented to the stockholders of the Company for approval) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act (or any successor rule)) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act (or any successor rule)) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act (or any successor rule)) more than 50% of the outstanding shares of Common Stock, the holder of a Warrant shall be entitled to receive as the Alternative Issuance, the highest amount of cash, securities or other property to which such holder would actually have been entitled as a stockholder if such Warrant holder had exercised the Warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the Common Stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustments (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in this Section 4; provided further that if less than 70% of the consideration receivable by the holders of the Common Stock in the applicable event is payable in the form of common stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the Registered Holder properly exercises the Warrant within thirty (30) days following the public disclosure of the consummation of such applicable event by the Company pursuant to a Current Report on Form 8-K filed with the Commission, the Warrant Price shall be reduced by an amount (in dollars) equal to the difference (but in no event less than zero) of (i) the Warrant Price in effect prior to such reduction minus (ii) (A) the Per Share Consideration (as defined below) minus (B) the Black-Scholes Warrant Value (as defined below). The “**Black-Scholes Warrant Value**” means the value of a Warrant immediately prior to the consummation of the applicable event based on the Black-Scholes Warrant Model for a Capped American Call on Bloomberg Financial Markets (“**Bloomberg**”).

For purposes of calculating such amount, (1) Section 6 of this Agreement shall be taken into account, (2) the price of each share of Common Stock shall be the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the effective date of the applicable event, (3) the assumed volatility shall be the 90 day volatility obtained from the HVT function on Bloomberg determined as of the trading day immediately prior to the day of the announcement of the applicable event, and (4) the assumed risk-free interest rate shall correspond to the U.S. Treasury rate for a period equal to the remaining term of the Warrant. “**Per Share Consideration**” means (i) if the consideration paid to holders of the Common Stock consists exclusively of cash, the amount of such cash per share of Common Stock, and (ii) in all other cases, the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the effective date of the applicable event. If any reclassification or reorganization also results in a change in shares of Common Stock covered by subsection 4.1.1, then such adjustment shall be made pursuant to subsection 4.1.1 or Sections 4.2, 4.3 and this Section 4.4. The provisions of this Section 4.4 shall similarly apply to successive reclassifications, reorganizations, mergers or consolidations, sales or other transfers. In no event will the Warrant Price be reduced to less than the par value per share issuable upon exercise of the Warrant.

4.5 Notices of Changes in Warrant. Upon every adjustment of the Warrant Price or the number of shares of Common Stock issuable upon exercise of a Warrant, the Company shall give written notice thereof to the Warrant Agent, which notice shall state the Warrant Price resulting from such adjustment and the increase or decrease, if any, in the number of shares of Common Stock purchasable at such price upon the exercise of a Warrant, setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. Upon the occurrence of any event specified in Sections 4.1, 4.2, 4.3 or 4.4, the Company shall give written notice of the occurrence of such event to each holder of a Warrant, at the last address set forth for such holder in the Warrant Register, of the record date or the effective date of the event. Failure to give such notice, or any defect therein, shall not affect the legality or validity of such event.

4.6 No Fractional Shares. Notwithstanding any provision contained in this Agreement to the contrary, the Company shall not issue fractional shares of Common Stock upon the exercise of Warrants. If, by reason of any adjustment made pursuant to this Section 4, the holder of any Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a share, the Company shall, upon such exercise, round down to the nearest whole number the number of shares of Common Stock to be issued to such holder.

4.7 Form of Warrant. The form of Warrant need not be changed because of any adjustment pursuant to this Section 4, and Warrants issued after such adjustment may state the same Warrant Price and the same number of shares of Common Stock as is stated in the Warrants initially issued pursuant to this Agreement; provided, however, that the Company may at any time in its sole discretion make any change in the form of Warrant that the Company may deem appropriate and that does not affect the substance thereof, and any Warrant thereafter issued or countersigned, whether in exchange or substitution for an outstanding Warrant or otherwise, may be in the form as so changed.

4.8 Other Events. In case any event shall occur affecting the Company as to which none of the provisions of the preceding subsections of this Section 4 are strictly applicable, but which would require an adjustment to the terms of the Warrants in order to (i) avoid an adverse impact on the Warrants and (ii) effectuate the intent and purpose of this Section 4, then, in each such case, the Company shall appoint a firm of independent public accountants, investment banking or other appraisal firm of recognized national standing, which shall give its opinion as to whether or not any adjustment to the rights represented by the Warrants is necessary to effectuate the intent and purpose of this Section 4 and, if they determine that an adjustment is necessary, the terms of such adjustment; provided, however, that under no circumstances shall the Warrants be adjusted pursuant to this Section 4.8 as a result of any issuance of securities in connection with a Business Combination. The Company shall adjust the terms of the Warrants in a manner that is consistent with any adjustment recommended in such opinion.

4.9 No Adjustment. For the avoidance of doubt, no adjustment shall be made to the terms of the Warrants solely as a result of an adjustment to the conversion ratio of the Company’s Class B common stock (the “**Class B Common Stock**”) into shares of Common Stock or the conversion of the shares of Class B Common Stock into shares of Common Stock, in each case, pursuant to the Charter.

5. Transfer and Exchange of Warrants.

5.1 Registration of Transfer. The Warrant Agent shall register the transfer, from time to time, of any outstanding Warrant upon the Warrant Register, upon surrender of such Warrant for transfer, in the case of a certificated Warrant, properly endorsed with signatures properly guaranteed and accompanied by appropriate instructions for transfer. Upon any such transfer, a new Warrant representing an equal aggregate number of Warrants shall be issued and the old Warrant shall be cancelled by the Warrant Agent. In the case of certificated Warrants, the Warrants so cancelled shall be delivered by the Warrant Agent to the Company from time to time upon request.

5.2 Procedure for Surrender of Warrants. Warrants may be surrendered to the Warrant Agent, together with a written request for exchange or transfer, and thereupon the Warrant Agent shall issue in exchange therefor one or more new Warrants as requested by the Registered Holder of the Warrants so surrendered, representing an equal aggregate number of Warrants; provided, however, that except as otherwise provided herein or in any Book-Entry Warrant Certificate or Definitive Warrant Certificate, each Book-Entry Warrant Certificate and Definitive Warrant Certificate may be transferred only in whole and only to the Depository, to another nominee of the Depository, to a successor depository, or to a nominee of a successor depository; provided further, however, that in the event that a Warrant surrendered for transfer bears a restrictive legend (as in the case of the Private Placement Warrants and the Working Capital Warrants), the Warrant Agent shall not cancel such Warrant and issue new Warrants in exchange thereof until the Warrant Agent has received an opinion of counsel for the Company stating that such transfer may be made and indicating whether the new Warrants must also bear a restrictive legend.

5.3 Fractional Warrants. The Warrant Agent shall not be required to effect any registration of transfer or exchange which shall result in the issuance of a warrant certificate or book-entry position for a fraction of a warrant, except as part of the Units.

5.4 Service Charges. No service charge shall be made for any exchange or registration of transfer of Warrants.

5.5 Warrant Execution and Countersignature. The Warrant Agent is hereby authorized to countersign and to deliver, in accordance with the terms of this Agreement, the Warrants required to be issued pursuant to the provisions of this Section 5, and the Company, whenever required by the Warrant Agent, shall supply the Warrant Agent with Warrants duly executed on behalf of the Company for such purpose.

5.6 Transfer of Warrants. Prior to the Detachment Date, the Public Warrants may be transferred or exchanged only together with the Unit in which such Warrant is included, and only for the purpose of effecting, or in conjunction with, a transfer or exchange of such Unit. Furthermore, each transfer of a Unit on the register relating to such Units shall operate also to transfer the Warrants included in such Unit. Notwithstanding the foregoing, the provisions of this Section 5.6 shall have no effect on any transfer of Warrants on and after the Detachment Date.

6. Redemption.

6.1 Redemption of Warrants for Cash. Subject to Section 6.5 hereof, not less than all of the outstanding Warrants may be redeemed, at the option of the Company, at any time during the Exercise Period, at the office of the Warrant Agent, upon notice to the Registered Holders of the Warrants, as described in Section 6.3 below, at the Redemption Price of \$0.01 per Warrant, provided that (a) the Reference Value (as defined below) equals or exceeds \$18.00 per share (subject to adjustment in compliance with Section 4 hereof) and (b) there is an effective registration statement covering the issuance of the shares of Common Stock issuable upon exercise of the Warrants, and a current prospectus relating thereto, available throughout the 30-day Redemption Period (as defined in Section 6.3 below).

6.2 Redemption of Warrants for Shares of Common Stock. Not less than all of the outstanding Warrants may be redeemed, at the option of the Company, commencing ninety (90) days after they are first exercisable and prior to their expiration, at the office of the Warrant Agent, upon notice to the Registered Holders of the Warrants, as described in Section 6.3 below, at a Redemption Price of \$0.10 per Warrant, provided

that (i) the Reference Value equals or exceeds \$10.00 per share (subject to adjustment in compliance with Section 4 hereof) and (ii) if the Reference Value is less than \$18.00 per share (subject to adjustment in compliance with Section 4 hereof), the Private Placement Warrants are also concurrently called for redemption on the same terms as the outstanding Public Warrants. During the 30-day Redemption Period in connection with a redemption pursuant to this Section 6.2, Registered Holders of the Warrants may elect to exercise their Warrants on a “cashless basis” pursuant to subsection 3.3.1 and receive a number of shares of Common Stock determined by reference to the table below, based on the Redemption Date (calculated for purposes of the table as the period to expiration of the Warrants) and the “Redemption Fair Market Value” (as such term is defined in this Section 6.2) (a “**Make-Whole Exercise**”). Solely for purposes of this Section 6.2, the “**Redemption Fair Market Value**” shall mean the volume weighted average price of the shares of Common Stock for the ten (10) trading days immediately following the date on which notice of redemption pursuant to this Section 6.2 is sent to the Registered Holders. In connection with any redemption pursuant to this Section 6.2, the Company shall provide the Registered Holders with the Redemption Fair Market Value no later than one (1) Business Day after the ten (10) trading day period described above ends.

The exact Redemption Fair Market Value and Redemption Date (as defined below) may not be set forth in the table above, in which case, if the Redemption Fair Market Value is between two values in the table or the Redemption Date is between two redemption dates in the table, the number of shares of Common Stock to be issued for each Warrant exercised in a Make-Whole Exercise will be determined by a straight-line interpolation between the number of shares set forth for the higher and lower Redemption Fair Market Values and the earlier and later redemption dates, as applicable, based on a 365- or 366-day year, as applicable.

The stock prices set forth in the column headings of the table above shall be adjusted as of any date on which the number of shares issuable upon exercise of a Warrant or the Exercise Price is adjusted pursuant to [Section 4](#). If the number of shares issuable upon exercise of a Warrant is adjusted pursuant to [Section 4](#), the adjusted stock prices in the column headings will equal the stock prices immediately prior to such adjustment, multiplied by a

fraction, the numerator of which is the Exercise Price of the Warrant after such adjustment and the denominator of which is the price of the warrant immediately prior to such adjustment. In such an event, the number of shares in the table above shall be adjusted by multiplying such share amounts by a fraction, the numerator of which is the number of shares deliverable upon exercise of a Warrant immediately prior to such adjustment and the denominator of which is the number of shares deliverable upon exercise of a Warrant as so adjusted. If the Exercise Price of a Warrant is adjusted, in the case of an adjustment pursuant to Section 4.4 hereof, the adjusted stock prices in the column headings shall equal the stock prices immediately prior to such adjustment multiplied by a fraction, the numerator of which is the higher of the Market Value and the Newly Issued Price and the denominator of which is \$10.00. In no event shall the number of shares issued in connection with a Make-Whole Exercise exceed 0.361 shares of Common Stock per Warrant (subject to adjustment).

6.3 Date Fixed for, and Notice of, Redemption. In the event that the Company elects to redeem all of the Warrants pursuant to Section 6.1 or Section 6.2, the Company shall fix a date for the redemption (the **Redemption Date**). In the event that the Company elects to redeem all of the Warrants pursuant to Section 6.2, the Company shall fix a date for the redemption (the **“30-day Redemption Date”**). Notice of redemption shall be mailed by first class mail, postage prepaid, by the Company not less than thirty (30) days prior to the Redemption Date (such period, the **“Redemption Period”**) to the Registered Holders of the Warrants to be redeemed at their last addresses as they shall appear on the registration books. Any notice mailed in the manner herein provided shall be conclusively presumed to have been duly given whether or not the Registered Holder received such notice. As used in this Agreement, (a) **“Redemption Price”** shall mean the price per Warrant at which any Warrants are redeemed pursuant to Section 6.1 or Section 6.2, and (b) **“Reference Value”** shall mean the last reported sales price of the shares of Common Stock for any twenty (20) trading days within the thirty (30) trading-day period ending on the third trading day prior to the date on which notice of the redemption is given.

6.4 Exercise After Notice of Redemption. The Warrants may be exercised, for cash (or on a “cashless basis” in accordance with Section 6.2 hereof) at any time after notice of redemption shall have been given by the Company pursuant to Section 6.3 hereof and prior to the Redemption Date. On and after the Redemption Date, the record holder of the Warrants shall have no further rights except to receive, upon surrender of the Warrants, the Redemption Price.

6.5 Exclusion of Private Placement Warrants and Working Capital Warrants. The Company agrees that the redemption rights provided in Section 6.1 shall not apply to the Private Placement Warrants or the Working Capital Warrants if at the time of the redemption such Private Placement Warrants or Working Capital Warrants continue to be held by the Sponsor or its Permitted Transferees, as applicable. However, once such Private Placement Warrants or Working Capital Warrants are transferred (other than to Permitted Transferees under Section 2.6), the Company may redeem the Private Placement Warrants and the Working Capital Warrants pursuant to Section 6.1 hereof, provided that the criteria for redemption are met, including the opportunity of the holder of such Private Placement Warrants or Working Capital Warrants to exercise the Private Placement Warrants and the Working Capital Warrants prior to redemption pursuant to Section 6.1. Private Placement Warrants and Working Capital Warrants that are transferred to persons other than Permitted Transferees shall upon such transfer cease to be Private Placement Warrants or Working Capital Warrants and shall become Public Warrants under this Agreement. The restrictions set forth under this Section 6.5 shall not apply to redemptions pursuant to Section 6.2 hereof.

7. Other Provisions Relating to Rights of Holders of Warrants.

7.1 No Rights as Stockholder. A Warrant does not entitle the Registered Holder thereof to any of the rights of a stockholder of the Company, including, without limitation, the right to receive dividends, or other distributions, exercise any preemptive rights to vote or to consent or to receive notice as stockholders in respect of the meetings of stockholders or the election of directors of the Company or any other matter.

7.2 Lost, Stolen, Mutilated, or Destroyed Warrants. If any Warrant is lost, stolen, mutilated, or destroyed, the Company and the Warrant Agent may on such terms as to indemnity or otherwise as they may in their discretion impose (which shall, in the case of a mutilated Warrant, include the surrender thereof), issue a new Warrant of like denomination, tenor, and date as the Warrant so lost, stolen, mutilated, or destroyed. Any such new Warrant shall constitute a substitute contractual obligation of the Company, whether or not the allegedly lost, stolen, mutilated, or destroyed Warrant shall be at any time enforceable by anyone.

7.3 Reservation of Common Stock. The Company shall at all times reserve and keep available a number of its authorized but unissued shares of Common Stock that shall be sufficient to permit the exercise in full of all outstanding Warrants issued pursuant to this Agreement.

7.4 Registration of Common Stock; Cashless Exercise at Company's Option.

7.4.1 Registration of the Common Stock. The Company agrees that as soon as practicable, but in no event later than fifteen (15) Business Days after the closing of its initial Business Combination, it shall use its best efforts to file with the Commission and have an effective registration statement registering, under the Securities Act, the issuance of the shares of Common Stock issuable upon exercise of the Warrants. The Company shall use its best efforts to cause the same to become effective within sixty (60) Business Days after the closing of the Company's initial Business Combination and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the Warrants in accordance with the provisions of this Agreement. If any such registration statement has not been declared effective by the 60th Business Day following the closing of the Business Combination, holders of the Warrants shall have the right, during the period beginning on the 61st Business Day after the closing of the Business Combination and ending upon such registration statement being declared effective by the Commission, and during any other period when the Company shall fail to have maintained an effective registration statement covering the shares of Common Stock issuable upon exercise of the Warrants, to exercise such Warrants on a "cashless basis," by exchanging the Warrants (in accordance with Section 3(a)(9) of the Securities Act (or any successor rule) or another exemption) for that number of shares of Common Stock equal to the lesser of (A) quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the excess of the "Fair Market Value" (as defined below) over the Warrant Price by (y) the Fair Market Value and (B) 0.361 per whole Warrant. Solely for purposes of this subsection 7.4.1, "Fair Market Value" shall mean the average reported last sale price of the Common Stock for the ten (10) trading day period ending on the trading day prior to the date that notice of exercise is received by the Warrant Agent from the holder of such Warrants or its securities broker or intermediary. The date that notice of cashless exercise is received by the Warrant Agent shall be conclusively determined by the Warrant Agent. In connection with the "cashless exercise" of a Public Warrant, the Company shall, upon request, provide the Warrant Agent with an opinion of counsel for the Company (which shall be an outside law firm with securities law experience) stating that (i) the exercise of the Warrants on a cashless basis in accordance with this subsection 7.4.1 is not required to be registered under the Securities Act and (ii) the shares of Common Stock issued upon such exercise shall be freely tradable under United States federal securities laws by anyone who is not an affiliate (as such term is defined in Rule 144 under the Securities Act (or any successor rule)) of the Company and, accordingly, shall not be required to bear a restrictive legend. Except as provided in subsection 7.4.2, for the avoidance of any doubt, unless and until all of the Warrants have been exercised or have expired, the Company shall continue to be obligated to comply with its registration obligations under the first three sentences of this subsection 7.4.1.

7.4.2 Cashless Exercise at Company's Option. If the shares of Common Stock is at the time of any exercise of a Warrant not listed on a national securities exchange such that it satisfies the definition of a "covered security" under Section 18(b)(1) of the Securities Act (or any successor statute), the Company may, at its option, require holders of Public Warrants who exercise Public Warrants to exercise such Public Warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act (or any successor statute) as described in subsection 7.4.1 and (i) in the event the Company so elects, the Company shall not be required to file or maintain in effect a registration statement for the registration, under the Securities Act, of the shares of Common Stock issuable upon exercise of the Warrants, notwithstanding anything in this Agreement to the contrary or (ii) if the Company does not so elect, the Company agrees to use its best efforts to register or qualify for sale the shares of Common Stock issuable upon exercise of the Public Warrants under the blue sky laws to the extent an exemption is not available. Notwithstanding anything herein to the contrary, but without limiting the rights of the Holder to receive shares of Common Stock issuable upon exercise of the Warrants on a "cashless exercise," in the event there is no effective registration statement registering, or the prospectus contained therein is not available for the issuance of the shares of Common Stock issuable upon exercise of the Warrants to the Holder, under no circumstance will the Company be required to net cash settle the Warrants.

8. Concerning the Warrant Agent and Other Matters.

8.1 Payment of Taxes. The Company shall from time to time promptly pay all taxes and charges that may be imposed upon the Company or the Warrant Agent in respect of the issuance or delivery of shares of Common Stock upon the exercise of the Warrants, but the Company shall not be obligated to pay any transfer taxes in respect of the Warrants or such shares of Common Stock.

8.2 Resignation, Consolidation, or Merger of Warrant Agent.

8.2.1 Appointment of Successor Warrant Agent. The Warrant Agent, or any successor to it hereafter appointed, may resign its duties and be discharged from all further duties and liabilities hereunder after giving sixty (60) days' notice in writing to the Company. If the office of the Warrant Agent becomes vacant by resignation or incapacity to act or otherwise, the Company shall appoint in writing a successor Warrant Agent in place of the Warrant Agent. If the Company shall fail to make such appointment within a period of thirty (30) days after it has been notified in writing of such resignation or incapacity by the Warrant Agent or by the holder of a Warrant (who shall, with such notice, submit his, her or its Warrant for inspection by the Company), then the holder of any Warrant may apply to the Supreme Court of the State of New York for the County of New York for the appointment of a successor Warrant Agent at the Company's cost. Any successor Warrant Agent, whether appointed by the Company or by such court, shall be a corporation organized and existing under the laws of the State of New York, in good standing and having its principal office in the Borough of Manhattan, City and State of New York, and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by federal or state authority. After appointment, any successor Warrant Agent shall be vested with all the authority, powers, rights, immunities, duties, and obligations of its predecessor Warrant Agent with like effect as if originally named as Warrant Agent hereunder, without any further act or deed; but if for any reason it becomes necessary or appropriate, the predecessor Warrant Agent shall execute and deliver, at the expense of the Company, an instrument transferring to such successor Warrant Agent all the authority, powers, and rights of such predecessor Warrant Agent hereunder; and upon request of any successor Warrant Agent the Company shall make, execute, acknowledge, and deliver any and all instruments in writing for more fully and effectually vesting in and confirming to such successor Warrant Agent all such authority, powers, rights, immunities, duties, and obligations.

8.2.2 Notice of Successor Warrant Agent. In the event a successor Warrant Agent shall be appointed, the Company shall give notice thereof to the predecessor Warrant Agent and the Transfer Agent for the Common Stock not later than the effective date of any such appointment.

8.2.3 Merger or Consolidation of Warrant Agent. Any corporation into which the Warrant Agent may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Warrant Agent shall be a party shall be the successor Warrant Agent under this Agreement without any further act.

8.3 Fees and Expenses of Warrant Agent.

8.3.1 Remuneration. The Company agrees to pay the Warrant Agent reasonable remuneration for its services as such Warrant Agent hereunder and shall, pursuant to its obligations under this Agreement, reimburse the Warrant Agent upon demand for all expenditures that the Warrant Agent may reasonably incur in the execution of its duties hereunder.

8.3.2 Further Assurances. The Company agrees to perform, execute, acknowledge, and deliver or cause to be performed, executed, acknowledged, and delivered all such further and other acts, instruments, and assurances as may reasonably be required by the Warrant Agent for the carrying out or performing of the provisions of this Agreement.

8.4 Liability of Warrant Agent.

8.4.1 Reliance on Company Statement. Thayer Ventures Acquisition Corporation
25852 McBean Parkway, Suite 508
Valencia, CA 91355Re: Securities Registered under Registration Statement on Form S-1

Ladies and Gentlemen:

We have acted as counsel to you in connection with your filing of a Registration Statement on Form S-1 (File No. 333-249390) (as amended or supplemented, the "Registration Statement") pursuant to the Securities Act of 1933, as amended (the "Securities Act"), relating to the registration of the offering by Thayer Ventures Acquisition Corporation, a Delaware corporation (the "Company") of up to 17,250,000 units, including units purchasable by the underwriters upon their exercise of an over-allotment option granted to the underwriters by the Company (collectively, the "Units"), with each Unit consisting of one share of Class A common stock of the Company, par value \$0.0001 per share (the "Common Stock") and one-half of one redeemable warrant of the Company, each whole warrant entitling the holder thereof to purchase one share of Common Stock (the "Warrants").

We have reviewed such documents and made such examination of law as we have deemed appropriate to give the opinions set forth below. We have relied, without independent verification, on certificates of public officials and, as to matters of fact material to the opinions set forth below, on certificates of officers of the Company.

Based on the foregoing, we are of the opinion that:

1. **Units.** When the Registration Statement becomes effective under the Securities Act of 1933, as amended (the "Act"), and the Units are delivered and paid for, as contemplated by the Registration Statement, assuming the due authorization, execution and delivery thereof by Continental Stock Transfer & Trust Company, as transfer agent, the Units will be validly issued, will constitute legal, valid and binding obligations of the Company, enforceable in accordance with their terms except: (a) as such enforceability may be limited by bankruptcy, insolvency, reorganization, fraudulent transfer, moratorium or similar laws affecting creditors' rights generally and by general equitable principles (regardless of whether enforceability is considered in a proceeding in equity or at law); (b) as enforceability of any indemnification or contribution provision may be limited under the federal and state securities laws, and (c) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought.
2. **Common Stock.** When the Registration Statement becomes effective under the Act and the shares of Common Stock included in the Units are delivered and paid for as part of the Units, as contemplated by the Registration Statement, the shares of Common Stock will be validly issued, fully paid and non-assessable.
3. **Warrants.** When the Registration Statement becomes effective under the Act and the Warrants included in the Units are delivered and paid for as part of the Units, as contemplated by the Registration Statement, assuming the due authorization, execution and delivery of such Warrants by Continental Stock Transfer & Trust Company, as warrant agent, the Warrants will constitute legal, valid and binding obligations of the Company enforceable in accordance with their terms

except: (a) as such enforceability may be limited by bankruptcy, insolvency, reorganization, fraudulent transfer, moratorium or similar laws affecting creditors' rights generally and by general equitable principles (regardless of whether enforceability is considered in a proceeding in equity or at law); (b) as enforceability of any indemnification or contribution provision may be limited under the federal and state securities laws, and (c) that the remedy of specific performance and injunctive and other forms of equitable relief may be subject to the equitable defenses and to the discretion of the court before which any proceeding therefor may be brought.

The opinions set forth above are limited to the Delaware General Corporation Law, and, as to the Units and the Warrants constituting legally binding obligations of the Company, the law of New York.

We hereby consent to the inclusion of this opinion as Exhibit 5.1 to the Registration Statement and to the references to our firm under the caption "Legal Matters" in the Registration Statement. In giving our consent, we do not admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations thereunder.

Very truly yours,

/s/ GOODWIN PROCTER LLP

Under no circumstances shall the Company be obligated to effect more than an aggregate of three (3) Registrations pursuant to a Demand Registration under this subsection 2.1.1 with respect to any or all Registrable Securities; provided, however, that a Registration shall not be counted for such purposes unless a Form S-1 or any similar long-form registration statement that may be available at such time ("**Form S-1**") has become effective and all of the Registrable Securities requested by the Requesting Holders to be registered on behalf of the Requesting Holders in such Form S-1 Registration have been sold, in accordance with Section 3.1 of this Agreement.

2.1.2 Effective Registration. Notwithstanding the provisions of subsection 2.1.1 above or any other part of this Agreement, a Registration pursuant to a Demand Registration shall not count as a Registration unless and until (i) the Registration Statement filed with the Commission with respect to a Registration pursuant to a Demand Registration has been declared effective by the Commission and (ii) the Company has complied with all of its obligations under this Agreement with respect thereto; provided, further, that if, after such Registration Statement has been declared effective, an offering of Registrable Securities in a Registration pursuant to a Demand Registration is subsequently interfered with by any stop order or injunction of the Commission, federal or state court or any other governmental agency the Registration Statement with respect to such Registration shall be deemed not to have been declared effective, unless and until, (i) such stop order or injunction is removed, rescinded or otherwise terminated, and (ii) a majority-in-interest of the Demanding Holders initiating such Demand Registration thereafter affirmatively elect to continue with such Registration and accordingly notify the Company in writing, but in no event later than five (5) days, of such election; and provided, further, that the Company shall not be obligated or required to file another Registration Statement until the Registration Statement that has been previously filed with respect to a Registration pursuant to a Demand Registration becomes effective or is subsequently terminated.

All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this subsection 2.1.3 shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by the majority-in-interest of the Demanding Holders initiating the Demand Registration.

2.1.4 Reduction of Underwritten Offering. If the managing Underwriter or Underwriters in an Underwritten Registration pursuant to a Demand Registration, in good faith, advises the Company, the Demanding Holders and the Requesting Holders (if any) in writing that the dollar amount or number of Registrable Securities that the Demanding Holders and the Requesting Holders (if any) desire to sell, taken together with all other Common Stock or other equity securities that the Company desires to sell and the Common Stock, if any, as to which a Registration has been requested pursuant to separate written contractual piggy-back registration rights held by any other stockholders who desire to sell, exceeds the maximum dollar amount or maximum number of equity securities that can be sold in the Underwritten Offering without adversely affecting the proposed offering price, the timing, the distribution method, or the probability of success of such offering (such maximum dollar amount or maximum number of such securities, as applicable, the "**Maximum Number of Securities**"), then the Company shall include in such Underwritten Offering, as follows: (i) first, the Registrable Securities of the Demanding Holders and the Requesting Holders (if any) (pro rata based on the respective number of Registrable Securities that each Demanding Holder and Requesting Holder (if any) has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Demanding Holders and Requesting Holders have requested be included in such Underwritten Registration (such proportion is referred to herein as "**Pro Rata**")) that can be sold without exceeding the Maximum Number of Securities; (ii) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (i), the Registrable Securities of Holders (Pro Rata, based on the respective number of Registrable Securities that each Holder has so requested) exercising their rights to

register their Registrable Securities pursuant to subsection 2.2.1 hereof, without exceeding the Maximum Number of Securities; and (iii) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i) and (ii), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (iv) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i), (ii) and (iii), the Common Stock or other equity securities of other persons or entities that the Company is obligated to register in a Registration pursuant to separate written contractual arrangements with such persons and that can be sold without exceeding the Maximum Number of Securities.

2.1.5 Demand Registration Withdrawal. A majority-in-interest of the Demanding Holders initiating a Demand Registration or a majority-in-interest of the Requesting Holders (if any), pursuant to a Registration under subsection 2.1.1 shall have the right to withdraw from a Registration pursuant to such Demand Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of their intention to withdraw from such Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to the Registration of their Registrable Securities pursuant to such Demand Registration. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with a Registration pursuant to a Demand Registration prior to its withdrawal under this subsection 2.1.5.

2.2 Piggyback Registration

2.2.1 Piggyback Rights. If, at any time on or after the date the Company consummates a Business Combination, the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities, or securities or other obligations exercisable or exchangeable for, or convertible into equity securities, for its own account or for the account of stockholders of the Company (or by the Company and by the stockholders of the Company including, without limitation, pursuant to Section 2.1 hereof), other than a Registration Statement (i) filed in connection with any employee stock option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company's existing stockholders, (iii) for an offering of debt that is convertible into equity securities of the Company or (iv) for a dividend reinvestment plan, then the Company shall give written notice of such proposed filing to all of the Holders of Registrable Securities as soon as practicable but not less than ten (10) days before the anticipated filing date of such Registration Statement, which notice shall (A) describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any, in such offering, and (B) offer to all of the Holders of Registrable Securities the opportunity to register the sale of such number of Registrable Securities as such Holders may request in writing within five (5) days after receipt of such written notice (such Registration a "**Piggyback Registration**"). The Company shall, in good faith, cause such Registrable Securities to be included in such Piggyback Registration and shall use its best efforts to cause the managing Underwriter or Underwriters of a proposed Underwritten Offering to permit the Registrable Securities requested by the Holders pursuant to this subsection 2.2.1 to be included in a Piggyback Registration on the same terms and conditions as any similar securities of the Company included in such Registration and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this subsection 2.2.1 shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by the Company.

2.2.2 Reduction of Piggyback Registration. If the managing Underwriter or Underwriters in an Underwritten Registration that is to be a Piggyback Registration, in good faith, advises the Company and the Holders of Registrable Securities participating in the Piggyback Registration in writing that the dollar amount or number of the shares of Common Stock that the Company desires to sell, taken together with (i) the shares of Common Stock, if any, as to which Registration has been demanded pursuant to separate written contractual arrangements with persons or entities other than the Holders of Registrable Securities hereunder, (ii) the Registrable Securities as to which registration has been requested pursuant to Section 2.2 hereof, and (iii) the shares of Common Stock, if any, as to which Registration has been requested pursuant to separate written contractual piggy-back registration rights of other stockholders of the Company, exceeds the Maximum Number of Securities, then:

(a) If the Registration is undertaken for the Company's account, the Company shall include in any such Registration (A) first, the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1 hereof (pro rata based on the respective number of Registrable Securities that such Holder has requested be included in such Registration), which can be sold without exceeding the Maximum Number of Securities; and (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock, if any, as to which Registration has been requested pursuant to written contractual piggy-back registration rights of other stockholders of the Company, which can be sold without exceeding the Maximum Number of Securities;

(b) If the Registration is pursuant to a request by persons or entities other than the Holders of Registrable Securities, then the Company shall include in any such Registration (A) first, the Common Stock or other equity securities, if any, of such requesting persons or entities, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1, pro rata based on the number of Registrable Securities that each Holder has requested be included in such Registration and the aggregate number of Registrable Securities that the Holders have requested to be included in such Registration, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Common Stock or other equity securities for the account of other persons or entities that the Company is obligated to register pursuant to separate written contractual arrangements with such persons or entities, which can be sold without exceeding the Maximum Number of Securities.

2.2.3 Piggyback Registration Withdrawal. Any Holder of Registrable Securities shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Piggyback Registration. The Company (whether on its own good faith determination or as the result of a request for withdrawal by persons pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration at any time prior to the effectiveness of such Registration Statement. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with the Piggyback Registration prior to its withdrawal under this subsection 2.2.3.

2.2.4 Unlimited Piggyback Registration Rights. For purposes of clarity, any Registration effected pursuant to Section 2.2 hereof shall not be counted as a Registration pursuant to a Demand Registration effected under Section 2.1 hereof.

2.3 Registrations on Form S-3. The Holders of Registrable Securities may at any time, and from time to time, request in writing that the Company, pursuant to Rule 415 under the Securities Act (or any successor rule promulgated thereafter by the Commission), register the resale of any or all of their Registrable Securities on Form S-3 or any similar short form registration statement that may be available at such time ("**Form S-3**"); provided, however, that the Company shall not be obligated to effect such request through an Underwritten Offering. Within five (5) days of the Company's receipt of a written request from a Holder or Holders of Registrable Securities for a Registration on Form S-3, the Company shall promptly give written notice of the proposed Registration on Form S-3 to all other Holders of Registrable Securities, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder's Registrable Securities in such Registration on Form S-3 shall so notify the Company, in writing, within ten (10) days after the receipt by the Holder of the notice from the Company. As soon as practicable thereafter, but not more than twelve (12) days after the Company's initial receipt of such written request for a Registration on Form S-3, the Company shall register all or such portion of such Holder's Registrable Securities as are specified in such written request, together with all or such portion of Registrable Securities of any other Holder or Holders joining in such request as are specified in the written

notification given by such Holder or Holders; provided, however, that the Company shall not be obligated to effect any such Registration pursuant to Section 2.3 hereof if (i) a Form S-3 is not available for such offering; or (ii) the Holders of Registrable Securities, together with the Holders of any other equity securities of the Company entitled to inclusion in such Registration, propose to sell the Registrable Securities and such other equity securities (if any) at any aggregate price to the public of less than \$10,000,000.

2.4 Restrictions on Registration Rights. If (A) during the period starting with the date sixty (60) days prior to the Company's good faith estimate of the date of the filing of, and ending on a date one hundred and twenty (120) days after the effective date of, a Company initiated Registration and provided that the Company has delivered written notice to the Holders prior to receipt of a Demand Registration pursuant to subsection 2.1.1 and it continues to actively employ, in good faith, all reasonable efforts to cause the applicable Registration Statement to become effective; (B) the Holders have requested an Underwritten Registration and the Company and the Holders are unable to obtain the commitment of underwriters to firmly underwrite the offer; or (C) in the good faith judgment of the Board such Registration would be seriously detrimental to the Company and the Board concludes as a result that it is essential to defer the filing of such Registration Statement at such time, then in each case the Company shall furnish to such Holders a certificate signed by the Chairman of the Board stating that in the good faith judgment of the Board it would be seriously detrimental to the Company for such Registration Statement to be filed in the near future and that it is therefore essential to defer the filing of such Registration Statement. In such event, the Company shall have the right to defer such filing for a period of not more than thirty (30) days; provided, however, that the Company shall not defer its obligation in this manner more than once in any 12-month period. Notwithstanding anything to the contrary contained in this Agreement, no Registration shall be effected or permitted and no Registration Statement shall become effective, with respect to any Registrable Securities held by any Holder, until after the expiration of the Founder Shares Lock-Up Period or the Private Placement Lock-Up Period, as the case may be.

ARTICLE III COMPANY PROCEDURES

3.1 General Procedures. If at any time on or after the date the Company consummates a Business Combination the Company is required to effect the Registration of Registrable Securities, the Company shall use its best efforts to effect such Registration to permit the sale of such Registrable Securities in accordance with the intended plan of distribution thereof, and pursuant thereto the Company shall, as expeditiously as possible:

3.1.1 prepare and file with the Commission as soon as practicable a Registration Statement with respect to such Registrable Securities and use its reasonable best efforts to cause such Registration Statement to become effective and remain effective until all Registrable Securities covered by such Registration Statement have been sold;

3.1.2 prepare and file with the Commission such amendments and post-effective amendments to the Registration Statement, and such supplements to the Prospectus, as may be requested by the Holders or any Underwriter of Registrable Securities or as may be required by the rules, regulations or instructions applicable to the registration form used by the Company or by the Securities Act or rules and regulations thereunder to keep the Registration Statement effective until all Registrable Securities covered by such Registration Statement are sold in accordance with the intended plan of distribution set forth in such Registration Statement or supplement to the Prospectus;

3.1.3 prior to filing a Registration Statement or Prospectus, or any amendment or supplement thereto, furnish without charge to the Underwriters, if any, and the Holders of Registrable Securities included in such Registration, and such Holders' legal counsel, copies of such Registration Statement as proposed to be filed, each amendment and supplement to such Registration Statement (in each case including all exhibits thereto and documents incorporated by reference therein), the Prospectus included in such Registration Statement (including each preliminary Prospectus), and such other documents as the Underwriters and the Holders of Registrable Securities included in such Registration or the legal counsel for any such Holders may request in order to facilitate the disposition of the Registrable Securities owned by such Holders;

3.1.4 prior to any public offering of Registrable Securities, use its best efforts to (i) register or qualify the Registrable Securities covered by the Registration Statement under such securities or “blue sky” laws of such jurisdictions in the United States as the Holders of Registrable Securities included in such Registration Statement (in light of their intended plan of distribution) may request and (ii) take such action necessary to cause such Registrable Securities covered by the Registration Statement to be registered with or approved by such other governmental authorities as may be necessary by virtue of the business and operations of the Company and do any and all other acts and things that may be necessary or advisable to enable the Holders of Registrable Securities included in such Registration Statement to consummate the disposition of such Registrable Securities in such jurisdictions; provided, however, that the Company shall not be required to qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify or take any action to which it would be subject to general service of process or taxation in any such jurisdiction where it is not then otherwise so subject;

3.1.5 cause all such Registrable Securities to be listed on each securities exchange or automated quotation system on which similar securities issued by the Company are then listed;

3.1.6 provide a transfer agent or warrant agent, as applicable, and registrar for all such Registrable Securities no later than the effective date of such Registration Statement;

3.1.7 advise each seller of such Registrable Securities, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the Commission suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its reasonable best efforts to prevent the issuance of any stop order or to obtain its withdrawal if such stop order should be issued;

3.1.8 at least five (5) days prior to the filing of any Registration Statement or Prospectus or any amendment or supplement to such Registration Statement furnish a copy thereof to each seller of such Registrable Securities and its counsel, including, without limitation, providing copies promptly upon receipt of any comment letters received with respect to any such Registration Statement or Prospectus;

3.1.9 notify the Holders at any time when a Prospectus relating to such Registration Statement is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement, as then in effect, includes a Misstatement, and then to correct such Misstatement as set forth in Section 3.4 hereof;

3.1.10 permit a representative of the Holders (such representative to be selected by a majority of the participating Holders), the Underwriters, if any, and any attorney or accountant retained by such Holders or Underwriter to participate, at each such person’s own expense, in the preparation of the Registration Statement, and cause the Company’s officers, directors and employees to supply all information reasonably requested by any such representative, Underwriter, attorney or accountant in connection with the Registration; provided, however, that such representatives or Underwriters enter into a confidentiality agreement, in form and substance reasonably satisfactory to the Company, prior to the release or disclosure of any such information; and provided further, the Company may not include the name of any Holder or Underwriter or any information regarding any Holder or Underwriter in any Registration Statement or Prospectus, any amendment or supplement to such Registration Statement or Prospectus, any document that is to be incorporated by reference into such Registration Statement or Prospectus, or any response to any comment letter, without the prior written consent of such Holder or Underwriter and providing each such Holder or Underwriter a reasonable amount of time to review and comment on such applicable document, which comments the Company shall include unless contrary to applicable law;

3.1.11 obtain a “cold comfort” letter from the Company’s independent registered public accountants in the event of an Underwritten Registration which the participating Holders may rely on, in customary form and covering such matters of the type customarily covered by “cold comfort” letters as the managing Underwriter may reasonably request, and reasonably satisfactory to a majority-in-interest of the participating Holders;

3.1.12 on the date the Registrable Securities are delivered for sale pursuant to such Registration, obtain an opinion, dated such date, of counsel representing the Company for the purposes of such Registration, addressed to the Holders, the placement agent or sales agent, if any, and the Underwriters, if any, covering such legal matters with respect to the Registration in respect of which such opinion is being given as the Holders, placement agent, sales agent, or Underwriter may reasonably request and as are customarily included in such opinions and negative assurance letters, and reasonably satisfactory to a majority in interest of the participating Holders;

3.1.13 in the event of any Underwritten Offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the managing Underwriter of such offering;

3.1.14 make available to its security holders, as soon as reasonably practicable, an earnings statement covering the period of at least twelve (12) months beginning with the first day of the Company's first full calendar quarter after the effective date of the Registration Statement which satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any successor rule promulgated thereafter by the Commission);

3.1.15 if the Registration involves the Registration of Registrable Securities involving gross proceeds in excess of \$25,000,000, use its reasonable efforts to make available senior executives of the Company to participate in customary "road show" presentations that may be reasonably requested by the Underwriter in any Underwritten Offering; and

3.1.16 otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the Holders, in connection with such Registration.

3.2 Registration Expenses. The Registration Expenses of all Registrations shall be borne by the Company. It is acknowledged by the Holders that the Holders shall bear all incremental selling expenses relating to the sale of Registrable Securities, such as Underwriters' commissions and discounts, brokerage fees, Underwriter marketing costs and, other than as set forth in the definition of "Registration Expenses," all reasonable fees and expenses of any legal counsel representing the Holders.

3.3 Requirements for Participation in Underwritten Offerings. No person may participate in any Underwritten Offering for equity securities of the Company pursuant to a Registration initiated by the Company hereunder unless such person (i) agrees to sell such person's securities on the basis provided in any underwriting arrangements approved by the Company and (ii) completes and executes all customary questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other customary documents as may be reasonably required under the terms of such underwriting arrangements.

3.4 Suspension of Sales; Adverse Disclosure. Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, each of the Holders shall forthwith discontinue disposition of Registrable Securities until he, she or it has received copies of a supplemented or amended Prospectus correcting the Misstatement (it being understood that the Company hereby covenants to prepare and file such supplement or amendment as soon as practicable after the time of such notice), or until he, she or it is advised in writing by the Company that the use of the Prospectus may be resumed. If the filing, initial effectiveness or continued use of a Registration Statement in respect of any Registration at any time would require the Company to make an Adverse Disclosure or would require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company's control, the Company may, upon giving prompt written notice of such action to the Holders, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event more than thirty (30) days, determined in good faith by the Company to be necessary for such purpose. In the event the Company exercises its rights under the preceding sentence, the Holders agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any Registration in connection with any sale or offer to sell Registrable Securities. The Company shall immediately notify the Holders of the expiration of any period during which it exercised its rights under this Section 3.4.

3.5 Reporting Obligations. As long as any Holder shall own Registrable Securities, the Company, at all times while it shall be a reporting company under the Exchange Act, covenants to file timely (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the

date hereof pursuant to Sections 13(a) or 15(d) of the Exchange Act and to promptly furnish the Holders with true and complete copies of all such filings. The Company further covenants that it shall take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell shares of Common Stock held by such Holder without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 promulgated under the Securities Act (or any successor rule promulgated thereafter by the Commission), including providing any legal opinions. Upon the request of any Holder, the Company shall deliver to such Holder a written certification of a duly authorized officer as to whether it has complied with such requirements.

ARTICLE IV INDEMNIFICATION AND CONTRIBUTION

4.1 Indemnification.

4.1.1 The Company agrees to indemnify, to the extent permitted by law, each Holder of Registrable Securities, its officers and directors and each person who controls such Holder (within the meaning of the Securities Act) against all losses, claims, damages, liabilities and expenses (including attorneys' fees) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Company by such Holder expressly for use therein. The Company shall indemnify the Underwriters, their officers and directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to the indemnification of the Holder.

4.1.2 In connection with any Registration Statement in which a Holder of Registrable Securities is participating, such Holder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify the Company, its directors and officers and agents and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including without limitation reasonable attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by such Holder expressly for use therein; provided, however, that the obligation to indemnify shall be several, not joint and several, among such Holders of Registrable Securities, and the liability of each such Holder of Registrable Securities shall be in proportion to and limited to the net proceeds received by such Holder from the sale of Registrable Securities pursuant to such Registration Statement. The Holders of Registrable Securities shall indemnify the Underwriters, their officers, directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to indemnification of the Company.

4.1.3 Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not materially prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel (plus local counsel) for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

4.1.4 The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person of such indemnified party and shall survive the transfer of securities. The Company and each Holder of Registrable Securities participating in an offering also agrees to make such provisions as are reasonably requested by any indemnified party for contribution to such party in the event the Company's or such Holder's indemnification is unavailable for any reason.

4.1.5 If the indemnification provided under Section 4.1 hereof from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action; provided, however, that the liability of any Holder under this subsection 4.1.5 shall be limited to the amount of the net proceeds received by such Holder in such offering giving rise to such liability. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in subsections 4.1.1, 4.1.2 and 4.1.3 above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. The parties hereto agree that it would not be just and equitable if contribution pursuant to this subsection 4.1.5 were determined by pro rata allocation or by any other method of allocation, which does not take account of the equitable considerations referred to in this subsection 4.1.5. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this subsection 4.1.5 from any person who was not guilty of such fraudulent misrepresentation.

ARTICLE V MISCELLANEOUS

5.1 Notices. Any notice or communication under this Agreement must be in writing and given by (i) deposit in the United States mail, addressed to the party to be notified, postage prepaid and registered or certified with return receipt requested, (ii) delivery in person or by courier service providing evidence of delivery, or (iii) transmission by hand delivery, electronic mail, telecopy, telegram or facsimile. Each notice or communication that is mailed, delivered, or transmitted in the manner described above shall be deemed sufficiently given, served, sent, and received, in the case of mailed notices, on the third business day following the date on which it is mailed and, in the case of notices delivered by courier service, hand delivery, electronic mail, telecopy, telegram or facsimile, at such time as it is delivered to the addressee (with the delivery receipt or the affidavit of messenger) or at such time as delivery is refused by the addressee upon presentation. Any notice or communication under this Agreement must be addressed, if to the Company, to: 25852 McBean Parkway, Suite 508, Valencia, CA 91355, and, if to any Holder, at such Holder's address or contact information as set forth in the Company's books and records. Any party may change its address for notice at any time and from time to time by written notice to the other parties hereto, and such change of address shall become effective thirty (30) days after delivery of such notice as provided in this Section 5.1.

5.2 Assignment; No Third Party Beneficiaries.

5.2.1 This Agreement and the rights, duties and obligations of the Company hereunder may not be assigned or delegated by the Company in whole or in part.

5.2.2 Prior to the expiration of the Founder Shares Lock-up Period or the Private Placement Lock-up Period, as the case may be, no Holder may assign or delegate such Holder's rights, duties or obligations under this Agreement, in whole or in part, except in connection with a transfer of Registrable Securities by such Holder to a Permitted Transferee but only if such Permitted Transferee agrees to become bound by the transfer restrictions set forth in this Agreement.

5.2.3 This Agreement and the provisions hereof shall be binding upon and shall inure to the benefit of each of the parties and its successors and the permitted assigns of the Holders, which shall include Permitted Transferees.

5.2.4 This Agreement shall not confer any rights or benefits on any persons that are not parties hereto, other than as expressly set forth in this Agreement and Section 5.2 hereof.

5.2.5 No assignment by any party hereto of such party's rights, duties and obligations hereunder shall be binding upon or obligate the Company unless and until the Company shall have received (i) written notice of such assignment as provided in Section 5.1 hereof and (ii) the written agreement of the assignee, in a form reasonably satisfactory to the Company, to be bound by the terms and provisions of this Agreement (which may be accomplished by an addendum or certificate of joinder to this Agreement). Any transfer or assignment made other than as provided in this Section 5.2 shall be null and void.

5.3 Counterparts. This Agreement may be executed in multiple counterparts (including facsimile or PDF counterparts), each of which shall be deemed an original, and all of which together shall constitute the same instrument, but only one of which need be produced.

5.4 Governing Law; Venue. NOTWITHSTANDING THE PLACE WHERE THIS AGREEMENT MAY BE EXECUTED BY ANY OF THE PARTIES HERETO, THE PARTIES EXPRESSLY AGREE THAT (I) THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED UNDER THE LAWS OF THE STATE OF NEW YORK AS APPLIED TO AGREEMENTS AMONG NEW YORK RESIDENTS ENTERED INTO AND TO BE PERFORMED ENTIRELY WITHIN NEW YORK, WITHOUT REGARD TO CONFLICT OF LAW PROVISIONS OF SUCH JURISDICTION AND (II) THE VENUE FOR ANY ACTION TAKEN WITH RESPECT TO THIS AGREEMENT SHALL BE ANY STATE OR FEDERAL COURT IN THE STATE OF NEW YORK.

5.5 Amendments and Modifications. Upon the written consent of the Company and the Holders of at least a majority in interest of the Registrable Securities at the time in question, compliance with any of the provisions, covenants and conditions set forth in this Agreement may be waived, or any of such provisions, covenants or conditions may be amended or modified; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder, solely in his, her or its capacity as a holder of the shares of capital stock of the Company, in a manner that is materially different from the other Holders (in such capacity) shall require the consent of the Holder so affected. No course of dealing between any Holder or the Company and any other party hereto or any failure or delay on the part of a Holder or the Company in exercising any rights or remedies under this Agreement shall operate as a waiver of any rights or remedies of any Holder or the Company. No single or partial exercise of any rights or remedies under this Agreement by a party shall operate as a waiver or preclude the exercise of any other rights or remedies hereunder or thereunder by such party.

5.6 Other Registration Rights. The Company represents and warrants that no person, other than a Holder of Registrable Securities, has any right to require the Company to register any securities of the Company for sale or to include such securities of the Company in any Registration filed by the Company for the sale of securities for its own account or for the account of any other person. Further, the Company represents and warrants that this Agreement supersedes any other registration rights agreement or agreement with similar terms and conditions and in the event of a conflict between any such agreement or agreements and this Agreement, the terms of this Agreement shall prevail.

5.7 Term. This Agreement shall terminate upon the earlier of (i) the tenth anniversary of the date of this Agreement or (ii) the date as of which (A) all of the Registrable Securities have been sold pursuant to a Registration Statement (but in no event prior to the applicable period referred to in Section 4(a)(3) of the Securities Act and

Rule 174 thereunder (or any successor rule promulgated thereafter by the Commission)) or (B) the Holders of all Registrable Securities are permitted to sell the Registrable Securities without registration pursuant to Rule 144 (or any similar provision) under the Securities Act with no volume or other restrictions or limitations. The provisions of Section 3.5 and Article IV shall survive any termination.

The Units will be sold in the Public Offering pursuant to a registration statement on Form S-1 and prospectus (the "**Prospectus**") filed by the Company with the U.S. Securities and Exchange Commission (the "**Commission**") and the Company has applied to have the Units listed on the Nasdaq Capital Market. Certain capitalized terms used herein are defined in paragraph 11 hereof.

In order to induce the Company and the Underwriters to enter into the Underwriting Agreement and to proceed with the Public Offering and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each of Thayer Ventures Acquisition Holdings LLC (the "**Sponsor**") and the undersigned individuals, each of whom is a member of the Company's board of directors and/or management team of the Company (each of the undersigned individuals, an "**Insider**" and collectively, the "**Insiders**"), hereby agrees with the Company as follows:

1. The Sponsor and each Insider agrees that if the Company seeks stockholder approval of a proposed Business Combination, then in connection with such proposed Business Combination, it, he or she shall (i) vote any shares of Common Stock (as defined below) owned by it, him or her in favor of any proposed Business Combination and (ii) not redeem any shares of Common Stock owned by it, him or her in connection with such stockholder approval. If the Company seeks to consummate a proposed Business Combination by engaging in a tender offer, the Sponsor and each Insider agrees that it, he or she will not sell or tender any shares of Common Stock owned by it, him or her in connection therewith.
2. The Sponsor and each Insider hereby agrees that in the event that the Company fails to consummate a Business Combination within 18 months from the closing of the Public Offering, or such later period approved by the Company's stockholders in accordance with the Company's amended and restated certificate of incorporation (as it may be amended from time to time, the "**Charter**"), the Sponsor and each Insider shall take all reasonable steps to cause the Company to (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the shares of Class A Common Stock sold as part of the Units in the Public Offering (the "**Offering Shares**"), at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account (as defined below), including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Offering Shares, which

redemption will completely extinguish all Public Stockholders' (as defined below) rights as stockholders (including the right to receive further liquidating distributions, if any), and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, liquidate and dissolve, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and other requirements of applicable law. The Sponsor and each Insider agrees not to propose any amendment to the Charter to (a) modify the substance or timing of the Company's obligation to allow redemption in connection with the Business Combination or to redeem 100% of the Offering Shares if the Company does not complete a Business Combination within the required time period set forth in the Charter or with respect to any other provisions relating to stockholders' rights or pre-initial Business Combination activity, unless the Company provides its Public Stockholders with the opportunity to redeem their Offering Shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes, divided by the number of then outstanding Offering Shares.

The Sponsor and each Insider acknowledges that it, he or she has no right, title, interest or claim of any kind in or to any monies held in the Trust Account or any other asset of the Company as a result of any liquidation of the Company with respect to the Founder Shares (as defined below) held by it, him or her. The Sponsor and each Insider hereby further waives, with respect to any shares of Common Stock held by it, him or her, if any, any redemption rights it, he or she may have in connection with (A) the consummation of a Business Combination, including, without limitation, any such rights available in the context of a stockholder vote to approve such Business Combination, or (B) a stockholder vote to approve an amendment to the Charter to modify the substance or timing of the Company's obligation to allow redemption in connection with the Business Combination or to redeem 100% of the Offering Shares if the Company has not consummated a Business Combination within the time period set forth in the Charter or with respect to any other provisions relating to stockholders' rights or pre-initial Business Combination activity (although the Sponsor, the Insiders and their respective affiliates shall be entitled to redemption and liquidation rights with respect to any Offering Shares it or they hold if the Company fails to consummate a Business Combination within the time period set forth in the Charter).

3. The undersigned acknowledges and agrees that prior to entering into a definitive agreement for a Business Combination with a target business that is affiliated with the undersigned or any other Insiders of the Company or their respective affiliates, such transaction must be approved by a majority of the Company's disinterested independent directors and the Company must obtain an opinion from an independent investment banking firm or an independent accounting firm that such Business Combination is fair to the Company from a financial point of view.
4. During the period commencing on the effective date of the Underwriting Agreement and ending 180 days after such date, the Sponsor and each Insider shall not, without the prior written consent of the Representatives, (i) sell, offer to sell, contract or agree to sell, hypothecate, pledge, grant any option to purchase or otherwise dispose of or agree to dispose of, directly or indirectly, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended (the "*Exchange Act*"), and the rules and regulations of the Commission promulgated thereunder, with respect to, any Units, shares of Common Stock (including, but not limited to, Founder Shares), Warrants or any securities convertible into, or exercisable, or exchangeable for, shares of Common Stock owned by it, him or her, (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Units, shares of Common Stock (including, but not limited to, Founder Shares), Warrants or any securities convertible into, or exercisable, or exchangeable for, shares of Common Stock owned by it, him or her, whether any such transaction is to be settled by delivery of such securities, in cash or otherwise, or (iii) publicly announce any intention to effect any transaction specified in

clause (i) or (ii). Notwithstanding the foregoing, nothing in this Section 3 will prohibit (1) the issuance and sale of Private Placement Warrants (as defined below), (2) the issuance and sale of any Units in the Public Offering, including any Units issued and sold to cover over-allotments, if any, (3) the registration with the SEC pursuant to an agreement to be entered into concurrently with the execution of this Agreement, the resale of the Private Placement Warrants and shares of Class A common stock of the Company issuable upon exercise of the Private Placement Warrants and the Founder Shares and (4) issuance of securities in connection with a Business Combination.

5. In the event of the liquidation of the Trust Account upon the failure of the Company to consummate its initial Business Combination within the time period set forth in the Charter, the Sponsor (the “*Indemnitor*”) agrees to indemnify and hold harmless the Company against any and all loss, liability, claim, damage and expense whatsoever (including, but not limited to, any and all legal or other expenses reasonably incurred in investigating, preparing or defending against any litigation, whether pending or threatened) to which the Company may become subject as a result of any claim by (i) any third party for services rendered or products sold to the Company or (ii) any prospective target business with which the Company has entered into a written letter of intent, confidentiality or other similar agreement or Business Combination agreement (a “*Target*”); provided, however, that such indemnification of the Company by the Indemnitor (x) shall apply only to the extent necessary to ensure that such claims by a third party or a Target do not reduce the amount of funds in the Trust Account to below the lesser of (i) \$10.20 per Offering Share and (ii) the actual amount per Offering Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.20 per Offering Share is then held in the Trust Account due to reductions in the value of the trust assets, less taxes payable, (y) shall not apply to any claims by a third party or a Target which executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) and (z) shall not apply to any claims under the Company’s indemnity of the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended. The Indemnitor shall have the right to defend against any such claim with counsel of its choice reasonably satisfactory to the Company if, within 15 days following written receipt of notice of the claim to the Indemnitor, the Indemnitor notifies the Company in writing that it shall undertake such defense.
6. To the extent that the Underwriters do not exercise their over-allotment option to purchase up to an additional 2,250,000 Units within 45 days from the date of the Prospectus (and as further described in the Prospectus) in full, the Sponsor agrees to forfeit, at no cost, a number of Founder Shares in the aggregate equal to 562,500 multiplied by a fraction, (i) the numerator of which is 2,250,000 minus the number of Units purchased by the Underwriters upon the exercise of their over-allotment option, and (ii) the denominator of which is 2,250,000. The forfeiture will be adjusted to the extent that the over-allotment option is not exercised in full by the Underwriters so that the Founder Shares will represent on an as converted basis an aggregate of 20.0% of the Company’s issued and outstanding shares of Class A Common Stock after the Public Offering (not including shares of Class A Common Stock underlying the Warrants or Private Placement Warrants (as defined below)).
7. The Sponsor and each Insider hereby agrees and acknowledges that: (i) the Underwriters and the Company would be irreparably injured in the event of a breach by such Sponsor or an Insider of its, his or her obligations under paragraphs 1, 2, 3, 4, 5, 7(a), 7(b) and, solely as to each Insider, 10, as applicable, of this Letter Agreement (ii) monetary damages may not be an adequate remedy for such breach and (iii) the non-breaching party shall be entitled to injunctive relief, in addition to any other remedy that such party may have in law or in equity, in the event of such breach.
8. (a) The Sponsor and each Insider agrees that it, he or she shall not Transfer any Founder Shares (or any shares of Class A Common Stock issuable upon conversion thereof) until the earlier of (A) one year after the completion of the Company’s initial Business Combination and (B) subsequent to the Business Combination, (x) if the closing price of the Class A Common Stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day

period commencing at least 150 days after the Company's initial Business Combination or (y) the date on which the Company completes a liquidation, merger, capital stock exchange, reorganization or other similar transaction that results in all of the Company's stockholders having the right to exchange their shares of Class A Common Stock for cash, securities or other property (the "**Founder Shares Lock-up Period**").

(b) The Sponsor and each Insider agrees that it, he or she shall not Transfer any Private Placement Warrants (or any share of Class A Common Stock issued or issuable upon the exercise of the Private Placement Warrants), until 30 days after the completion of a Business Combination (the "**Private Placement Warrants Lock-up Period**", together with the Founder Shares Lock-up Period, the "**Lock-up Periods**").

(c) Notwithstanding the provisions set forth in paragraphs 7(a) and (b), Transfers of the Founder Shares, Private Placement Warrants and shares of Class A Common Stock issued or issuable upon the exercise or conversion of the Private Placement Warrants or the Founder Shares that are held by the Sponsor, any Insider or any of their permitted transferees (that have complied with this paragraph 7(c)), are permitted (a) to the Company's officers or directors, any affiliates or family members of any of the Company's officers or directors, to the Sponsor, any members or partners of the Sponsor or their affiliates, or any affiliates of the Sponsor; (b) in the case of an individual, by gift to a member of such individual's immediate family or to a trust, the beneficiary of which is a member of such individual's immediate family, an affiliate of such individual or to a charitable organization; (c) in the case of an individual, by virtue of laws of descent and distribution upon death of such individual; (d) in the case of an individual, pursuant to a qualified domestic relations order; (e) by private sales or transfers made in connection with any forward purchase agreement or similar arrangement or in connection with the consummation of an initial Business Combination at prices no greater than the price at which the securities were originally purchased; (f) by virtue of the laws of the State of Delaware or the Sponsor's limited liability company agreement upon dissolution of the Sponsor; (g) to the Company for no value for cancellation in connection with the consummation of a Business Combination; (h) in the event of the Company's liquidation prior to the consummation of a Business Combination; or (i) in the event of the Company's liquidation, merger, capital stock exchange or other similar transaction which results in all of the Company's stockholders having the right to exchange their shares of Class A Common Stock for cash, securities or other property subsequent to the Company's completion of an initial Business Combination; provided, however, that in the case of clauses (a) through (f) and (h), these permitted transferees must enter into a written agreement with the Company agreeing to be bound by the transfer restrictions herein and the other restrictions contained in this Agreement (including provisions relating to voting, the Trust Account and liquidating distributions).

WHEREAS, the Company intends to consummate an initial public offering of the Company’s units (the “**Public Offering**”), each unit consisting of one share of the Company’s Class A common stock, par value \$0.0001 per share (each, a “**Share**”), and one-half of one redeemable warrant. Each whole warrant entitles the holder to purchase one Share at an exercise price of \$11.50 per Share. The Purchaser has agreed to purchase up to an aggregate of 6,500,000 warrants (or up to 7,175,000 warrants in the aggregate to the extent the over-allotment option in connection with the Public Offering is exercised) (the “**Private Placement Warrants**”), each Private Placement Warrant entitling the holder to purchase one Share at an exercise price of \$11.50 per Share.

WHEREAS, the number of Private Placement Warrants to be purchased by the Purchaser is correlated to the amount of underwriting discounts or commissions payable by the Company to the underwriters upon completion of the Public Offering.

NOW THEREFORE, in consideration of the mutual promises contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties to this Agreement hereby, intending legally to be bound, agree as follows:

AGREEMENT**Section 1. Authorization, Purchase and Sale; Terms of the Private Placement Warrants.**

A. Authorization of the Private Placement Warrants. The Company has duly authorized the issuance and sale of the Private Placement Warrants to the Purchaser.

B. Purchase and Sale of the Private Placement Warrants.

(i) On the date of the consummation of the Public Offering or on such earlier time and date as may be mutually agreed by the Purchaser and the Company (the “**Initial Closing Date**”), the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, up to an aggregate of 6,500,000 Private Placement Warrants at a price of \$1.00 per warrant for an aggregate purchase price of up to \$6,500,000 (the “**Purchase Price**”), which shall be paid by wire transfer of immediately available funds to the Company in accordance with the Company’s wiring instructions at least one business day prior to the date of effectiveness of the registration statement on Form S-1 (File No. 333-249390) filed in connection with the Public Offering. On the Initial Closing Date, the Company, shall either, at its option, deliver certificates evidencing the Private Placement Warrants purchased by the Purchaser on such date duly registered in the Purchaser’s name to the Purchaser, or effect such delivery in book-entry form. On the date of the consummation of the closing of the over-allotment option in connection with the Public Offering or on such earlier time and date as may be mutually agreed by the Purchaser and the Company (each such date, an “**Over-allotment Closing Date**,” and each Over-allotment Closing Date (if any) and the Initial Closing Date being sometimes referred to herein as a “**Closing Date**”), the Company shall issue and sell to the Purchaser, and the Purchaser shall purchase from the Company, up to an aggregate of 675,000 Private Placement Warrants, in the same proportion as the amount of the over-allotment option that is exercised, at a price of \$1.00 per warrant for an aggregate purchase price of up to \$675,000 (if the over-allotment option in connection with the Public Offering is exercised in full) (the “**Over-allotment Purchase Price**”), which shall be paid by wire transfer of immediately available funds to the Company in accordance with the Company’s wiring instructions. On the Over-allotment Closing Date, upon the payment by the Purchaser of the Over-allotment Purchase Price payable by them by wire transfer of immediately available funds to the Company, the Company shall either, at its option, deliver certificates evidencing the Private Placement Warrants purchased by the Purchaser on such date duly registered in the Purchaser’s name to the Purchaser, or effect such delivery in book-entry form.

C. Terms of the Private Placement Warrants.

(i) The Private Placement Warrants shall have their terms set forth in a Warrant Agreement to be entered into by the Company and a warrant agent, in connection with the Public Offering (a “**Warrant Agreement**”).

(ii) At or prior to the time of the Initial Closing Date, the Company and the Purchaser shall enter into a registration rights agreement (the “**Registration Rights Agreement**”) pursuant to which the Company will grant certain registration rights to the Purchaser relating to the Private Placement Warrants and the Shares underlying the Private Placement Warrants.

B. Authorization; No Breach.

(i) The execution, delivery and performance of this Agreement and the Private Placement Warrants have been duly authorized and approved by the Company as of each Closing Date. C. Investment Representations.

(i) The Purchaser is acquiring the Private Placement Warrants and, upon exercise of the Private Placement Warrants, the Shares issuable upon such exercise (collectively, the "**Securities**"), for the Purchaser's own account, for investment purposes only and not with a view towards, or for resale in connection with, any public sale or distribution thereof.

(ii) The Purchaser is an "accredited investor" as such term is defined in Rule 501(a)(3) of Regulation D of the Securities Act of 1933, as amended (the "**Securities Act**"), and the Purchaser has not experienced a disqualifying event as enumerated pursuant to Rule 506(d) of Regulation D under the Securities Act.

(vi) The Purchaser understands that no United States federal or state agency or any other government or governmental agency has passed on or made any recommendation or endorsement of the Securities or the fairness or suitability of the investment in the Securities by the Purchaser nor have such authorities passed upon or endorsed the merits of the offering of the Securities.

(vii) The Purchaser understands that: (a) the Securities have not been and are not being registered under the Securities Act or any state securities laws, and may not be offered for sale, sold, assigned or transferred unless (1) subsequently registered thereunder or (2) sold in reliance on an exemption therefrom; and (b) except as specifically set forth in the Registration Rights Agreement, neither the Company nor any other person is under any obligation to register the Securities under the Securities Act or any state securities laws or to comply with the terms and conditions of any exemption thereunder. While the Purchaser understands that Rule 144 under the Securities Act is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company, the Purchaser understands that Rule 144 includes an exception to this prohibition if the following conditions are met: (i) the issuer of the securities that was formerly a shell company has ceased to be a shell company; (ii) the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”); (iii) the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and (iv) at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

(viii) The Purchaser has knowledge and experience in financial and business matters, understands the high degree of risk associated with investments in the securities of companies in the development stage such as the Company, is capable of evaluating the merits and risks of an investment in the Securities and is able to bear the economic risk of an investment in the Securities in the amount contemplated hereunder for an indefinite period of time. The Purchaser has adequate means of providing for its current financial needs and contingencies and will have no current or anticipated future needs for liquidity which would be jeopardized by the investment in the Securities. The Purchaser can afford a complete loss of its investment in the Securities.

Section 4. Conditions of the Purchaser’s Obligations. The obligations of the Purchaser to purchase and pay for the Private Placement Warrants are subject to the fulfillment, on or before each Closing Date, of each of the following conditions:

A. Representations and Warranties. The representations and warranties of the Company contained in Section 2 shall be true and correct at and as of such Closing Date as though then made.

B. Performance. The Company shall have performed and complied with all agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by it on or before such Closing Date.

C. No Injunction. No litigation, statute, rule, regulation, executive order, decree, ruling or injunction shall have been enacted, entered, promulgated or endorsed by or in any court or governmental authority of competent jurisdiction or any self-regulatory organization having authority over the matters contemplated hereby, which prohibits the consummation of any of the transactions contemplated by this Agreement or the Warrant Agreement.

D. Warrant Agreement and Registration Rights Agreement. The Company shall have entered into the Warrant Agreement and the Registration Rights Agreement, each on terms satisfactory to the Purchaser.

E. Corporate Consents. The Company shall have obtained the consent of its Board of Directors authorizing the execution, delivery and performance of this Agreement and the Warrant Agreement and the issuance and sale of the Private Placement Warrants hereunder.

Section 5. Conditions of the Company’s Obligations. The obligations of the Company to the Purchaser under this Agreement are subject to the fulfillment, on or before each Closing Date, of each of the following conditions:

A. Representations and Warranties. The representations and warranties of the Purchaser contained in Section 3 shall be true and correct at and as of such Closing Date as though then made.

B. Performance. The Purchaser shall have performed and complied with all agreements, obligations and conditions contained in this Agreement that are required to be performed or complied with by the Purchaser on or before such Closing Date.

C. Corporate Consents. The Company shall have obtained the consent of its Board of Directors authorizing the execution, delivery and performance of this Agreement and the Warrant Agreement and the issuance and sale of the Private Placement Warrants hereunder.

D. No Injunction. No litigation, statute, rule, regulation, executive order, decree, ruling or injunction shall have been enacted, entered, promulgated or endorsed by or in any court or governmental authority of competent jurisdiction or any self-regulatory organization having authority over the matters contemplated hereby, which prohibits the consummation of any of the transactions contemplated by this Agreement or the Warrant Agreement.

E. Warrant Agreement. The Company shall have entered into the Warrant Agreement on terms satisfactory to the Company.

Section 6. Termination. This Agreement may be terminated at any time after December 31, 2020 upon the election by either the Company or the Purchaser upon written notice to the other party if the closing of the Public Offering does not occur prior to such date.

Section 7. Survival of Representations and Warranties. All of the representations and warranties contained herein shall survive each Closing Date.

Section 8. Definitions. Terms used but not otherwise defined in this Agreement shall have the meaning assigned to such terms in the registration statement on Form S-1 the Company plans to file with the U.S. Securities and Exchange Commission under the Securities Act.

Section 9. Miscellaneous.

A. Successors and Assigns. Except as otherwise expressly provided herein, all covenants and agreements contained in this Agreement by or on behalf of any of the parties hereto shall bind and inure to the benefit of the respective successors of the parties hereto whether so expressed or not. Notwithstanding the foregoing or anything to the contrary herein, the parties may not assign this Agreement without the prior written consent of the other party hereto, other than assignments by the Purchaser to its affiliates (including, without limitation, one or more of its members).

B. Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement.

C. Counterparts. This Agreement may be executed simultaneously in two or more counterparts, none of which need contain the signatures of more than one party, but all such counterparts taken together shall constitute one and the same agreement. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a "pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

D. Descriptive Headings; Interpretation. The descriptive headings of this Agreement are inserted for convenience only and do not constitute a substantive part of this Agreement. The use of the word "including" in this Agreement shall be by way of example rather than by limitation.

E. Governing Law. This Agreement shall be deemed to be a contract made under the laws of the State of New York and for all purposes shall be construed in accordance with the internal laws of the State of New York.

F. Amendments. This Agreement may not be amended, modified or waived as to any particular provision, except by a written instrument executed by all parties hereto.

SUBSCRIPTION AGREEMENT

This SUBSCRIPTION AGREEMENT (this “Agreement”), dated as of December 8, 2020, is made by and among Thayer Ventures Acquisition Holdings LLC, a Delaware limited liability company (the “Company”), and the person or entity listed on Schedule A hereto (the “Unitholder”). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Amended and Restated Limited Liability Company Agreement of the Company, dated as of even date herewith, as amended and in effect from time to time (the “LLC Agreement”).

WHEREAS, the Company was formed under the Delaware Limited Liability Company Act, and is the sponsor of Thayer Ventures Acquisition Corporation, a Delaware corporation (the “SPAC”) in connection with the SPAC’s merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or similar business combination with one or more businesses (a “Business Combination”); and

WHEREAS, the SPAC has confidentially submitted to the U.S. Securities and Exchange Commission (the “SEC”) a draft registration statement on Form S-1 (the “Registration Statement”) for its initial public offering (“IPO”) of units (the “Public Units”), at a price of \$10.00 per Public Unit, each Public Unit comprised of one share of the Company’s Class A common stock, par value \$0.0001 per share (“Class A Common Stock”, and the shares of Class A Common Stock included in the Public Units, the “Public Shares”), and one-half of one redeemable warrant, where each whole warrant is initially exercisable to purchase one share of Class A Common Stock at an exercise price of \$11.50 per share, subject to adjustment.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Capital Commitment. The Unitholder hereby agrees to contribute, in installments, to the Company pursuant to the terms of, and at the times required by, the LLC Agreement an aggregate amount set forth on Schedule A (such Unitholder’s “Capital Commitment”) in exchange for the issuance by the Company of an aggregate of Class A Common Units set forth on Schedule A (the “Units”). All payments of the Unitholder’s Capital Commitment shall be made by wire transfer of immediately available funds pursuant to instructions provided by the Company in accordance with the terms of the LLC Agreement. All references herein are to United States Dollars.

(b) Concurrently with the execution and delivery of this Agreement:

(i) the Company shall deliver to the Unitholder (or such Unitholder’s custodian, as per its delivery instructions), a counterpart to the LLC Agreement duly executed by the Company;

(ii) the Unitholder shall deliver to the Company, a counterpart to the LLC Agreement duly executed by the Unitholder; and

(iii) the Unitholder shall deliver to the Company an Accredited Investor Questionnaire.

(c) Potential Forfeiture.

(i) If on the Business Day following the closing of the IPO, the Unitholder beneficially owns or holds, directly or indirectly, including through any firm commitments to purchase, a number of Public Shares that is less than the Forfeiture Threshold (as defined below), then the Unitholder shall automatically forfeit and have no further right, title or interest in, the Unitholder's Class A Common Units. The Unitholder shall take all actions as may be reasonably necessary to consummate any forfeiture contemplated by this Section 1(c), including entering into agreements and delivering certificates and instruments and consents as may be deemed by the Company to be necessary or appropriate (which shall not require the Unitholder to make any representations other than as to its clear title to the applicable Class A Common Units and its power and authorization to effect the transactions contemplated by the applicable agreement or other instrument), and the Unitholder hereby grants to the Company and any representative designated by the Company without further action by the Unitholder a limited irrevocable power of attorney to effect any forfeiture contemplated hereby on behalf of the Unitholder, which power of attorney shall be deemed to be coupled with an interest.

(ii) If on either (A) the date of the vote by the SPAC's stockholders to approve the Business Combination or (B) the Business Day immediately prior to the closing of the Business Combination (each, a "Determination Date"), the Unitholder beneficially owns or holds, directly or indirectly, including through any firm commitments to purchase, after giving effect to any redemptions of Common Stock in connection with the Business Combination, a number of Public Shares (the "Determination Date Shares") that is less than the Forfeiture Threshold (as defined below), then the Unitholder shall, at the Company's sole discretion, forfeit and have no further right, title or interest in, a pro rata number of the Class A Common Units held by the Unitholder, the pro rata number being calculated as a fraction, the numerator of which is the number of Shortfall Shares (as defined below) and the denominator is the Forfeiture Threshold, provided that the Unitholder shall not be obligated to forfeit under this Section 1(c)(ii) any Class A Common Units in excess of 50% of the Class A Common Units then-held by the Unitholder as of the Determination Date. The Unitholder shall take all actions as may be reasonably necessary to consummate any forfeiture contemplated by this Section 1(c), including entering into agreements and delivering certificates and instruments and consents as may be deemed by the Company to be necessary or appropriate (which shall not require the Unitholder to make any representations other than as to its clear title to the applicable Class A Common Units and its power and authorization to effect the transactions contemplated by the applicable agreement or other instrument), and the Unitholder hereby grants to the Company and any representative designated by the Company, without further action by the Unitholder a limited irrevocable power of attorney to effect any forfeiture contemplated hereby on behalf of the Unitholder, which power of attorney shall be deemed to be coupled with an interest.

(iii) As used herein, (A) the “Forfeiture Threshold” shall initially mean 1,498,500 Public Shares minus the number of shares of Class A Common Stock purchased by the Unitholder in a private placement contemporaneously with the consummation of the Business Combination; provided, that (1) if the actual number of Public Units offered and sold in the IPO is less than 15,000,000, then the Forfeiture Threshold shall be automatically reduced on a pro rata basis, (2) if the Company initially allocates the Unitholder less than 1,498,500 Public Shares in connection with the IPO, then the Forfeiture Threshold shall be automatically reduced to reflect the number of Public Shares actually allocated to the Unitholder by the Company; provided that this clause (2) shall not apply if the Unitholder purchases less than the amount of Public Shares initially allocated to the Unitholder by the Company, (3) to the extent the underwriters exercise the over-allotment option, then the Forfeiture Threshold shall be automatically increased on a pro rata basis in the same proportion as the amount of the over-allotment option that is exercised, (4) if the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination is less than or equal to the Forfeiture Trigger Amount, the Forfeiture Threshold shall be deemed to mean zero (0) Public Shares; and (5) if the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination is greater than the Forfeiture Trigger Amount, the Forfeiture Threshold shall equal: (I) the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination in excess of the Forfeiture Trigger Amount minus (II) the number of shares of Class A Common Stock purchased by the Unitholder in a private placement contemporaneously with the consummation of the Business Combination; provided that in no event will the Forfeiture Threshold exceed 1,498,500 Public Shares, (B) the “Shortfall Shares” shall mean the amount by which the Forfeiture Threshold exceeds the Determination Date Shares; and (C) the “Forfeiture Trigger Amount” shall mean a number of Public Shares equal to two percent (2%) of the Public Shares entitled to vote on the Business Combination.

(iv) Solely by way of example to illustrate the provisions of Section 1(c)(i), if the Forfeiture Threshold is 1,498,500 and on a Determination Date the Unitholder beneficially owns 1,000,000 Public Shares (meaning that the number of Determination Date Shares is 1,000,000), then the Shortfall Shares shall be 498,500, and the percentage of the Class C Common Units that the Unitholder would forfeit would be 33.27% (e.g., 498,500 divided by 1,498,500).

2. Representations and Warranties of the Unitholder. The Unitholder represents and warrants to the Company that the following statements are true as of the date hereof and on each date on which such Unitholder makes a Capital Contribution to the Company:

(a) Residency. If such Unitholder is a natural person, then such Unitholder resides in the state or province identified in the address of such Unitholder set forth on Schedule A hereto. If such Unitholder is a partnership, corporation, limited liability company or other entity, then the principal place of business of such Unitholder is identified in the address or addresses of such Unitholder set forth on Schedule A hereto.

(b) Organization and No Conflict. If such Unitholder is a partnership, corporation, limited liability company or other entity, such Unitholder is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization. Such Unitholder's execution, delivery and performance of this Agreement and the other documents referred to hereto to which it is a party, its consummation of the transactions contemplated hereby and thereby and its compliance with the provisions hereof and thereof will not (i) violate any provision of any law applicable to such Unitholder or any of its properties or assets or (ii) conflict with or result in any breach of any of the terms, conditions or provisions of, or constitute (with due notice or lapse of time, or both) a default under such Unitholder's governance documents.

(c) Authority. Such Unitholder has all requisite power and authority to execute, deliver and perform its obligations under this Agreement and the other documents referred to hereto to which it is a party. This Agreement and the other documents referred to hereto to which such Unitholder is a party have been duly authorized, executed and delivered by such Unitholder. This Agreement is a legal, valid and binding obligation of such Unitholder, enforceable against such Unitholder in accordance with its terms, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

(d) Governmental Authorization. No consent, waiver, approval, order or authorization of, or registration, declaration or filing with, or notice to, any Governmental Authority, is required by or with respect to such Unitholder in connection with the execution and delivery of this Agreement and the LLC Agreement by such Unitholder or the consummation by such Unitholder of the transactions contemplated hereby and thereby. "Governmental Authority" means any domestic or foreign government or political subdivision thereof, whether on a federal, state or local level and whether executive, legislative or judicial in nature, including any agency, authority, board, bureau, commission, court, department or other instrumentality thereof.

(e) Investment Intent. Such Unitholder is acquiring the Units for such Unitholder's own account as principal and not in a fiduciary capacity, for investment purposes only, not for any other person and not for the purposes of resale or distribution. Such Unitholder understands that the offering and sale of the Units are intended to be exempt from registration under U.S. Securities Act of 1933, as amended (the "Securities Act"), and applicable U.S. state securities laws, and agrees that any Units acquired by such Unitholder may not be sold, offered for sale, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of (x) in any manner that would require the Company to register the Units under the Securities Act, under any U.S. state securities laws or under the laws of any non-U.S. jurisdiction or (y) otherwise except in accordance with the restrictions set forth in the LLC Agreement.

(f) Financial Status. Such Unitholder is an “accredited investor” as such term is defined in Regulation D promulgated under the Securities Act. Such Unitholder is able to bear the economic risk of an investment in the Units for an indefinite period of time, has adequate means of providing for its current financial needs and business contingencies, has no need for liquidity in the investment in the Units, understands that it may not be able to liquidate its investment in the Company in an emergency, if at all, and can afford a complete loss of the investment.

(g) Foreign Investors. If the Unitholder is not a United States person (as defined by Section 7701(a)(30) of the U.S. Internal Revenue Code of 1986), the Unitholder hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Units or any use of this Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Units, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, sale, or transfer of the Units. The Unitholder’s subscription and payment for and continued beneficial ownership of the Units will not violate any applicable securities or other laws of the Unitholder’s jurisdiction.

(h) Independent Investigation; Non-Reliance. Such Unitholder understands the risks of a purchase of equity interests in the Company. Such Unitholder was offered the Units through private negotiations, not through any general solicitation or general advertising. In considering its participation, such Unitholder has conducted its own investigations and assessment, under the advice of its own counsel, and has not relied upon any representations (including, without limitation, any advertisement, article, notice or other communication published in any newspaper, magazine, website or similar media or broadcast over television or radio, and any seminars or meetings whose attendees have been invited by any general solicitation or advertising) made by, or other information (whether oral or written) furnished by or on behalf of, the Company or any partner, member, manager, director, officer, employee or agent of the Company, other than as set forth in this Agreement.

(i) Due Diligence. Such Unitholder has been given the opportunity to ask questions of, and receive answers from, the Company and its personnel relating to the Company, concerning the terms and conditions of the investment in the Company, and has had access to such financial and other information concerning the Company as it has considered necessary to verify the accuracy of any information provided and to make a decision to invest in the Company, and has availed itself of this opportunity to the full extent desired.

(j) Finders’ Fees. Such Unitholder has not incurred, and will not incur, directly or indirectly, any cost or liability for brokerage or finders’ fees or agents’ commissions or any similar charges in connection with this Agreement or any other transaction contemplated hereby.

(k) **Rule 506 “Bad Actor”**. No “Bad Actor” disqualifying event described in Rule 506(d)(1)(i) to (viii) of the Securities Act is applicable to such Unitholder or any of its Rule 506(d) Related Parties. For purposes of this Agreement, “**Rule 506(d) Related Party**” shall mean a Person that is a beneficial owner (excluding, for the avoidance of doubt, any pension scheme beneficiary in a UK pension scheme by virtue of being a participant in such scheme) of such Unitholder’s securities for purposes of Rule 506(d) of the Securities Act.

(l) **Anti-Money Laundering Compliance**. As of the date of this Agreement, (i) such Unitholder is and at all times during the last five years has been in compliance with all United States federal, state and local laws and regulations and the laws and regulations of any foreign jurisdiction relating to the prevention of money laundering applicable to it or its property or in respect of its business and operations, including all applicable financial record-keeping, know-your-customer and reporting requirements of the Currency and Foreign Transactions Reporting Act of 1970, as amended from time to time, including by the Uniting and Strengthening America by Providing Appropriate Tools to Intercept and Obstruct Terrorism Act of 2001 (the “USA PATRIOT Act” and all such laws and regulations, the “Money Laundering Laws”), and (ii) the transactions contemplated by this Agreement are not being conducted by the Unitholder in connection with any violation of the Money Laundering Laws and will not cause the Unitholder to be in violation of any Money Laundering Laws. The amounts paid or to be paid by such Unitholder to the Company in respect of the transactions contemplated by this Agreement are not directly or, to the Unitholder’s knowledge, indirectly, derived from activities that may contravene U.S. federal or state or non U.S. laws or regulations, including the Money Laundering Laws.

(m) **Sanctions**. As of the date of this Agreement, none of (i) the Unitholder, (ii) any affiliate of such Unitholder, (iii) any person on whose behalf such Unitholder or any affiliate of such Unitholder is acting, or (iv) any person who directly or, to the knowledge of such Unitholder, indirectly beneficially owns securities issued by such Unitholder or any affiliate of such Unitholder is: (1) a country, territory or person targeted by sanctions administered by OFAC or the United States Department of State, including, without limitation, any person identified on the Specially Designated Nationals and Blocked Persons List Nationals maintained and administered by the U.S. Treasury Department’s Office of Foreign Assets Control, the Foreign Sanctions Evaders List, the Sectoral Sanctions Identifications List or the Consolidated Sanctions List issued by OFAC, the Denied Persons List, Unverified List, or Entity List maintained and administered by the U.S. Department of Commerce’s Bureau of Industry and Security, or on any other relevant list of prohibited, restricted, sanctioned, or debarred parties (collectively, the “Sanctions Lists”), (2) a national or resident of, an entity organized or chartered by or in, a government instrumentality of, or an organization with a place of business in a country or territory that is subject to comprehensive sanctions administered by OFAC (including, without limitation, Cuba, Iran, North Korea, Syria and the Crimea region of Ukraine), (3) a person who is 50% or more beneficially owned by one or more persons named on any of the Sanctions Lists, (4) a person engaged, directly or indirectly, in any unlawful transactions or other unlawful activities with any country, territory or person prohibited by OFAC, (5) a person that resides or has a place of business in any country or territory described in clause (2) hereof or which is designated as a High Risk or Other Monitored Jurisdiction by the Financial Action Task Force on Money Laundering, or whose subscription funds are transferred from or through such a jurisdiction or territory, (6) a “Foreign Shell Bank” within the meaning of the USA PATRIOT

Act, i.e., a foreign bank that does not have a physical presence in any country and that is not affiliated with a bank that has a physical presence and an acceptable level of regulation and supervision, (7) a person that resides in, or is organized under the laws of, a jurisdiction designated by the Secretary of the Treasury under Section 311 or Section 312 of the USA PATRIOT Act as warranting special measures due to money laundering concerns, (8) a person that is designated by the Secretary of the Treasury as warranting such special measures due to money laundering concerns, or (9) a person that otherwise appears on any U.S.- government provided list of known or suspected terrorists or terrorist organizations. Except to the extent permitted by law, the Unitholder has not engaged in unlawful transactions of any type with any party described in any of clauses (1) through (9) in the past and is not currently engaging in any such transaction. Such Unitholder has in place and will continue to maintain internal policies and procedures that are reasonably designed to ensure the foregoing and to ensure that such Unitholder complies with any obligation to “block” assets that may come into the possession or control of such Unitholder and to report such blocked assets or attempted transaction by such persons to OFAC in the manner and to the extent required by law.

(n) Reliance; No other Representations and Warranties. Such Unitholder acknowledges that the Company will rely upon the accuracy and truth of the foregoing representations of this Section 2 and hereby consents to such reliance. Such Unitholder represents that, except as expressly set forth herein, no oral or written representations or warranties have been made to such Unitholder by the Company or any of its agents, employees or Affiliates. Such Unitholder acknowledges and agrees that, except as expressly set forth in a writing executed by the Company, the Company shall not have any duty or obligation to disclose to such Unitholder any further material information regarding the Company in connection with the purchase of any Units pursuant to this Agreement.

3. Representations and Warranties of the Company. The Company represents and warrants to the Unitholder as follows:

(a) The Company is duly organized, validly existing and in good standing under the laws of the State of Delaware, has all requisite organizational power and authority to carry on its business as now conducted and as currently proposed to be conducted and is qualified to do business and is in good standing in every jurisdiction where such qualification is required.

(b) This Agreement is within the organizational power of the Company, has been duly authorized by all necessary organizational action, has been duly executed and delivered by the Company and constitutes a legal, valid and binding obligation thereof, enforceable in accordance with its terms, subject, as to enforceability, to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors’ rights generally.

(c) The Units, when issued pursuant to this Agreement, will be legally and validly issued, fully paid, non-assessable and free and clear of any and all liens, mortgages, pledges, security interests, charges, claims, restrictions and encumbrances of any nature whatsoever (other than those imposed pursuant to applicable securities laws and the LLC Agreement).

(d) Assuming the truth and accuracy of the representations in Section 2 above, this Agreement and the transactions contemplated herein (i) do not require any consent or approval of, registration or filing with, or any other action by, any governmental authority, except such as have been obtained or made and are in full force and effect, (ii) do not and will not materially violate or result in a violation of, conflict with or constitute a default under any law, regulation or rule, or any other restriction imposed by any court or governmental authority applicable to the Company or the Units, (iii) do not and will not violate the governing documents of the Company, (iv) do not and will not materially violate or result in a violation of, conflict with or constitute a default under any order of any Governmental Authority, (v) do not and will not violate or result in a violation of, conflict with or constitute a default under any agreement or other instrument binding upon the Company or its assets as of the date hereof, and (vi) do not and will not result in the creation or imposition of any lien or other encumbrance of any kind on any asset of the Company.

(e) The Company has not retained any finder, broker, agent, financial advisor or other intermediary in connection with the transactions contemplated by this Agreement.

(f) Except as expressly set forth in Section 2 of this Agreement, no oral or written representations or warranties have been made to the Company by the Unitholder or any agent, employee or Affiliate thereof.

4. Notices. Any notice, demand, request or other communication which may be required or contemplated herein shall be sufficiently given in accordance with Section 14.11 of the LLC Agreement.

5. General Provisions.

(a) Survival of Agreements, Representations and Warranties. All agreements, representations and warranties contained herein or made in writing by or on behalf of the Unitholder or the Company in connection with the transactions contemplated by this Agreement shall survive the execution of this Agreement and the LLC Agreement and the sale and purchase of the Units and payment therefor and the dissolution and termination of the Company.

(b) Counterparts; Facsimile. This Agreement may be executed in multiple counterparts (and may be transmitted via facsimile or scanned pages), each of which shall be deemed to be an original and shall be binding upon the Unitholder who executed the same, but all of such counterparts shall constitute the same agreement.

(c) Successors and Assigns. Except as otherwise provided herein, this Agreement shall be binding upon and inure to the benefit of and be enforceable by the Unitholder, the Company and their respective successors and permitted assigns (including subsequent holders of the Units); provided that the Company shall not assign this Agreement or any rights or obligations hereunder, including by merger or consolidation. The rights and obligations of the Unitholder under this Agreement shall not be assignable without the prior written consent of Company, except in connection with a transfer of Units as expressly permitted under the LLC Agreement.

(d) Descriptive Headings; Interpretation. The title of and the section and paragraph headings in this Agreement are for convenience of reference only and shall not govern or affect the interpretation of any of the terms or provisions of this Agreement. The term “this Agreement” means this Agreement together with all Schedules hereto, as the same may from time to time be amended, modified, supplemented or restated in accordance with the terms hereof. The use in this Agreement of the term “including” and other words of similar import mean “including, without limitation” and where specific language is used to clarify by example a general statement contained herein, such specific language shall not be deemed to modify, limit or restrict in any manner the construction of the general statement to which it relates. The words “herein,” “hereof,” “hereunder” and other words of similar import refer to this Agreement as a whole, including the Schedules, and not to any particular section, subsection, paragraph, subparagraph or clause contained in this Agreement. The use herein of the masculine, feminine or neuter forms shall also denote the other forms, as in each case the context may require or permit. The use herein of terms importing the singular shall also include the plural, and vice versa.

(e) Governing Law. All issues and questions concerning the application, construction, validity, interpretation and enforcement of this Agreement and the schedules to this Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, and specifically the Act, without giving effect to any choice of law or conflict of law rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

(f) Time is of the Essence. The parties to this Agreement hereby expressly acknowledge and agree that time is of the essence for each and every provision of this Agreement.

(g) Failure or Indulgence Not Waiver; Remedies Cumulative. No failure or delay on the part of any party hereto in the exercise of any right hereunder shall impair such right or be construed to be a waiver of, or acquiescence in, any breach of any representation, warranty or agreement herein, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or of any other right. All rights and remedies existing under this Agreement are cumulative to, and not exclusive of, any rights or remedies otherwise available.

(h) Further Assurances. Each party shall do and perform, or cause to be done and performed, all such further acts and things, and shall execute and deliver all such other agreements, certificates, instruments and documents, as the other party may reasonably request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.

(i) No Third Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective permitted successors and assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other person. No party shall be liable or bound to any other party in any manner by any representations, warranties or covenants relating to such subject matter except as specifically set forth herein.

(j) Specific Performance. The parties to this Agreement acknowledge and agree that each would be damaged irreparably in the event any of the provisions of this Agreement are not performed in accordance with their specific terms or otherwise are breached. Accordingly, the parties hereto agree that each party shall be entitled to an injunction or injunctions to prevent breaches of the provisions of this Agreement and to enforce specifically this Agreement and the terms and provisions hereof in any action instituted in any court of the United States or any state thereof having jurisdiction over the parties to this Agreement and the matter, in addition to any other remedy to which they may be entitled, at law or in equity.

(k) Severability. If any provision of this Agreement shall be invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall not affect the validity or enforceability of the remainder of this Agreement in that jurisdiction or the validity or enforceability of any provision of this Agreement in any other jurisdiction.

(l) Entire Agreement. This Agreement and the agreements and documents referred to herein contain the complete agreement among the parties hereto and supersede any prior understandings, agreements or representations by or among the parties hereto, their Affiliates and persons acting on their behalf with respect to the matters discussed herein, written or oral, that may have related to the subject matter hereof in any way.

(n) Amendment. This Agreement may be amended only by the execution and delivery of a written instrument by or on behalf of the parties hereto.

SUBSCRIPTION AGREEMENT

This SUBSCRIPTION AGREEMENT (this "Agreement"), dated as of December 8, 2020, is made by and among Thayer Ventures Acquisition Holdings LLC, a Delaware limited liability company (the "Company"), and the person or entity listed on Schedule A hereto (the "Unitholder"). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Amended and Restated Limited Liability Company Agreement of the Company, dated as of even date herewith, as amended and in effect from time to time (the "LLC Agreement").

WHEREAS, the Company was formed under the Delaware Limited Liability Company Act, and is the sponsor of Thayer Ventures Acquisition Corporation, a Delaware corporation (the "SPAC") in connection with the SPAC's merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or similar business combination with one or more businesses (a "Business Combination"); and

WHEREAS, the SPAC has confidentially submitted to the U.S. Securities and Exchange Commission (the "SEC") a draft registration statement on Form S-1 (the "Registration Statement") for its initial public offering ("IPO") of units (the "Public Units"), at a price of \$10.00 per Public Unit, each Public Unit comprised of one share of the Company's Class A common stock, par value \$0.0001 per share ("Class A Common Stock"), and the shares of Class A Common Stock included in the Public Units, the "Public Shares"), and one-half of one redeemable warrant, where each whole warrant is initially exercisable to purchase one share of Class A Common Stock at an exercise price of \$11.50 per share, subject to adjustment (the "Warrants"), and the Warrants included in the Public Units, the "Public Warrants").

WHEREAS, following the closing of the IPO (the "IPO Closing"), the SPAC will seek to identify and consummate a Business Combination;

WHEREAS, in connection with the IPO, the Company will purchase, in a private placement that will close simultaneously with the IPO Closing, warrants which are identical to the Warrants except that they will be non-redeemable and exercisable on a cashless basis so long as they are held by the Company or its permitted transferees (the "Private Placement Warrants"), for a purchase price of \$1.00 per Private Placement Warrant;

WHEREAS, the parties wish to enter into this Agreement, pursuant to which the Unitholder shall subscribe for (i) a Capital Commitment in an aggregate amount set forth on Schedule A in exchange for the issuance by the Company of aggregate Class C Common Units of the Company set forth on Schedule A ("Class C Common Units") and (ii) in connection with the Company's purchase of Private Placement Warrants, a Capital Commitment in an aggregate amount set forth on Schedule A in exchange for the issuance by the Company of aggregate Class D Common Units of the Company set forth on Schedule A ("Class D Common Units").

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Capital Commitment. (a) Subject to the terms and conditions hereof, the Unitholder hereby agrees to make a Capital Commitment equal to an aggregate amount set forth on Schedule A (the "Capital Commitment") in exchange for the issuance by the Company of an aggregate of Class C Common Units and Class D Common Units set forth on Schedule A (the "Units"). One hundred percent (100%) of the Unitholder's Capital Commitment attributable to its Class C Common Units shall be due and payable at the time of the Unitholder's admission to the Company. All payments of the Unitholder's Capital Commitment with respect to Class D Common Units shall be made by wire transfer of immediately available funds pursuant to instructions provided by the Company in accordance with the terms of the LLC Agreement. All references herein are to United States Dollars.

(b) Concurrently with the execution and delivery of this Agreement:

(i) the Company shall deliver to the Unitholder (or such Unitholder's custodian, as per its delivery instructions), a counterpart to the LLC Agreement duly executed by the Company;

(ii) the Unitholder shall deliver to the Company, a counterpart to the LLC Agreement duly executed by the Unitholder; and

(iii) the Unitholder shall deliver to the Company an Accredited Investor Questionnaire.

(c) If the IPO Closing has not occurred by December 31, 2020, then the Company will promptly redeem the Unitholder's Class C Common Units issued pursuant to this Section 1 for a cash payment equal to the capital contributions made by the Unitholder with respect to the Class C Common Units, and this Agreement shall terminate and be of no further force or effect.

(d) If the actual number of Public Units offered and sold in the IPO is less than 15,000,000, then the Company shall promptly redeem the Unitholder's Class C Common Units issued pursuant to Section 1(a)(i) for a cash payment equal to the capital contributions paid by the Unitholder in respect of such Class C Common Units and this Agreement shall terminate and be of no further force or effect. As used herein, "Business Day" means any day, other than a Saturday or a Sunday, that is neither a legal holiday nor a day on which banking institutions are generally authorized or required by law or regulation to close in the City of New York, New York. If the IPO Closing has not occurred by the date that is seven (7) Business Days after the effective date of the SPAC's Registration Statement, then, unless the Unitholder otherwise agrees in writing, the Company will promptly return such capital contributions made by the Unitholder in respect of its Class C Common Units to the Unitholder.

(e) Potential Forfeiture.

(i) If on the Business Day following the IPO Closing, the Unitholder or its Affiliate beneficially owns or holds, directly or indirectly, including through any firm commitments to purchase, a number of Public Shares that is less than the Forfeiture Threshold (as defined below), then the Unitholder shall automatically forfeit and have no further right, title or interest in, all of the

Unitholder's Units. The Unitholder shall take all actions as may be reasonably necessary to consummate any forfeiture contemplated by this Section 1(e), including entering into agreements and delivering certificates and instruments and consents as may be deemed by the Company to be necessary or appropriate (which shall not require the Unitholder to make any representations other than as to its clear title to the applicable Units and its power and authorization to effect the transactions contemplated by the applicable agreement or other instrument), and the Unitholder hereby grants to the Company and any representative designated by the Company without further action by the Unitholder a limited irrevocable power of attorney to effect any forfeiture contemplated hereby on behalf of the Unitholder, which power of attorney shall be deemed to be coupled with an interest.

(ii) If on either (A) the date of the vote by the SPAC's stockholders to approve the Business Combination or (B) the Business Day immediately prior to the closing of the Business Combination (each, a "Determination Date"), the Unitholder or its Affiliate beneficially owns or holds, directly or indirectly, including through any firm commitments to purchase, after giving effect to any redemptions of Common Stock in connection with the Business Combination, a number of Public Shares (the "Determination Date Shares") that is less than the Forfeiture Threshold (as defined below), then the Unitholder shall, at the Company's sole discretion, forfeit and have no further right, title or interest in, a pro rata number of the Class C Common Units held by the Unitholder, the pro rata number being calculated as a fraction, the numerator of which is the number of Shortfall Shares (as defined below) and the denominator is the Forfeiture Threshold, provided that the Unitholder shall not be obligated to forfeit a number of Class C Common Units under this Section 1(e)(ii) to the extent that the remaining number of Class C Common Units held by the Unitholder after such forfeiture would be less than 37,500. The Unitholder shall take all actions as may be reasonably necessary to consummate any forfeiture contemplated by this Section 1(e), including entering into agreements and delivering certificates and instruments and consents as may be deemed by the Company to be necessary or appropriate (which shall not require the Unitholder to make any representations other than as to its clear title to the applicable Class C Common Units and its power and authorization to effect the transactions contemplated by the applicable agreement or other instrument), and the Unitholder hereby grants to the Company and any representative designated by the Company, without further action by the Unitholder a limited irrevocable power of attorney to effect any forfeiture contemplated hereby on behalf of the Unitholder, which power of attorney shall be deemed to be coupled with an interest.

(iii) As used herein, (A) the "Forfeiture Threshold" shall initially mean 1,498,500 Public Shares minus the number of shares of Class A Common Stock purchased by the Unitholder in a private placement contemporaneously with the consummation of the Business Combination; provided, that (1) if the aggregate number of Public Shares that are redeemed

by the holders thereof in connection with the Business Combination is less than or equal to the Forfeiture Trigger Amount, the Forfeiture Threshold shall be deemed to mean zero (0) Public Shares; and (2) if the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination is greater than the Forfeiture Trigger Amount, the Forfeiture Threshold shall equal: (I) the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination in excess of the Forfeiture Trigger Amount minus (II) the number of shares of Class A Common Stock purchased by the Unitholder in a private placement contemporaneously with the consummation of the Business Combination; provided that in no event will the Forfeiture Threshold exceed 1,498,500 Public Shares, (B) the “Shortfall Shares” shall mean the amount by which the Forfeiture Threshold exceeds the Determination Date Shares; and (C) the “Forfeiture Trigger Amount” shall mean a number of Public Shares equal to two percent (2%) of the Public Shares entitled to vote on the Business Combination.

(iv) Solely by way of example to illustrate the provisions of Section 1(e)(i), if the Forfeiture Threshold is 1,498,500 and on a Determination Date the Unitholder or its Affiliate beneficially owns 1,000,000 Public Shares (meaning that the number of Determination Date Shares is 1,000,000), then the Shortfall Shares shall be 498,500, and the percentage of the Class C Common Units that the Unitholder would forfeit would be 33.27% (e.g., 498,500 divided by 1,498,500).

(v) The Unitholder agrees that if, prior to a Business Combination, the Company’s managers deem it necessary in order to facilitate a Business Combination by the SPAC for the Company to forfeit, transfer, exchange or amend the terms of all or any portion of the Founder Shares or to enter into any other arrangements with respect to the Founder Shares (including, without limitation, a transfer of the Company’s membership interests representing an interest in any of the foregoing) to facilitate the consummation of such Business Combination, including voting in favor of any amendment to the terms of the Founder Shares (each, a “Change in Investment”), such Change in Investment shall apply pro rata to the Class C Common Units held by Unitholder. By way of example and without limiting the foregoing, in the event 50% of the Company’s Founder Shares are forfeited or transferred by the Company as part of such Business Combination, the Unitholder shall forfeit 50% of its Class C Common Units. Notwithstanding the remaining provisions of this Section 1(e)(v), the Unitholder shall not be required to forfeit its Class C Common Units to the extent (and only to the extent) that such forfeiture would reduce the number of Class C Common Units held by it below 50% of the number of Class C Common Units issued prior to the IPO (the “Retained Units”). None of the terms and provisions in a Change in Investment shall apply to, adversely affect or restrict the transfer of, the Class C Common Units retained by the Unitholder pursuant to Section 1(e)(ii) or this Section 1(e)(v), including, without limitation, the Retained Units. For the avoidance of doubt, the Unitholder shall not be required to forfeit, transfer, exchange or amend the terms of any Class D Common Units in connection with a Change in Investment.

2. Representations and Warranties of the Unitholder. The Unitholder represents and warrants to the Company that the following statements are true as of the date hereof and on each date on which such Unitholder makes a Capital Contribution to the Company:

(a) Residency. If such Unitholder is a natural person, then such Unitholder resides in the state or province identified in the address of such Unitholder set forth on Schedule A hereto. If such Unitholder is a partnership, corporation, limited liability company or other entity, then the principal place of business of such Unitholder is identified in the address or addresses of such Unitholder set forth on Schedule A hereto.

(b) Organization and No Conflict. If such Unitholder is a partnership, corporation, limited liability company or other entity, such Unitholder is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization. Such Unitholder's execution, delivery and performance of this Agreement and the other documents referred to hereto to which it is a party, its consummation of the transactions contemplated hereby and thereby and its compliance with the provisions hereof and thereof will not (i) violate any provision of any law applicable to such Unitholder or any of its properties or assets or (ii) conflict with or result in any breach of any of the terms, conditions or provisions of, or constitute (with due notice or lapse of time, or both) a default under such Unitholder's governance documents.

(c) Authority. Such Unitholder has all requisite power and authority to execute, deliver and perform its obligations under this Agreement and the other documents referred to hereto to which it is a party. This Agreement and the other documents referred to hereto to which such Unitholder is a party have been duly authorized, executed and delivered by such Unitholder. This Agreement is a legal, valid and binding obligation of such Unitholder, enforceable against such Unitholder in accordance with its terms, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

(d) Governmental Authorization. No consent, waiver, approval, order or authorization of, or registration, declaration or filing with, or notice to, any Governmental Authority, is required by or with respect to such Unitholder in connection with the execution and delivery of this Agreement and the LLC Agreement by such Unitholder or the consummation by such Unitholder of the transactions contemplated hereby and thereby. "Governmental Authority" means any domestic or foreign government or political subdivision thereof, whether on a federal, state or local level and whether executive, legislative or judicial in nature, including any agency, authority, board, bureau, commission, court, department or other instrumentality thereof.

(e) Investment Intent. Such Unitholder is acquiring the Units for such Unitholder's own account as principal and not in a fiduciary capacity, for investment purposes only, not for any other person and not for the purposes of resale or distribution. Such Unitholder understands that the offering and sale of the Units are intended to be exempt from registration under U.S. Securities Act of 1933, as amended (the "Securities Act"), and applicable U.S. state securities laws, and agrees that any Units acquired by such Unitholder may not be sold, offered for sale, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of (x) in any manner that would require the Company to register the Units under the Securities Act, under any U.S. state securities laws or under the laws of any non-U.S. jurisdiction or (y) otherwise except in accordance with the restrictions set forth in the LLC Agreement.

(f) Financial Status. Such Unitholder is an "accredited investor" as such term is defined in Regulation D promulgated under the Securities Act. Such Unitholder is able to bear the economic risk of an investment in the Units for an indefinite period of time, has adequate means of providing for its current financial needs and business contingencies, has no need for liquidity in the investment in the Units, understands that it may not be able to liquidate its investment in the Company in an emergency, if at all, and can afford a complete loss of the investment.

(g) Foreign Investors. If the Unitholder is not a United States person (as defined by Section 7701(a)(30) of the U.S. Internal Revenue Code of 1986), the Unitholder hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Units or any use of this Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Units, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, sale, or transfer of the Units. The Unitholder's subscription and payment for and continued beneficial ownership of the Units will not violate any applicable securities or other laws of the Unitholder's jurisdiction.

(h) Independent Investigation; Non-Reliance. Such Unitholder understands the risks of a purchase of equity interests in the Company. Such Unitholder was offered the Units through private negotiations, not through any general solicitation or general advertising. In considering its participation, such Unitholder has conducted its own investigations and assessment, under the advice of its own counsel, and has not relied upon any representations (including, without limitation, any advertisement, article, notice or other communication published in any newspaper, magazine, website or similar media or broadcast over television or radio, and any seminars or meetings whose attendees have been invited by any general solicitation or advertising) made by, or other information (whether oral or written) furnished by or on behalf of, the Company or any partner, member, manager, director, officer, employee or agent of the Company, other than as set forth in this Agreement.

(i) Due Diligence. Such Unitholder has been given the opportunity to ask questions of, and receive answers from, the Company and its personnel relating to the Company, concerning the terms and conditions of the investment in the Company, and has had access to such financial and other information concerning the Company as it has considered necessary to verify the accuracy of any information provided and to make a decision to invest in the Company, and has availed itself of this opportunity to the full extent desired.

(j) Finders' Fees. Such Unitholder has not incurred, and will not incur, directly or indirectly, any cost or liability for brokerage or finders' fees or agents' commissions or any similar charges in connection with this Agreement or any other transaction contemplated hereby.

(k) Rule 506 "Bad Actor". No "Bad Actor" disqualifying event described in Rule 506(d)(1)(i) to (viii) of the Securities Act is applicable to such Unitholder or any of its Rule 506(d) Related Parties. For purposes of this Agreement, "Rule 506(d) Related Party" shall mean a Person that is a beneficial owner (excluding, for the avoidance of doubt, any pension scheme beneficiary in a UK pension scheme by virtue of being a participant in such scheme) of such Unitholder's securities for purposes of Rule 506(d) of the Securities Act.

(l) Anti-Money Laundering Compliance. As of the date of this Agreement, (i) such Unitholder is and at all times during the last five years has been in compliance with all United States federal, state and local laws and regulations and the laws and regulations of any foreign jurisdiction relating to the prevention of money laundering applicable to it or its property or in respect of its business and operations, including all applicable financial record-keeping, know-your-customer and reporting requirements of the Currency and Foreign Transactions Reporting Act of 1970, as amended from time to time, including by the Uniting and Strengthening America by Providing Appropriate Tools to Intercept and Obstruct Terrorism Act of 2001 (the "USA PATRIOT Act" and all such laws and regulations, the "Money Laundering Laws"), and (ii) the transactions contemplated by this Agreement are not being conducted by the Unitholder in connection with any violation of the Money Laundering Laws and will not cause the Unitholder to be in violation of any Money Laundering Laws. The amounts paid or to be paid by such Unitholder to the Company in respect of the transactions contemplated by this Agreement are not directly or, to the Unitholder's knowledge, indirectly, derived from activities that may contravene U.S. federal or state or non U.S. laws or regulations, including the Money Laundering Laws.

(m) Sanctions. As of the date of this Agreement, none of (i) the Unitholder, (ii) any affiliate of such Unitholder, (iii) any person on whose behalf such Unitholder or any affiliate of such Unitholder is acting, or (iv) any person who directly or, to the knowledge of such Unitholder, indirectly beneficially owns securities issued by such Unitholder or any affiliate of such Unitholder is: (1) a country, territory or person targeted by sanctions administered by OFAC or the United States Department of State, including, without limitation, any person identified on the Specially Designated Nationals and Blocked Persons List Nationals maintained and administered by the U.S. Treasury Department's Office of Foreign Assets Control, the Foreign Sanctions Evaders List, the Sectoral Sanctions Identifications List or the Consolidated Sanctions List issued by OFAC, the Denied Persons List, Unverified List, or Entity List maintained and administered by the U.S. Department of Commerce's Bureau of Industry and Security, or on any other relevant list of prohibited, restricted, sanctioned, or debarred parties (collectively, the "Sanctions Lists"), (2) a national or resident of, an entity organized or chartered by or in, a government instrumentality of, or an organization with a place of business in a country or territory that is subject to comprehensive sanctions administered by OFAC (including, without limitation, Cuba, Iran, North Korea, Syria and the Crimea region of Ukraine), (3) a person who is 50% or more beneficially owned by one or more persons named on any of the Sanctions Lists, (4) a person engaged, directly or indirectly, in any unlawful transactions or other

unlawful activities with any country, territory or person prohibited by OFAC, (5) a person that resides or has a place of business in any country or territory described in clause (2) hereof or which is designated as a High Risk or Other Monitored Jurisdiction by the Financial Action Task Force on Money Laundering, or whose subscription funds are transferred from or through such a jurisdiction or territory, (6) a “Foreign Shell Bank” within the meaning of the USA PATRIOT Act, i.e., a foreign bank that does not have a physical presence in any country and that is not affiliated with a bank that has a physical presence and an acceptable level of regulation and supervision, (7) a person that resides in, or is organized under the laws of, a jurisdiction designated by the Secretary of the Treasury under Section 311 or Section 312 of the USA PATRIOT Act as warranting special measures due to money laundering concerns, (8) a person that is designated by the Secretary of the Treasury as warranting such special measures due to money laundering concerns, or (9) a person that otherwise appears on any U.S.- government provided list of known or suspected terrorists or terrorist organizations. Except to the extent permitted by law, the Unitholder has not engaged in unlawful transactions of any type with any party described in any of clauses (1) through (9) in the past and is not currently engaging in any such transaction. Such Unitholder has in place and will continue to maintain internal policies and procedures that are reasonably designed to ensure the foregoing and to ensure that such Unitholder complies with any obligation to “block” assets that may come into the possession or control of such Unitholder and to report such blocked assets or attempted transaction by such persons to OFAC in the manner and to the extent required by law.

(n) Reliance; No other Representations and Warranties. Such Unitholder acknowledges that the Company will rely upon the accuracy and truth of the foregoing representations of this Section 2 and hereby consents to such reliance. Such Unitholder represents that, except as expressly set forth herein, no oral or written representations or warranties have been made to such Unitholder by the Company or any of its agents, employees or Affiliates. Such Unitholder acknowledges and agrees that, except as expressly set forth in a writing executed by the Company, the Company shall not have any duty or obligation to disclose to such Unitholder any further material information regarding the Company in connection with the purchase of any Units pursuant to this Agreement.

3. Representations and Warranties of the Company. The Company represents and warrants to the Unitholder as follows:

(a) The Company is duly organized, validly existing and in good standing under the laws of the State of Delaware, has all requisite organizational power and authority to carry on its business as now conducted and as currently proposed to be conducted and is qualified to do business and is in good standing in every jurisdiction where such qualification is required.

(b) This Agreement is within the organizational power of the Company, has been duly authorized by all necessary organizational action, has been duly executed and delivered by the Company and constitutes a legal, valid and binding obligation thereof, enforceable in accordance with its terms, subject, as to enforceability, to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors’ rights generally.

(c) The Units, when issued pursuant to this Agreement, will be legally and validly issued, fully paid, non-assessable and free and clear of any and all liens, mortgages, pledges, security interests, charges, claims, restrictions and encumbrances of any nature whatsoever (other than those imposed pursuant to applicable securities laws and the LLC Agreement).

(d) Assuming the truth and accuracy of the representations in Section 2 above, this Agreement and the transactions contemplated herein (i) do not require any consent or approval of, registration or filing with, or any other action by, any governmental authority, except such as have been obtained or made and are in full force and effect, (ii) do not and will not materially violate or result in a violation of, conflict with or constitute a default under any law, regulation or rule, or any other restriction imposed by any court or governmental authority applicable to the Company or the Units, (iii) do not and will not violate the governing documents of the Company, (iv) do not and will not materially violate or result in a violation of, conflict with or constitute a default under any order of any Governmental Authority, (v) do not and will not violate or result in a violation of, conflict with or constitute a default under any agreement or other instrument binding upon the Company or its assets as of the date hereof, and (vi) do not and will not result in the creation or imposition of any lien or other encumbrance of any kind on any asset of the Company.

(e) The Company has not retained any finder, broker, agent, financial advisor or other intermediary in connection with the transactions contemplated by this Agreement.

(f) Except as expressly set forth in Section 2 of this Agreement, no oral or written representations or warranties have been made to the Company by the Unitholder or any agent, employee or Affiliate thereof.

4. Notices

. Any notice, demand, request or other communication which may be required or contemplated herein shall be sufficiently given in accordance with Section 14.11 of the LLC Agreement.

5. General Provisions.

(a) Survival of Agreements, Representations and Warranties. All agreements, representations and warranties contained herein or made in writing by or on behalf of the Unitholder or the Company in connection with the transactions contemplated by this Agreement shall survive the execution of this Agreement and the LLC Agreement and the sale and purchase of the Units and payment therefor and the dissolution and termination of the Company.

(b) Counterparts; Facsimile. This Agreement may be executed in multiple counterparts (and may be transmitted via facsimile or scanned pages), each of which shall be deemed to be an original and shall be binding upon the Unitholder who executed the same, but all of such counterparts shall constitute the same agreement.

(c) Successors and Assigns. Except as otherwise provided herein, this Agreement shall be binding upon and inure to the benefit of and be enforceable by the Unitholder, the Company and their respective successors and permitted assigns (including subsequent holders of the Units); provided that the Company shall not assign this Agreement or

any rights or obligations hereunder, including by merger or consolidation. The rights and obligations of the Unitholder under this Agreement shall not be assignable without the prior written consent of Company, except in connection with a transfer of Units as expressly permitted under the LLC Agreement.

(d) Descriptive Headings; Interpretation . The title of and the section and paragraph headings in this Agreement are for convenience of reference only and shall not govern or affect the interpretation of any of the terms or provisions of this Agreement. The term “this Agreement” means this Agreement together with all Schedules hereto, as the same may from time to time be amended, modified, supplemented or restated in accordance with the terms hereof. The use in this Agreement of the term “including” and other words of similar import mean “including, without limitation” and where specific language is used to clarify by example a general statement contained herein, such specific language shall not be deemed to modify, limit or restrict in any manner the construction of the general statement to which it relates. The words “herein,” “hereof,” “hereunder” and other words of similar import refer to this Agreement as a whole, including the Schedules, and not to any particular section, subsection, paragraph, subparagraph or clause contained in this Agreement. The use herein of the masculine, feminine or neuter forms shall also denote the other forms, as in each case the context may require or permit. The use herein of terms importing the singular shall also include the plural, and vice versa.

(e) Governing Law . All issues and questions concerning the application, construction, validity, interpretation and enforcement of this Agreement and the schedules to this Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, and specifically the Act, without giving effect to any choice of law or conflict of law rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

(f) Time is of the Essence . The parties to this Agreement hereby expressly acknowledge and agree that time is of the essence for each and every provision of this Agreement.

(g) Failure or Indulgence Not Waiver; Remedies Cumulative. No failure or delay on the part of any party hereto in the exercise of any right hereunder shall impair such right or be construed to be a waiver of, or acquiescence in, any breach of any representation, warranty or agreement herein, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or of any other right. All rights and remedies existing under this Agreement are cumulative to, and not exclusive of, any rights or remedies otherwise available.

(h) Further Assurances. Each party shall do and perform, or cause to be done and performed, all such further acts and things, and shall execute and deliver all such other agreements, certificates, instruments and documents, as the other party may reasonably request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.

(i) No Third Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective permitted successors and assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other person. No party shall be liable or bound to any other party in any manner by any representations, warranties or covenants relating to such subject matter except as specifically set forth herein.

(j) Specific Performance. The parties to this Agreement acknowledge and agree that each would be damaged irreparably in the event any of the provisions of this Agreement are not performed in accordance with their specific terms or otherwise are breached. Accordingly, the parties hereto agree that each party shall be entitled to an injunction or injunctions to prevent breaches of the provisions of this Agreement and to enforce specifically this Agreement and the terms and provisions hereof in any action instituted in any court of the United States or any state thereof having jurisdiction over the parties to this Agreement and the matter, in addition to any other remedy to which they may be entitled, at law or in equity.

(k) Severability. If any provision of this Agreement shall be invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall not affect the validity or enforceability of the remainder of this Agreement in that jurisdiction or the validity or enforceability of any provision of this Agreement in any other jurisdiction.

(l) Entire Agreement.

(m) This Agreement and the agreements and documents referred to herein contain the complete agreement among the parties hereto and supersede any prior understandings, agreements or representations by or among the parties hereto, their Affiliates and persons acting on their behalf with respect to the matters discussed herein, written or oral, that may have related to the subject matter hereof in any way.

(n) Amendment. This Agreement may be amended only by the execution and delivery of a written instrument by or on behalf of the parties hereto.

SUBSCRIPTION AGREEMENT

This Subscription Agreement (this "Agreement") is entered into as of December 8, 2020 between Thayer Ventures Acquisition Holdings LLC, a Delaware limited liability company (the "Company") and Polar Multi-Strategy Master Fund (the "Unitholder"). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Amended and Restated Limited Liability Company Agreement of the Company, dated as of even date herewith, as amended and in effect from time to time (the "LLC Agreement").

RECITALS

WHEREAS, the Company was formed under the Delaware Limited Liability Company Act, and is the sponsor of Thayer Ventures Acquisition Corporation, a Delaware corporation (the "SPAC") in connection with the SPAC's merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or similar business combination with one or more businesses (a "Business Combination");

WHEREAS, the SPAC has confidentially submitted to the U.S. Securities and Exchange Commission (the "SEC") a draft registration statement on Form S-1 (the "Registration Statement") for its initial public offering ("IPO") of units (the "Public Units"), at a price of \$10.00 per Public Unit, each Public Unit comprised of one share of the Company's Class A common stock, par value \$0.0001 per share ("Class A Common Stock"), and the shares of Class A Common Stock included in the Public Units, the "Public Shares"), and one-half of one redeemable warrant, where each whole warrant is initially exercisable to purchase one share of Class A Common Stock at an exercise price of \$11.50 per share, subject to adjustment (the "Warrants"), and the Warrants included in the Public Units, the "Public Warrants");

WHEREAS, proceeds from the IPO and the sale of the Private Placement Warrants (as defined below) in an aggregate amount equal to the aggregate gross proceeds from the IPO will be deposited into a trust account for the benefit of the holders of the Public Shares (the "Trust Account"), as described in the Registration Statement;

WHEREAS, following the closing of the IPO (the "IPO Closing"), the SPAC will seek to identify and consummate a Business Combination;

WHEREAS, in connection with the IPO, the Company will purchase, in a private placement that will close simultaneously with the IPO Closing, warrants which are identical to the Warrants except that they will be non-redeemable and exercisable on a cashless basis so long as they are held by the Company or its permitted transferees (the "Private Placement Warrants"), for a purchase price of \$1.00 per Private Placement Warrant;

WHEREAS, the parties wish to enter into this Agreement, pursuant to which the Unitholder shall subscribe for (i) a Capital Commitment in an aggregate amount set forth on Schedule A in exchange for the issuance by the Company of aggregate Class C Common Units of the Company set forth on Schedule A ("Class C Common Units") and (ii) in connection with the Company's purchase of Private Placement Warrants, a Capital Commitment in an aggregate amount set forth on Schedule A in exchange for the issuance by the Company of aggregate Class D Common Units of the Company set forth on Schedule A ("Class D Common Units").

NOW, THEREFORE, in consideration of the premises, representations, warranties and the mutual covenants contained in this Agreement, and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

AGREEMENT

1. Subscription.

(a) Capital Commitment.

(i) Subject to the terms and conditions hereof, the Unitholder hereby agrees to make a Capital Commitment equal to an aggregate amount set forth on Schedule A (the "Capital Commitment") in exchange for the issuance by the Company of an aggregate of Class C Common Units and Class D Common Units set forth on Schedule A (the "Subscribed Units"). One hundred percent (100%) of the Unitholder's Capital Commitment attributable to its Class C Common Units shall be due and payable at the time of the Unitholder's admission to the Company. All payments of the Unitholder's Capital Commitment with respect to Class D Common Units shall be made by wire transfer of immediately available funds pursuant to instructions provided by the Company in accordance with the terms of the LLC Agreement. All references herein are to United States Dollars. The Unitholder acknowledges that the Subscribed Units will be subject to restrictions on transfer as set forth in the LLC Agreement.

(ii) The Unitholder hereby ratifies, adopts and accepts the LLC Agreement. The Unitholder hereby agrees that, if Unitholder is admitted to the Company pursuant to Section 1(a), Unitholder shall be bound by the terms of the LLC Agreement and shall duly satisfy all of the Unitholder's obligations arising thereunder. Without limitation on the preceding sentence, in the event the Unitholder fails to make payments in respect of its Capital Commitment when due, the Unitholder shall be subject to strict enforcement of the default provisions set forth in the LLC Agreement.

(iii) If the IPO Closing has not occurred by December 31, 2020, then the Company will promptly redeem the Unitholder's Class C Common Units issued pursuant to Section 1(a)(i) for a cash payment equal to the capital contributions made by the Unitholder with respect to the Class C Common Units, and this Agreement shall terminate and be of no further force or effect.

(iv) If the actual number of Public Units offered and sold in the IPO is less than 15,000,000, then the Company shall promptly redeem the Unitholder's Class C Common Units issued pursuant to Section 1(a)(i) for a cash payment equal to the capital contributions paid by the Unitholder in respect of such Class C Common Units and this Agreement shall terminate and be of no further force or effect. As used herein, "Business Day" means any day, other than a Saturday or a Sunday, that is neither a legal holiday nor a day on which banking institutions are generally authorized or required by law or regulation to close in the City of New York, New York. If the IPO Closing has not occurred by the date that is seven (7) Business Days after the effective date of the SPAC's Registration Statement, then, unless the Unitholder otherwise agrees in writing, the Company will promptly return such capital contributions made by the Unitholder in respect of its Class C Common Units to the Unitholder.

(v) In the event that the underwriters' over-allotment option in connection with the IPO (the "Over-allotment Option") is exercised, the Unitholder agrees to purchase Class D Common Units as indicated on Schedule A. The Company shall notify the Unitholder in writing of the anticipated date of each closing of the exercise of the Over-allotment Option, if any (each, an "Over-allotment Closing") at least three (3) Business Days prior to such Over-allotment Closing, and the Unitholder shall remit the capital contributions in respect of such Class D Common Units in connection with such Over-allotment Closing to the Company by wire transfer of immediately available funds or other means approved by the Company on that date that is one (1) Business Day prior to such Over-allotment Closing, or such other date as the Company and the Unitholder may agree upon in writing. If the Over-allotment Closing has not occurred by the date that is seven (7) Business Days after the date on which the Unitholder remitted the capital contributions in respect of such Class D Common Units in connection with such Over-allotment Closing, then, unless the Unitholder otherwise agrees in writing, the Company will promptly return such amounts to the Unitholder.

2. Potential Forfeiture.

(a) If on the Business Day following the IPO Closing, the Unitholder beneficially owns or holds, directly or indirectly, including through any firm commitments to purchase, a number of Public Shares that is less than the Forfeiture Threshold (as defined below), then the Unitholder shall automatically forfeit and have no further right, title or interest in, all of the Subscribed Units. The Unitholder shall take all actions as may be reasonably necessary to consummate any forfeiture contemplated by this Section 2(a), including entering into agreements and delivering certificates and instruments and consents as may be deemed by the Company to be necessary or appropriate (which shall not require the Unitholder to make any representations other than as to its clear title to the applicable Subscribed Units and its power and authorization to effect the transactions contemplated by the applicable agreement or other instrument), and the Unitholder hereby grants to the Company and any representative designated by the Company without further action by the Unitholder a limited irrevocable power of attorney to effect any forfeiture contemplated hereby on behalf of the Unitholder, which power of attorney shall be deemed to be coupled with an interest.

(b) If on either (i) the date of the vote by the SPAC's stockholders to approve the Business Combination or (ii) the Business Day immediately prior to the closing of the Business Combination (each, a "Determination Date"), the Unitholder beneficially owns or holds, directly or indirectly, including through any firm commitments to purchase, after giving effect to any redemptions of Common Stock in connection with the Business Combination, a number of Public Shares (the "Determination Date Shares") that is less than the Forfeiture Threshold (as defined below), then the Unitholder shall, at the Company's sole discretion, forfeit and have no further right, title or interest in, a *pro rata* number of the Class C Common Units held by the Unitholder, the *pro rata* number being calculated as a fraction, the numerator of which is the number of Shortfall Shares (as defined below) and the denominator is the Forfeiture Threshold, provided that the Unitholder shall not be obligated to forfeit a number of Class C Common Units under this Section 2(b) to the extent that the remaining number of Class C Common Units held by the Unitholder after such forfeiture would be less than 87,500 (or 100,625, if the Over-allotment Option is exercised in full). The Unitholder shall take all actions as may be reasonably necessary to consummate any forfeiture contemplated by this Section 2(b), including entering into agreements and delivering certificates and instruments and consents as may be deemed by the Company to be necessary or appropriate (which shall not require the Unitholder to make any representations other than as to its clear title to the applicable Class C Common Units and its power and authorization to effect the transactions contemplated by the applicable agreement or other instrument), and the Unitholder hereby grants to the Company and any representative designated by the Company, without further action by the Unitholder a limited irrevocable power of attorney to effect any forfeiture contemplated hereby on behalf of the Unitholder, which power of attorney shall be deemed to be coupled with an interest.

(c) As used herein, (i) the "Forfeiture Threshold" shall initially mean 1,750,000 Public Shares minus the number of shares of Class A Common Stock purchased by the Unitholder in a private placement contemporaneously with the consummation of the Business Combination; provided, that: (A) if the actual number of Public Units offered and sold in the IPO is less than 17,500,000, then the Forfeiture Threshold shall be automatically reduced on a *pro rata* basis; (B) to the extent the underwriters' exercise the Over-allotment Option, then the Forfeiture Threshold shall be automatically increased on a *pro rata* basis in the same proportion as the amount of the Over-allotment Option that is exercised, (C) if the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination is less than or equal to the Forfeiture Trigger Amount, the Forfeiture Threshold shall be deemed to mean zero (0) Public Shares; and (D) if the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination is greater than the Forfeiture Trigger Amount, the Forfeiture Threshold shall equal: (I) the aggregate number of Public Shares that are redeemed by the holders thereof in connection with the Business Combination in excess of the Forfeiture Trigger Amount minus (II) the number of shares of Class A Common Stock purchased by the Unitholder in a private placement contemporaneously with the consummation of the Business Combination; provided that in no event will the Forfeiture Threshold exceed 1,750,000 Public Shares, (ii) the "Shortfall Shares" shall mean the amount by which the Forfeiture Threshold exceeds the Determination Date Shares; (iii) the "Forfeiture Trigger Amount" shall mean a number of Public Shares equal to two percent (2%) of the Public Shares entitled to vote on the Business Combination.

(d) Solely by way of example to illustrate the provisions of Section 2(a), if the Forfeiture Threshold is 1,750,000 and on a Determination Date the Unitholder beneficially owns 1,000,000 Public Shares (meaning that the number of Determination Date Shares is 1,000,000), then the Shortfall Shares shall be 750,000, and the percentage of the Class C Common Units that the Unitholder would forfeit would be 42.86% (e.g., 750,000 divided by 1,750,000).

(e) If, in connection with the expiration or termination of the Over-allotment Option, the Company forfeits any Founder Shares to the SPAC for cancellation, then the Unitholder agrees to forfeit its Class C Common Units to the Company for cancellation on that same basis (such that if no portion of the Over-allotment Option is exercised, the Unitholder would forfeit 52,500 of its Class C Common Units, and if the Over-allotment Option is exercised in part, the Unitholder would forfeit a pro rata portion thereof, based on the portion of the Over-allotment Option that is not exercised as a percentage of the total number of Public Units issuable upon exercise of the Over-allotment Option). If the actual number of Public Units offered and sold in the IPO, prior to the Over-allotment Option being exercised, is at least 15,000,000 but less than 17,500,000, then (i) the Unitholder shall forfeit a portion of its Class C Common Units, pro rata based on the number of Founder Shares forfeited by the Company to the SPAC for cancellation and (ii) the Unitholder's Capital Commitment with respect to the Class D Common Units and the corresponding Class D Common Units Warrants remains unchanged (and Schedule A shall be amended to reflect the decreased Capital Commitment), and to the extent the Unitholder has made any capital contributions in excess of the reduced Capital Commitment with respect to the Class D Common Units, the Company shall return such capital contributions to the Unitholder. By way of example and without limiting the foregoing, if the IPO Closing is for 16,000,000 Public Units and the Over-allotment Option has expired and has not been exercised, (i) the Unitholder would forfeit approximately 82,500 Class C Common Units (i.e., 52,500 Class C Common Units plus 30,000 Class C Common Units (a pro rata portion of the forfeiture of the Company's Founder Shares)) and (ii) the Unitholder's Capital Commitment with respect to Class D Common Units shall be decreased to \$545,000 for 545,000 Class D Common Units (such that the Unitholder's percentage of Class D Common Units attributable to the Company's Private Placement Warrants remains unchanged). The Unitholder hereby grants to the Company and any representative designated by the Company without further action by the Unitholder a limited irrevocable power of attorney to effect any such forfeiture set forth in this Section 2(e) on behalf of the Unitholder, which power of attorney shall be deemed to be coupled with an interest.

(f) The Unitholder agrees that if, prior to a Business Combination, the Company's managers deem it necessary in order to facilitate a Business Combination by the SPAC for the Company to forfeit, transfer, exchange or amend the terms of all or any portion of the Founder Shares or to enter into any other arrangements with respect to the Founder Shares (including, without limitation, a transfer of the Company's membership interests representing an interest in any of the foregoing) to facilitate the consummation of such Business Combination, including voting in favor of any amendment to the terms of the Founder Shares (each, a "Change in Investment"), such Change of Investment shall apply pro rata to the Class C Common Units held by Unitholder. By way of example and without limiting the foregoing, in the event 50% of the Company's Founder Shares are forfeited or transferred by the Company as part of such Business Combination, the Unitholder shall forfeit 50% of its Class C Common Units. Notwithstanding the remaining provisions of this Section 2(f), the Unitholder shall not be required to forfeit its Class C Common Units to the extent (and only to the extent) that such forfeiture would reduce the number of Class C Common Units held by it below 50% of the number of Class C Common Units issued prior to the IPO (the "Retained Units"). None of the terms and provisions in a Change in Investment shall apply to, adversely affect or restrict the transfer of, the Class C Common Units retained by the Unitholder pursuant to Section 2(b) or this Section 2(f), including, without limitation, the Retained Units. For the avoidance of doubt, the Unitholder shall not be required to forfeit, transfer, exchange or amend the terms of any Class D Common Units in connection with a Change in Investment.

3. Representations and Warranties of the Unitholder. The Unitholder represents and warrants to the Company as follows, as of the date hereof:

(a) Organization and Power. The Unitholder is duly organized, validly existing, and in good standing under the laws of the jurisdiction of its formation and has all requisite power and authority to carry on its business as presently conducted and as proposed to be conducted.

(b) Authorization. The Unitholder has full power and authority to enter into this Agreement. This Agreement, when executed and delivered by the Unitholder, will constitute the valid and legally binding obligation of the Unitholder, enforceable against the Unitholder in accordance with its terms, except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally or (ii) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies.

(c) Governmental Consents and Filings. No consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Unitholder in connection with the consummation of the transactions contemplated by this Agreement, except for filings pursuant to applicable securities laws, rules or regulations.

(d) Compliance with Other Instruments. The execution, delivery and performance by the Unitholder of this Agreement and the consummation by the Unitholder of the transactions contemplated by this Agreement will not result in any violation or default (i) under any provisions of its organizational documents, (ii) under any instrument, judgment, order, writ or decree to which it is a party or by which it is bound, (iii) under any note, indenture or mortgage to which it is a party or by which it is bound, (iv) under any lease, agreement, contract or purchase order to which it is a party or by which it is bound or (v) under any provision of federal or state statute, rule or regulation applicable to the Unitholder, in each case (other than clause (i)), which would have a material adverse effect on the Unitholder's ability to consummate the transactions contemplated by this Agreement.

(e) Purchase Entirely for Own Account. This Agreement is made with the Unitholder in reliance upon the Unitholder's representation to the Company, which by the Unitholder's execution of this Agreement, the Unitholder hereby confirms, that the Units to be acquired by the Unitholder will be acquired for investment for the Unitholder's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof in violation of any state or federal securities laws, and that the Unitholder has no present intention of selling, granting any participation in, or otherwise distributing the same in violation of law. By executing this Agreement, the Unitholder further represents that the Unitholder does not presently have any contract, undertaking, agreement or arrangement with any Person (other than the Company) to sell, transfer or grant participations to such Person or to any third Person, with respect to any of the Units. For purposes of this Agreement, "Person" means an individual, a limited liability company, a partnership, a joint venture, a corporation, a trust, an unincorporated organization, any other entity or any government or any department or agency thereof.

(f) Disclosure of Information. The Unitholder has been given the opportunity to ask questions of, and receive answers from, the Company and its personnel relating to the Company, concerning the terms and conditions of the investment in the Company, and has had access to such financial and other information concerning the Company as it has considered necessary to verify the accuracy of any information provided and to make a decision to invest in the Company, and has availed itself of this opportunity to the full extent desired.

(g) Restricted Securities. The Unitholder understands that the offering and sale of the Units are intended to be exempt from registration under U.S. Securities Act of 1933, as amended (the "Securities Act"), and applicable U.S. state securities laws, and agrees that any Units acquired by the Unitholder may not be sold, offered for sale, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of (x) in any manner that would require the Company to register the Units under the Securities Act, under any U.S. state securities laws or under the laws of any non-U.S. jurisdiction or (y) otherwise except in accordance with the restrictions set forth in the LLC Agreement.

(h) Financial Status. The Unitholder is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act. The Unitholder is able to bear the economic risk of an investment in the Units for an indefinite period of time, has adequate means of providing for its current financial needs and business contingencies, has no need for liquidity in the investment in the Units, understands that it may not be able to liquidate its investment in the Company in an emergency, if at all, and can afford a complete loss of the investment.

(i) No General Solicitation. Neither the Unitholder, nor any of its officers, directors, employees, agents, stockholders or partners has either directly or indirectly, including, through a broker or finder (i) to its knowledge, engaged in any general solicitation, or (ii) published any advertisement in connection with the offer and sale of the Units.

(j) Rule 506 “Bad Actor”. No “Bad Actor” disqualifying event described in Rule 506(d)(1)(i) to (viii) of the Securities Act is applicable to the Unitholder or any of its Rule 506(d) Related Parties. For purposes of this Agreement, “Rule 506(d) Related Party” shall mean a Person that is a beneficial owner (excluding, for the avoidance of doubt, any pension scheme beneficiary in a UK pension scheme by virtue of being a participant in such scheme) of the Unitholder’s securities for purposes of Rule 506(d) of the Securities Act.

(k) Adequacy of Financing. The Unitholder will, when such funds are due hereunder, have sufficient funds to satisfy its obligations under this Agreement.

(l) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this Section 3 and in any certificate or agreement delivered pursuant hereto, none of the Unitholder nor any person acting on behalf of the Unitholder nor any of the Unitholder’s affiliates (the “Unitholder Parties”) has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to the Unitholder and this offering, and the Unitholder Parties disclaim any such representation or warranty. Except for the specific representations and warranties expressly made by the Company in Section 4 of this Agreement and in any certificate or agreement delivered pursuant hereto, the Unitholder Parties specifically disclaim that they are relying upon any other representations or warranties that may have been made by the Company, any person on behalf of the Company or any of the Company’s affiliates (collectively, the “Company Parties”) with respect to the transactions contemplated hereby.

(m) Neither the Unitholder, nor any director, officer, agent, employee or other Person acting on behalf of the Unitholder has, in the course of its actions for, or on behalf of, the Unitholder (i) used any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expenses relating to political activity; (ii) made any direct or indirect unlawful payment to any foreign or domestic government official or employee from corporate funds; (iii) violated or is in violation of any provision of the U.S. Foreign Corrupt Practices Act of 1977, as amended; or (iv) made any unlawful bribe, rebate, payoff, influence payment, kickback or other unlawful payment to any foreign or domestic government official or employee.

(n) The operations of the Unitholder are and have been conducted at all times in compliance with applicable financial recordkeeping and reporting requirements and all other applicable U.S. and non-U.S. anti-money laundering laws and regulations, including, but not limited to, those of the Currency and Foreign Transactions Reporting Act of 1970, as amended, the USA Patriot Act of 2001 and the applicable money laundering statutes of all applicable jurisdictions, the rules and regulations thereunder and any related or similar rules, regulations or guidelines, issued, administered or enforced by any governmental agency (collectively, the “Anti-Money Laundering Laws”), and no action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving the Unitholder with respect to the Anti-Money Laundering Laws is pending or, to the knowledge of the Unitholder, threatened.

(o) The Unitholder acknowledges that the Company will rely upon the accuracy and truth of the foregoing representations of this Section 3 and hereby consents to such reliance. The Unitholder represents that, except as expressly set forth herein, no oral or written representations or warranties have been made to the Unitholder by the Company or any of its agents, employees or Affiliates. The Unitholder acknowledges and agrees that, except as expressly set forth in a writing executed by the Company, the Company shall not have any duty or obligation to disclose to the Unitholder any further material information regarding the Company in connection with the purchase of any Units pursuant to this Agreement.

4. Representations, Warranties and Covenants of the Company. The Company represents, warrants and covenants to the Unitholder as follows:

(a) The Company is duly organized, validly existing and in good standing under the laws of the State of Delaware, has all requisite organizational power and authority to carry on its business as now conducted and as currently proposed to be conducted and is qualified to do business and is in good standing in every jurisdiction where such qualification is required.

(b) This Agreement is within the organizational power of the Company, has been duly authorized by all necessary organizational action, has been duly executed and delivered by the Company and constitutes a legal, valid and binding obligation thereof, enforceable in accordance with its terms, subject, as to enforceability, to applicable bankruptcy, insolvency, reorganization, moratorium or other laws affecting creditors' rights generally.

(c) The Units, when issued pursuant to this Agreement, will be legally and validly issued, fully paid, non-assessable and free and clear of any and all liens, mortgages, pledges, security interests, charges, claims, restrictions and encumbrances of any nature whatsoever (other than those imposed pursuant to applicable securities laws and the LLC Agreement).

(d) Assuming the truth and accuracy of the representations in Section 2 above, this Agreement and the transactions contemplated herein (i) do not require any consent or approval of, registration or filing with, or any other action by, any governmental authority, except such as have been obtained or made and are in full force and effect, (ii) do not and will not materially violate or result in a violation of, conflict with or constitute a default under any law, regulation or rule, or any other restriction imposed by any court or governmental authority applicable to the Company or the Units, (iii) do not and will not violate the governing documents of the Company, (iv) do not and will not materially violate or result in a violation of, conflict with or constitute a default under any order of any Governmental Authority, (v) do not and will not violate or result in a violation of, conflict with or constitute a default under any agreement or other instrument binding upon the Company or its assets as of the date hereof, and (vi) do not and will not result in the creation or imposition of any lien or other encumbrance of any kind on any asset of the Company.

(e) Except as expressly set forth in Section 2 of this Agreement, no oral or written representations or warranties have been made to the Company by the Unitholder or any agent, employee or Affiliate thereof.

(f) Bad Actor. No "bad actor" disqualifying event described in Rule 506(d)(1)(i)-(viii) of the Securities Act (a "Disqualification Event") is applicable to the Company or, to the Company's knowledge, any Company Covered Person (as defined below), except for a Disqualification Event as to which Rule 506(d)(2)(ii-iv) or (d)(3), is applicable. "Company Covered Person" means, with respect to the Company as an "issuer" for purposes of Rule 506 promulgated under the Securities Act, any Person listed in the first paragraph of Rule 506(d)(1).

(g) Governmental Consents and Filings. Assuming the accuracy of the representations made by the Unitholder in this Agreement, no consent, approval, order or authorization of, or registration, qualification, designation, declaration or filing with, any federal, state or local governmental authority is required on the part of the Company in connection with the consummation of the transactions contemplated by this Agreement, except for filings pursuant to Regulation D of the Securities Act and applicable state securities laws, if any.

(h) Compliance with Other Instruments. The execution, delivery and performance of this Agreement and the consummation of the transactions contemplated by this Agreement will not result in any violation or default (i) under any provisions of the certificate of incorporation, bylaws or other governing documents of the Company, (ii) under any instrument, judgment, order, writ or decree to which the Company is a party or by which it is bound, (iii) under any note, indenture or mortgage to which the Company is a party or by which it is bound, (iv) under any lease, agreement, contract or purchase order to which the Company is a party or by which it is bound or (v) under any provision of federal or state statute, rule or regulation applicable to the Company, in each case (other than clause (i)) which would have a material adverse effect on the Company or its ability to consummate the transactions contemplated by this Agreement.

(i) Foreign Corrupt Practices. Neither the Company, nor any director, officer, agent, employee or other Person acting on behalf of the Company has, in the course of its actions for, or on behalf of, the Company (i) used any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expenses relating to political activity; (ii) made any direct or indirect unlawful payment to any foreign or domestic government official or employee from corporate funds; (iii) violated or is in violation of any provision of the U.S. Foreign Corrupt Practices Act of 1977, as amended; or (iv) made any unlawful bribe, rebate, payoff, influence payment, kickback or other unlawful payment to any foreign or domestic government official or employee.

(j) Compliance with Anti-Money Laundering Laws. The operations of the Company are and have been conducted at all times in compliance with applicable Anti-Money Laundering Laws, and no action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving the Company with respect to the Anti-Money Laundering Laws is pending or, to the knowledge of the Company, threatened.

(k) Absence of Litigation. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the Company, threatened against or affecting the Company or any of the Company's officers or directors, whether of a civil or criminal nature or otherwise, in their capacities as such.

(l) No General Solicitation. Neither the Company, nor any of its officers, managers, employees, agents or members has either directly or indirectly, including, through a broker or finder (i) engaged in any general solicitation or (ii) published any advertisement in connection with the offer and sale of the Subscribed Units.

(m) Non-Public Information. The Company represents and warrants that none of the information conveyed to the Unitholder in connection with the transactions contemplated by this Agreement will constitute material non-public information of the Company upon the effectiveness of the Registration Statement.

(n) No Other Representations and Warranties; Non-Reliance. Except for the specific representations and warranties contained in this Section 4 and in any certificate or agreement delivered pursuant hereto, none of the Company Parties has made, makes or shall be deemed to make any other express or implied representation or warranty with respect to the Company or the offering of Units hereunder, and the Company Parties disclaim any such representation or warranty. Except for the specific representations and warranties expressly made by the Unitholder in Section 3 of this Agreement and in any certificate or agreement delivered pursuant hereto, the Company Parties specifically disclaim that they are relying upon any other representations or warranties that may have been made by the Unitholder Parties.

5. Additional Agreements and Acknowledgements of the Unitholder.

(a) Trust Account.

(i) The Unitholder hereby acknowledges that it is aware that the SPAC will establish the Trust Account for the benefit of its public stockholders upon the IPO Closing. The Unitholder hereby agrees that it has no right, title, interest or claim of any kind in or to any monies held in the Trust Account, or any other asset of the Company as a result of any liquidation of the Company, except for redemption and liquidation rights, if any, the Unitholder may have in respect of any Public Shares held by it.
